**Standard Register Reports 2004 Fourth Quarter
and Full-Year Results**

DAYTON, Ohio (February 21, 2005) Standard Register (NYSE: SR) today reported financial results for the fourth quarter and full year 2004, ended January 2, 2005.

Fourth Quarter Results of Operations

Total revenue on continuing operations for the fourth quarter was \$236.2 million, an increase of 6.8 percent over the \$221.1 million for the prior year. Net income for the quarter was \$13.4 million, or \$0.47 per share, versus a net loss of \$24.4 million, or \$0.86 per share for the comparable 2003 quarter.

As previously announced, the Company sold its Equipment Service business to Pitney Bowes near the end of the fourth quarter for \$16.8 million. Under the asset purchase agreement, the buyer assumed selected operating liabilities and purchased substantially all of the assets of the business, with the exception of approximately \$3.0 million in accounts receivable retained for collection by Standard Register. The transaction produced a net after tax gain of \$12.8 million, equivalent to \$0.45 per share. The Company has reported the results of operations for the Equipment Service business and the gain on its sale as a discontinued operation.

The following table, which presents information in a non-GAAP format, is intended to facilitate a comparative analysis of the fourth quarters of 2004 and 2003 by isolating the effect on earnings of several noteworthy items.

[\$ Millions]	Effect on Fourth Quarter Earnings		
	2004	2003	Change
Continuing Operations			
Restructuring Expense	-1.6	-3.9	2.3
Asset Impairment Expense	-0.1	-5.1	5.0
Pension Loss Amortization	-4.4	-2.3	-2.1
Pension Settlement Expense		-25.2	25.2
All Other Operations	6.5	3.2	3.3
Pretax Profit / (Loss)	0.4	-33.3	33.7
Income Tax	0.0	-11.8	11.8
Net Profit / (Loss)	0.4	-21.5	21.9
Net Profit / (Loss) on			
Discontinued Operations			
Operations	0.2	-2.9	3.1
Gain on Sale	12.8		12.8
Total	13.0	-2.9	15.9
Total Net Profit / (Loss)	13.4	-24.4	37.8

Fourth quarter expenses for restructuring, asset impairment, pension loss amortization, and pension settlement were \$6.1 million in the current year, versus \$36.5 million in 2003. All other operations contributed \$6.5 million to pretax profits on continuing operations in the quarter, compared to \$3.2 million in the prior year.

The fourth quarter accounting calendar contained an extra week in 2004, which on a pro-rata basis added an estimated \$17 million to revenue on continuing operations. Adjusting for the extra week, the fourth quarter reflected a continuation of a relatively stable revenue trend established over the preceding five consecutive quarters, which stands in stark contrast to the declines experienced in 2002 and 2003, said Dennis L. Rediker, president and chief executive officer of Standard Register. Excluding the effects of restructuring and asset impairment expenses, our level of profitability has improved in each successive quarter of this year, reflecting the relatively stable revenue pattern and lower costs, added Rediker.

Total Year Results of Operations

Edgar Filing: STANDARD REGISTER CO - Form 8-K

Revenue on continuing operations for 2004 was \$890.2 million, compared to \$894.3 million for 2003. The net loss for the year was \$30.2 million, or \$1.06 per share, versus a net loss of \$39.1 million, or \$1.38 per share.

The following table, which presents information in a non-GAAP format, is intended to facilitate a comparative analysis of the total years 2004 and 2003 by isolating the effect on earnings of several noteworthy items.

[\$ Millions]	Effect on Total Year Earnings		
	2004	2003	Change

Gain on Sale	12.8		12.8
Total	14.5	-1.1	15.6
Total Net Profit / (Loss)	-30.2	-39.1	8.9

Restructuring, impairment, pension loss amortization, and pension settlement expenses totaled \$79.5 million in 2004, versus \$69.6 million in 2003. All other operations contributed \$6.4 million to pretax profit on continuing operations in 2004, compared to \$8.1 million in the previous year. We succeeded in bringing relative stability to the top line, but as a result of a competitive marketplace, we have not yet recovered all of the paper cost increases incurred during 2004 and our gross margin was lower, said Rediker. Our on-going cost-reduction program has helped our results, however, as indicated by SG&A expense to revenue ratios that improved in each quarter as the year progressed, added Rediker.

Financial Condition

Cash flow was strong in the quarter. The balance of net debt, defined as total debt less cash and short-term investments, declined by \$30.3 million during the fourth quarter. Excluding the \$16.8 million in proceeds from the sale of the Equipment Services business, net cash flow was a positive \$13.5 million during the quarter after satisfying \$7.2 million in capital expenditures, \$2.7 million in restructuring spending, and \$6.6 million in dividend payments.

Net cash flow, defined as the change in net debt, improved in each quarter as the year progressed and accumulated to a positive \$12.4 million for the total year. At year-end, net debt stood at \$37.3 million, equivalent to 15.4 percent

of total capital, reflecting a very strong financial condition.

Outlook

We anticipate that revenue for the first quarter 2005 will come in below that for the just completed fourth quarter, recognizing typical seasonal patterns and the extra week in the 2004 fourth quarter, and we expect our total year revenue to show modest growth on a 52-week fiscal year basis. We have made good progress toward our previously announced goal to achieve a five-point improvement in pretax operating profit as a percent of revenue for the second half 2005, compared to the first half 2004, said Rediker.

Presentation of Information in This Press Release

This press release presents information that excludes restructuring and impairment expense, and amortization of prior years' pension losses. These financial measures are considered non-GAAP. Generally a non-GAAP financial measure is a numerical measure of a company's performance, financial position, or cash flows where amounts are either excluded or included not in accordance with generally accepted accounting principles. Standard Register believes that this information will enhance an overall understanding of its financial performance due to the non-operational nature in the above items and the significant change from period to period. The presentation of non-GAAP information is not meant to be considered in isolation or as a substitute for results prepared in accordance with accounting principles generally accepted in the United States.

Conference Call

Standard Register president and chief executive officer Dennis L. Rediker, and chief financial officer Craig J. Brown, will host a conference call at 9 a.m. EST on February 23, 2005, to review the fourth quarter and year-end results. The call can be accessed via an audio webcast which is accessible at: <http://www.standardregister.com/investorcenter>.

Safe Harbor Statement

This report includes forward-looking statements covered by the Private Securities Litigation Reform Act of 1995. Because such statements deal with future events, they are subject to various risks and uncertainties and actual results for fiscal year 2005 and beyond could differ materially from the Company's current expectations.

Forward-looking statements are identified by words such as anticipates, projects, expects, plans, intends, believes, estimates, targets, and other similar expressions that indicate trends and future events.

Factors that could cause the Company's results to differ materially from those expressed in forward-looking statements include, without limitation, variation in demand and acceptance of the Company's products and services, the frequency, magnitude and timing of paper and other raw-material-price changes, general business and economic conditions beyond the Company's control, timing of the completion and integration of acquisitions, the consequences of competitive factors in the marketplace, cost-containment strategies, and the Company's success in attracting and retaining key personnel. Additional information concerning factors that could cause actual results to differ materially from those projected is contained in the Company's filing with The Securities and Exchange Commission, including its report on Form 10-K for the year ended December 28, 2003. The Company undertakes no obligation to revise or update forward-looking statements as a result of new information since these statements may no longer be accurate or timely.
