1. BASIS OF PRESENTATION AND SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation

The accompanying unaudited condensed consolidated financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America (“GAAP”) for interim financial information and with the instructions to Form 10-Q and Article 10 of Regulation S-X. Accordingly, they do not include all of the information and footnotes required by GAAP for complete financial statements. In the opinion of management, the information contained herein reflects all adjustments necessary for a fair presentation of the information presented. All such adjustments are of a normal recurring nature. The results of operations for the interim periods are not necessarily indicative of results to be expected for the fiscal year. For further information, refer to the consolidated financial statements and footnotes thereto included in the Valassis Communications, Inc. (“Valassis,” “we,” and “our”) Annual Report on Form 10-K for the year ended December 31, 2012 (the “2012 Form 10-K”).

Significant Accounting Policies

Accounts Receivable

The allowance for doubtful accounts was \$6.6 million and \$6.4 million as of March 31, 2013 and December 31, 2012, respectively.

Income Taxes

We are required to adjust our effective tax rate each quarter to be consistent with our estimated annual effective tax rate. We are also required to record the tax impact of certain unusual or infrequently occurring items, including the effects of changes in tax laws or rates, in the interim period in which they occur. The effective tax rate during a particular quarter may be higher or lower as a result of the timing of actual earnings versus annual projections.

Inventories

Inventories are accounted for at the lower of cost, determined on a first in, first out basis, or market. Inventories included on the unaudited condensed consolidated balance sheets consisted of:

(in thousands of U.S. dollars)	March 31, 2013	December 31, 2012
Raw materials	\$29,219	\$30,960
Work in progress	9,856	12,293
Inventories	\$39,075	\$43,253

Property, Plant and Equipment

The following table summarizes the costs and ranges of useful lives of the major classes of property, plant and equipment and the total accumulated depreciation related to property, plant and equipment, net included on the unaudited condensed consolidated balance sheets:

	Useful Lives (in years)	March 31, 2013 (in thousands of U.S. dollars)	December 31, 2012 (in thousands of U.S. dollars)

Recent Accounting Pronouncements

In March 2013, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") No. 2013-05 to clarify the applicable guidance for a parent company's accounting for the release of the cumulative translation adjustment into net income upon derecognition of certain subsidiaries or groups of assets within a foreign entity or of an investment in a foreign entity. This guidance is effective for fiscal periods beginning after December 15, 2013, and is to be applied prospectively to derecognition events occurring after the effective date. We will comply with this guidance as of January 1, 2014, and we are evaluating the potential impact on our consolidated financial statements.

In February 2013, the FASB issued ASU No. 2013-02, which amends the reporting of amounts reclassified out of accumulated other comprehensive income ("AOCI"). These amendments do not change the current requirements for reporting net income or other comprehensive income in the financial statements. However, the guidance requires an entity to provide information about the amounts reclassified out of accumulated other comprehensive income by component, either on the face of the financial statement where net income is presented or in the notes to the financial statements. This guidance is effective for fiscal periods beginning after December 15, 2012, and is to be applied prospectively. We have complied with this guidance as of January 1, 2013, and the adoption of the guidance did not have a material impact on our consolidated financial statements.

2. GOODWILL AND OTHER INTANGIBLE ASSETS

The following table summarizes, by reportable segment, the gross amount, accumulated impairment losses and net carrying amount of goodwill included on the unaudited condensed consolidated balance sheets as of March 31, 2013 and December 31, 2012. Senior Secured Credit Facility		

General

On June 27, 2011, we entered into a senior secured credit facility with JPMorgan Chase Bank, N.A., as administrative agent, and a syndicate of lenders jointly arranged by J.P. Morgan Securities LLC, Merrill Lynch, Pierce, Fenner & Smith Incorporated and RBS Securities Inc. (the "Senior Secured Credit Facility"). The Senior Secured Credit Facility and related loan documents replaced and terminated our prior credit agreement, dated as of March 2, 2007, as amended (the "Prior Senior Secured Credit Facility"), by and among Valassis, Bear Stearns Corporate Lending Inc., as Administrative Agent, and a syndicate of lenders jointly arranged by Bear, Stearns & Co. Inc. and Banc of America Securities LLC. In connection with the termination of the Prior Senior Secured Credit Facility, all obligations and rights under the related guarantee, security and collateral agency agreement, dated as of March 2, 2007, as amended (the "Prior Security Agreement"), by Valassis and certain of its domestic subsidiaries signatory thereto, as grantors, in favor of Bear Stearns Corporate Lending Inc., in its capacity as collateral agent for the benefit of the Secured Parties (as defined in the Prior Security Agreement), were also simultaneously terminated.

The Senior Secured Credit Facility consists of:

a five-year term loan A in an aggregate principal amount equal to \$300.0 million, with principal repayable in quarterly installments at a rate of 5.0% during each of the first two years from issuance, 10.0% during the third year from issuance, 15.0% during the fourth year from issuance and 11.25% during the fifth year from issuance, with the remaining 53.75% due at maturity (the "Term Loan A");

a five-year revolving credit facility in an aggregate principal amount of \$100.0 million (the "Revolving Line of Credit"), including \$15.0 million available in Euros, Pounds Sterling or Canadian Dollars, \$50.0 million available for letters of credit and a \$20.0 million swingline loan subfacility, of which \$50.0 million was drawn at closing and remains outstanding as of March 31, 2013 (exclusive of outstanding letters of credit described below); and

an incremental facility pursuant to which, prior to the maturity of the Senior Secured Credit Facility, we may incur additional indebtedness in an amount up to \$150.0 million under the Revolving Line of Credit or the Term Loan A or a combination thereof, subject to certain conditions, including receipt of additional lending commitments for such additional indebtedness. The terms of the incremental facility will be substantially similar to the terms of the Senior Secured Credit Facility, except with respect to the pricing of the incremental facility, the interest rate for which could be higher than that for the Revolving Line of Credit and the Term Loan A.

All borrowings under our Senior Secured Credit Facility, including, without limitation, amounts drawn under the Revolving Line of Credit, are subject to the satisfaction of customary conditions, including absence of a default and accuracy of representations and warranties. As of March 31, 2013, we had approximately \$42.6 million available under the Revolving Line of Credit portion of our Senior Secured Credit Facility (after giving effect to the reductions in availability pursuant to \$7.4 million in standby letters of credit outstanding as of March 31, 2013).

Interest and Fees

Borrowings under our Senior Secured Credit Facility bear interest, at our option, at either the alternate base rate (defined as the higher of the prime rate announced by the Administrative Agent, the federal funds effective rate or one-month LIBOR, in each case, plus an applicable interest rate margin) (the “Base Rate”) or at the Eurodollar Rate (one-, two-, three- or six-month LIBOR, at our election, as defined in the credit agreement governing the Senior Secured Credit Facility), except for borrowings made in alternate currencies which may not accrue interest based upon the alternate base rate, in each case, plus an applicable interest rate margin. The applicable margins are currently 0.75% per annum for Base Rate loans and 1.75% per annum for Eurodollar Rate loans. The margins applicable to the borrowings under our Senior Secured Credit Facility may be adjusted based on our consolidated leverage ratio, with 1.00% being the maximum Base Rate margin and 2.00% being the maximum Eurodollar Rate margin. See Note 7, Derivative Financial Instruments and Fair Value Measurements, for discussion regarding our various interest rate swap agreements.

Guarantees and Security

Our Senior Secured Credit Facility is guaranteed by certain of our existing and future domestic restricted subsidiaries pursuant to a Guarantee and Collateral Agreement. In addition, our obligations under our Senior Secured Credit Facility and the guarantee obligations of the subsidiary guarantors are secured by first priority liens on substantially all of our and our subsidiary guarantors’ present and future assets and by a pledge of all of the equity interests in our domestic subsidiary guarantors and 65% of the capital stock of certain of our existing and future foreign subsidiaries.

The Guarantee and Collateral Agreement also secures our Senior Secured Convertible Notes due 2033 on an equal and ratable basis with the indebtedness under our Senior Secured Credit Facility to the extent required by the indenture governing such notes.

Prepayments

The Senior Secured Credit Facility also contains a requirement that we make mandatory principal prepayments on the Term Loan A and Revolving Line of Credit in certain circumstances, including, without limitation, with 100% of the aggregate net cash proceeds from certain asset sales, casualty events or condemnation recoveries (in each case, to the extent not otherwise used for reinvestment in our business or related business and subject to certain other exceptions). The Senior Secured Credit Facility further provides that, subject to customary notice and minimum amount conditions, we may make voluntary prepayments without payment of premium or penalty.

Covenants

Subject to customary and otherwise agreed upon exceptions, our Senior Secured Credit Facility contains affirmative and negative covenants, including, but not limited to:

- the payment of other obligations;
- the maintenance of organizational existences, including, but not limited to, maintaining our property and insurance;
- compliance with all material contractual obligations and requirements of law;
- limitations on the incurrence of indebtedness;
- limitations on creation and existence of liens;
- limitations on certain fundamental changes to our corporate structure and nature of our business, including mergers;
- limitations on asset sales;
- limitations on restricted payments, including certain dividends and stock repurchases and redemptions;
- limitations on capital expenditures;
- limitations on any investments, provided that certain “permitted acquisitions” and strategic investments are allowed;
- limitations on optional prepayments and modifications of certain debt instruments;
- limitations on modifications to organizational documents;
- limitations on transactions with affiliates;

- limitations on entering into certain swap agreements;
- limitations on negative pledge clauses or clauses restricting subsidiary distributions;
- limitations on sale-leaseback and other lease transactions; and
- limitations on changes to our fiscal year.

Our Senior Secured Credit Facility also requires us to comply with:

a maximum consolidated leverage ratio, as defined in our Senior Secured Credit Facility (generally, the ratio of our consolidated total debt to consolidated earnings before interest, taxes, depreciation and amortization, or EBITDA, for the most recent four quarters), of 3.50:1.00; and

a minimum consolidated interest coverage ratio, as defined in our Senior Secured Credit Facility (generally, the ratio of our consolidated EBITDA to consolidated interest expense for the most recent four quarters), of 3.00:1.00.

The following table shows the required and actual financial ratios under our Senior Secured Credit Facility as of March 31, 2013:

	Required Ratio	Actual Ratio
Maximum consolidated leverage ratio	No greater than 3.50:1.00	1.99:1.00
Minimum consolidated interest coverage ratio	No less than 3.00:1.00	10.79:1.00

In addition, we are required to give notice to the administrative agent and the lenders under our Senior Secured Credit Facility of defaults under the facility documentation and other material events, make any new wholly-owned domestic subsidiary (other than an immaterial subsidiary) a subsidiary guarantor and pledge substantially all after-acquired property as collateral to secure our and our subsidiary guarantors' obligations in respect of the facility.

Events of Default

Our Senior Secured Credit Facility contains customary events of default, including upon a change in control. If such an event of default occurs, the lenders under our Senior Secured Credit Facility would be entitled to take various actions, including in certain circumstances increasing the effective interest rate and accelerating the amounts due under our Senior Secured Credit Facility.

6⁵/₈% Senior Notes due 2021

On January 28, 2011, we issued in a private placement \$260.0 million aggregate principal amount of our 6⁵/₈% Senior Notes due 2021 (the "2021 Notes"). Interest on the 2021 Notes is payable every six months on February 1 and August 1. The 2021 Notes are fully and unconditionally guaranteed, jointly and severally, by substantially all of our existing and future domestic restricted subsidiaries on a senior unsecured basis. We capitalized related debt issuance costs of approximately \$5.1 million, which are being amortized over the term of the 2021 Notes.

In July 2011, in accordance with the terms of the registration rights agreement between us and the initial purchasers of the 2021 Notes, we completed an exchange offer to exchange the original notes issued in the private placement for a like principal amount of exchange notes registered under the Securities Act of 1933, as amended. An aggregate principal amount of \$260.0 million, or 100%, of the original notes were exchanged for exchange notes in the exchange offer. The exchange notes are substantially identical to the original notes, except that the exchange notes are not subject to certain transfer restrictions.

The 2021 Notes were issued under an indenture with Wells Fargo Bank, National Association, as trustee (the "2021 Indenture"). Subject to a number of exceptions, the 2021 Indenture restricts our ability and the ability of our restricted subsidiaries (as defined in the 2021 Indenture) to incur or guarantee additional indebtedness, transfer or sell assets, make certain investments, pay dividends or make distributions or other restricted payments, create certain liens, merge or consolidate, repurchase stock, create or permit restrictions on the ability of our restricted subsidiaries to pay dividends or make other distributions to us and enter into transactions with affiliates.

Notes to Condensed Consolidated Financial Statements

(unaudited)

We may redeem all or a portion of the 2021 Notes at our option at any time prior to February 1, 2016, at a redemption price equal to 100% of the principal amount of 2021 Notes to be redeemed, plus a make-whole premium as described in the 2021 Indenture, plus accrued and unpaid interest to the redemption date, if any. At any time on or after February 1, 2016, we may redeem all or a portion of the 2021 Notes at our option at the following redemption prices (expressed as percentages of the principal amount thereof) if redeemed during the twelve-month period commencing on February 1 of the years set forth below:

Year	Percentage
2016	103.313%
2017	102.208%
2018	101.104%
2019 and thereafter	100.000%

In addition, we must pay accrued and unpaid interest to the redemption date, if any. On or prior to February 1, 2014, we may also redeem at our option up to 35% of the principal amount of the outstanding 2021 Notes with the proceeds of certain equity offerings at the redemption price specified in the 2021 Indenture, plus accrued and unpaid interest to the date of redemption, if any. Upon the occurrence of a change of control, as defined in the 2021 Indenture, we must make a written offer to purchase all of the 2021 Notes for cash at a purchase price equal to 101% of the principal amount of the 2021 Notes, plus accrued and unpaid interest to the date of repurchase, if any.

Additional Provisions

The indenture governing the Senior Secured Convertible Notes due 2033 contains a cross-default provision which becomes applicable if we default under any mortgage, indenture or instrument evidencing indebtedness for money borrowed by us and the default results in the acceleration of such indebtedness prior to its express maturity, and the principal amount of any such accelerated indebtedness aggregates in excess of \$25.0 million. The 2021 Indenture contains a cross-default provision which becomes applicable if we (a) fail to pay the stated principal amount of any of our indebtedness at its final maturity date, or (b) default under any of our indebtedness and the default results in the acceleration of indebtedness, and, in each case, the principal amount of any such indebtedness, together with the principal amount of any other such indebtedness under which there has been a payment default or the maturity of which has been so accelerated, aggregates \$50.0 million or more. Our credit agreement contains a cross-default provision which becomes applicable if we (a) fail to make any payment under any indebtedness for money borrowed by us (other than the obligations under such credit agreement) in an aggregate outstanding principal amount of at least \$50.0 million or, (b) otherwise default under any such indebtedness, or trigger another event which causes such indebtedness to become due or to be repurchased, prepaid, defeased or redeemed or become subject to an offer to repurchase, prepay, defease or redeem such indebtedness prior to its stated maturity.

Repurchases of Debt

Subject to applicable limitations in our Senior Secured Credit Facility and indentures, we may from time to time repurchase our debt in the open market, through tender offers, through exchanges for debt or equity securities, in privately negotiated transactions or otherwise.

Covenant Compliance

As of March 31, 2013, we were in compliance with all of our indenture and Senior Secured Credit Facility covenants.

5. CONTINGENCIES

The application and interpretation of applicable state sales tax laws to certain of our products is uncertain.

Accordingly, we may be exposed to additional sales tax liability to the extent various state jurisdictions determine that certain of our products are subject to such jurisdictions' sales tax. As of March 31, 2013, we have recorded a liability of \$7.6 million, reflecting our best estimate of our potential sales tax liability.

In addition to the above matter, we are involved in various claims and legal actions arising in the ordinary course of business. In the opinion of management, the ultimate disposition of these matters will not have a material effect on our financial position, results of operations or liquidity.

6. EARNINGS PER SHARE

Our restricted stock awards are deemed participating securities, which requires the computation of earnings per share using the two-class method. The following table provides the calculations of earnings per common share, basic and earnings per common share, diluted included in the unaudited condensed consolidated statements of income:

	Three Months Ended March 31,

7. DERIVATIVE FINANCIAL INSTRUMENTS AND FAIR VALUE MEASUREMENTS

We are exposed to market risks arising from adverse changes in foreign exchange rates and interest rates. We manage these risks through a variety of strategies which include the use of derivatives. Certain derivatives are designated as cash flow hedges and qualify for hedge accounting treatment, while others do not qualify or have not been designated as hedges and are marked to market through earnings. The notional amounts of derivative financial instruments and related fair values measured on a recurring basis and included in the unaudited condensed consolidated balance sheets were as follows:

(in millions of U.S. dollars)	Notional Amounts		Fair Values		Balance Sheet Location
	March 31, 2013	December 31, 2012	March 31, 2013	December 31, 2012	
Derivatives designated as cash flow hedging instruments:					
Interest rate swap contract	\$ 177.8	\$ 180.6	\$(5.1) \$(5.8	Accrued expenses / Other non-current liabilities
Foreign exchange contracts	6.4	6.4	0.4	0.1	Prepaid expenses
Derivatives not receiving hedge accounting treatment:					
Foreign exchange contracts	1.6	4.7	0.2	0.3	Prepaid expenses
Total derivative financial instruments	\$ 185.8	\$ 191.7	\$(4.5) \$(5.4)

The fair values of our interest rate swap contracts and foreign exchange contracts are determined based on third-party valuation models and observable foreign exchange forward contract rates, respectively, both of which represent Level 2 fair value inputs.

The following tables summarize the impact of derivative financial instruments on the unaudited condensed consolidated financial statements for the indicated periods:

(in millions of U.S. Dollars)	Three Months Ended		Three Months Ended		Three Months Ended	
	March 31, 2013	2012	2013	2012	2013	2012

Derivatives designated as cash flow hedging instruments:						
Interest rate swap contract	\$—	\$—	\$—	\$(0.7) \$(0.7) \$—
Foreign exchange contracts	—	—	0.3	—	—	—
Derivatives not receiving hedge accounting treatment:

Foreign exchange contracts	(0.1) 1.1	—	—	—	—
Total	\$(0.1) \$1.0	\$0.3	\$(0.7) \$(0.7) \$—

Amounts recognized in earnings related to interest rate swap contracts are included in interest expense in the *unaudited condensed consolidated statements of income and amounts recognized in earnings related to foreign exchange contracts are included in cost of sales in the unaudited condensed consolidated statements of income.

Interest Rate Swaps

On December 17, 2009, we entered into an interest rate swap agreement with an initial notional amount of \$300.0 million to fix three-month LIBOR at 2.005%, for an effective rate of 4.255%, including the applicable margin, for an equivalent portion of our variable rate debt under our Prior Senior Secured Credit Facility. The effective date of this agreement was December 31, 2010. The notional amount of \$300.0 million amortized by \$40.0 million at the end of

every quarter until it reached \$100.0 million for the quarter ended June 30, 2012, the expiration date. The swap was designated as, and qualified as, a cash flow hedge through the termination of the Prior Senior Secured Credit Facility on June 27, 2011. Changes in the fair value of this swap subsequent to the termination of hedge accounting were recognized in earnings as a component of interest expense until expiration of the swap.

On July 6, 2011, we entered into an interest rate swap agreement with an initial notional amount of \$186.3 million. The effective date of this agreement was June 30, 2012. Under the swap agreement, we are required to make quarterly payments at a fixed interest rate of 1.8695% per annum to the counterparty on an amortizing notional amount in exchange for receiving variable payments based on the three-month LIBOR interest rate for the same notional amount. After giving effect to the swap agreement, our effective interest rate for the notional amount, based on the current applicable margin under our Senior Secured Credit Facility, is 3.6195% per annum. The initial notional amount of \$186.3 million amortizes quarterly by (i) \$2.8 million from the effective date through the quarter ending September 30, 2013, (ii) \$5.6 million from September 30, 2013 through the quarter ending September 30, 2014, and (iii) \$8.4 million from September 30, 2014 until June 30, 2015, the expiration date of the agreement. The swap is designated as and qualifies as a cash flow hedge.

Foreign Currency

Currencies to which we have exposure are the Mexican peso, Canadian dollar, British pound, Polish zloty and Euro. Currency restrictions are not expected to have a significant effect on our cash flows, liquidity, or capital resources. We purchase the Mexican peso and Polish zloty under two to twelve-month forward foreign exchange contracts to stabilize the cost of production. As of March 31, 2013, we had a commitment to purchase \$7.8 million in Mexican pesos and \$0.2 million in Polish zlotys over the next year.

Long-Term Debt

The estimated fair market value of our long-term debt was \$15.2 million and \$12.6 million above carrying value as of March 31, 2013 and December 31, 2012, respectively. Our 2021 Notes are traded in an active market with the fair value determined based on quoted active market prices, which represents a Level 1 fair value input. Borrowings under our Senior Secured Credit Facility are not traded in an active market and are valued based on an implied price derived from industry averages and relative loan performance, which represent Level 3 fair value inputs.

Cash and Cash Equivalents

The carrying amounts of cash and cash equivalents and accruals approximate fair value due to the near-term maturity of these instruments.

8. REPURCHASES OF COMMON STOCK

The following table summarizes our repurchases of common stock during the indicated periods:

(in thousands, except per share data)	Three Months Ended	
	March 31,	
	2013	2012
Shares repurchased	726	59
Aggregate repurchase price	\$21,168	\$1,366
Average price paid per share	\$29.18	\$23.10

As of March 31, 2013, we had authorization to repurchase an additional 1.6 million shares of our common stock under the share repurchase program approved by our Board of Directors. On May 3, 2013, our Board of Directors approved an increase of 6.0 million shares to this share repurchase plan.

9. BRAND.NET ACQUISITION

On June 20, 2012, we acquired, through a wholly-owned subsidiary, Brand.net, an online display, video and mobile advertising platform. The acquisition was accounted for as a purchase under the acquisition method in accordance with Financial Accounting Standards Board Accounting Standards Codification ("FASB ASC") No. 805, Business Combinations. The total purchase price was approximately \$18.0 million and did not include direct acquisition costs of approximately \$0.7 million. The acquisition was recorded by allocating the purchase price to the assets acquired, including identifiable intangible assets and liabilities assumed, based on their estimated fair values at the date of

acquisition.

10. SEGMENT REPORTING

Our segments meeting the quantitative thresholds to be considered reportable are Shared Mail, Free-standing Inserts ("FSI") and Neighborhood Targeted. All other lines of business fall below a materiality threshold and are, therefore, combined together in an "other" segment named International, Digital Media & Services. These business lines include Brand.net, a Valassis Digital Company, NCH Marketing Services, Inc., our coupon clearing and analytics business, Valassis Canada, Inc., Promotion Watch and our in-store business. Our reportable segments are strategic business units that offer different products and services and are subject to regular review by our chief operating decision-maker. They are managed separately because each business requires different executional strategies and caters to different client marketing needs.

The accounting policies of the segments are the same as those described in the 2012 Form 10-K and Note 1, Basis of Presentation and Significant Accounting Policies. We evaluate reportable segment performance based on segment profit, which we define as earnings from operations excluding unusual or infrequently occurring items. Assets are not allocated to reportable segments and are not used to assess the performance of a reportable segment.

The following tables set forth, by segment, revenues, depreciation/amortization and segment profit (loss) for the indicated periods:

(in millions of U.S. dollars)	Three Months Ended March 31,				
	Shared Mail	FSI	Neighborhood Targeted	International, Digital Media & Services	Total

11. GUARANTOR AND NON-GUARANTOR CONDENSED CONSOLIDATING FINANCIAL STATEMENTS

The following information is presented in accordance with Rule 3-10 of Regulation S-X. The operating and investing activities of the separate legal entities included in the consolidated financial statements are fully interdependent and integrated. Revenues and operating expenses of the separate legal entities include intercompany charges for management and other services. The 2021 Notes issued by Valassis (referred to for purposes of this note only as the “Parent Company”) are guaranteed by substantially all of the Parent Company’s domestic wholly-owned subsidiaries (collectively, the “Guarantor Subsidiaries”) on a senior unsecured basis. Each of the Guarantor Subsidiaries is 100% owned, directly or indirectly, by the Parent Company and has guaranteed the 2021 Notes on a joint and several, full and unconditional basis, subject to certain customary exceptions. Pursuant to the terms of the 2021 Indenture, the Guarantor Subsidiaries are subject to release under certain customary conditions as described below.

Non-wholly-owned subsidiaries, joint ventures, partnerships and foreign subsidiaries (collectively, the “Non-Guarantor Subsidiaries”) are not guarantors of these obligations. Substantially all of the Guarantor Subsidiaries also guarantee the Parent Company’s Senior Secured Credit Facility.

The 2021 Indenture provides for a Guarantor Subsidiary to be automatically and unconditionally released and discharged from its guarantee obligations in certain circumstances, including:

• The sale or other transfer or disposition of all of the Guarantor Subsidiary's capital stock to any person that is not an affiliate of the Parent Company;

• The sale or other transfer of all or substantially all the assets or capital stock of a Guarantor Subsidiary, by way of merger, consolidation or otherwise, to any person that is not an affiliate of the Parent Company;

• If a Guarantor Subsidiary ceases to be a “Domestic Restricted Subsidiary” for purposes of the indenture covenants; and

• Legal defeasance or covenant defeasance of the indenture obligations when provision has been made for them to be fully satisfied.
