INDEPENDENT ACCOUNTANTS' REPORT

To the Board of Directors and Shareholder of
Sears Roebuck Acceptance Corp.:

We have reviewed the accompanying statements of financial position of Sears Roebuck Acceptance Corp. (a wholly-owned subsidiary of Sears, Roebuck and Co.) as of June 29, 2002 and June 30, 2001, and the related statements of income for the 13 week and 26 week periods then ended and cash flows for the 26 week periods then ended. These financial statements are the responsibility of Sears Roebuck Acceptance Corp.'s management.

We conducted our reviews in accordance with standards established by the American Institute of Certified Public Accountants. A review of interim financial information consists principally of applying analytical procedures to financial data and of making inquiries of persons responsible for financial and accounting matters. It is substantially less in scope than an audit conducted in accordance with auditing standards generally accepted in the United States of America, the objective of which is the expression of an opinion regarding the financial statements taken as a whole. Accordingly, we do not express such an opinion.

Based on our reviews, we are not aware of any material modifications that should be made to such financial statements for them to be in conformity with accounting principles generally accepted in the United States of America.

We have previously audited, in accordance with auditing standards generally accepted in the United States of America, the statement of financial position of Sears Roebuck Acceptance Corp. as of December 29, 2001 and the related statements of income, shareholder's equity and cash flows for the year then ended (not presented herein);

Edgar Filing: SEARS ROEBUCK ACCEPTANCE CORP - Form 10-Q

and in our report dated January 17, 2002, we expressed an unqualified opinion on those financial statements. In our opinion, the information set forth in the accompanying statement of financial position as of December 29, 2001 is fairly stated, in all material respects, in relation to the statement of financial position from which it has been derived.

ITEM 2. ANALYSIS OF RESULTS OF OPERATIONS

During the second quarter of 2002, SRAC revenues decreased to \$245 million from \$276 million in the comparable 2001 period. For the first six months of 2002, SRAC's revenues declined to \$482 million from \$580 million for the comparable 2001 period. The decrease in revenue resulted from a reduction in the average rates on earning assets.

SRAC's interest and related expenses decreased 11% to \$195 million from \$220 million and 17% to \$383 million from \$461 million for the second quarter and first half of 2002, respectively, as compared to the comparable 2001 periods. Interest and related expenses decreased during the second quarter and first half of 2002 due to decreases in the cost of funds and average long-term debt levels. SRAC's cost of short-term funds averaged 2.18% in the second quarter and 2.34% in the first six months of 2002 compared to 5.08% and 6.18% for the same periods in 2001. SRAC's cost of long-term funds averaged 6.54% in both the second quarter and first six months of 2002 compared to 6.64% and 6.68% for the same periods in 2001. SRAC's average long-term debt decreased to \$10.4 billion and \$10.1 billion in the second quarter and first six months of 2002, respectively, compared with \$10.5 billion and \$10.6 million for the same periods in 2001. Reductions in interest and related expenses were partially offset during these periods by increases in average short-term debt levels. SRAC's short-term borrowings averaged \$3.7 billion and \$3.6 billion for both the second quarter and first half of 2002, compared to \$3.4 billion for both the respective 2001 periods.

On April 22, 2002, \$875 million of SRAC's credit facilities terminated. During the second quarter of 2002, SRAC increased the aggregate amount of the commitments under the remaining facility resulting in a credit facility of \$4,360 million terminating April 2003.

On May 29, 2002, SRAC issued a \$1 billion 30-year discrete underwritten bond with a 7.00% coupon at a yield of 7.24%. On June 27, 2002 SRAC issued a \$250 million 40-year discrete underwritten bond with a coupon of 7.0%.

SRAC's net income of \$32 million and \$64 million for the second quarter and first half of 2002, respectively, decreased from the comparable 2001 period amounts of \$37 million and \$77 million.

SRAC's ratio of earnings to fixed charges for the second quarter and first half of 2002 was 1.25 and 1.26, respectively compared to 1.25 and 1.26 for the comparable 2001 periods.
