Explanation of Responses:

* If the form is filed by more than one reporting person, see Instruction 5(b)(v).

** Intentional misstatements or omissions of facts constitute Federal Criminal Violations. See 18 U.S.C. 1001 and 15 U.S.C. 78ff(a).

On December 30, 2015, GE Medical Holding AB, a private limited company (privat aktiebolag) organized under the laws of the Kingdom of Sweden (Reg. No. 556648-9315), completed the sale to NeoGenomics, Inc., a Nevada corporation ("NeoGenomics"), of all of the issued and outstanding shares of common stock, par value \$0.01 per share, of Clariant, Inc. in exchange for cash consideration and 15,000,000 shares of common stock, par value \$0.001 per share ("Common Stock") of NeoGenomics, and (iii) 14,666,667 shares of Series A convertible preferred stock, par value \$0.001 per share ("Preferred Stock") of NeoGenomics (collectively, the "Transaction"). The Common Stock and Preferred Stock acquired pursuant to the Transaction were issued to GE Medical Systems Information Technologies, Inc., a Wisconsin corporation ("GE InfoTech"), the parent company of GE Medical Holding AB and a wholly owned subsidiary of General Electric Company, a New York corporation ("General Electric").

(1) (Continued from Footnote 1) General Electric disclaims beneficial ownership of the Common Stock and the Preferred Stock held by GE InfoTech except to the extent of its pecuniary interest, and the filing of this Form shall not be deemed an admission that General Electric is the beneficial owner of any equity securities of NeoGenomics, Inc. for purposes of Section 16 or any other purpose.

(2) At any time after December 30, 2018, to the extent that the volume weighted average price of the Common Stock equals or exceeds \$8.00 per share, as adjusted for standard anti-dilution adjustments, for 30 consecutive trading days, GE InfoTech will be entitled to convert all or any of its Preferred Stock into Common Stock in accordance with the terms of the Preferred Stock. In addition, if any Preferred Stock remains issued and outstanding on December 30, 2025, such Preferred Stock will automatically convert into Common Stock pursuant to the terms of the Preferred Stock. Based on the conversion price and the liquidation preference of the Preferred Stock in effect on the date of this filing, 14,666,667 shares of Common Stock could have been issued had the Preferred Stock been convertible, and converted in full, on the date of this filing.

(3) (Continued from Footnote 3) Based on the initial conversion price and assuming that all paid-in-kind dividends ("PIK Dividends") are paid pursuant to the terms of the Preferred Stock, it is expected that 10,775,454 additional shares of Common Stock will be issued if all of the shares of Preferred Stock remain outstanding through December 30, 2025 and are converted in full on such date.

(4) Commencing on December 31, 2016 and ending on the date all of the Preferred Stock has converted into Common Stock, PIK Dividends on each share of Preferred Stock will accrue quarterly in arrears on the last day of each March, June, September and December, and in kind in an amount of shares of Preferred Stock equal to (i) the product of a specified PIK Dividend rate, multiplied by the then-effective liquidation preference (\$7.50 per share, plus all declared and unpaid dividends thereon, including all accrued and unpaid PIK Dividends,

Edgar Filing: NEOGENOMICS INC - Form 3

in each case, as adjusted for standard anti-dilution adjustments, with respect to such shares), divided by (ii) four. As of the date of this filing, the aggregate liquidation preference of the Preferred Stock is \$7.50 per share multiplied by 14,666,667 shares of Preferred Stock, or \$110.0 million.
