QUESTIONS AND ANSWERS ABOUT THE PROPOSED ACQUISITION

Q: WHAT ARE MEDIMMUNE AND AVIRON PROPOSING?

A: We have entered into a merger agreement with Aviron pursuant to which we are offering, through a wholly-owned subsidiary, to exchange 1.075 shares of MedImmune common stock for each outstanding share of Aviron common stock. We intend, promptly after the offer is completed, to have our subsidiary merge with Aviron. As a result of the offer and the merger, Aviron will be owned by MedImmune. In the merger, each Aviron share not tendered in the offer will be converted into 1.075 MedImmune shares, the same exchange ratio as in the offer.

Q: WHAT WILL I RECEIVE IN EXCHANGE FOR MY AVIRON SHARES?

A: We are offering to exchange 1.075 MedImmune shares for each of your Aviron shares that you validly tender in the offer. You will not receive any fractional shares of MedImmune common stock in the offer. Instead, you will receive cash in an amount equal to the market value of any fractional shares you would otherwise have been entitled to receive.

Q: WILL I RECEIVE DIVIDENDS ON MY SHARES OF MEDIMMUNE COMMON STOCK AFTER THE OFFER?

A: MedImmune has never declared or paid any cash dividends on its common stock and does not anticipate paying any cash dividends in the foreseeable future. MedImmune currently intends to retain any earnings to fund future growth, product development and operations. For a further discussion of dividends, see "Summary--Market Prices and Dividend Information" on page 8.

Q: HOW LONG WILL IT TAKE TO COMPLETE THE OFFER AND THE MERGER?

A: We hope to complete the offer by January 9, 2002, the initial scheduled expiration date. We hope to complete the merger promptly after we complete the offer.

Q: WILL I HAVE TO PAY ANY FEES OR COMMISSIONS?

A: If you are the record owner of your shares, in which case you hold one or more physical certificates, and you tender your shares directly to the exchange agent, you will not have to pay brokerage fees or incur similar expenses. If you own your shares through a broker or other nominee, and your broker tenders the shares on your behalf, your broker may charge you a fee for doing so. You should consult your broker or nominee to determine whether any charges will apply.

Q: DOES AVIRON SUPPORT THE OFFER AND THE MERGER?

A: Yes. Aviron's board of directors has determined that the offer is advisable and is fair to, and in the best interests of, Aviron stockholders and recommends that Aviron stockholders accept the offer and tender their shares pursuant to the offer. Aviron's board of directors has approved and adopted the merger agreement, the offer and the merger. Information about the recommendation of Aviron's board of directors is more fully set forth in Aviron's

Edgar Filing: MEDIMMUNE INC /DE - Form S-4/A

Solicitation/Recommendation Statement on Schedule 14D-9, which is being mailed to Aviron stockholders with this preliminary prospectus.

Q: WHAT PERCENTAGE OF MEDIMMUNE COMMON STOCK WILL AVIRON STOCKHOLDERS OWN AFTER THE OFFER AND THE MERGER?

A: After the merger, former stockholders of Aviron would own approximately 14% of the outstanding shares of MedImmune common stock, based upon the number of shares of MedImmune common stock and Aviron common stock outstanding on December 31, 2001.

1

Q: WHAT ARE THE CONDITIONS TO THE OFFER?

A: The offer is subject to several conditions, including:

- the tender of a majority of the fully diluted shares of Aviron common stock;
- the expiration of the waiting period under applicable antitrust law, the effectiveness of MedImmune's registration statement on Form S-4 for the offer, the listing of the MedImmune shares to be issued in the transaction on Nasdaq and the absence of an injunction or a governmental challenge to the offer;
- the absence of an Aviron material adverse effect;
- the Aviron Board not having withdrawn or adversely modified its recommendation of the offer and the merger or having recommended another offer;
- the accuracy of Aviron's representations and Aviron's performance of its covenants; and
- the receipt of opinions of tax counsel to the effect that the offer and the merger, together, will qualify as a reorganization within the meaning of Section 368(a) of the Internal Revenue Code.

These conditions and other conditions to the offer are discussed in this preliminary prospectus under "The Offer--Conditions of Our Offer" beginning on page 30.

Q: HOW DO I PARTICIPATE IN YOUR OFFER?

A: To tender your shares, you should do the following:

- if you hold shares in your own name, complete and sign the enclosed letter of transmittal and return it with your physical share certificates to American Stock Transfer & Trust Company, the exchange agent for the offer, at the appropriate address specified on the back cover page of this preliminary prospectus before the expiration date of the offer; or
- if you hold your shares in "street name" through a broker, instruct your broker to tender your shares before the expiration date.

For more information on the timing of the offer, extensions of the offer period and your rights to withdraw your shares from the offer before the expiration date, please refer to "The Offer" beginning on page 22.

Edgar Filing: MEDIMMUNE INC /DE - Form S-4/A

Q: WHEN AND HOW CAN I WITHDRAW TENDERED SHARES?

A: Your tender of Aviron shares pursuant to the offer is irrevocable, except that Aviron shares tendered pursuant to the offer may be withdrawn at any time prior to the expiration date.

Q: DO THE STATEMENTS ON THE COVER PAGE REGARDING THIS PRELIMINARY PROSPECTUS BEING SUBJECT TO CHANGE AND THE REGISTRATION STATEMENT FILED WITH THE SECURITIES AND EXCHANGE COMMISSION NOT YET BEING EFFECTIVE MEAN THAT THE OFFER HAS NOT COMMENCED?

A: No. Completion of this preliminary prospectus and effectiveness of the registration statement are not necessary for the offer to commence. We cannot, however, accept for exchange any shares tendered in the offer until the registration statement is declared effective by the Securities and Exchange Commission and the other conditions to our offer have been satisfied or waived. The offer commenced on December 10, 2001.

2

Q: IS MEDIMMUNE'S FINANCIAL CONDITION RELEVANT TO MY DECISION TO TENDER MY SHARES IN THE OFFER?

A: Yes. Your Aviron shares accepted in the offer will be exchanged for shares of MedImmune common stock and so you should consider our financial condition before you decide to become one of our stockholders through the offer. In considering MedImmune's financial condition, you should review the documents incorporated by reference in this preliminary prospectus because they contain detailed business, financial and other information about us.

Q: WILL I BE TAXED ON THE MEDIMMUNE COMMON STOCK THAT I RECEIVE?

A: It is expected that an Aviron stockholder's receipt of MedImmune common shares in the offer or the merger generally will be tax-free for United States federal income tax purposes (except for taxes resulting from the receipt of cash instead of any fraction of a MedImmune common share). You are urged to carefully read the discussion under "The Offer--Material United States Federal Income Tax Consequences" beginning on page 27, and to consult your tax advisor on the consequences of participation in the offer or the merger.

Q: WHERE CAN I FIND OUT MORE INFORMATION ABOUT MEDIMMUNE AND AVIRON?

A: You can find out information about MedImmune and Aviron from various sources described under "Additional Information" on the page preceding the table of contents and "Where You Can Find More Information" on page 56.

Q: WHO CAN I CALL WITH QUESTIONS ABOUT THE OFFER?

A: You can contact our information agent, MacKenzie Partners, Inc., collect at (212) 929-5500 or toll-free at (800) 322-2885. You can also contact our dealer manager, Merrill Lynch & Co., collect at (609) 274-3066.

THE TRANSACTION (See page 20)

We are proposing an acquisition of Aviron under which we will acquire all outstanding shares of Aviron common stock. We are offering to exchange 1.075 shares of MedImmune common stock for each share of Aviron common stock validly tendered on or prior to the expiration of the offer. The expiration date is currently January 9, 2002 but we may extend the offer as described in "The Offer--Extension, Termination and Amendment" on page 22.

We intend, promptly after completion of the offer, to merge Apple Merger Corp., our wholly-owned subsidiary and the purchaser in the offer, with and into Aviron. In the merger, each Aviron

Edgar Filing: MEDIMMUNE INC /DE - Form S-4/A

share not tendered in the offer will be converted into 1.075 MedImmune shares, the same exchange ratio as in the offer. We are seeking to acquire ownership of 100% of the Aviron shares through the offer and the merger.

REASONS FOR THE OFFER (See page 21)

We believe that our acquisition of Aviron represents a compelling opportunity to enhance value for both Aviron and MedImmune stockholders. The MedImmune and Aviron boards of directors have separately approved the offer, the merger and the merger agreement after careful consideration. Please see "Reasons for the Offer."

THE OFFER (See page 22)

CONDITIONS OF OUR OFFER

Our obligation to exchange our common shares for Aviron common shares pursuant to the offer is subject to several conditions referred to under "The Offer--Conditions of Our Offer," including conditions that would require a minimum number of Aviron shares to be tendered, receipt of all required regulatory approvals and satisfaction of other conditions. As of December 31, 2001, there were 31,422,092 Aviron shares outstanding and 9,920,276 shares issuable upon exercise or conversion of outstanding options, warrants and convertible securities.

TIMING OF THE OFFER

Our offer is currently scheduled to expire on January 9, 2002; however, we intend to extend our offer from time to time as necessary until all the conditions to the offer have been satisfied or waived. See "The Offer--Extension, Termination and Amendment."

EXTENSION, TERMINATION AND AMENDMENT

We expressly reserve the right, in our sole discretion (subject to the provisions of the merger agreement), at any time or from time to time, to extend the period of time during which our offer remains open, and we can do so by giving oral or written notice of such extension to the exchange agent. If we decide to extend our offer, we will make a public announcement to that effect no later than 9:00 a.m., New York City time, on the next business day after the previously scheduled expiration date. During any such extension, all Aviron shares previously tendered and not properly withdrawn will remain subject to the offer and subject to your right to withdraw your Aviron shares.

Subject to the SEC's applicable rules and regulations and the terms of our merger agreement, we also reserve the right, in our sole discretion, at any time or from time to time, (a) to delay our acceptance for exchange or our exchange of any Aviron shares pursuant to our offer, regardless of whether we previously accepted Aviron shares for exchange, or (b) to terminate our offer and not accept for exchange or exchange any Aviron shares not previously accepted for exchange or exchanged, upon the failure of any of the conditions of the offer to be satisfied and (c) to waive any condition or otherwise to amend the offer in any respect, by giving oral or written notice of such delay, termination or amendment to the exchange agent and by making a public announcement. We will follow any extension, termination, amendment or delay, as promptly as practicable, with a public announcement. In the case of an extension, any such announcement will be issued no later than 9:00 a.m., New York City time, on the next business day after the previously scheduled expiration date. Subject to applicable law (including Rules 14d-4(d) and 14d-6(c) under the Securities

Edgar Filing: MEDIMMUNE INC /DE - Form S-4/A

Exchange Act of 1934, which require that any material change in the information published, sent or given to the stockholders in connection with the offer be promptly sent to stockholders in a manner reasonably designed to inform stockholders of such change) and without limiting the manner in which we may choose to make any public

5

announcement, we assume no obligation to publish, advertise or otherwise communicate any such public announcement other than by making a release to the Dow Jones News Service.

EXCHANGE OF SHARES; DELIVERY OF MEDIMMUNE COMMON STOCK

Upon the terms and subject to the conditions of our offer (including, if the offer is extended or amended, the terms and conditions of any extension or amendment), we will accept for exchange, and will exchange, shares validly tendered and not properly withdrawn promptly after the expiration date and promptly after they are tendered during any subsequent offering period. The exchange agent will deliver, or cause to be delivered, shares of MedImmune common stock in exchange for shares of Aviron common stock pursuant to the offer and cash in lieu of fractional shares of MedImmune common stock as soon as practicable after it receives notice of our acceptance of the validly tendered Aviron shares.

WITHDRAWAL RIGHTS

Your tender of Aviron shares pursuant to the offer is irrevocable, except that Aviron shares tendered pursuant to the offer may be withdrawn at any time prior to the expiration date.

SUBSEQUENT OFFERING PERIOD

We may elect to provide a subsequent offering period of three to twenty business days after the acceptance of Aviron shares pursuant to the offer if the requirements under Rule 14d-11 of the Exchange Act have been met. In contrast to your rights during the offering period prior to the initial acceptance of Aviron shares, you will not have the right to withdraw Aviron shares that you tender during the subsequent offering period, if any.

PROCEDURE FOR TENDERING SHARES

For you to validly tender your Aviron shares pursuant to our offer, (a) a properly completed and duly executed letter of transmittal (or manually executed facsimile of that document), along with any required signature guarantees, or an agent's message, which is explained below, in connection with a book-entry transfer, and any other required documents, must be transmitted to and received by the exchange agent at one of its addresses set forth on the back cover of this preliminary prospectus, and certificates for tendered Aviron shares must be received by the exchange agent at such address, or those Aviron shares must be tendered pursuant to the procedures for book-entry tender set forth in "The Offer" (and a confirmation of receipt of such tender received), in each case before the expiration date, or (b) you must comply with the guaranteed delivery procedures set forth in "The Offer--Procedure for Tendering--Guaranteed Delivery." Any Aviron shares properly withdrawn prior to completion of the offer will not be considered validly tendered.

VOTE REQUIRED FOR THE MERGER (See page 30)

The merger requires the affirmative vote of at least a majority of the Aviron shares outstanding on the record date for the meeting to approve the merger, unless we have acquired 90% or more of these outstanding shares in which

Edgar Filing: MEDIMMUNE INC /DE - Form S-4/A

case the merger can be accomplished without a vote under the short-form merger provisions of Delaware law.

If the minimum tender condition and other conditions are satisfied and we exchange the tendered Aviron shares, we will own a majority of the Aviron common stock and approval of the merger by Aviron stockholders will be assured, subject to the other conditions to the merger, which are described in "The Merger Agreement--Conditions to the Merger."

6

NO APPRAISAL OR DISSENTERS' RIGHTS (See page 29)

The offer does not entitle you to dissenters' rights with respect to your Aviron shares.

If at the end of the offer, we have received between a majority and 90% of the outstanding Aviron shares, we will effect a long form merger as permitted under Delaware law, which would require notice to and approval by Aviron stockholders. Aviron stockholders who did not tender their Aviron shares during the offer would not have appraisal rights in connection with a long form merger.

If at the end of the offer, however, we have received 90% or more of the outstanding Aviron shares, we will effect a short form merger as permitted under Delaware law. In the event of a short form merger, stockholders who did not tender their Aviron shares would have the right under Delaware law to dissent and demand appraisal rights with respect to their Aviron shares, but only if they comply with certain statutory requirements. Dissenting stockholders who comply with the applicable statutory procedures will be entitled to receive a judicial determination of the fair value of their Aviron shares (exclusive of any element of value arising from the accomplishment or expectation of the merger) and to receive payment of this fair value in cash, together with a fair rate of interest, if any. In the event of a short form merger, information regarding these requirements will be provided to Aviron stockholders who have not tendered their Aviron shares.

MEDIMMUNE WILL ACCOUNT FOR THE OFFER AND THE MERGER USING THE PURCHASE METHOD (See page 44)

MedImmune will account for the offer and the merger as a purchase for financial reporting purposes.

MEDIMMUNE WILL BE ENTITLED TO MAJORITY REPRESENTATION ON THE AVIRON BOARD OF DIRECTORS UNDER THE TERMS OF THE MERGER AGREEMENT (See page 37)

Because MedImmune will not purchase any Aviron shares unless a majority of Aviron's outstanding shares are tendered, after acceptance for exchange of shares in the offer, MedImmune will be entitled to majority representation on the Aviron board of directors under the terms of the merger agreement.

For a more detailed discussion of appraisal rights see "The Offer--Purpose of Our Offer: The Merger; Appraisal Rights" on page 29.

The comparative per share data is derived from, and should be read with, the historical financial statements of MedImmune and Aviron that are included in the documents described under "Where You Can Find More Information" on page 56 and the pro forma financial information included in this preliminary prospectus. See "Unaudited Pro Forma Condensed Combined Financial Data" on page 44.

In addition to the other information included in this preliminary prospectus (including the matters addressed in "Cautionary Statement Concerning Forward-Looking Statements" on page 19), you should consider the following in determining whether to tender your Aviron shares:

RISK FACTORS RELATING TO THE OFFER AND THE MERGER

THE NUMBER OF MEDIMMUNE SHARES THAT YOU WILL RECEIVE IN THE OFFER AND THE SUBSEQUENT MERGER WILL BE BASED UPON A FIXED EXCHANGE RATIO. THE VALUE OF THE MEDIMMUNE SHARES AT THE TIME YOU RECEIVE THEM COULD BE LESS THAN THEIR VALUE AT THE TIME YOU TENDER YOUR AVIRON SHARES:

In the offer and subsequent merger, each Aviron share will be exchanged for 1.075 MedImmune shares. This is a fixed exchange ratio. We will not adjust the exchange ratio as a result of any decrease in the market price of the MedImmune common stock between the date of this prospectus and the date you receive MedImmune shares in exchange for Aviron shares. The market price of the MedImmune common stock will likely be different on the date you receive MedImmune shares than it is today because of changes in the business, operations or prospects of MedImmune, market reactions to our offer, general market and economic conditions and other factors. You are urged to obtain current market quotations for the MedImmune common stock and the Aviron common stock. See "Comparative Per Share Information" on page 9.

THE PRICE OF MEDIMMUNE COMMON STOCK MAY BE AFFECTED BY FACTORS DIFFERENT FROM THOSE AFFECTING THE PRICE OF AVIRON COMMON STOCK:

Upon completion of the merger, holders of Aviron common stock will become holders of MedImmune common stock. MedImmune's business differs from that of Aviron and MedImmune's results of operations, as well as the price of MedImmune common stock, may be affected by factors different from those affecting Aviron's results of operations and the price of Aviron common stock. For a discussion of MedImmune's and Aviron's businesses and certain factors to consider in connection with such businesses, see the documents which are incorporated by reference in this prospectus. See "Where You Can Find More Information."

INTEGRATION OF AVIRON INTO MEDIMMUNE MAY BE DIFFICULT AND EXPENSIVE TO ACHIEVE:

The merger involves the integration of companies that have previously operated independently. No assurance can be given that MedImmune will integrate the operations of MedImmune and Aviron without encountering difficulties, including possible unanticipated costs, failure to retain key Aviron employees or the diversion of management attention and resources away from other MedImmune business matters. In addition, following the merger, the combined company may not realize the results that MedImmune expects to achieve or that would justify the investment made.

THE ANTICIPATED BENEFITS OF THE TRANSACTION ARE PREMISED ON THE COMMERCIALIZATION OF FLUMIST:

If FluMist is not approved by the FDA and successfully marketed, the anticipated benefits of the acquisition of Aviron will not be realized.

RISK FACTORS RELATING TO MEDIMMUNE

PRODUCT SALES MAY VARY:

The amount we receive from sales of our products may vary from period to period for several reasons, including:

Edgar Filing: MEDIMMUNE INC /DE - Form S-4/A

- seasonal demand for our principal product;
- general market demand for our products, which may fluctuate;

13

- availability of other competitive products in the market;
- availability of third-party reimbursement for the cost of treatment with our products;
- effectiveness and safety of our products;
- rate of adoption and use of our products for approved indications and possible additional indications; and
- the likelihood and timing of FDA and other regulatory approvals.

OUR BUSINESS IS SEASONAL:

Our principal product, Synagis, accounted for approximately 80% of our total revenues for the nine months ended September 30, 2001 and for the year 2000. Synagis is used to protect high-risk infants from serious lower respiratory tract disease caused by RSV. Because RSV occurs primarily during the winter months, the major portion of Synagis sales occur during the first and fourth quarters of the calendar year. If we acquire Aviron and FluMist is subsequently approved by regulatory authorities for marketing, the seasonal nature of our business would increase further since most sales of flu vaccine occur during the fourth quarter of the calendar year. This high concentration of product sales in a portion of the year can create additional risks, such as exaggerated adverse consequences of any manufacturing or supply delays or of any unsuccessful sales or marketing strategies and has the effect of causing quarter-to-quarter sales results to vary widely.

INCREASED WORK FORCE COULD RESULT IN SUBSTANTIAL COSTS AND TIME DELAYS:

Recent increases in the size of our work force and scope of operations could be harmful to us. In connection with our increased marketing efforts for Synagis and Ethyol, for manufacturing in our Frederick facility and the acquisition of U.S. Bioscience, Inc., we have substantially increased the size of our work force. The acquisition of Aviron would further increase the size of our work force. This rapid growth and increased scope of operations present risks we have not previously encountered and could result in substantial unanticipated costs and time delays which could materially and adversely affect our business.

SIGNIFICANT COSTS COULD RESULT FROM OUR MANUFACTURING FACILITY:

Our Frederick manufacturing facility could result in significant costs to us. We received approval from the FDA in 1999 for an amendment to our Biologics License Application for the production of Synagis at the Frederick manufacturing facility. Additionally, we received approval from the FDA in December 2000 for an amendment to the license held by the University of Massachusetts, Massachusetts Biologics Laboratories (the "State Lab") to allow us to perform a portion of the CytoGam production process in our Frederick manufacturing facility. Currently, we have excess capacity in the plasma production portion of the Frederick facility. We will continue to incur substantial fixed costs associated with the facility that may not be offset by product revenues.

WE HAVE LIMITED EXPERIENCE IN COMMERCIAL MANUFACTURING:

We may encounter many new risks associated with commercial manufacturing, such as:

Edgar Filing: MEDIMMUNE INC /DE - Form S-4/A

- costs of operating and maintaining the production facility may be in excess of our expectations;
- product defects may result;
- contamination of product or product loss could occur;
- our production process may result in environmental problems; and

14

- we may not be able to manufacture products at a cost that is competitive with third party manufacturing operations.

If we were to experience any one or more of these problems, there could be a material adverse effect on our business, financial condition or results of operations.

WE ARE DEPENDENT ON THIRD PARTY MANUFACTURERS AND SUPPLIERS:

We are currently, and for the foreseeable future expect to be, dependent on a limited number of contract manufacturers for some or all of the manufacture of our current and future products (if any). We depend on Boehringer Ingelheim Pharma KG ("BI") to produce some of the Synagis we sell. BI's facility is subject to inspection and approval by both United States and foreign regulatory authorities in order to maintain its license to manufacture our products. Should BI be unable to supply Synagis to us for any reason, there can be no assurance that we would be able to secure an alternate manufacturer on a timely basis, without increased cost or at all.

We depend on the State Lab for a portion of the production of our plasma derived products. The State Lab holds the sole product and establishment licenses from the FDA for the manufacture of CytoGam and RespiGam. We rely on the State Lab to manufacture all of the bulk product for CytoGam that we sell and to produce all of the RespiGam that we sell. We also rely on Aventis Pasteur to package and fill all of our plasma derived products. Our manufacturing arrangements with the State Lab are renegotiated annually. We cannot guarantee that any new arrangements will be made on terms favorable to us. In addition, we rely on a limited number of suppliers to obtain substantially all of the plasma used as raw material for the production of CytoGam and RespiGam. We also depend on third parties to manufacture the drug substance for Ethyol. There can be no assurance that third party manufacturers will give our orders highest priority, or that we would be able to readily find substitute manufacturers without significant delays or increased costs.

OUR RESEARCH AND DEVELOPMENT ACTIVITIES ARE COSTLY AND MAY NOT BE SUCCESSFUL:

A considerable portion of our annual operating budget is spent on research, development and clinical activities. We are currently developing numerous products that may never reach clinical trials, achieve success in the clinic, be submitted to the appropriate regulatory authorities for approval, or be approved for marketing or manufacturing by the appropriate regulatory authorities.

Further, we rely on numerous third parties to assist in various stages of the development process. Third-party contract costs are typically substantial. In addition, the third party contractors we use may be unable to complete their work in a timely fashion or in a manner that is satisfactory to us. Should they be unable to meet our needs, we may have to incur substantial additional costs, which could have a material adverse effect on our business, financial condition or results of operation.

Edgar Filing: MEDIMMUNE INC /DE - Form S-4/A

WE ARE DEPENDENT ON STRATEGIC ALLIANCES:

We depend on strategic alliances with our corporate partners to accomplish many of our goals. If those corporate partners fail to devote sufficient effort and attention to achieving those goals, we would be adversely affected.

PATENT PROTECTION FOR OUR PRODUCTS MAY BE INADEQUATE OR COSTLY TO ENFORCE:

We may not be able to obtain effective patent protection for products we develop. We are currently developing, or considering developing, products in the biotechnology industry, an industry in which there are extensive patent filings. The patent position of biotechnology firms generally is highly uncertain and involves complex legal and factual questions. To date, no consistent policy has emerged regarding the breadth of claims allowed in biotechnology patents. Accordingly, there can be no

15

assurance that our patent applications will result in patents being issued or that, if issued, such patents will afford protection against competitors with similar technology. Litigation could be necessary from time to time in order to enforce our intellectual property rights. There has been substantial litigation regarding patent and other intellectual property rights in the biotechnology industry. If we were required to litigate, there could be substantial cost involved and significant diversion of our business efforts.

WE MAY BE REQUIRED TO SEEK PATENT LICENSES FROM THIRD PARTIES:

We believe that there are patents issued to third parties and/or patent applications filed by third parties which could apply to each of our products and product candidates. These patents and/or applications could limit our ability to manufacture, use or sell our products. In such a case, we may be required to obtain a patent license in order to avoid infringing a third party's intellectual property rights. If such a license were necessary, there can be no assurance that it would be available on terms acceptable to us or at all, which could have a material adverse effect on our business, financial condition or results of operations.

TECHNOLOGICAL DEVELOPMENTS BY OUR COMPETITORS MAY RENDER OUR PRODUCTS OBSOLETE:

If our competitors were to develop superior products or technologies, our products or technologies could be rendered noncompetitive or obsolete. Biotechnology and pharmaceuticals are evolving fields in which developments are expected to continue at a rapid pace. Our success depends upon achieving and maintaining a competitive position in the development of products and technologies. Competition from other biotechnology and pharmaceutical companies is intense. Many of our competitors have substantially greater research and development capabilities, marketing, financial and managerial resources and experience in the industry. Were a competitor to develop a better product or technology, our products or technologies could be rendered obsolete, decreasing our product sales and resulting in a material adverse effect on our business, financial condition or results of operations.

COMPLIANCE WITH GOVERNMENT REGULATIONS IS COSTLY AND TIME-CONSUMING:

Substantially all of our products require costly and time-consuming regulatory approval by governmental agencies. In particular, human therapeutic and vaccine products are subject to rigorous preclinical and clinical testing for safety and efficacy and approval processes by the FDA in the United States, as well as regulatory authorities in foreign countries. There can be no

Edgar Filing: MEDIMMUNE INC /DE - Form S-4/A

assurance that required approvals will be obtained. If we were unable to obtain these approvals on a timely basis or at all, our ability to successfully market products directly and through our collaborators, and to generate revenues from sales or royalties, would be impaired.

All approved products are subject to continuing regulation. If we were to fail to comply with applicable requirements, we could be subject to:

- fines, recall or seizure of products;
- total or partial suspension of production;
- refusal by the government to approve our product license applications;
- restrictions on our ability to enter into supply contracts; and
- criminal prosecution.

The FDA also has the authority to revoke product licenses and establishment licenses previously granted to us. Currently, we are marketing Ethyol for the treatment of patients with NSCLC. This indication was approved under the FDA's Accelerated Approval Regulations. These regulations require that we conduct clinical studies to verify and describe the clinical benefit of the approved indication.

16

We have completed trials which we anticipate will be sufficient to meet the FDA's requirements. If the FDA is not satisfied that we have met the requirements, it may withdraw its approval of Ethyol in the NSCLC indication. Should the FDA revoke any product or establishment licenses granted to us, it could have a material adverse effect on our business, financial condition or results of operations.

PRODUCT LIABILITY CLAIMS MAY RESULT FROM SALES OF OUR PRODUCTS AND PRODUCT RECALLS MAY BE NECESSARY:

As a developer, tester, manufacturer, marketer and seller of healthcare products, we are potentially subject to product liability claims. Our blood products, such as CytoGam and RespiGam, involve heightened risks of claims, including the risk of claims resulting from the transmission of blood-borne diseases. Defending a product liability claim could be costly and divert our focus from business operations. There can be no assurance that we will be able to maintain our current product liability insurance at a reasonable cost, or at all. If a claim were successful, there is no guarantee that the amount of the claim would not exceed the limit of our insurance coverage. Further, a successful claim could result in the recall of some or all of our products. Any of these occurrences could have a material adverse effect on our business, financial condition or results of operations. Additionally, blood products like CytoGam and RespiGam are occasionally recalled from the market because of risks of contamination from infectious agents or for other reasons which are often beyond our control. Any such recall of our blood products would adversely affect our sales.

WE DEPEND ON KEY PERSONNEL:

Our success depends upon the continued contributions of its executive officers and scientific and technical personnel. Many key responsibilities have been assigned to a relatively small number of individuals. The competition for qualified personnel is intense, and the loss of services or certain key personnel could adversely affect our business. We do not maintain or intend to purchase "key man" life insurance on any of our personnel.

Edgar Filing: MEDIMMUNE INC /DE - Form S-4/A

THE PRICE OF OUR COMMON STOCK COULD FLUCTUATE SIGNIFICANTLY OVER TIME:

The market price of our common stock has fluctuated significantly over time, and it is likely that the price will fluctuate in the future. Investors and analysts have been, and will continue to be, interested in our reported earnings, as well as how we perform compared to their expectations. Announcements by us or others regarding operating results, existing and future collaborations, results of clinical trials, scientific discoveries, commercial products, patents or proprietary rights or regulatory actions may have a significant effect on the market price of our common stock. In addition, the stock market has experienced extreme price and volume fluctuations that have particularly affected the market price for many biotechnology companies and that have often been unrelated to the operating performance of these companies. These broad market fluctuations may adversely affect the market price of our common stock.

CHANGES IN FOREIGN CURRENCY EXCHANGE RATES OR INTEREST RATES COULD RESULT IN LOSSES:

We have entered into foreign exchange forward contracts which could result in losses. Because we have contracts for the future purchase of inventory which are denominated in foreign currencies, there is a chance that foreign currency exchange rate or interest rate changes could result in increases or decreases in the actual cost of our purchases. To reduce the risk of unpredictable changes in the cost of our purchases, we may enter into forward foreign exchange contracts, which allow us to purchase, for a fixed price on a specific date in the future, the amount of foreign currency necessary to pay for our contractual purchase of inventory. Fluctuations in the anticipated payment date for the inventory could require us to adjust the date of the contract, which could result in a change in the foreign currency exchange rate of the contracts, which in turn could have an adverse effect on our financial results. Additionally, certain of our distribution agreements outside the United States provide for us to be paid

17

based upon sales in local currency. Changes in foreign currency exchange rates could adversely affect the amount we expect to collect.

THE SUCCESS OF OUR PRODUCTS MAY BE LIMITED BY GOVERNMENT AND THIRD-PARTY PAYORS:

The continuing efforts of government and third-party payors to contain or reduce the costs of health care through various means may negatively affect sales of our products. In many foreign markets, pricing and profitability of pharmaceutical products is subject to governmental control. In the United States there have been, and we expect there will continue to be, various federal and state proposals to implement similar government controls over pricing and profitability. The adoption by the federal government or state governments of any such proposals could limit the commercial success of our existing or any future products.

Both in the United States and elsewhere, sales of pharmaceutical products depend on the availability of reimbursement to the consumer from third-party payors, such as government and private insurance plans. Third-party payors are increasingly challenging the prices charged for products, and are limiting reimbursement levels offered to consumers for these products. To the extent that third-party payors focus their efforts on our products, sales of such products could be negatively affected.

19

BACKGROUND OF THE OFFER

From time to time, MedImmune evaluates strategic acquisition opportunities to accelerate growth of its business and product lines. In furtherance of that goal, on October 1, David Mott, chief executive officer of MedImmune, called Boyd Clarke, Aviron's chief executive officer, to indicate that MedImmune would be interested in investigating a strategic transaction between the two companies. Mr. Clarke responded that he would consider Mr. Mott's proposal.

Barbara Franklin and Wayne Hockmeyer, who are directors of both Aviron and MedImmune, were informed of the potential transaction. Due to their position as directors of both companies, they each determined to recuse themselves from all discussions by either board of directors concerning any potential transaction between the two companies.

Following the October 1 call between Mr. Mott and Mr. Clarke, the two had several discussions concerning a potential transaction and the timing and nature of any due diligence process that would be possible should they decide to pursue a potential transaction. Mr. Clarke emphasized that any process should not intrude into Aviron's operational efforts to file a reply to the Complete Response Letter the FDA had issued regarding Aviron's Biologics License Application for FluMist. On October 10, MedImmune and Aviron entered into a confidentiality and standstill agreement. Shortly thereafter, Aviron began providing MedImmune with confidential background materials which MedImmune analyzed.

On October 14, representatives of Aviron and MedImmune met in Bethesda, Maryland to review the businesses and operations of the two companies.

On November 6, MedImmune held a meeting of its board of directors. At the meeting, the senior management provided a briefing on the potential transaction and the evaluation process that was underway. The board authorized management to continue the process.

Over the next several weeks, MedImmune and Aviron continued due diligence on each other and discussed the benefits and risks of a potential combination. During this period, initial discussions with respect to valuation of Aviron and an exchange ratio occurred between Mr. Mott and Mr. Clarke.

On November 27, 2001, management updated the MedImmune board of directors regarding the proposed transaction.

Also on that date, MedImmune's counsel, Dewey Ballantine LLP, provided a draft merger agreement to Aviron. On November 29, Aviron provided MedImmune with its comments to the merger agreement. Later that day, Aviron, MedImmune and their representatives discussed the terms and conditions of the offer and merger. On November 30, representatives of Aviron and Latham & Watkins, Aviron's counsel, met at MedImmune's offices to conduct further due diligence on MedImmune and further negotiations of the merger agreement and the exchange ratio occurred.

Negotiations continued on the merger agreements and on the exchange ratio. By the morning of December 2, the terms and conditions of the merger agreement, including the exchange ratio, were substantially final.

Edgar Filing: MEDIMMUNE INC /DE - Form S-4/A

On December 2, 2001, the board of directors of each of MedImmune and Aviron held separate meetings to consider the proposed transaction, and each board of directors approved the proposed transaction.

Later on December 2, 2001 Aviron and MedImmune executed the merger agreement and on the morning of December 3, publicly announced the transaction.

REASONS FOR THE OFFER

MEDIMMUNE'S REASONS FOR THE OFFER

We believe that our acquisition of Aviron represents a compelling opportunity to enhance value for both Aviron and MedImmune stockholders, for reasons that include the following:

- Our acquisition of Aviron represents an excellent strategic fit, combining the infectious disease, respiratory disease, vaccine and pediatric capabilities of two biotech leaders, and an opportunity to generate substantial growth in the near and long-term.
- We believe that adding FluMist to our existing lead product, Synagis-Registered Trademark- (palivizumab), could enable MedImmune to join the elite group of biotechnology companies that have more than one product with greater than \$1 billion in annual sales potential.
- Given our strengths in research and development, manufacturing, marketing and regulatory affairs, we are well suited to analyze the FluMist opportunity and enhance Aviron's current efforts to gain final regulatory approval for the product.
- Our success in launching and marketing Synagis and our strengths in manufacturing and regulatory affairs position us to maximize the long-term value of FluMist, if and when approved for manufacturing by the FDA.
- Our objective, consistent with Aviron's previously stated goal, is to launch FluMist in 2002, which would diversify and expand our revenue base and have the potential to significantly accelerate our revenue and earnings growth rates from 2003 through 2006.

Achieving these objectives depends on a number of contingencies, including those relating to regulatory approval, to integrating companies that have previously operated independently and on other uncertainties described under "Risk Factors" on page 13.

REASONS FOR THE RECOMMENDATION OF AVIRON'S BOARD OF DIRECTORS

At a meeting held on December 2, 2001, the Aviron board, by the unanimous vote of the directors present, approved the merger agreement and the transactions contemplated thereby, including the offer and the merger, and determined that the transactions contemplated by the merger agreement, including the offer and the merger, were fair to and in the best interests of Aviron and its stockholders. The Aviron board, by unanimous vote of the directors present, recommended that Aviron's stockholders accept the offer and tender their shares pursuant to the offer.

Information about the recommendation of Aviron's board of directors is more fully set forth in Aviron's Solicitation/Recommendation Statement on Schedule 14D-9, which is being mailed to Aviron stockholders together with this prospectus.

Edgar Filing: MEDIMMUNE INC /DE - Form S-4/A

To Aviron's knowledge, after reasonable inquiry, all of its executive officers, directors and their affiliates currently intend to tender all Aviron shares that are held of record or are beneficially owned by them pursuant to the offer, other than the Aviron shares, if any, held by such persons that, if tendered, could cause them to incur liability under Section 16(b) of the Exchange Act.

THE OFFER

We are offering to exchange 1.075 MedImmune shares for each outstanding Aviron share validly tendered.

You will not receive any fractional shares of MedImmune common stock. Instead, you will receive cash in an amount equal to the market value of any fractional shares you would otherwise have been entitled to receive.

If you are the record owner of your shares, in which case you would currently hold physical certificates, and you tender your shares directly to the exchange agent, you will not be obligated to pay any charges or expenses of the exchange agent or any brokerage commissions. If you own your shares through a broker or other nominee and your broker or nominee tenders the shares on your behalf, your broker or nominee may charge you a fee for doing so. You should consult your broker or nominee to determine whether any charges will apply.

We are making this offer in order to acquire all of the outstanding Aviron shares. We intend, promptly after completion of the offer, to have Apple Merger Corp., our wholly owned subsidiary which is making the offer, merge with Aviron. The purpose of the merger is to acquire all Aviron shares not tendered and exchanged pursuant to the offer. In the merger, each remaining Aviron share would be converted into the right to receive 1.075 MedImmune shares, without interest.

Our obligation to exchange shares of MedImmune common stock for Aviron shares pursuant to the offer is subject to several conditions referred to below under "--Conditions of Our Offer," including the minimum tender condition, the regulatory approvals condition and other conditions that are discussed below.

TIMING OF OUR OFFER

Our offer is scheduled to expire at 12:00 midnight, New York City time on January 9, 2002, the "expiration date," unless we extend the period of time for which the offer is open, in which case the term "expiration date" means the latest time and date on which the offer, as so extended, expires. For more information, you should read the discussion under the caption "--Extension, Termination and Amendment."

EXTENSION, TERMINATION AND AMENDMENT

We expressly reserve the right, in our sole discretion (subject to the provisions of the merger agreement), at any time or from time to time, to extend the period of time during which our offer remains open, and we can do so by giving oral or written notice of the extension to the exchange agent. If we decide to so extend our offer, we will make an announcement to that effect no later than 9:00 a.m., New York City time, on the next business day after the previously scheduled expiration date. Subject to the provisions of the merger agreement, we are not making any assurance that we will exercise our right to extend our offer, although we currently intend to do so until all conditions

Edgar Filing: MEDIMMUNE INC /DE - Form S-4/A

have been satisfied or waived. During any such extension, all Aviron shares previously tendered and not properly withdrawn will remain subject to the offer, subject to your right to withdraw your Aviron shares. You should read the discussion under the caption "--Withdrawal Rights" for more details.

Subject to the SEC's applicable rules and regulations, we also reserve the right, in our sole discretion (subject to the provisions of the merger agreement), at any time or from time to time:

- to delay our acceptance for exchange or exchange of any Aviron shares pursuant to our offer or to terminate our offer and not accept for exchange or exchange any Aviron shares not previously accepted for exchange, or exchanged, upon the failure of any of the conditions of the offer to be satisfied; and

22

- to waive any condition or otherwise amend the offer in any respect, by giving oral or written notice of such delay, termination or amendment to the exchange agent and by making a public announcement.

We will follow any extension, termination, amendment or delay, as promptly as practicable, with a public announcement. In the case of an extension, any announcement will be issued no later than 9:00 a.m., New York City time, on the next business day after the previously scheduled expiration date. Subject to applicable law (including Rules 14d-4(d) and 14d-6(c) under the Exchange Act, which require that any material change in the information published, sent or given to stockholders in connection with the offer be promptly sent to stockholders in a manner reasonably designed to inform stockholders of the change) and without limiting the manner in which we may choose to make any public announcement, we assume no obligation to publish, advertise or otherwise communicate any such public announcement other than by making a release to the Dow Jones News Service.

We confirm to you that if we make a material change in the terms of our offer or the information concerning the offer, or if we waive a material condition of the offer, we will extend the offer to the extent required under the Exchange Act. If, prior to the expiration date, we change the percentage of Aviron shares being sought or the consideration offered to you, that change will apply to all holders whose Aviron shares are accepted for exchange pursuant to our offer. If at the time notice of that change is first published, sent or given to you, the offer is scheduled to expire at any time earlier than the tenth business day from and including the date that the notice is first so published, sent or given, we will extend the offer until the expiration of that ten business-day period. For purposes of our offer, a "business day" means any day other than a Saturday, Sunday or federal holiday and consists of the time period from 12:01 a.m. through 12:00 midnight, New York City time.

We may, although we do not currently intend to, elect to provide a subsequent offering period of three to 20 business days after the acceptance of Aviron shares in the offer if the requirements under Exchange Act Rule 14d-11 have been met. You will not have the right to withdraw your Aviron shares that you tender in the subsequent offering period, if any.

PROCEDURE FOR TENDERING

For you to validly tender Aviron shares pursuant to the offer:

- a properly completed and duly executed letter of transmittal (or manually executed facsimile of that document), along with any required signature guarantees, or an agent's message in connection with a book-entry transfer, and any other required documents, must be transmitted to and

Edgar Filing: MEDIMMUNE INC /DE - Form S-4/A

received by the exchange agent at one of its addresses set forth on the back cover of this preliminary prospectus, and certificates for tendered Aviron shares must be received by the exchange agent at such address or those Aviron shares must be tendered pursuant to the procedures for book-entry tender set forth below (and a confirmation of receipt of such tender received (we refer to this confirmation below as a "book-entry confirmation")), in each case before the expiration date; or

- you must comply with the guaranteed delivery procedures set forth below.

An Aviron share which is properly withdrawn pursuant to the offer will not be considered validly tendered, unless and until it is tendered again pursuant to the procedures set forth herein.

BOOK-ENTRY TRANSFER. The exchange agent will establish accounts with respect to the Aviron shares at The Depository Trust Company (which we refer to as the "Book-Entry Transfer Facility") for purposes of the offer within two business days after the date of this preliminary prospectus, and any financial institution that is a participant in the Book-Entry Transfer Facility may make book-entry delivery of the Aviron shares by causing the Book-Entry Transfer Facility to transfer such Aviron shares into the exchange agent's account in accordance with the Book-Entry Transfer Facility's procedure for

23

the transfer. However, although delivery of Aviron shares may be effected through book-entry at the Book-Entry Transfer Facility, the letter of transmittal (or a manually signed facsimile thereof), with any required signature guarantees, or an agent's message in connection with a book-entry transfer, and any other required documents, must, in any case, be transmitted to and received by the exchange agent at one or more of its addresses set forth on the back cover of this preliminary prospectus prior to the expiration date, or the guaranteed delivery procedures described below must be followed.

The term "agent's message" means a message, transmitted by the Book-Entry Transfer Facility to, and received by, the exchange agent and forming a part of a book-entry confirmation, which states that the Book-Entry Transfer Facility has received an express acknowledgment from the participant in the Book-Entry Transfer Facility tendering the Aviron shares which are the subject of the book-entry confirmation, that the participant has received and agrees to be bound by the terms of the letter of transmittal and that we may enforce that agreement against the participant.

SIGNATURE GUARANTEES. Signatures on all letters of transmittal must be guaranteed by an eligible institution, except in cases in which Aviron shares are tendered either by a registered holder of Aviron shares who has not completed the box entitled "Special Issuance Instructions" on the letter of transmittal or for the account of an eligible institution.

If the certificates for Aviron shares are registered in the name of a person other than the person who signs the letter of transmittal, or if certificates for unexchanged Aviron shares are to be issued to a person other than the registered holder(s), the certificates must be endorsed or accompanied by appropriate stock powers, in either case signed exactly as the name or names of the registered owner or owners appear on the certificates, with the signature(s) on the certificates or stock powers guaranteed in the manner we have described above.

GUARANTEED DELIVERY. If you wish to tender Aviron shares pursuant to our offer and your certificates are not immediately available or you cannot deliver the certificates and all other required documents to the exchange agent prior to the expiration date or cannot complete the procedure for book-entry transfer on

Edgar Filing: MEDIMMUNE INC /DE - Form S-4/A

a timely basis, your Aviron shares may nevertheless be tendered, so long as all of the following conditions are satisfied:

- you make your tender by or through an eligible institution;
- a properly completed and duly executed notice of guaranteed delivery, substantially in the form made available by us, is received by the exchange agent as provided below on or prior to the expiration date; and
- the certificates for all tendered Aviron shares (or a confirmation of a book-entry transfer of such securities into the exchange agent's account at the Book-Entry Transfer Facility as described above), in proper form for transfer, together with a properly completed and duly executed letter of transmittal (or a manually signed facsimile thereof), with any required signature guarantees (or, in the case of a book-entry transfer, an agent's message) and all other documents required by the letter of transmittal are received by the exchange agent within three NASDAQ trading days after the date of execution of such notice of guaranteed delivery.

You may deliver the notice of guaranteed delivery by hand or transmit it by facsimile transmission or mail to the exchange agent and you must include a guarantee by an eligible institution in the form set forth in that notice.

The method of delivery of Aviron share certificates and all other required documents, including delivery through the Book-Entry Transfer Facility, is at your option and risk, and the delivery will be deemed made only when actually received by the exchange agent. If delivery is by mail, we recommend registered mail with return receipt requested, properly insured. In all cases, you should allow sufficient time to ensure timely delivery.

24

EXCHANGE FOR SHARES TENDERED. In all cases, we will exchange Aviron shares tendered and accepted for exchange pursuant to our offer only after timely receipt by the exchange agent of certificates for Aviron shares (or timely confirmation of a book-entry transfer of such securities into the exchange agent's account at the Book-Entry Transfer Facility as described above), properly completed and duly executed letter(s) of transmittal (or a manually signed facsimile(s) thereof), or an agent's message in connection with a book-entry transfer, and any other required documents.

APPOINTMENT. By executing a letter of transmittal as set forth above, you irrevocably appoint our designees as your attorneys-in-fact and proxies, each with full power of substitution, to the full extent of your rights with respect to your Aviron shares tendered and accepted for exchange by us and with respect to any and all other Aviron shares and other securities issued or issuable in respect of the Aviron shares on or after December 2, 2001. That appointment is effective, and voting rights will be affected, when and only to the extent that we accept the Aviron shares that you have tendered with the exchange agent. All such proxies will be considered coupled with an interest in the tendered Aviron shares and therefore will not be revocable. Upon the effectiveness of such appointment, all prior proxies that you have given will be revoked, and you may not give any subsequent proxies (and, if given, they will not be deemed effective). Our designees will, with respect to the Aviron shares for which the appointment is effective, be empowered, among other things, to exercise all of your voting and other rights as they, in their sole discretion, deem proper at any annual, special or adjourned meeting of Aviron's stockholders or otherwise. We reserve the right to require that, in order for Aviron shares to be deemed validly tendered, immediately upon our exchange of those Aviron shares, we must be able to exercise full voting rights with respect to such Aviron shares.

DETERMINATION OF VALIDITY. We will decide questions as to the validity,

Edgar Filing: MEDIMMUNE INC /DE - Form S-4/A

form, eligibility (including time of receipt) and acceptance for exchange of any tender of Aviron shares, in our sole discretion, and our determination will be final and binding. We reserve the absolute right to reject any and all tenders of Aviron shares that we determine are not in proper form or the acceptance of or exchange for which may, in the opinion of our counsel, be unlawful. We also reserve the absolute right to waive any defect or irregularity in the tender of any Aviron shares. No tender of Aviron shares will be deemed to have been validly made until all defects and irregularities in tenders of Aviron shares have been cured or waived.

Neither we, the exchange agent, the information agent nor any other person will be under any duty to give notification of any defects or irregularities in the tender of any Aviron shares or will incur any liability for failure to give any such notification. Our interpretation of the terms and conditions of our offer (including the letter of transmittal and instructions thereto) will be final and binding.

BINDING AGREEMENT. The tender of Aviron shares pursuant to any of the procedures described above will constitute a binding agreement between us and you upon the terms and subject to the conditions of the offer.

WITHDRAWAL RIGHTS

Your tender of Aviron shares pursuant to the offer is irrevocable, except that, other than during a subsequent offering period, Aviron shares tendered pursuant to the offer may be withdrawn at any time prior to the expiration date, and, unless we previously accepted them pursuant to the offer, may also be withdrawn at any time after February 7, 2002. If we elect to provide a subsequent offering period under Exchange Act Rule 14d-11, you will not have the right to withdraw Aviron shares that you tender during the subsequent offering period.

For your withdrawal to be effective, the exchange agent must receive from you a written telex or facsimile transmission notice of withdrawal at one of its addresses set forth on the back cover of this preliminary prospectus, and your notice must include your name, address, social security number, the

25

certificate number(s) and the number of Aviron shares to be withdrawn as well as the name of the registered holder, if it is different from that of the person who tendered those Aviron shares.

A financial institution must guarantee all signatures on the notice of withdrawal. Most banks, savings and loan associations and brokerage houses are able to effect these signature guarantees for you. The financial institution must be a participant in the Securities Transfer Agents Medallion Program, an "eligible institution," unless those Aviron shares have been tendered for the account of any eligible institution. If Aviron shares have been tendered pursuant to the procedures for book-entry tender discussed under the caption entitled "--Procedure for Tendering," any notice of withdrawal must specify the name and number of the account at the Book-Entry Transfer Facility to be credited with the withdrawn Aviron shares and must otherwise comply with the Book-Entry Transfer Facility's procedures. If certificates have been delivered or otherwise identified to the exchange agent, the name of the registered holder and the serial numbers of the particular certificates evidencing the Aviron shares withdrawn must also be furnished to the exchange agent, as stated above, prior to the physical release of the certificates.

We will decide all questions as to the form and validity (including time of receipt) of any notice of withdrawal, in our sole discretion, and our decision will be final and binding. Neither we, the exchange agent, the information agent

Edgar Filing: MEDIMMUNE INC /DE - Form S-4/A

nor any other person will be under any duty to give notification of any defects or irregularities in any notice of withdrawal or will incur any liability for failure to give any notification. Aviron shares properly withdrawn will be deemed not to have been validly tendered for purposes of our offer.

EXCHANGE OF AVIRON SHARES; DELIVERY OF MEDIMMUNE COMMON STOCK

Upon the terms and subject to the conditions of our offer (including, if the offer is extended or amended, the terms and conditions of the extension or amendment), we will accept for exchange, and will exchange, Aviron shares validly tendered and not properly withdrawn promptly after the expiration date. In addition, subject to applicable rules of the SEC, we expressly reserve the right to delay acceptance for exchange or the exchange of Aviron shares in order to comply with any applicable law. In all cases, exchange of Aviron shares tendered and accepted for exchange pursuant to the offer will be made only after timely receipt by the exchange agent of:

- certificates for those Aviron shares (or a confirmation of a book-entry transfer of those Aviron shares in the exchange agent's account at the Book-Entry Transfer Facility); and
- any other required documents.

For purposes of the offer, we will be deemed to have accepted for exchange Aviron shares validly tendered and not properly withdrawn as, if and when we notify the exchange agent of our acceptance of the tenders of those Aviron shares pursuant to the offer. The exchange agent will deliver MedImmune common stock in exchange for Aviron shares pursuant to the offer and cash instead of fractional shares of MedImmune common stock as soon as practicable after receipt of our notice. The exchange agent will act as agent for tendering stockholders for the purpose of receiving cash to be paid instead of fractional shares of MedImmune common stock from us and transmitting such cash to you and causing the shares of MedImmune common stock to be delivered to you. You will not receive any interest on any cash that we pay you, even if there is a delay in making the exchange.

26

If we do not accept any tendered Aviron shares for exchange pursuant to the terms and conditions of the offer for any reason, or if certificates are submitted for more Aviron shares than are tendered, we will return certificates for such unexchanged Aviron shares without expense to the tendering stockholder or, in the case of Aviron shares tendered by book-entry transfer of such Aviron shares into the exchange agent's account at the Book-Entry Transfer Facility pursuant to the procedures set forth above under the caption entitled "--Procedure for Tendering," those Aviron shares will be credited to an account maintained within the Book-Entry Transfer Facility, as soon as practicable following expiration or termination of the offer.

CASH INSTEAD OF FRACTIONAL SHARES OF MEDIMMUNE COMMON STOCK

We will not issue certificates representing fractional shares of our common stock pursuant to the offer. Instead, each tendering stockholder who would otherwise be entitled to a fractional share of our common stock will receive cash in an amount equal to that fraction multiplied by the closing price for a share of MedImmune common stock, as reported in the New York City edition of THE WALL STREET JOURNAL, on the date that we accept those Aviron shares for exchange.

MATERIAL UNITED STATES FEDERAL INCOME TAX CONSEQUENCES

The following discussion summarizes the anticipated material U.S. federal

Edgar Filing: MEDIMMUNE INC /DE - Form S-4/A

income tax consequences of the offer and the merger to Aviron stockholders who exchange their Aviron shares for MedImmune shares pursuant to the offer or the merger. This discussion does not purport to be a complete analysis or discussion of all potential tax effects relevant to the offer and the merger. Further, this discussion does not address all of the U.S. federal income tax consequences that may be relevant to Aviron stockholders in light of their particular circumstances, nor does the discussion address the U.S. federal income tax consequences that may be applicable to Aviron stockholders subject to special tax treatment under the Internal Revenue Code of 1986, as amended (which we refer to as the Code), including but not limited to stockholders:

- who are dealers in securities, traders that mark to market, foreign individuals (I.E., individuals who are not citizens or residents of the United States), foreign corporations, foreign partnerships or other foreign entities, mutual funds, financial institutions, insurance companies or tax-exempt entities;
- who acquired their shares through the exercise of stock options, through stock purchase plans, in other compensatory transactions, or through a tax-qualified retirement plan;
- whose shares are qualified small business stock for purposes of Section 1202 of the Code;
- who hold their shares as part of an integrated investment such as a hedge, straddle, or other risk reduction strategy or as part of a constructive sale or conversion transaction;
- who do not hold their shares as capital assets; or
- whose functional currency is not the U.S. dollar.

In addition, the following discussion does not address the tax consequences, if any, of the offer or the merger under state, local, foreign, and other tax laws.

MedImmune and Aviron have been advised by Dewey Ballantine LLP and Latham & Watkins, respectively, that subject to the assumptions, exceptions, limitations and qualifications set forth in this discussion and in their respective opinions, it is their opinion, as of the date of this prospectus, that for U.S. federal income tax purposes the offer and the merger, together, will qualify as a reorganization within the meaning of Section 368(a) of the Code. These tax opinions are attached as Exhibits 8.1 and 8.2, respectively, to the registration statement on the Form S-4 filed with the Securities and Exchange Commission, which includes this prospectus. It is a condition to the acceptance of the shares tendered

27

in the offer that the parties receive such opinions dated both as of the date of the preliminary prospectus included in the Form S-4 and as of the date of the expiration of the offer. The tax opinions referred to above and the consequences summarized below are conditioned upon, among other things, all of the following factual assumptions (which we refer to as the supporting conditions):

- the offer and the merger are completed under the current terms of the merger agreement;
- the minimum tender condition for the offer is satisfied; and
- the merger is completed promptly after the offer.

In addition to these supporting conditions, the opinions of Dewey Ballantine

Edgar Filing: MEDIMMUNE INC /DE - Form S-4/A

LLP and Latham & Watkins have relied and will rely upon, and the consequences summarized below are based upon, representations and covenants made by MedImmune, Apple Merger Corp. and Aviron, including those contained in tax representation letters of MedImmune, Apple Merger Corp. and Aviron, and certain assumptions including, but not limited to, the absence of changes in facts or in law between the date of this prospectus and the effective time of the merger. If any of those representations, covenants or assumptions is inaccurate or if any of the supporting conditions is not satisfied, the tax opinions of Dewey Ballantine LLP and Latham & Watkins described above cannot be relied upon. In addition, the ability to satisfy the supporting conditions, and therefore the U.S. federal income tax consequences of the offer and the merger, depend in part on facts that will not be available before the completion of the merger. There can be no assurance that the offer and the merger will be completed, or that the supporting conditions will be satisfied.

The tax opinions referred to above and this discussion are based upon the provisions of the Code, applicable Treasury regulations, judicial decisions and Internal Revenue Service (which we refer to as the IRS) rulings, in each case, as in effect as of the date of this document. The tax opinions involve legal judgments, some of which relate to matters that are not directly addressed by court decisions or other authorities. No rulings have been or will be sought from the IRS concerning the tax consequences of the offer and the merger and the tax opinions do not bind the IRS or the courts. Accordingly, no assurance can be given that the conclusions reached in the tax opinions will not be contested by the IRS or, if contested, will be sustained by a court. Furthermore, there can be no assurance that future legislative, judicial or administrative changes or interpretations, which changes or interpretations could apply retroactively, will not affect the accuracy of the statements or conclusions set forth in the tax opinions or in this discussion.

If the offer and/or the merger does not qualify as a reorganization, then among other things, a holder of Aviron shares would be required to recognize any gain (but may not be able to recognize any loss) realized upon exchange of the holder's Aviron shares for the MedImmune shares in the offer and/or the merger, as applicable, measured by the difference between the fair market value of the MedImmune shares and the amount of any cash instead of a fraction of a MedImmune share received by such holder and such holder's tax basis in the Aviron shares surrendered.

Assuming that the offer and the merger, together, qualify as a reorganization, and subject to the assumptions, exceptions, limitations and qualifications described above, for U.S. federal income tax purposes:

- A holder of Aviron shares will not recognize any gain or loss upon exchange of the holder's Aviron shares for MedImmune shares in the offer or the merger, except for gain or loss resulting from cash that the holder receives instead of a fractional share of MedImmune common stock.
- A holder of Aviron shares who receives cash in lieu of a fractional share of MedImmune common stock will be treated as receiving such cash in exchange for such fractional share interest, and generally will recognize gain or loss for U.S. federal income tax purposes, measured

28

by the difference between the amount of cash received and the portion of the tax basis of the Aviron shares allocable to the fractional share interest. Such gain or loss will be capital gain or loss and generally will be long term capital gain or loss if the Aviron shares have been held for more than one year.

- A holder of Aviron shares will have an aggregate tax basis in the

Edgar Filing: MEDIMMUNE INC /DE - Form S-4/A

MedImmune shares received in the offer or the merger equal to (1) the aggregate tax basis in the Aviron shares surrendered by that holder in the offer or merger, reduced by (2) any tax basis in such Aviron shares that is allocable to a fraction of a MedImmune common share for which cash is received.

- The holding period for MedImmune shares received in exchange for Aviron shares in the offer or the merger will include the holding period for Aviron shares surrendered for them in the offer or the merger.
- Under specified circumstances, holders of Aviron shares may be entitled to appraisal rights in connection with the merger. If appraisal rights are available, and a holder of Aviron shares receives cash pursuant to the exercise of appraisal rights, such holder generally will recognize gain or loss, measured by the difference between the amount received (other than any amount relating to interest, if any, which will be taxable as ordinary income) and such holder's tax basis in such Aviron shares. A holder of Aviron shares who exercises appraisal rights is urged to consult his or her own tax advisor.

FEDERAL INCOME TAX CONSEQUENCES IF THE MERGER IS NOT CONSUMMATED. In addition to the limitations, assumptions, exceptions and qualifications described above, this discussion does not address, and no opinion has been given concerning, any tax consequences of the offer if the merger is not consummated. If the merger is not consummated, the federal income tax consequences of the exchange of Aviron shares in the offer will depend on facts and circumstances that are not yet known. Such facts and circumstances include, among other things, the percentage of Aviron shares tendered in the offer. You are urged to consult your tax advisor regarding the tax consequences to you of your participation in the offer if the merger is not consummated.

BACKUP WITHHOLDING. Under the Code, a holder of Aviron shares may be subject to backup withholding with respect to the amount of cash, if any, received unless the holder provides proof of an applicable exemption or a correct taxpayer identification number, and otherwise complies with applicable requirements of the backup withholding rules. Any amounts withheld under the backup withholding rules are not an additional tax and may be refunded or credited against the holder's U.S. federal income tax liability, provided the required information is furnished to the IRS.

THE DISCUSSION OF MATERIAL U.S. FEDERAL INCOME TAX CONSEQUENCES SET FORTH ABOVE IS INTENDED TO PROVIDE ONLY A GENERAL SUMMARY AND IS NOT INTENDED TO BE A COMPLETE ANALYSIS OR DESCRIPTION OF ALL POTENTIAL U.S. FEDERAL INCOME TAX CONSEQUENCES OF THE OFFER AND THE MERGER. IN ADDITION, THE DISCUSSION DOES NOT ADDRESS TAX CONSEQUENCES THAT MAY VARY WITH, OR ARE CONTINGENT ON, INDIVIDUAL CIRCUMSTANCES. MOREOVER, THE DISCUSSION DOES NOT ADDRESS ANY NON-INCOME TAX OR ANY FOREIGN, STATE, LOCAL OR OTHER TAX CONSEQUENCES OF THE OFFER OR THE MERGER AND DOES NOT ADDRESS THE TAX CONSEQUENCES OF ANY TRANSACTION OTHER THAN THE OFFER AND THE MERGER. ACCORDINGLY, EACH AVIRON STOCKHOLDER IS STRONGLY URGED TO CONSULT WITH A TAX ADVISOR TO DETERMINE THE PARTICULAR FEDERAL, STATE, LOCAL OR FOREIGN INCOME, REPORTING OR OTHER TAX CONSEQUENCES OF THE OFFER AND THE MERGER TO SUCH STOCKHOLDER.

PURPOSE OF OUR OFFER; THE MERGER; APPRAISAL RIGHTS

PURPOSE. We are making the offer in order to acquire all of the outstanding Aviron shares. We intend, promptly after completion of the offer, to have our wholly owned subsidiary merge with and into Aviron. The purpose of the merger is to acquire all Aviron shares not tendered and exchanged pursuant to the offer.

Edgar Filing: MEDIMMUNE INC /DE - Form S-4/A

PLANS FOR AVIRON. It is expected that following the merger, MedImmune will continue to evaluate the business and operations of Aviron and MedImmune intends to seek additional information about Aviron during this period. Thereafter, MedImmune intends to review such information as part of a comprehensive review of Aviron's business, operations, capitalization and management with a view to optimizing Aviron's potential in conjunction with MedImmune's businesses.

APPROVAL OF THE MERGER. Under Delaware law, the approval of the board of directors of a company and the affirmative vote of the holders of a majority of its outstanding shares are required to approve and adopt a merger and a merger agreement. The Aviron board of directors has previously approved the merger. Accordingly, if we complete the offer (and the minimum tender condition is satisfied), we would have a sufficient number of Aviron shares to approve the merger without the affirmative vote of any other holder of Aviron shares. Therefore, unless the merger is consummated in accordance with the short-form merger provisions described below (in which case, no action by the stockholders of Aviron, other than MedImmune, will be required to consummate the merger), the only remaining corporate action of Aviron will be the approval and adoption of the merger agreement by the affirmative vote of a majority of the outstanding Aviron shares.

POSSIBLE SHORT-FORM MERGER. The short-form merger provisions of Delaware would permit the merger to occur without a vote of Aviron's stockholders if MedImmune were to acquire at least 90% of the outstanding Aviron shares in the offer or otherwise (including as a result of purchases by MedImmune during any subsequent offering period). If, however, MedImmune does not acquire at least 90% of the then outstanding Aviron shares pursuant to the offer or otherwise, and a vote of Aviron's stockholders is required under Delaware law, a longer period of time will be required to effect the merger.

APPRAISAL RIGHTS. Aviron stockholders do not have appraisal rights in connection with the offer.

If more than a majority but less than 90% of the outstanding Aviron shares are validly tendered and not properly withdrawn in the offer, we will effect a long-form merger (as described above) as permitted under Section 251 of the DGCL. Aviron stockholders who have not exchanged their Aviron shares in the offer will not have appraisal rights in connection with a long-form merger.

However, if at least 90% of the outstanding Aviron shares are validly tendered and not properly withdrawn in the offer, we will effect a short-form merger (as described above). Aviron stockholders at the time of a short-form merger will have the right to dissent and demand appraisal of their Aviron shares. Under Section 262 of the DGCL, dissenting stockholders who comply with the applicable statutory procedures will be entitled to receive a judicial determination of the fair value of their Aviron shares (exclusive of any element of value arising from the accomplishment or expectation of the merger) and to receive payment of such fair value in cash, together with a fair rate of interest, if any. In *CEDE & CO. and CINERAMA, INC. V. TECHNICOLOR, INC.*, the Supreme Court of the State of Delaware construed the relevant provisions of Delaware law and held that the "accomplishment or expectation" exclusion from the calculation of fair value set forth in the preceding sentence is narrow and is designed to eliminate use of pro forma data and projections of a speculative variety relating to the completion of a merger. The court held that it is appropriate to include in the calculation of fair value any known elements of value. We cannot assure you as to the methodology a court would use to determine fair value or how a court would select which of the elements of value are to be included in such a determination.

CONDITIONS OF OUR OFFER

Notwithstanding any other term of the offer, subject to the terms of the

Edgar Filing: MEDIMMUNE INC /DE - Form S-4/A

merger agreement, we shall not be required to accept for payment or, subject to any applicable rules and regulations of the SEC, including Rule 14e-1(c) under the Exchange Act (relating to our obligation to pay for or return

30

tendered shares after the termination or withdrawal of the offer), to pay for any shares tendered pursuant to the offer if immediately prior to the expiration of the offer:

MINIMUM TENDER CONDITION. There must be validly tendered and not properly withdrawn prior to the expiration of the offer a number of Aviron shares which will constitute a majority of the total number of outstanding Aviron shares (assuming the exercise or conversion of all outstanding options, warrants, rights and convertible securities which are exercisable or convertible prior to the merger) as of the date that we accept the Aviron shares pursuant to our offer. Based on information supplied by Aviron, the number of Aviron shares needed to satisfy the minimum tender condition would have been 20,671,184 as of December 31, 2001. As of December 31, 2001, there were 31,422,092 Aviron shares outstanding and 9,920,276 shares issuable upon exercise or conversion of outstanding options, warrants or convertible securities.

ANTITRUST CONDITION. Any applicable waiting period under the Hart-Scott Rodino Act and any other applicable antitrust law shall not have expired or been terminated.

REGISTRATION STATEMENT EFFECTIVENESS CONDITION. The Form S-4 shall not have become effective under the Securities Act or shall be the subject of any stop order or proceedings seeking a stop order.

NASDAQ LISTING CONDITION. The MedImmune shares to be issued in the offer shall not have been approved for listing on the Nasdaq, subject to official notice of issuance.

OTHER CONDITIONS OF THE OFFER. At any time on or after the date of the merger agreement and prior to the expiration date, any of the following conditions exists:

- there shall be entered, threatened, instituted, pending or issued by any governmental entity any suit, action, proceeding, judgment or decree:
- challenging the acquisition by MedImmune or Apple Merger Corp. of any shares under the offer, seeking to restrain or prohibit the making or consummation of the offer or the merger or seeking to obtain from Aviron, MedImmune or Apple Merger Corp. any damages that are material in relation to Aviron and its subsidiaries taken as a whole,
- seeking to prohibit or materially limit the ownership or operation by Aviron, MedImmune or any of their respective subsidiaries of a material portion of the business or assets of Aviron and its subsidiaries, taken as a whole, or MedImmune and its subsidiaries, taken as a whole, or to compel Aviron and its subsidiaries, taken as a whole or MedImmune to dispose of or hold separate any material portion of the business or assets of Aviron or MedImmune and its subsidiaries, taken as a whole, in each case as a result of the offer or any of the other transactions contemplated by the merger agreement,
- seeking to impose material limitations on the ability of MedImmune or Apple Merger Corp. to acquire or hold, or exercise full rights of ownership of, any shares to be accepted for payment pursuant to the offer

Edgar Filing: MEDIMMUNE INC /DE - Form S-4/A

including, without limitation, the right to vote such shares on all matters properly presented to the stockholders of Aviron,

- seeking to prohibit MedImmune or any of its subsidiaries from effectively controlling in any material respect any material portion of the business or operations of Aviron or its subsidiaries, or
- which otherwise is reasonably likely to have a material adverse effect on Aviron;
- there shall be any statute, law, ordinance, rule, regulation, judgment, order or decree enacted, entered, enforced, promulgated or deemed applicable to the offer or the merger, by any governmental entity, other than the routine application to the offer or the merger of applicable

31

waiting periods under the Hart-Scott Rodino Act, that is reasonably likely to result, directly or indirectly, in any of the consequences referred to in the preceding paragraph;

- there shall have occurred any material adverse effect with respect to Aviron (see "The Merger Agreement--Representations and Warranties" for a definition of "material adverse effect");
- the board of directors of Aviron or any committee thereof shall have (1) withdrawn or modified in a manner adverse to MedImmune or Apple Merger Corp. its approval or recommendation of the offer or the merger or its adoption of the merger agreement, (2) approved or recommended or taken a neutral position with respect to any takeover proposal or (3) failed to reaffirm its recommendation of the offer or the merger or its adoption of the merger agreement, in all cases within ten business days of being requested by MedImmune to do so or the board of directors of Aviron or any committee thereof shall have resolved to take any of the foregoing actions;
- any of the representations and warranties of Aviron set forth in the merger agreement shall not be true and correct in all respects (without regard for any material adverse effect, materiality or similar qualifiers), except where the failures to be true and correct would not, in the aggregate, have a material adverse effect on Aviron, or the representations and warranties set forth in section 4.23 of the merger agreement with respect to FluMist shall not be true and correct in all respects, in each case at the date of the merger agreement and as of the expiration of the offer (as though made as of such date, except that those representations and warranties that address matters only as of a particular date shall remain true and correct as of such date);
- Aviron shall have failed to perform or comply, in all material respects, with any agreement, obligation or covenant to be performed or complied with by it under the merger agreement;
- the merger agreement shall have been terminated in accordance with its terms or MedImmune and Aviron shall have agreed that Apple Merger Corp. terminate the offer or postpone the acceptance for payment of shares thereunder; or
- either MedImmune or Aviron shall have failed to receive, as of the date of the preliminary prospectus included in the Form S-4, the tax opinion which such party is to obtain as of such date as described in the merger agreement, or, as of the date of the expiration of the offer, the opinion which such party is to obtain as of such date as described in the merger

Edgar Filing: MEDIMMUNE INC /DE - Form S-4/A

agreement, both opinions to the effect that the offer and the merger, together, will qualify as a reorganization within the meaning of section 368(a) of the Code.

Except for the tax opinion condition and certain other conditions set forth in the merger agreement, none of which shall be waived without the prior written consent of Aviron, the foregoing conditions are for the sole benefit of MedImmune and Apple Merger Corp. and may, subject to the last sentence of this paragraph and the terms of the merger agreement, be waived by MedImmune and Apple Merger Corp. in whole or in part at any time and from time to time in their reasonable discretion. The failure by MedImmune or Apple Merger Corp. at any time to exercise any of the foregoing rights shall not be deemed a waiver of any such right, the waiver of any such right with respect to particular facts and circumstances shall not be deemed a waiver with respect to any other facts and circumstances and each such right shall be deemed an ongoing right that may be asserted, subject to the last sentence of this paragraph, at any time and from time to time. All conditions to the offer, other than those dependent upon the receipt of necessary governmental approvals, will be asserted, satisfied or waived on or before the expiration of the offer.

STATE TAKEOVER LAWS AND REGULATORY APPROVALS

Except as set forth herein, we are not aware of any licenses or regulatory permits that appear to be material to the business of Aviron and its subsidiaries, taken as a whole, and that might be adversely affected by our acquisition of Aviron shares in the offer. In addition, except as set forth herein, we are

32

not aware of any filings, approvals or other actions by or with any governmental authority or administrative or regulatory agency that would be required for our acquisition or ownership of the Aviron shares. Should any such approval or other action be required, we expect to seek such approval or action, except as described under "State Takeover Laws." Should any such approval or other action be required, we cannot be certain that we would be able to obtain any such approval or action without substantial conditions or that adverse consequences might not result to Aviron's or its subsidiaries' businesses, or that certain parts of Aviron's, MedImmune's or any of their respective subsidiaries' businesses might not have to be disposed of or held separate in order to obtain such approval or action. In that event, we may not be required to purchase any Aviron shares in the offer.

STATE TAKEOVER LAWS.

A number of states have adopted takeover laws and regulations that purport to be applicable to attempts to acquire securities of corporations that are incorporated in those states or that have substantial assets, stockholders, principal executive offices or principal places of business in those states. To the extent that these state takeover statutes purport to apply to the offer or the merger, we believe that those laws conflict with United States federal law and are an unconstitutional burden on interstate commerce. In 1982, the Supreme Court of the United States, in *EDGAR V. MITE CORP.*, invalidated on constitutional grounds the Illinois Business Takeovers Statute, which, as a matter of state securities law, made takeovers of corporations meeting certain requirements more difficult. The reasoning in that decision is likely to apply to certain other state takeover statutes. In 1987, however, in *CTS CORP. V. DYNAMICS CORP. of America*, the Supreme Court of the United States held that the State of Indiana could as a matter of corporate law and, in particular, those aspects of corporate law concerning corporate governance, constitutionally

Edgar Filing: MEDIMMUNE INC /DE - Form S-4/A

disqualify a potential acquiror from voting on the affairs of a target corporation without the prior approval of the remaining stockholders, as long as those laws were applicable only under certain conditions. Subsequently, in *TLX ACQUISITION CORP. V. TELEX CORP.*, a federal district court in Oklahoma ruled that the Oklahoma statutes were unconstitutional insofar as they apply to corporations incorporated outside Oklahoma, because they would subject those corporations to inconsistent regulations. Similarly, in *TYSON FOODS, INC. V. MCREYNOLDS*, a federal district court in Tennessee ruled that four Tennessee takeover statutes were unconstitutional as applied to corporations incorporated outside Tennessee. This decision was affirmed by the United States Court of Appeals for the Sixth Circuit. In 1988, a federal district court in Florida held, in *GRAND METROPOLITAN PLC V. BUTTERWORTH*, that the provisions of the Florida Affiliated Transactions Act and Florida Control Share Acquisition Act were unconstitutional as applied to corporations incorporated outside of Florida.

We reserve the right to challenge the validity or applicability of any state law allegedly applicable to the offer or the merger, and nothing herein nor any action that we take in connection with the offer is intended as a waiver of that right. In the event that it is asserted that one or more takeover statutes apply to the offer or the merger, and it is not determined by an appropriate court that the statutes in question do not apply or are invalid as applied to the offer or the merger, as applicable, we may be required to file certain documents with, or receive approvals from, the relevant state authorities, and we might be unable to accept for exchange or exchange Aviron shares tendered in the offer or be delayed in continuing or consummating the offer. In that case, we may not be obligated to accept for exchange, or exchange for, any Aviron shares tendered.

ANTITRUST. Under the HSR Act and the rules that have been promulgated thereunder by the Federal Trade Commission (the "FTC"), certain acquisition transactions may not be consummated unless certain information has been furnished to the Antitrust Division of the Department of Justice (the "Antitrust Division") and the FTC and certain waiting period requirements have been satisfied. The exchange of Aviron shares pursuant to the offer is subject to these requirements.

Pursuant to the requirements of the HSR Act, we filed a Notification and Report Form with respect to the offer with the Antitrust Division and the FTC on December 4, 2001. The offer cannot be

33

completed until a required waiting period of 30 days from the date of our filing has expired or been terminated earlier by the FTC or the Antitrust Division. The FTC or the Antitrust Division can also request additional information and materials from MedImmune in connection with their review of the offer. Should there be an additional request, MedImmune and Aviron cannot complete the offer until 30 days after MedImmune has substantially complied with the request for additional information, unless the 30-day waiting period is terminated early. If either agency believes that the offer would violate the federal antitrust laws by substantially lessening competition in any line of commerce affecting United States consumers, they have the authority to seek to enjoin the transactions.

We can give no assurance that a challenge to the offer will not be made or, if such a challenge is made, that it would be unsuccessful. Expiration or termination of the HSR Act waiting period is a condition to the offer.

Private parties (including individual states) may also bring legal actions under the antitrust laws. We do not believe that the consummation of the offer will result in a violation of any applicable antitrust laws. However, there can be no assurance that a challenge to the offer on antitrust grounds will not be made, or what the result will be if such a challenge is made. For a description

Edgar Filing: MEDIMMUNE INC /DE - Form S-4/A

of certain conditions to the offer, including conditions with respect to litigation and certain governmental actions and for certain termination rights in connection with antitrust suits, see "--Conditions of Our Offer."

CERTAIN EFFECTS OF THE OFFER

MARKET FOR THE SHARES. The tender of Aviron shares pursuant to the offer will reduce the number of Aviron shares that might otherwise trade publicly and will reduce the number of holders of Aviron shares and could adversely affect the liquidity and market value of the remaining Aviron shares held by the public.

NASDAQ NATIONAL MARKET LISTING. Depending upon the number of Aviron shares purchased pursuant to the offer, the Aviron shares may no longer meet the requirements of the National Association of Securities Dealers for continued inclusion on the Nasdaq National Market, which requires that an issuer either:

- have at least 750,000 publicly held shares, held by at least 400 round lot stockholders, with a market value of at least \$5,000,000, have at least two market makers, have net tangible assets of at least \$4 million, and have a minimum bid price of \$1; or
- have at least 1,100,000 publicly held shares, held by at least 400 round lot stockholders, with a market value of at least \$15,000,000, have a minimum bid price of \$5, have at least 4 market makers and have either (1) a market capitalization of at least \$50,000,000 or (2) a total of at least \$50,000,000 in assets and revenues, respectively.

If the Nasdaq National Market ceased publishing quotations for the Aviron shares, it is possible that the Aviron shares would continue to trade in the over-the-counter market and that price or other quotations would be reported by other sources. The extent of the public market for such Aviron shares and the availability of such quotations would depend, however, upon such factors as the number of stockholders and/or the aggregate market value of such securities remaining at such time, the interest in maintaining a market in the Aviron shares on the part of securities firms, the possible termination of registration under the Exchange Act as described below, and other factors. We cannot predict whether the reduction in the number of Aviron shares that might otherwise trade publicly would have an adverse or beneficial effect on the market price for, or marketability of, the Aviron shares or whether it would cause future market prices to be greater or lesser than the price we are presently offering.

REGISTRATION UNDER THE EXCHANGE ACT. Aviron shares are currently registered under the Exchange Act. Aviron can terminate that registration upon application to the SEC if the outstanding shares are not listed on a national securities exchange and if there are fewer than 300 holders of record of Aviron

34

shares. Termination of registration of the Aviron shares under the Exchange Act would reduce the information that Aviron must furnish to its stockholders and to the SEC and would make certain provisions of the Exchange Act, such as the short-swing profit recovery provisions of Section 16(b) and the requirement of furnishing a proxy statement in connection with stockholders meetings pursuant to Section 14(a) and the related requirement of furnishing an annual report to stockholders, no longer applicable with respect to Aviron shares. In addition, if Aviron shares are no longer registered under the Exchange Act, the requirements of Rule 13e-3 under the Exchange Act with respect to "going-private" transactions would no longer be applicable to Aviron. Furthermore, the ability of "affiliates" of Aviron and persons holding "restricted securities" of Aviron to dispose of such securities pursuant to Rule 144 under the Securities Act may be impaired or eliminated. If registration of the shares under the

Edgar Filing: MEDIMMUNE INC /DE - Form S-4/A

Exchange Act were terminated, they would no longer be eligible for Nasdaq National Market listing or for continued inclusion on the Federal Reserve Board's list of "margin securities."

STATUS AS "MARGIN SECURITIES." The Aviron shares are presently "margin securities" under the regulations of the Federal Reserve Board, which has the effect, among other things, of allowing brokers to extend credit on the collateral of Aviron shares. Depending on the factors similar to those described above with respect to listing and market quotations, following consummation of the offer, the Aviron shares may no longer constitute "margin securities" for the purposes of the Federal Reserve Board's margin regulations, in which event the Aviron shares would be ineligible as collateral for margin loans made by brokers.

RELATIONSHIPS BETWEEN AVIRON AND MEDIMMUNE

Except as set forth herein, neither we nor, to the best of our knowledge, any of our directors, executive officers or other affiliates has any contract, arrangement, understanding or relationship with any other person with respect to any securities of Aviron, including, but not limited to, any contract, arrangement, understanding or relationship concerning the transfer or the voting of any such securities, joint ventures, loan or option arrangements, puts or calls, guaranties of loans, guaranties against loss or the giving or withholding of proxies. Except as described herein, there have been no contacts, negotiations or transactions since December 31, 1999, between us or, to the best of our knowledge, any of our directors, executive officers or other affiliates on the one hand, and Aviron or its affiliates, on the other hand, concerning a merger, consolidation or acquisition, a tender offer or other acquisition of securities, an election of directors, or a sale or other transfer of a material amount of assets. Except as described herein, neither we, nor, to the best of our knowledge, any of our directors, executive officers or other affiliates has, since December 31, 1999, had any transaction with Aviron or any of its executive officers, directors or affiliates that would require disclosure under the rules and regulations of the SEC applicable to the offer. Two of our directors, Wayne Hockmeyer and Barbara Franklin, are also directors of Aviron. Prior to joining Aviron, Boyd Clarke was an employee of MedImmune. His employment arose in connection with the merger between MedImmune and U.S. Bioscience, Inc. in November, 1999.

ACCOUNTING TREATMENT

The merger will be accounted for as a purchase transaction for financial reporting purposes, in accordance with generally accepted accounting principles in the United States of America. Accordingly, a determination of the fair value of Aviron's assets and liabilities will be made in order to allocate the purchase price to the assets acquired and the liabilities assumed. In connection with the merger, MedImmune anticipates that it will incur a one-time charge consisting of a write-off of the value of purchased in-process research and development estimated to be approximately \$1,145 million. The purchase price allocation, including the one-time charge for write-off of the value of purchased in-process research and development, is subject to revision when additional information concerning asset and liability valuations is obtained.

35

FEES AND EXPENSES

We have retained Merrill Lynch & Co. to act as the dealer manager in connection with our offer and to provide various financial advisory services to us in connection with our offer and the merger. Merrill Lynch will receive reasonable and customary compensation for these services and will be reimbursed for out-of-pocket expenses, including reasonable expenses of counsel and other

Edgar Filing: MEDIMMUNE INC /DE - Form S-4/A

advisors. We have agreed to indemnify Merrill Lynch and related persons against various liabilities and expenses in connection with its services as the dealer manager and financial advisor, including various liabilities and expenses under the U.S. federal securities laws. From time to time, Merrill Lynch and its affiliates may actively trade the debt and equity securities of MedImmune and Aviron for their own account or for the accounts of customers and, accordingly, may hold a long or short position in those securities. Merrill Lynch has in the past performed various investment banking and financial advisory services for us for which they have received customary compensation.

We have retained MacKenzie Partners, Inc. as information agent in connection with the offer. The information agent may contact holders of Aviron shares by mail, telephone, telex, telegraph and personal interview and may request brokers, dealers and other nominee stockholders to forward material relating to the offer to beneficial owners of Aviron shares. We will pay the information agent reasonable and customary compensation for these services in addition to reimbursing the information agent for its reasonable out-of-pocket expenses. We have agreed to indemnify the information agent against certain liabilities and expenses in connection with the offer, including certain liabilities under the United States federal securities laws.

We have retained American Stock Transfer & Trust Company as the exchange agent. The exchange agent will be paid reasonable and customary compensation for its services in connection with the offer and will be reimbursed for its reasonable out-of-pocket expenses and will be indemnified against certain liabilities and expenses, including certain liabilities under the United States federal securities laws.

Except as set forth above, we will not pay any fees or commissions to any broker, dealer or other person for soliciting tenders of Aviron shares pursuant to the offer. We will reimburse brokers, dealers, commercial banks and trust companies and other nominees, upon request, for customary clerical and mailing expenses incurred by them in forwarding offering materials to their customers.

STOCK EXCHANGE LISTING

Our common stock is listed on the Nasdaq National Market under the symbol "MEDI."

THE MERGER AGREEMENT

The following description of the merger agreement describes the material terms of the merger agreement but does not purport to describe all the terms of the agreement. The merger agreement is attached hereto as Annex B. All Aviron stockholders are urged to read the merger agreement in its entirety because it is the legal document that governs the offer and the merger.

THE OFFER

TERMS OF THE OFFER. The merger agreement provides for the commencement of our offer to exchange 1.075 shares of MedImmune common stock, together with the associated share purchase rights, for each outstanding share of Aviron common stock, together with any associated share purchase rights.

EXTENSIONS OF THE OFFER. The initial expiration date of the offer will be the twentieth business day after the commencement of the offer. We may, without the consent of Aviron, (1) and are obligated, at the request of Aviron, to extend the offer, for one or more successive periods beyond the initial expiration date of ten or fewer business days so long as the merger agreement is in effect, if any of the

Edgar Filing: MEDIMMUNE INC /DE - Form S-4/A

conditions to the offer have not been satisfied or waived, (2) extend the offer for any period required by any rule, regulation, interpretation or position of the SEC applicable to the offer or any period required by applicable law, and (3) extend the offer for 10 business days after the latest permissible expiration date if less than 90% of the Aviron shares have been tendered and MedImmune irrevocably waives specified conditions precedent to completion of the offer. In addition, MedImmune may elect to provide a subsequent offering period for no more than 20 business days after the acceptance of Aviron shares, pursuant to Rule 14d-11 promulgated under the Exchange Act in order to meet the objective (which is not a condition to the offer) that there be validly tendered at least 90% of the then outstanding Aviron shares.

PROMPT PAYMENT FOR AVIRON SHARES AFTER THE CLOSING OF THE OFFER. Subject to the conditions of the offer, promptly after the expiration of the offer, we will accept for exchange and exchange for all Aviron shares validly tendered and not properly withdrawn.

THE MERGER

THE MERGER. The merger agreement provides that a wholly owned MedImmune subsidiary will be merged with and into Aviron, and Aviron will be the surviving corporation. In the merger, each remaining Aviron share outstanding following the offer, other than those owned by MedImmune and its subsidiaries or Aviron, will be converted into 1.075 MedImmune shares, provided that no fractional MedImmune shares will be issued and subject to any applicable appraisal rights, as described below. Our wholly owned subsidiary is Apple Merger Corp..

EFFECTIVE TIME OF THE MERGER. The merger will become effective upon the filing of a certificate of merger or a certificate of ownership and merger with the Secretary of State of Delaware or such later time as is agreed by Aviron and MedImmune and specified in the certificate of merger. The filing of the certificate of merger will take place as soon as practicable on or after the satisfaction of the conditions to the merger.

CERTIFICATE OF INCORPORATION; BYLAWS; DIRECTORS AND OFFICERS. At the effective time of the merger, the certificate of incorporation of Apple Merger Corp. as in effect immediately prior to the merger will become the Certificate of Incorporation of Aviron and the bylaws of Apple Merger Corp. as in effect immediately prior to the merger will become the bylaws of Aviron, in each case until amended.

At the effective time of the merger, the directors of Apple Merger Corp. shall become the directors of Aviron and the officers of Aviron shall continue as the officers of Aviron, in each case until the earlier of their resignation or removal or until their respective successors are duly elected and qualified.

AVIRON BOARD OF DIRECTORS. Upon the acceptance for exchange of tendered Aviron shares pursuant to the offer, MedImmune will be able to designate such number of directors to the Aviron board of directors as is proportionate to the percentage of Aviron shares outstanding that are beneficially owned by MedImmune. If requested by MedImmune, after acceptance for exchange of the shares, Aviron and its board of directors will immediately increase the size of its board of directors or secure the resignations of or remove such number of incumbent directors, to the extent permitted by applicable law, as is necessary to enable MedImmune's designees to be appointed to the Aviron board of directors, and will cause MedImmune's designees to be appointed. Aviron will also, if requested by MedImmune, appoint MedImmune's designated directors to each committee of Aviron's board of directors in an amount that is at least proportionate to such designees' representation on the full board of directors.

However, until the effective time of the merger, at least two members of

Edgar Filing: MEDIMMUNE INC /DE - Form S-4/A

Aviron's board of directors who are directors of Aviron prior to consummation of the offer and are not also directors of MedImmune will remain on the board of directors. Following the appointment of MedImmune's

37

designees prior to the effective time of the merger, the concurrence of a majority of such continuing directors of Aviron will be required to:

- amend or terminate the merger agreement;
- extend or waive the time for the performance of any of the obligations or other acts of MedImmune or Apple Merger Corp. under the merger agreement; or
- waive any of Aviron's rights under the merger agreement.

TREATMENT OF AVIRON STOCK OPTIONS, WARRANTS AND CONVERTIBLE SECURITIES

Each Aviron stock option granted to a current or former employee, officer, or consultant of Aviron will become exercisable into the number of MedImmune shares equal to the number of Aviron shares subject to such option multiplied by the exchange ratio of 1.075. The exercise price for each option will equal the aggregate exercise price for the Aviron shares otherwise purchaseable under such stock option, divided by the aggregate number of MedImmune shares deemed purchaseable under such stock option pursuant to the exchange ratio. Stock options granted by Aviron will otherwise be subject to the same terms and conditions, including provisions regarding vesting, as in effect at the time the merger becomes effective. Each Aviron stock option granted to a non-employee director will be cancelled prior to closing of the offer and the merger after the director is given a chance to exercise such option with respect to all vested and non-vested shares.

Aviron has issued a number of warrants which are exercisable for Aviron shares and \$200 million principal amount of convertible notes which are convertible into Aviron shares. A number of the warrants will expire on the closing date of the merger. In connection with the merger, the remaining warrants and the convertible notes will become exercisable for or convertible into MedImmune shares, at an exercise or conversion price that has been adjusted in accordance with the terms of the warrants or convertible notes, as the case may be, as a result of the merger.

REPRESENTATIONS AND WARRANTIES

The merger agreement contains various customary representations and warranties made by each party to the other. The representations and warranties contained in the merger agreement do not survive the effective time of the merger.

A number of the representations and warranties are qualified by a material adverse effect or material adverse change standard. A material adverse effect or material adverse change with respect to Aviron or MedImmune means any change, effect, event, occurrence or state of facts, individually or together with all other changes, effects, events, occurrences or states of fact, that is or is

Edgar Filing: MEDIMMUNE INC /DE - Form S-4/A

reasonably likely to be materially adverse to the business, financial condition or results of operations of Aviron or MedImmune, as the case may be, and its subsidiaries, taken as a whole, other than any change or condition relating to the economy or securities markets in general or the industry in which Aviron or MedImmune, as the case may be, operates.

Aviron has made several representations concerning FluMist, including that except as otherwise disclosed to MedImmune, neither Aviron nor any of its subsidiaries is in violation of or in default under any material contract related to the development, commercialization, production, marketing or sale of FluMist, and that Aviron possesses all material intellectual property rights and licenses necessary for commercialization.

COVENANTS

MedImmune and Aviron have each undertaken certain covenants in the merger agreement. The following summarizes the more significant of these covenants.

38

INTERIM OPERATIONS OF AVIRON. Aviron has agreed to operate its business in the ordinary course and, consistent with past practice from the date of the merger agreement to the effective time of the merger. The merger agreement contains a number of specific restrictions on Aviron and its subsidiaries.

NO SOLICITATION. Aviron agrees not to solicit or encourage any third party takeover proposals or participate in negotiations and discussions regarding, provide information for or otherwise facilitate a takeover proposal (generally defined as the acquisition of 15% or more of Aviron or its shares).

However, the Aviron board of directors may furnish information or participate in negotiations regarding a takeover proposal in response to an unsolicited superior proposal which did not result from a breach of the merger agreement, if it determines that failure to do so will be reasonably likely to result in a breach of its fiduciary duties. Aviron must provide MedImmune with one day advance notice before doing so to comply with the provisions described below.

If there is third party contact regarding a takeover proposal, Aviron must provide MedImmune with the identity of the third party, the terms of the proposal and written materials related thereto, and keep MedImmune informed on a current basis.

Prior to furnishing information Aviron and the third party must enter into a confidentiality agreement no less favorable to Aviron than the existing confidentiality agreement between Aviron and MedImmune.

A takeover proposal means, other than the transactions contemplated by the merger agreement, any inquiry, proposal or offer from any person relating to:

- any direct or indirect acquisition or purchase of a business or assets that constitutes 15% or more of the net revenues, net income or the assets of Aviron or its subsidiaries, taken as a whole, or
- 15% or more of any class of equity securities of Aviron or its subsidiaries, or
- any tender offer, exchange offer or other transaction that if consummated would result in any person beneficially owning 15% or more of any class of equity securities of Aviron or any of its subsidiaries, or
- any merger, consolidation, business combination, recapitalization,

Edgar Filing: MEDIMMUNE INC /DE - Form S-4/A

liquidation or dissolution or any similar transaction involving Aviron or any of its subsidiaries.

A superior proposal means any bona fide proposal made by a third party:

- to acquire more than 50% of the combined voting power of the outstanding Aviron shares (assuming the exercise or conversion of all outstanding options, warrants, rights and convertible securities) or all or substantially all the assets of Aviron and its subsidiaries taken as a whole;
- that is on terms which the Board of Directors of Aviron determines in its good faith judgment (after receiving advice from a financial advisor of nationally recognized reputation) to be more favorable to Aviron and its stockholders from a financial point of view than the offer and the merger after taking into account the terms of the merger agreement (including any amendment that may be proposed by MedImmune);
- which is reasonably capable of being consummated; and
- for which financing, to the extent required, is then committed or which, in the good faith judgment of the Board of Directors of Aviron, is reasonably capable of being obtained on a prompt basis by such third party.

RECOMMENDATION. Aviron has represented and warranted that its board of directors by unanimous vote of the directors present (1) determined that the offer and the merger are advisable and are fair to

39

and in the best interests of Aviron stockholders, (2) approved the offer and the merger, and (3) resolved to recommend that the Aviron stockholders accept the offer, tender their Aviron shares to MedImmune and approve and adopt the merger agreement and the merger. Aviron may not withdraw, modify or amend these recommendations unless the Aviron board of directors determines that failure to do so would violate its fiduciary duties.

STOCKHOLDER RIGHTS AGREEMENT. Aviron maintains a stockholder rights agreement under which Aviron stockholders are granted the right to receive shares of Aviron preferred stock upon the occurrence of certain events. Aviron has amended this rights agreement in order to provide that the rights will not be triggered by either the offer or the merger.

COVENANT TO CALL STOCKHOLDER MEETING AND PREPARE AND MAIL PROXY STATEMENT. If approval of Aviron's stockholders is required by applicable law in order to consummate the merger, Aviron has agreed to call a meeting of its stockholders for the purpose of approving and adopting the merger agreement and the merger. If required by applicable law, as soon as practicable after the acceptance for exchange of the Aviron shares pursuant to the offer, Aviron has agreed to prepare and file with the SEC a proxy statement for the purposes of soliciting proxies to approve and adopt the merger agreement and the merger. Aviron will take the actions necessary or advisable to secure the vote or consent of stockholders as may be required by Delaware law to complete the merger and, subject to applicable fiduciary requirements, will recommend adoption and approval of the merger agreement and the merger. Aviron has agreed to use its reasonable best efforts to mail the proxy statement to its stockholders promptly after the registration statement containing the proxy statement has been declared effective by the SEC.

Edgar Filing: MEDIMMUNE INC /DE - Form S-4/A

USE OF REASONABLE BEST EFFORTS. MedImmune and Aviron have agreed to use reasonable best efforts to take, or cause to be taken, all actions, and to do, or cause to be done, and to assist and cooperate with the other parties in doing, all things necessary, proper or advisable to consummate and make effective, in the most expeditious manner practicable, the offer, the merger, and the other transactions contemplated by the merger agreement, including:

- the taking of all reasonable acts necessary to cause the conditions to the offer and the merger to be satisfied;
- the obtaining of all other necessary actions or nonactions, waivers, consents and approvals from governmental authorities and the making of all other necessary registrations and filings;
- the obtaining of all necessary consents, approvals or waivers from third parties;
- using their reasonable best efforts to secure opinions from their counsel to the effect that the transaction will qualify as a reorganization within the meaning of Section 368(a) of the Code;
- the defending of any lawsuits or other legal proceedings, whether judicial or administrative, challenging the merger agreement or the offer or merger, including seeking to have any stay or temporary restraining order entered by any court or other governmental authority vacated or reversed; and
- the execution and delivery of any additional instruments necessary to consummate the transactions contemplated by, and to fully carry out the purposes of, the merger agreement.

Notwithstanding the foregoing, MedImmune will not be required to divest any assets or any portion of any business of it or Aviron or any of their respective subsidiaries or to agree to any restrictions on the operation of its or its subsidiaries' business.

INDEMNIFICATION AND INSURANCE. Upon completion of the merger, MedImmune will assume all rights of current or former Aviron directors and officers to indemnification and exculpation from liabilities for acts or omissions occurring at or prior to the merger, as provided in Aviron's current

40

certificate of incorporation, bylaws and any indemnification agreement between such directors or officers and Aviron in effect as of the date of the merger agreement.

For six years after the merger, MedImmune will cause the surviving corporation to maintain in effect Aviron's current officers' and directors' liability insurance in respect of acts or omissions occurring at or prior to the effective time of the merger, covering each person currently covered by Aviron's officers' and directors' liability insurance policy. Such insurance will contain terms with respect to coverage and amount that are no less favorable to the terms currently in effect, provided that MedImmune may substitute such insurance with policies of MedImmune containing terms with respect to coverage and amount that are no less favorable to such directors and officers. In satisfying this obligation, MedImmune will not be required to pay premiums in excess of 150% of the amount per annum paid by Aviron in its last full fiscal year, provided that if MedImmune is not able to obtain such coverage for such 150% amount, MedImmune will nevertheless be obligated to provide such coverage as may be obtained for such 150% amount. In lieu thereof, either party may obtain a single premium insurance policy covering matters prior to the merger, so long as the cost is

Edgar Filing: MEDIMMUNE INC /DE - Form S-4/A

less than \$2,000,000.

ADDITIONAL AGREEMENTS

TAX TREATMENT. MedImmune and Aviron have agreed to use their reasonable best efforts to cause the transaction to qualify, and not to take or fail to take, or cause or permit to be taken or fail to be taken, any action which could reasonably be expected to prevent the transaction from qualifying, as a reorganization within the meaning of Section 368(a) of the Code. MedImmune and Aviron have also agreed to use their reasonable best efforts to secure opinions from their counsel to the effect that the transaction will qualify as a reorganization within the meaning of Section 368(a) of the Code.

FEES AND EXPENSES. Except for the termination fee discussed below, each party shall bear its own expenses in connection with the merger, provided that Aviron and MedImmune will each pay one-half of the costs and expenses incurred in connection with the HSR filing fees and the filing, printing and mailing the proxy statement and the related registration statement.

CONDITIONS OF THE OFFER

See "The Offer--Conditions of Our Offer" on page 30.

- **EXCHANGE OF SHARES.** MedImmune or any of its affiliates shall have purchased shares pursuant to the offer.
- **EFFECTIVENESS OF S-4.** If stockholder approval is required, MedImmune's post-effective amendment to the S-4 relating to Aviron stockholder approval shall have been declared effective.

TERMINATION OF THE MERGER AGREEMENT

The merger agreement may be terminated at any time prior to the acceptance of Aviron shares for payment pursuant to the offer:

- by mutual written consent of MedImmune and Aviron.
- by either MedImmune or Aviron if:
 - the offer has expired without the acceptance for payment of the Aviron shares;

Edgar Filing: MEDIMMUNE INC /DE - Form S-4/A

- Apple Merger Corp. has not accepted for payment any Aviron shares before May 31, 2002; provided, however, that this right to terminate the merger agreement is not available to any party whose failure to perform any of its obligations under the merger agreement results in the failure of any such condition, or if the failure of such condition results from facts or circumstances that constitute a breach of a representation or warranty; or
- any temporary restraining order, injunction or other judgment, action or order applicable to the offer, the merger or the other transactions contemplated by the merger agreement has become final and nonappealable.
- by MedImmune if (i) the board of directors of Aviron or any committee thereof shall have (x) withdrawn or modified in a manner adverse to MedImmune or Apple Merger Corp. its approval or recommendation of the offer or the merger or the adoption of the merger agreement, (y) approved or recommended or taken a neutral position with respect to any takeover proposal, (z) failed to reaffirm its recommendation of the offer or the merger or its adoption of this Agreement within ten business days of being requested by MedImmune to do so or (ii) the board of directors of Aviron or any committee thereof shall have resolved to take any of the foregoing actions;
- by MedImmune prior to the purchase of Aviron shares pursuant to the offer if Aviron shall have breached or failed to perform in any material respect any representation, warranty, covenant or other agreement contained in this Agreement that (1) would give rise to the failure of a condition to the offer relating to representations or covenants and (2) cannot be or has not been cured within 10 business days after the giving of written notice to Aviron;
- by Aviron prior to the purchase of Aviron shares pursuant to the offer if there is a MedImmune breach analogous to the Aviron breaches described in the provision immediately above; or
- by Aviron prior to the acceptance for exchange of Aviron shares pursuant to the offer, in response to a superior proposal which was unsolicited and which did not otherwise follow a breach of the merger agreement, in order to concurrently enter into a definitive acquisition agreement with respect to such superior proposal (the determination of whether a proposal is a superior proposal is to be made only after consideration of any modification proposed by MedImmune), but only:
 - at a time that is after the third business day following MedImmune's receipt of written notice advising MedImmune that the Aviron board of directors is prepared to accept such superior proposal, specifying the material terms and conditions of such superior proposal (including a copy of any proposed agreement) and identifying the person making such superior proposal (any revised proposal shall constitute a new proposal and shall require an additional three business days notice and compliance with the other matters set forth herein),
 - if requested by MedImmune, Aviron shall have cooperated in good faith with MedImmune to revise the terms of the merger agreement such that the proposal is no longer a superior proposal, and
- after MedImmune shall have received the termination fee described below.

Edgar Filing: MEDIMMUNE INC /DE - Form S-4/A

TERMINATION FEES

Aviron shall pay MedImmune a fee of \$51 million if:

- following the public announcement of a third party takeover proposal, (1) the merger agreement is terminated under the termination provision relating to the expiration of the offer without the acceptance for exchange of shares or the provision relating to no acceptance for exchange of share by May 31, 2002 and (2) within twelve months of termination Aviron enters into an acquisition agreement with respect to a takeover proposal or a takeover proposal is consummated;
- following the public announcement of a third party takeover proposal, (1) the merger agreement is terminated under the termination provision relating to a breach by Aviron due to a willful and material breach by Aviron and (2) within six months of termination Aviron enters into an acquisition agreement with respect to a takeover proposal or a takeover proposal is consummated;
- MedImmune terminates the merger agreement under the termination provision relating to a change in recommendation by Aviron; or
- Aviron terminates the merger agreement under the provision relating to the acceptance of a superior proposal.

See "The Offer--Conditions of Our Offer" on page 30.

AMENDMENTS, EXTENSION AND WAIVER

AMENDMENT. The merger agreement may be amended before or after obtaining Aviron stockholder approval. However, after the exchange of shares pursuant to the offer is completed, no amendment which changes the merger agreement or the merger consideration is permitted, if such change would adversely affect Aviron stockholders. After approval by Aviron stockholders, no amendment may be made which by law requires further approval by such stockholders without first obtaining such approval.

EXTENSION AND WAIVER. Subject to the amendment provisions discussed above and the terms of the offer described in "The Merger Agreement--The Offer--Extension, Termination and Amendment", prior to completion of the merger, Aviron and MedImmune may (1) extend the time for the performance of any of the obligations of the other, (2) waive any inaccuracies in the representations and warranties contained in the merger agreement or (3) waive compliance with any of the agreements or conditions to the merger agreement.

Following the appointment of any directors selected by MedImmune and prior to the effective time of the merger, any amendment of the merger agreement, any termination of the merger agreement by Aviron, any extension or waiver by Aviron of the time for the performance of any of the obligations or other acts of MedImmune or waiver of any of Aviron's rights under the merger agreement will require the concurrence of a majority of the Aviron directors then in office who were directors of Aviron prior to the consummation of the offer.

THE CONFIDENTIALITY AGREEMENT

MedImmune and Aviron entered into a customary confidentiality agreement dated as of October 10, 2001 which contains customary standstill and confidentiality provisions.

NOTES TO UNAUDITED PRO FORMA CONDENSED COMBINED FINANCIAL DATA

NOTE 1--BASIS OF PRESENTATION

On December 2, 2001, MedImmune and Aviron entered into the merger agreement under which MedImmune is to acquire Aviron in this offer and the second-step merger. The acquisition of Aviron is to be accounted for as a purchase. As of December 31, 2001, there were 31,422,092 Aviron shares outstanding and 6,720,276 shares issuable upon exercise of outstanding options and warrants. Based on this and the exchange ratio of 1.075 MedImmune shares for each Aviron share, Aviron's stockholders, will receive a total of 33,778,748 shares of MedImmune common stock and holders of Aviron options and warrants will have the right to receive 7,224,296 MedImmune shares. In addition, holders of Aviron's \$200 million of convertible notes will be able to convert the notes into a total of 3.44 million MedImmune shares. The purchase price of the Aviron acquisition is approximately \$1.6 billion including the value of the MedImmune shares to be issued for Aviron shares and the estimated value of these options and warrants and estimated transaction costs. These estimates are preliminary and the actual number of MedImmune shares issued will depend on the actual number of Aviron shares outstanding as of the date of consummation of the merger.

The value of the MedImmune shares used in determining the purchase price was \$44.10 per share based on the closing price of MedImmune's common stock on November 30, 2001, the last business day prior to the signing of the merger agreement.

The purchase consideration is estimated as follows (in millions):

Common stock.....	\$1,490
Assumption of Aviron's options and warrants, less intrinsic value of unvested options.....	105
Estimated transaction expenses.....	21

	\$1,616

The allocation of the purchase price as of September 30, 2001 is summarized below (in millions):

48

The above purchase price allocation is preliminary. The final determination of the allocation of purchase price will be determined based on the fair value of assets acquired, including the fair value of in-process research and development and other intangibles, and the fair value of liabilities assumed as of the date that the acquisition is consummated. The purchase price allocation will remain preliminary until MedImmune is able to (i) complete a third party valuation of significant intangible assets acquired including in-process research and development, (ii) evaluate restructuring plans to be undertaken following the consummation of the merger, (iii) conduct a detailed review of the value of deferred tax assets and liabilities of Aviron, and (iv) evaluate the fair value of other assets and liabilities acquired. The final determination of the purchase price is expected to be completed shortly after the consummation of the merger. The actual amounts allocated to assets and liabilities could differ significantly from the amounts presented in the unaudited pro forma condensed combined financial data.

The amount allocated to in-process research and development represents an estimate of the fair value of purchased in-process technology for projects that, as of the date of the acquisition, had not yet reached technological feasibility and had no alternative future use. The value of these projects will be determined by estimating the resulting net cash flows from the sale of the products resulting from the completion of the projects. The resulting cash flows will then be discounted back to their present value at appropriate discount rates. For purposes of the pro forma balance sheet as of September 30, 2001 \$1,145 million of the total purchase price has been allocated to in-process research and development--primarily the estimated value of Aviron's lead product candidate, FluMist(TM). FluMist(TM) has not been approved by the FDA and remains in the development stage. The amounts allocated to in-process research and development will be charged to the statement of operations in the period the acquisition is consummated.

AGREEMENT AND PLAN OF MERGER, dated as of December 2, 2001, among MedImmune, Inc., a Delaware corporation ("Parent"), Apple Merger Corp., a Delaware corporation and a wholly-owned subsidiary of Parent ("Sub"), and Aviron, a Delaware corporation (the "Company").

WHEREAS, the Boards of Directors of the Company, Parent and Sub each has, in light of and subject to the terms and conditions set forth herein, (i) determined that a business combination between Parent and the Company is fair to and in the best interests of their respective stockholders and (ii) accordingly has approved an exchange offer (the "Offer") as described herein and a merger (the "Merger") of Sub with and into the Company, with the Company as the surviving corporation (the "Surviving Corporation"), upon the terms and subject to the conditions set forth herein;

WHEREAS, by resolutions duly adopted, the respective Boards of Directors of the Company, Parent and Sub have approved and adopted this Agreement and the transactions contemplated hereby; and

WHEREAS, for U.S. Federal income tax purposes, Parent, Sub and the Company

Edgar Filing: MEDIMMUNE INC /DE - Form S-4/A

intend that the Offer and the Merger shall be treated as an integrated transaction (together, the "Transaction") and shall qualify as a reorganization within the meaning of Section 368(a) of the Internal Revenue Code of 1986, as amended (the "Code").

NOW, THEREFORE, in consideration of the foregoing and the representations, warranties, covenants and agreements contained in this Agreement, the parties hereto agree as follows:

ARTICLE I THE OFFER

Section 1.1 THE OFFER.

(a) Provided that this Agreement shall not have been terminated in accordance with the terms hereof and that none of the events set forth in Section 5 of Annex A hereto shall have occurred or be existing, Sub shall commence, within the meaning of Rule 14d-2 promulgated under the Securities Exchange Act of 1934 (the "Exchange Act"), as promptly as reasonably practicable after the date hereof, the Offer to exchange 1.075 (the "Exchange Ratio") shares of common stock, par value \$0.01 per share, together with the associated rights to purchase Series B Junior Preferred Stock, par value \$0.01 per share (collectively, the "Parent Shares"), of Parent for each outstanding share of common stock, par value \$0.001 per share (the "Shares"), of the Company.

(b) The obligation of Sub to accept for payment and pay for Shares validly tendered pursuant to the Offer shall be subject only to the conditions set forth in Annex A hereto (any of which may be waived in whole or in part by Sub in its reasonable discretion, except that Sub shall not waive the Minimum Condition (as defined in Annex A), the Tax Opinion Condition or the conditions set forth in paragraphs (2), (3) or (4) of Annex A without the prior written consent of the Company) and to the terms and conditions of this Agreement. Sub expressly reserves the right to increase the consideration payable in the Offer and to make any other changes in the terms of the Offer; provided, however, that no change may be made without the prior written consent of the Company which (i) changes the form of consideration or decreases the amount payable per Share tendered pursuant to the Offer, (ii) reduces the number of Shares that are subject to the Offer, (iii) increases the Minimum Condition, (iv) imposes conditions to the Offer in addition to the conditions set forth in Annex A hereto, (v) except as provided in Section 1.1(c), extends the Offer or (vi) amends any other term of the Offer in any manner adverse to the holders of the Shares. No certificates or scrip representing fractional Parent Shares shall be issued in connection with the exchange of Parent Shares for Shares upon consummation of the Offer, and in lieu thereof each tendering stockholder who would otherwise be entitled to a fractional Parent Share in the Offer will be paid an amount in cash equal to the product

B-1

obtained by multiplying (A) the fractional share interest to which such holder (after taking into account all Shares validly tendered for exchange and not withdrawn by such holder) would otherwise be entitled by (B) the closing price for a Parent Share as reported in the New York City edition of The Wall Street Journal (or, if not reported thereby, any other authoritative source) on the date Sub accepts Shares for exchange in the Offer. The Company agrees that no Shares held by the Company or any of its subsidiaries will be tendered to Sub pursuant to the Offer.

(c) Subject to the terms of the Offer and this Agreement, Sub will accept for exchange and pay for all Shares validly tendered pursuant to the Offer as promptly as practicable after the expiration of the Offer. The initial expiration date of the Offer shall be the twentieth business day following the

Edgar Filing: MEDIMMUNE INC /DE - Form S-4/A

commencement of the Offer. Notwithstanding anything herein, Sub may, without the consent of the Company, (i) and agrees to at the request of the Company, extend the Offer for successive periods of not in excess of 10 business days if at any expiration date of the Offer any of the conditions to the Offer shall not be satisfied or waived, (ii) extend the Offer for any period required by any rule, regulation, interpretation or position of the SEC or the staff thereof applicable to the Offer or any period required by applicable law and (iii) if less than 90% of the outstanding Shares shall have been validly tendered pursuant to the Offer as of the scheduled or extended expiration date and Sub shall have irrevocably waived the conditions to the Offer set forth in Sections 5(c)-(h) of Annex A, extend the Offer for an aggregate period of not more than 10 business days beyond the latest expiration date that would otherwise be permitted under this sentence. In addition, Sub may elect to provide a subsequent offering period aggregating no more than 20 business days after the acceptance of Shares pursuant to the Offer pursuant to Rule 14d-11 promulgated under the Exchange Act to meet the objective (which is not a condition to the Offer) that there be validly tendered a number of Shares which constitutes at least 90% of the then outstanding Shares.

(d) On the date of the commencement of the Offer, Parent shall file with the SEC a registration statement on Form S-4 (the "Form S-4") to register the offer and sale of Parent Shares pursuant to the Offer. The Form S-4 will include a preliminary prospectus containing the information required under Rule 14d-4(b) promulgated under the Exchange Act. On the date of commencement of the Offer, Parent and Sub shall (i) file with the SEC a Tender Offer Statement on Schedule TO which will contain or incorporate by reference all or part of the preliminary prospectus and form of the related letter of transmittal (together with any supplements or amendments, the "Offer Documents") and (ii) cause the Offer Documents to be disseminated to the holders of Shares. Parent and Sub agree that the Offer Documents shall comply in all material respects with the Securities Exchange Act of 1934 (the "Exchange Act"), and the rules and regulations promulgated thereunder and the Offer Documents, on the date first published, sent or given to the Company's stockholders, shall not contain any untrue statement of a material fact or omit to state any material fact required to be stated therein or necessary in order to make the statements therein, in light of the circumstances under which they were made, not misleading, except that no covenant or representation is made by Parent or Sub with respect to information supplied by the Company or any of its stockholders specifically for inclusion or incorporation by reference in the Offer Documents. Each party hereto agrees promptly to correct any information provided by it for use in the Offer Documents if and to the extent that such information shall have become false or misleading in any material respect. Parent and Sub agree to take all steps necessary to cause the Offer Documents as so corrected to be filed with the SEC and the applicable Offer Documents as so corrected to be disseminated to holders of Shares, in each case as and to the extent required by applicable federal securities laws. The Company and its counsel shall be given an opportunity to review and comment on the Offer Documents prior to their being filed with the SEC or disseminated to the holders of Shares. Parent and Sub agree to provide the Company and its counsel any comments Parent, Sub or their counsel may receive from the SEC or its staff with respect to the Offer Documents promptly after the receipt of such comments.

Section 1.2 COMPANY ACTIONS.

(a) The Company hereby approves of and consents to the Offer and represents and warrants that the Company's Board of Directors, at a meeting duly called and held, has duly and by unanimous vote of the directors present (i) determined that this Agreement and the transactions contemplated hereby, including the Offer and the Merger, are advisable and are fair to and in the best interests of the stockholders of the Company, (ii) approved and adopted this Agreement and

Edgar Filing: MEDIMMUNE INC /DE - Form S-4/A

the transactions contemplated hereby, including the Offer and the Merger and the acquisition of Shares pursuant thereto, and (iii) resolved to recommend that the stockholders of the Company accept the Offer, tender their Shares thereunder and approve and adopt this Agreement and the Merger. The Company hereby consents to the inclusion in the Offer Documents of the matters described in the immediately preceding sentence; provided, however, that such recommendation and approval may be withdrawn, modified or amended if the Board of Directors of the Company determines in good faith, after consultation with outside counsel, that failure to do so would be a breach of its fiduciary duties under applicable law.

(b) On the date of commencement of the Offer, the Company shall file with the SEC a Solicitation/Recommendation Statement on Schedule 14D-9 with respect to the Offer (such Schedule 14D-9, and the documents included therein, together with any supplements or amendments thereto, the "Schedule 14D-9") containing the recommendation described in paragraph (a) and shall disseminate the Schedule 14D-9 to the stockholders of the Company. The Company agrees that the Schedule 14D-9 shall comply in all material respects with the requirements of the Exchange Act and the rules and regulations promulgated thereunder and, on the date filed with the SEC and on the date first published, sent or given to the Company's stockholders, shall not contain any untrue statement of a material fact or omit to state any material fact required to be stated therein or necessary in order to make the statements therein, in light of the circumstances under which they were made, not misleading, except that no covenant is made by the Company with respect to information supplied by Parent or Sub specifically for inclusion in the Schedule 14D-9. Each of the Company, Parent and Sub agrees promptly to correct any information provided by it for use in the Schedule 14D-9 if and to the extent that such information shall have become false or misleading in any material respect, and the Company further agrees to take all steps necessary to amend or supplement the Schedule 14D-9 and to cause the Schedule 14D-9 as so amended or supplemented to be filed with the SEC and disseminated to the Company's stockholders, in each case as and to the extent required by applicable federal securities laws. Parent and its counsel shall be given reasonable opportunity to review and comment upon the Schedule 14D-9 prior to its filing with the SEC or dissemination to stockholders of the Company. The Company agrees to provide Parent and its counsel any comments the Company or its counsel may receive from the SEC or its staff with respect to the Schedule 14D-9 promptly after the receipt of such comments.

(c) The Company shall promptly furnish Parent with mailing labels containing the names and addresses of all record holders of Shares and with security position listings of Shares held in stock depositories, each as of a recent date, together with all other available listings and computer files containing names, addresses and security position listings of record holders and non-objecting beneficial owners of Shares. The Company shall furnish Parent with such additional information, including updated listings and computer files of holders of Shares, mailing labels and security position listings, and such other assistance as Parent or its agents may reasonably request.

Section 1.3 DIRECTORS OF THE COMPANY.

(a) Effective upon the acceptance of Shares for payment pursuant to the Offer (the "Appointment Time"), Parent shall be entitled to designate such number of directors on the Board of Directors of the Company as is equal to the product (rounded up to the next whole number) obtained by multiplying the total number of directors on such Board at that time by the percentage that the number of Shares

B-3

then beneficially owned by Parent (including such Shares so accepted) bears to the total number of Shares then outstanding. In furtherance thereof, the Company and its Board of Directors shall, after the acceptance of such Shares by Parent

Edgar Filing: MEDIMMUNE INC /DE - Form S-4/A

or any of its affiliates pursuant to the Offer, upon request of Parent, immediately increase the size of its Board of Directors or secure the resignations of such number of incumbent directors or remove such number of incumbent directors, or any combination of the foregoing, as is necessary to enable Parent's designees to be so appointed to the Board of Directors of the Company and shall cause Parent's designees to be so appointed. Effective upon the acceptance of Shares by Parent or any of its affiliates pursuant to the Offer, the Company shall, if requested by Parent, also cause directors designated by Parent to constitute at least the same percentage (rounded up to the next whole number) of each committee of the Company's Board of Directors as is on the Company's Board of Directors after giving effect to the foregoing changes to the composition of the Company's Board of Directors. Notwithstanding the foregoing, there shall be until the Effective Time (as defined below) at least two members of the Company's Board of Directors who are directors of the Company prior to consummation of the Offer (each, a "Continuing Director"), provided that, in such event, if the number of Continuing Directors shall be reduced below two for any reason whatsoever, the remaining Continuing Director shall designate a person to fill such vacancy who shall be deemed to be a Continuing Director for purposes of this Agreement or, if no Continuing Directors then remain, the other directors shall designate two persons to fill such vacancies who shall not be officers or affiliates of the Company, or officers or affiliates of Parent or any of its subsidiaries, and such persons shall be deemed to be Continuing Directors for purposes of this Agreement.

(b) Subject to applicable law, the Company shall take all action requested by Parent necessary to effect any such election or appointment. The Company shall comply with and immediately take all actions required pursuant to Section 14(f) of the Exchange Act and Rule 14f-1 promulgated thereunder in order to fulfill its obligations under Section 1.3(a), including mailing to stockholders, together with the Schedule 14D-9, the information required by such Section 14(f) and Rule 14f-1 as is necessary to enable Parent's designees to be appointed to the Company's Board of Directors. Parent will supply the Company and be solely responsible for any information with respect to Parent, its designees and its nominees, officers, directors and affiliates required by such Section 14(f) and Rule 14f-1.

(c) Following the appointment of Parent's designees to the Company's Board of Directors pursuant to this Section 1.3 and prior to the Effective Time, (i) any amendment or termination of this Agreement by the Company, (ii) any extension or waiver by the Company of the time for the performance of any of the obligations or other acts of Parent or Merger Sub under this Agreement, or (iii) any waiver of any of the Company's rights hereunder shall, in any such case, require the concurrence of a majority of the Continuing Directors then in office.

ARTICLE II THE MERGER

Section 2.2 CLOSING. The closing of the Merger (the "Closing") will take place at 10:00 a.m. on a date to be specified by the parties (the "Closing Date"), which shall be no later than the second business day after satisfaction or waiver of the conditions set forth in ARTICLE VII (other than those conditions that by their nature are to be satisfied at the Closing, but subject to the satisfaction or waiver of those conditions), at the offices of Dewey

(b) The officers of the Company immediately prior to the Effective Time shall be the officers of the Surviving Corporation, until the earlier of their resignation or removal or until their respective successors are duly elected and qualified.

ARTICLE III CONVERSION AND EXCHANGE OF STOCK

Section 3.1 EFFECT ON CAPITAL STOCK. As of the Effective Time, by virtue of the Merger and without any action on the part of the holder of any Shares or any shares of capital stock of Sub:

(a) CAPITAL STOCK OF SUB. Each issued and outstanding share of capital stock of Sub shall be converted into and become one validly issued, fully paid and nonassessable share of common stock of the Surviving Corporation.

(b) CANCELLATION OF TREASURY STOCK AND PARENT-OWNED STOCK. Each Share that is owned by Parent, Sub or the Company shall automatically be canceled and retired and shall cease to exist, and no Parent Shares or other consideration shall be delivered in exchange therefor.

(c) CONVERSION OF SHARES. Subject to Section 3.2(e), each issued and outstanding Share (other than any shares to be canceled in accordance with Section 3.1(b)) shall be converted into the right to receive a number of validly issued, fully paid and nonassessable Parent Shares equal to the Exchange Ratio (together with the amount of cash in lieu of fractional shares payable pursuant to Section 3.2(e), the "Merger Consideration"). As of the Effective Time, all such Shares shall no longer be outstanding and shall automatically be canceled and retired and shall cease to exist, and each holder of a certificate which

Edgar Filing: MEDIMMUNE INC /DE - Form S-4/A

immediately prior to the Effective Time represented any such Shares shall cease to have any rights with respect thereto, except the right to receive the Merger Consideration, without interest. Notwithstanding anything herein to the contrary, if between the date of this Agreement and the Effective Time the outstanding Shares or Parent Shares shall have been changed into a different number of shares or a different class, by reason of the occurrence or record date of any stock dividend, other extraordinary dividend, subdivision, reclassification, recapitalization, split, combination, exchange of shares or similar transaction, the Exchange Ratio shall be appropriately adjusted.

B-5

Section 3.2 EXCHANGE OF CERTIFICATES.

(a) EXCHANGE AGENT. As of the Effective Time, Parent shall deposit with American Stock Transfer Company of New York or another bank or trust company designated by Parent (the "Exchange Agent"), for the benefit of the holders of Shares, for exchange in accordance with this ARTICLE III, through the Exchange Agent, certificates representing the Parent Shares (such Parent Shares, together with any dividends or distributions with respect thereto with a record date after the Effective Time and any cash payments in lieu of any fractional Parent Shares, being hereinafter referred to as the "Exchange Fund") issuable pursuant to Section 3.1 in exchange for outstanding Shares.

(b) EXCHANGE PROCEDURES. As soon as reasonably practicable after the Effective Time, Parent shall instruct the Exchange Agent to mail to each holder of record of a certificate or certificates which immediately prior to the Effective Time represented outstanding Shares (the "Certificates"), (i) a letter of transmittal (which shall specify that delivery shall be effected, and risk of loss and title to the Certificates shall pass, only upon delivery of the Certificates to the Exchange Agent and shall be in such form and have such other provisions as Parent may reasonably specify) and (ii) instructions for use in surrendering the Certificates in exchange for certificates representing the Merger Consideration. Upon surrender of a Certificate for cancellation to the Exchange Agent, together with such letter of transmittal, duly executed, and such other documents as may reasonably be required by the Exchange Agent, the holder of such Certificate shall be entitled to receive in exchange therefor (x) a certificate representing that number of whole Parent Shares which such holder has the right to receive pursuant to the provisions of this ARTICLE III after taking into account all the Shares then held by such holder under all such Certificates so surrendered, (y) cash in lieu of fractional Parent Shares to which such holder is entitled pursuant to Section 3.2(e) and (z) any dividends or other distributions to which such holder is entitled pursuant to Section 3.2(c), and the Certificate so surrendered shall forthwith be canceled. In the event of a transfer of ownership of Shares which is not registered in the transfer records of the Company, a certificate representing the proper number of Parent Shares may be issued to a person other than the person in whose name the Certificate so surrendered is registered, if, upon presentation to the Exchange Agent, such Certificate shall be properly endorsed or otherwise be in proper form for transfer and the person requesting such issuance shall pay any transfer or other taxes required by reason of the issuance of Parent Shares to a person other than the registered holder of such Certificate or establish to the reasonable satisfaction of Parent that such tax has been paid or is not applicable. Notwithstanding anything to the contrary contained herein, no certificate representing Parent Shares or cash in lieu of a fractional share interest shall be delivered to a person who is an "affiliate" (as contemplated by Section 6.10 hereof) of the Company unless such affiliate has theretofore executed and delivered to Parent the agreement referred to in Section 6.10. Until surrendered as contemplated by this Section 3.2(b), each Certificate shall be deemed at any time after the Effective Time to represent only the right to receive upon such surrender the Merger Consideration and any dividends or other distributions to which such holder is entitled pursuant to Section 3.2(c). No

Section 3.3 STOCK OPTIONS.

(a) The Board of Directors of the Company (or, if appropriate, any committee administering the Company Stock Plans) has taken such actions as may be required to (and no further actions are needed to) cause each Stock Option, whether vested or unvested, outstanding immediately prior to the Effective Time to be exercisable solely for a number of Parent Shares (rounded to the nearest whole share) determined by multiplying the number of Shares subject to such Stock Option by the Exchange Ratio, at a price per Parent Share (rounded up to the nearest whole cent) equal to (A) the aggregate exercise price for the Shares otherwise purchasable pursuant to such Stock Option divided by (B) the aggregate number of Parent Shares deemed purchasable pursuant to such Stock Option. The Stock Options shall otherwise be subject to the same terms and conditions (including provisions regarding vesting) as in effect at the Effective Time. As used herein, "Stock Options" shall mean options to purchase Shares granted under any plan or arrangement providing for the grant of options to purchase Shares to current or former officers, directors, employees or consultants of the Company or its subsidiaries, other than the Company's 1996 Non-Employee Director and 1996 Employee Stock Purchase Plan (the "Company Stock Plans"). arrangements.

(b) The adjustments provided herein with respect to any Stock Options that are "incentive stock options" as defined in Section 422 of the Code shall be and are intended to be effected in a manner which is consistent with Section 424(a) of the Code.

(c) The Company hereby represents that no Stock Option, or any other security issued by the Company or any subsidiary or any agreement to which the Company or any subsidiary is a party or is bound, will entitle any person (other than Parent as provided herein) to acquire any security of the Surviving Corporation or any subsidiary.

(d) At or prior to the Effective Time, Parent shall take all corporate action necessary to reserve for issue a sufficient number of Parent Shares for delivery upon exercise of Stock Options. No later than five business days after the Effective Time, Parent shall file a Registration Statement on Form S-8 (or any successor or other appropriate forms), with respect to the Parent Shares subject to such Stock Options.

(e) The Company shall take all necessary action to provide that on the day prior to the Effective Time (the "Termination Date"), (i) any outstanding options to purchase Shares under the Company's 1996 Employee Stock Purchase Plan (the "ESPP") shall terminate (ii) all amounts allocated to each participant's account under the ESPP shall thereupon be used to purchase from the Company whole Shares at a price determined under the terms of the ESPP for outstanding offering periods using the Termination Date as the final purchase date for each such offering period; and (iii) the ESPP will terminate. At the Effective Time, any Shares so purchased will be treated as provided in Section 3.1 of this Agreement. The Company shall take all actions necessary so as not to allow any participant to increase the rate of their contributions to the ESPP between December 1, 2001 and the Termination

Date. Prior to the Effective Time, the Company shall take all actions (including amending the terms of the ESPP) necessary to give effect to the transactions contemplated by Section 3.3(e).

Section 3.4 DISSENTING SHARES. Notwithstanding anything in this Article III to the contrary, if the Merger is effectuated pursuant to Section 253 of Delaware Law, Shares outstanding immediately prior to the Effective Time and held by a holder who has demanded appraisal for such Shares in accordance with the relevant provisions of the DGCL shall not be converted into a right to receive the Merger Consideration, unless such holder fails to perfect or withdraws or otherwise loses his or her right to appraisal. If after the Effective Time such holder fails to perfect or withdraws or loses his or her right to appraisal, such Shares shall be treated as if they had been converted as of the Effective Time into a right to receive the Merger Consideration. The Company shall give Parent prompt notice of any demands received by Company for appraisal of Shares, and Parent shall have the right to participate in all negotiations and proceedings with respect to such demands. Company shall not, except with the prior written consent of Parent, make any payment with respect to, or settle or offer to settle, any such demands. Any amounts paid to a holder pursuant to a right of appraisal will be paid by Company.

As between the Company and Wyeth-Ayerst Laboratories and related operations of American Home Products ("Wyeth"), the Company is responsible for seeking regulatory approval of FM from the FDA and Wyeth is responsible for seeking regulatory approval of FM from foreign regulatory bodies. The Company has the contractual right to receive from Wyeth all material communications between Wyeth and foreign regulatory bodies relating to FM. (e) FM is being developed and tested, and all applications for the approval thereof are, in substantial compliance with applicable law and regulation, including the Federal Food, Drug and Cosmetics Act and the regulations thereunder, provided that to the extent this clause (f) relates to development work conducted by Wyeth, this clause (f) is limited to the best knowledge of the Company.

material fact required to be disclosed to the FDA or any other Governmental Entity, or committed an act, made a statement, or failed to make a statement that, at the time such disclosure was made, could reasonably be expected to provide a basis for the FDA or any other Governmental Entity to invoke its policy respecting "Fraud, Untrue Statements of Material Facts, Bribery, and Illegal Gratuities", set forth in 56 Fed. Reg. 46191 (September 10, 1991) or any similar policy. Neither the Company nor any subsidiary, nor any officer, employee or agent of either the Company or any subsidiary, has been convicted of any crime or engaged in any conduct for which debarment is mandated by 21 U.S.C. sec. 335a(a) or any similar Legal Provision or authorized by 21 U.S.C. sec. 335a(b) or any similar Legal Provision.

(g) As of the date hereof, there are no issues regarding raw materials, supplies or components which would be reasonably likely to prevent the launch of frozen FM in the US in 2002. From the date

Section 6.2 NO SOLICITATION.

(a) The Company shall not, nor shall it authorize or permit any of its subsidiaries, any of their respective officers, directors or employees or any investment banker, financial advisor, attorney, accountant or other advisor or representative retained by the Company or its subsidiaries to, directly or indirectly through another person, (i) solicit, initiate or encourage (including by way of furnishing information), or take any action designed or reasonably likely to facilitate, any inquiries or the making of a proposal which constitutes, or may reasonably be expected to lead to, any Takeover Proposal or (ii) participate in any discussions or negotiations regarding any Takeover Proposal; provided, however, that if, at any time prior to the Stockholder Approval, the Board of Directors of the Company determines in good faith, after consultation with outside counsel, that failure to do so would be reasonably likely to result in a breach of its fiduciary duties under applicable law, the Company may, in response to a Superior Proposal that was unsolicited and that did not otherwise result from a breach of this Section 6.2 and subject to providing at least one day advance written notice of its decision to take such action to Parent and compliance with Section 6.2(c), (x) furnish information with respect to the Company to the person making the Superior Proposal pursuant to a customary and reasonable confidentiality agreement no less favorable to the Company than the Confidentiality Agreement (as defined below) and (y) participate in discussions or negotiations regarding such Superior Proposal. The Company and its subsidiaries, their respective officers, directors and employees and any investment banker, financial advisor, attorney, accountant and other advisor or representative retained by the Company or its subsidiaries shall immediately cease any existing discussions regarding any Takeover Proposal.

(b) Neither the Company, nor the Board of Directors of the Company nor any committee thereof shall (i) cause the Company to enter into any letter of intent, agreement in principle, acquisition agreement or other similar agreement (each, an "Acquisition Agreement") related to any Takeover Proposal, (iii) approve or recommend, or propose publicly to approve or recommend, any Takeover Proposal, (iv) (x) redeem the Rights, (y) waive or amend any provisions of the Rights Agreement or (z) take any action with respect to, or make any determination under, the Rights Agreement, or (v) waive or fail to enforce the terms of any confidentiality or standstill agreement, in any such case to permit or facilitate a Takeover Proposal. Notwithstanding the foregoing, at any time before the acceptance for payment of Shares in the Offer, in response to a Superior Proposal which was unsolicited and which did not otherwise follow a breach of this Section 6.2, the Board of Directors of the Company may (subject to this sentence and the definition of the term "Superior Proposal") terminate this Agreement and concurrently with such termination cause the Company to enter into a definitive Acquisition Agreement with respect to such Superior Proposal (the determination of whether a proposal is a Superior Proposal to be made after consideration of any modification proposed by Parent), but only (x) at a time that is after the third business day following Parent's receipt of written notice advising Parent that the Board of Directors of the Company is prepared to accept such Superior Proposal, specifying the material terms and conditions of such Superior Proposal (including a copy of any proposed agreement) and identifying the person making such Superior Proposal (any revised proposal shall constitute a new proposal and shall require an additional three business days notice and compliance with the other matters set forth herein), (y) if requested by Parent, the Company shall have cooperated in good faith with Parent to revise the terms hereof such that the proposal is no longer a Superior Proposal and (z) after Parent shall have received the Termination Fee (as defined below).

(c) In addition to the obligations of the Company set forth in Section 6.2(a) and Section 6.2(b) hereof, the Company promptly shall advise Parent orally and in writing of any request for information or of any Takeover Proposal, or any inquiry with respect to any Takeover Proposal, the material terms and conditions of such request, Takeover Proposal or inquiry, and the identity of the person making any such request, Takeover Proposal or inquiry. The Company will keep Parent informed on a prompt basis of the status and details (including amendments or proposed amendments) of any such request, Takeover Proposal or inquiry. The Company will promptly provide Parent with a copy of any written materials received from any third party with respect to any Takeover Proposal and of any materials provided to such third party. The Company shall immediately provide Parent with any such information or materials if so requested by Parent.

(d) Nothing contained in this Section 6.2 shall prohibit the Company from (x) taking and disclosing to its stockholders a position contemplated by Rule 14e-2(a) promulgated under the Exchange Act or (y) making any disclosure to the Company's stockholders if, in the good faith judgment of the Board of Directors of the Company, after consultation with outside counsel, failure to so disclose would constitute a violation of the Federal securities laws or result in breach of its fiduciary duties under applicable law.

Section 6.3 ADVICE OF CHANGES. The Company and Parent shall promptly advise the other party orally and in writing of (i) any representation or warranty made by it (and, in the case of Parent, made by Sub) contained in this Agreement that is qualified as to materiality becoming untrue or inaccurate in any respect or any such representation of warranty that is not so qualified becoming untrue or inaccurate in any material respect, (ii) the failure of it (and, in the case of Parent, by Sub) to comply with or satisfy in any material respect any covenant, condition or agreement to be complied with or satisfied by it under this Agreement; provided, however, that no such notification shall affect the representations, warranties, covenants or agreements of the parties (or remedies with respect thereto) or the conditions to the obligations of the parties under this Agreement, (iii) any fact or development which would result in the failure of any condition hereto not to be satisfied, (iv) any notice or claim by any third party that its consent is or may be required pursuant to terms of a material contract in connection with the transactions contemplated hereby and (v) any communication from any governmental entity in connection with the transactions contemplated hereby.

Section 6.4 PREPARATION OF THE FORM S-4 AND THE PROXY STATEMENT;
STOCKHOLDERS MEETING.

(a) If the Stockholder Approval is required by applicable law, as soon as practicable following the purchase of Shares pursuant to the Offer, the Company and Parent shall prepare and the Company shall file with the SEC the Proxy Statement and Parent and the Company shall prepare and Parent shall file with the SEC a post-effective amendment to the Form S-4, in which the Proxy Statement will be included as a prospectus. Each of the Company and Parent shall use its reasonable best efforts to have the post-effective amendment to the Form S-4 declared effective under the Securities Act as promptly as practicable after such filing. The Company will use its reasonable best efforts to cause the Proxy Statement to be mailed to the Company's stockholders as promptly as practicable after such post-effective amendment is declared effective under the Securities Act. Parent shall also take any action (other than qualifying to do business in any jurisdiction in which it is not now so qualified or to file a general consent to service of process) required to be taken under any applicable state securities laws in connection with the issuance of Parent Shares in the Merger and the Company shall furnish all information concerning the Company and the

Edgar Filing: MEDIMMUNE INC /DE - Form S-4/A

holders of Shares as may be reasonably requested in connection with any such action and the preparation, filing and distribution of the Proxy Statement. No filing of, or amendment or supplement to, the Form S-4 will be made by Parent, or the Proxy Statement will be made by the Company, without providing the other party the opportunity to review and comment thereon. Parent will advise the Company, promptly after it receives notice thereof, of the time when the post-effective amendment to the Form S-4 has become effective, the issuance of any stop order, the suspension of the qualification of Parent Shares issuable in connection with the Merger

for offering or sale in any jurisdiction, or any request by the SEC for amendment of the Form S-4 or comments thereon and responses thereto or requests by the SEC for additional information. The Company will advise Parent, promptly after it receives notice thereof, of any request by the SEC for amendment of the Proxy Statement or comments thereon and responses thereto or requests by the SEC for additional information. If at any time prior to the Effective Time any information relating to the Company or Parent, or any of their respective affiliates, officers or directors, should be discovered by the Company or Parent which should be set forth in an amendment or supplement to any of the Form S-4 or the Proxy Statement, so that any of such documents would not include any misstatement of a material fact or omit to state any material fact necessary to make the statements therein, in light of the circumstances under which they were made, not misleading, the party which discovers such information shall promptly notify the other parties hereto and an appropriate amendment or supplement describing such information shall be promptly filed with the SEC and, to the extent required by law, disseminated to the stockholders of the Company.

(b) If the Stockholder Approval is required by applicable law, the Company will, as soon as reasonably practicable following the purchase of Shares pursuant to the Offer, establish a record date for, duly call, give notice of, convene and hold a meeting of its stockholders (the "Stockholders Meeting") for the purpose of obtaining the Stockholder Approval. Subject to fiduciary requirements of applicable law, the Company will, through its Board of Directors, recommend to its stockholders adoption of this Agreement.

(b) Parent shall use its reasonable best efforts to obtain two letters from PricewaterhouseCoopers LLP, Parent's independent public accountants, one dated a date within two business days before the date on which the Form S-4 shall become effective and one dated a date within two business days before the expiration of the Offer, each addressed to Parent and the Company, in form and substance reasonably satisfactory to the Company and Ernst & Young LLP and customary in scope and substance for comfort letters delivered by independent public accountants in connection with registration statements similar to the Form S-4.

of this Agreement to all its properties, books, contracts, commitments, personnel and records and, during such period, the Company shall furnish promptly to Parent (a) a copy of each report, schedule, registration statement and other document filed by it during such period pursuant to the requirements of United States Federal or state securities laws and (b) all other information concerning its business, properties and personnel as Parent may reasonably request. Except as required by law, Parent will hold, and will cause its officers, employees, accountants, counsel, financial advisors and other representatives and affiliates to hold, any nonpublic information received from the Company, directly or indirectly, in accordance with the Confidentiality Agreement dated as of October 10, 2001, between Parent and the Company (the "Confidentiality Agreement"). Notwithstanding the foregoing, the Company shall have no obligation to furnish trade secrets of the Company or confidential information of third parties.

Section 6.7 REASONABLE BEST EFFORTS. Upon the terms and subject to the conditions set forth in this Agreement, each of the parties agrees to use its reasonable best efforts to take, or cause to be taken, all actions, and to do, or cause to be done, and to assist and cooperate with the other parties in doing, all things necessary, proper or advisable to consummate and make effective, in the most expeditious manner practicable, the Merger and the other transactions contemplated by this Agreement, including using reasonable best efforts to accomplish the following: (i) the taking of all reasonable acts necessary to cause the Offer Conditions and the conditions to Closing to be satisfied, (ii) the obtaining of all necessary actions or nonactions, waivers, consents and approvals from Governmental Entities and the making of all necessary registrations and filings (including filings with Governmental Entities, if any) and the taking of all reasonable steps as may be necessary to obtain an approval or waiver from, or to avoid an action or proceeding by any Governmental Entity, (iii) the obtaining of all necessary consents, approvals or waivers from third parties (provided that if obtaining any such consent, approval or waiver would require any action other than the payment of a nominal amount, such action shall be subject to the consent of Parent, not to be unreasonably withheld), (iv) the defending of any lawsuits or other legal proceedings, whether judicial or administrative, challenging this Agreement or the consummation of the transactions contemplated hereby or thereby, including seeking to have any stay or temporary restraining order entered by any court or other Governmental Entity vacated or reversed and (v) the execution and delivery of any additional instruments necessary to consummate the transactions contemplated by, and to fully carry out the purposes of, this Agreement. In connection with and without limiting the foregoing, the Company and its Board of Directors shall (1) take all action necessary to ensure that no state takeover statute or similar statute or regulation is or becomes applicable to this Agreement, the Merger or any of the other transactions contemplated by this Agreement and (2) if any state takeover statute or similar statute becomes applicable to this Agreement, the Merger or any other transactions contemplated by this Agreement, take all action necessary to ensure that the Merger and the other transactions contemplated by this Agreement may be consummated as promptly as practicable on the terms contemplated by this Agreement and otherwise to minimize the effect of such statute or regulation on this Agreement, the Merger and the other transactions contemplated by this Agreement. Nothing in this Agreement shall be deemed to require Parent to agree to, or proffer to, divest or hold separate any assets or any portion of any business of Parent, the Company or any of their respective subsidiaries, or to agree to any restrictions on the operation of its or its subsidiaries' business.

Section 6.8 INDEMNIFICATION, EXCULPATION AND INSURANCE.

(b) For six years after the Effective Time, Parent shall cause the Company to maintain in effect the Company's current officers' and directors' liability insurance in respect of acts or omissions occurring at or prior to the Effective Time, covering each person currently covered by the Company's officers' and directors' liability insurance policy (a copy of which has been heretofore delivered to Parent), on terms with respect to such coverage and amount no less favorable than those of such policy in effect on the date hereof; provided that Parent may substitute therefor policies of Parent containing terms with respect to coverage and amount no less favorable to such directors and officers; provided, however, that in satisfying its obligation under this Section 6.8(b) Parent shall not be obligated to pay premiums in excess of 150% of the amount per annum paid by the Company in its last full fiscal year; and provided further that if Parent is not able to obtain such coverage for such 150% amount, Parent shall nevertheless be obligated to provide such coverage as may be obtained for such 150% amount.

B-31

Notwithstanding the foregoing or any other provision in this Agreement, and in lieu of the other provisions of this Section 6.8(b), nothing shall be deemed to prohibit the Company or Parent from procuring such insurance coverage prior to the Effective Time, provided that the aggregate cost of such coverage shall not exceed \$2,000,000.

(c) The provisions of this Section 6.8 are (i) intended to be for the benefit of, and will be enforceable by, each indemnified party, his or her heirs and his or her representatives and (ii) in addition to, and not in substitution for, any other rights to indemnification or contribution that any such person may have by contract or otherwise.

Section 6.9 PUBLIC ANNOUNCEMENTS. Parent and the Company will consult with each other before issuing, and give each other the opportunity to review and comment upon, any press release or other public statements with respect to the transactions contemplated by this Agreement, including the Offer and the Merger, and shall not issue any such press release or make any such public statement prior to such consultation, except as may be required by applicable law, court process or by obligations pursuant to any listing agreement with any national securities exchange or national securities quotation system. The initial press release to be issued with respect to the transactions contemplated by this Agreement shall be in the form heretofore agreed to by the parties.

In connection therewith both Parent (together with Sub) and the Company shall deliver to such counsel representation letters, dated and executed as of the dates of such opinions, in form and substance satisfactory to such counsel. In rendering such opinions, counsel shall be entitled to rely upon assumptions and representations reasonably satisfactory to such counsel, including representations set forth in such representation letters.

B-32

Section 6.13 STOCKHOLDER LITIGATION. The Company shall give Parent the opportunity to participate in the defense of any stockholder litigation against the Company and/or its directors relating to the transactions contemplated by this Agreement. The Company shall not settle any such litigation without the consent of Parent, which consent shall not be unreasonably withheld.

Section 6.14 RIGHTS AGREEMENT. The Board of Directors of the Company shall take all further action (in addition to that referred to in Section 4.22 hereof) requested in writing by Parent in order to render the rights (the "Rights") issued pursuant to the Rights Agreement inapplicable to the Offer and the Merger and the other transactions contemplated by this Agreement. ARTICLE VII CONDITIONS PRECEDENT

Section 7.1 CONDITIONS TO EACH PARTY'S OBLIGATION TO EFFECT THE MERGER. The respective obligation of each party to effect the Merger is subject to the satisfaction or waiver on or prior to the Closing Date of the following conditions:

(a) STOCKHOLDER APPROVAL. If required under the DGCL, the Stockholder Approval shall have been obtained.

(b) NO INJUNCTIONS OR RESTRAINTS. No temporary restraining order, preliminary or permanent injunction or other judgment, action or order issued by any court of competent jurisdiction or governmental agency or other statute, law, rule, legal restraint or prohibition (collectively, "Restraints") shall be in effect preventing the consummation of the Merger; provided, however, that each of the parties hereto shall use its reasonable best efforts to prevent the entry of any such Restraints and to appeal as promptly as possible any such Restraints that may be entered.

(c) EXCHANGE OF COMPANY SHARES. Parent or any of its affiliates shall have

Edgar Filing: MEDIMMUNE INC /DE - Form S-4/A

purchased Shares pursuant to the Offer.

(d) EFFECTIVENESS OF S-4. If the Stockholder Approval is required under applicable law, the post-effective amendment to the Form S-4 referenced in Section 6.4 shall have been declared effective and shall not be the subject of any stop order or proceedings seeking a stop order.

ARTICLE VIII TERMINATION, AMENDMENT AND WAIVER

Section 8.1 TERMINATION. This Agreement may be terminated at any time prior to the Appointment Time, whether before or after approval of the terms of this Agreement by the stockholders of the Company:

(a) by mutual written consent of Parent and the Company;

(b) by either Parent or the Company:

(i) if (x) the Offer shall have expired without the acceptance for payment of Shares thereunder or (y) Sub shall not have accepted for payment any Shares pursuant to the Offer prior to May 31, 2002, provided, however, that the right to terminate this Agreement pursuant to this (b)(i) shall not be available to any party whose failure to perform any of its obligations under this Agreement results in the failure of any such condition or if the failure of such condition results from facts or circumstances that constitute a breach of representation or warranty under this Agreement by such party; or

(ii) if any Restraint applicable to the Offer, the Merger or the other transactions contemplated by this Agreement shall have become final and nonappealable;

(c) by Parent upon the occurrence of any event set forth in paragraph (d) of Annex A to this Agreement;

(d) by Parent prior to the purchase of Shares pursuant to the Offer if the Company shall have breached or failed to perform in any material respect any representation, warranty, covenant or other agreement contained in this Agreement that (i) would give rise to the failure of a condition set forth in Section 5(e) or (f) of Annex A and (ii) cannot be or has not been cured within 10 business days after the giving of written notice to the Company;

B-34

(e) by the Company prior to the purchase of Shares pursuant to the Offer if Parent shall have breached or failed to perform in any material respect any representation, warranty, covenant or other agreement contained in this Agreement that (i) would give rise to the failure of a condition set forth in Section 5(e) or (f) of Annex A (assuming, for the purposes of this clause (i), the word "Parent" replaced the words "the Company" in such Sections and the reference in Section 5(e) to Section 8.1(d) were instead a reference to this Section 8.1(e)) and (ii) cannot be or has not been cured within 10 business days after the giving of written notice to the Company; or

(f) by the Company in accordance with Section 6.2(b), provided that it has complied with all provisions thereof, including the notice provisions therein, and that it has paid Parent the Termination Fee in accordance with the terms of

Edgar Filing: MEDIMMUNE INC /DE - Form S-4/A

this Agreement.

Section 8.2 EFFECT OF TERMINATION. In the event of a termination of this Agreement by either the Company or Parent as provided in Section 8.1, other than with respect to the provisions of Section 8.5, this Agreement shall forthwith become void and there shall be no liability or obligation on the part of Parent, Sub or the Company or their respective officers or directors, provided, however, that nothing herein shall relieve any party for liability for any willful breach hereof.

Section 8.3 AMENDMENT. This Agreement may be amended by the parties hereto, by duly authorized action taken, at any time before or after obtaining the Company Stockholder Approval, but, after the purchase of Shares pursuant to the Offer, no amendment shall be made which changes the amount or kind of Merger Consideration or any of the terms or conditions of this Agreement if such alteration or change would adversely affect the rights of the holders of any Shares, and, after the Stockholder Approval, no amendment shall be made which by law requires further approval by such stockholders without obtaining such further approval. This Agreement may not be amended except by an instrument in writing signed on behalf of each of the parties hereto.

Section 8.4 EXTENSION; WAIVER. At any time prior to the Effective Time, the parties hereto may, to the extent legally allowed, subject to Section 8.3 and Article I, (i) extend the time for the performance of any of the obligations or other acts of the other parties hereto, (ii) waive any inaccuracies in the representations and warranties contained herein or in any document delivered pursuant hereto or (iii) waive compliance with any of the agreements or conditions contained herein. Any agreement on the part of a party hereto to any such extension or waiver shall be valid only if set forth in a written instrument signed on behalf of such party. The failure of any party to this Agreement to assert any of its rights under this Agreement or otherwise shall not constitute a waiver of those rights.

Section 8.5 EXPENSES.

(a) Except as otherwise provided in this Section 8.5, each party shall bear its own expenses in connection with the transactions contemplated by this Agreement, provided that each of Parent and the Company shall bear and pay one-half of (i) the costs and expenses incurred in connection with filing, printing and mailing the Proxy Statement and the Form S-4 and (ii) the filing fees for the premerger notification and report forms under the HSR Act and any similar foreign antitrust laws.

(b) If (i) following the time a third party Takeover Proposal shall have been publicly announced, this Agreement is terminated pursuant to Section 8.1(b) (i) [no Shares purchased in Offer] and within 12 months of termination the Company enters into an acquisition agreement with respect to a Takeover Proposal or Takeover Proposal is consummated, (ii) following the time a third party Takeover Proposal shall have been publicly announced, this Agreement is terminated pursuant to 8.1(d) [Company breach] due to a willful and material breach by the Company or any subsidiary and within six months of termination the Company enters into an acquisition agreement with respect to a Takeover Proposal or Takeover Proposal is consummated, (iii) this Agreement is terminated pursuant to Section 8.1(c) [change of recommendation], or (iv) this Agreement is terminated pursuant to Section 8.1(f) [Superior

B-35

Proposal], then the Company shall pay to Parent a fee of \$51 million (the "Termination Fee") by wire transfer of immediately available funds. Such fee shall be paid prior to termination in the case of clause (iv) and within one business day of termination otherwise. The Company acknowledges that the

Edgar Filing: MEDIMMUNE INC /DE - Form S-4/A

agreements contained in this Section 8.5(b) are an integral part of the transactions contemplated in this Agreement, and that, without these agreements, Parent would not enter into this Agreement. Accordingly, if the Company fails to pay the amount due pursuant to this Section 8.5(b) when it is required to be paid, and, in order to obtain such payment, Parent commences a suit which results in a judgment against the Company for the fee set forth in this Section 8.5(b), the Company shall pay to Parent its costs and expenses (including attorneys' fees) in connection with such suit, including any costs of collection, together with interest on the amount of the fee at the publicly announced prime rate of Citibank, N.A. in effect on the date such fee was required to be paid.

FORM OF AFFILIATE AGREEMENT

, 2001

MedImmune, Inc.
35 West Watkins Mill Road
Gaithersburg, Maryland 20878

Edgar Filing: MEDIMMUNE INC /DE - Form S-4/A

Ladies & Gentlemen:

I have been advised that as of the date of this letter I may be deemed to be an "affiliate" of Aviron, a Delaware corporation (the "Company"), as the term "affiliate" is defined for purposes of Rule 145 under the Securities Act of 1933 (the "Act"). I have been further advised that pursuant to the terms of the Agreement and Plan of Merger, dated as of December 2, 2001 (the "Merger Agreement"), among MedImmune, Inc., a Delaware corporation ("Parent"), a subsidiary of Parent ("Sub"), and the Company, Sub shall commence an offer to exchange shares of common stock of Parent ("Parent Shares") for shares of common stock of the Company ("Shares") and, following the consummation of the offer, Sub shall be merged with the Company and each remaining Share shall be converted into the right to receive Parent Shares (the offer and the merger are sometime referred to as the "Transaction"), all as set forth in the Merger Agreement, and that as a result of the Transaction, I may receive Parent Shares in exchange for Shares owned by me. Nothing herein shall constitute an admission that I am an affiliate of the Company.

I hereby represent, warrant and covenant to Parent that in the event I receive any Parent Shares as a result of the Transaction:

a. I shall not make any sale, transfer or other disposition of Parent Shares or any interests therein in violation of the Act or the rules and regulations thereunder.

b. I have carefully read this letter and the Merger Agreement and discussed its requirements and other applicable limitations upon my ability to sell, transfer or otherwise dispose of Parent Shares or any interests therein to the extent I believed necessary with my counsel or counsel for the Company.

c. I have been advised that the issuance of Parent Shares to me pursuant to the Transaction will be registered under the Act on a Registration Statement on Form S-4. However, I have also been advised that, since I may be deemed to have been an affiliate of the Company and the distribution by me of the Parent Shares has not been registered under the Act, I may not sell, transfer or otherwise dispose of Parent Shares issued to me in the Transaction unless (i) such sale, transfer or other disposition has been registered under the Act, (ii) such sale, transfer or other disposition is made in conformity with the volume and other limitations of Rule 145 promulgated under the Act and I have presented Parent with such evidence of conformity as it may reasonably request, or (iii) in the opinion of counsel reasonably acceptable to Parent, such sale, transfer or other disposition is otherwise exempt from registration under the Act.

d. I understand that appropriate legends referencing the Act and this letter may be placed on the certificates representing the Parent Shares issued to me in the Transaction and that such legends will be removed when, in the reasonable judgment of Parent, they are no longer required for purposes of the Act.

B-43

e. I understand that Parent is under no obligation to register the sale, transfer or other disposition of Parent Shares by me or on my behalf under the Act or to take any other action necessary in order to make compliance with an exemption from such registration available.

Very truly yours,

ITEM 20. INDEMNIFICATION OF DIRECTORS AND OFFICERS

Subsection (a) of Section 145 of the General Corporation Law of the State of Delaware (the "DGCL") empowers a corporation to indemnify any person who was or is a party or who is threatened to be made a party to any threatened, pending or completed action, suit or proceeding, whether civil, criminal, administrative or investigative (other than an action by or in the right of the corporation) by reason of the fact that the person is or was a director, officer, employee or agent of the corporation, or is or was serving at the request of the corporation as a director, officer, employee or agent of another corporation, partnership,

Edgar Filing: MEDIMMUNE INC /DE - Form S-4/A

joint venture, trust or other enterprise, against expenses (including attorney's fees), judgments, fines and amounts paid in settlement actually and reasonably incurred by the person in connection with such action, suit or proceeding if the person acted in good faith and in a manner the person reasonably believed to be in or not opposed to the best interests of the corporation, and, with respect to any criminal action or proceeding, had no reasonable cause to believe the person's conduct was unlawful.

Subsection (b) of Section 145 empowers a corporation to indemnify any person who was or is a party or is threatened to be made a party to any threatened, pending or completed action or suit by or in the right of the corporation to procure a judgment in its favor by reason of the fact that the person acted in any of the capacities set forth above, against expenses (including attorney's fees) actually and reasonably incurred by him in connection with the defense or settlement of such action or suit if the person acted in good faith and in a manner the person reasonably believed to be in or not opposed to the best interests of the corporation, except that no indemnification shall be made in respect of any claim, issue or matter as to which such person shall have been adjudged to be liable to the corporation unless and only to the extent that the Court of Chancery or the court in which such action or suit was brought shall determine upon application that, despite the adjudication of liability but in view of all the circumstances of the case, such person is fairly and reasonably entitled to indemnity for such expenses which the Court of Chancery or such other court shall deem proper.

Section 145 further provides that to the extent a director or officer of a corporation has been successful on the merits or otherwise in the defense of any action, suit or proceeding referred to in subsections (a) and (b) of Section 145, or in defense of any claim, issue or matter therein, he shall be indemnified against expenses (including attorneys' fees) actually and reasonably incurred by him in connection therewith; that indemnification provided for by Section 145 shall not be deemed exclusive of any other rights to which the indemnified party may be entitled; the indemnification provided for by Section 145 shall, unless otherwise provided when authorized or ratified, continue as to a person who has ceased to be a director, officer, employee or agent and shall inure to the benefit of such person's heirs, executors and administrators; and empowers the corporation to purchase and maintain insurance on behalf of any person who is or was a director, officer, employee or agent of the corporation, or is or was serving at the request of the corporation as a director, officer, employee or agent of another corporation, partnership, joint venture, trust or other enterprise against any liability asserted against him and incurred by him in any such capacity, or arising out of his status as such, whether or not the corporation would have the power to indemnify him against such liabilities under Section 145.

MedImmune provides liability insurance for its directors and officers which provides for coverage against loss from claims made against directors and officers in their capacity as such, including liabilities under Securities Act of 1933.

Section 102(b)(7) of the DGCL provides that a certificate of incorporation may contain a provision eliminating or limiting the personal liability of a director to the corporation of its stockholders for monetary damages for breach of fiduciary duty as a director, provided that such provision shall not

eliminate or limit the liability of a director (i) for any breach of the director's duty of loyalty to the corporation or its stockholders, (ii) for acts or omissions not in good faith or which involve intentional misconduct or a knowing violation of law, (iii) under Section 174 of the DGCL, or (iv) for a transaction from which the director derived an improper personal benefit.

ITEM 22. UNDERTAKINGS.

- The undersigned registrant hereby undertakes that, for purposes of determining any liability under the Securities Act, each filing of the registrant's annual report pursuant to Section 13(a) or 15(d) of the Exchange Act (and, where applicable, each filing of an employee benefit plan's annual report pursuant to Section 15(d) of the Exchange Act) that is incorporated by reference in the registration statement shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.
- The undersigned registrant hereby undertakes as follows: that prior to any public reoffering of the securities registered hereunder through use of a prospectus which is a part of this registration statement, by any person or party who is deemed to be an underwriter within the meaning of Rule 145(c), the issuer undertakes that such reoffering prospectus will contain the information called for by the applicable registration form with respect to reofferings by persons who may be deemed underwriters, in addition to the information called for by the other Items of the applicable form.
- The registrant undertakes that every prospectus (i) that is filed pursuant to the paragraph immediately preceding, or (ii) that purports to meet the requirements of Section 10(a)(3) of the Securities Act and is used in connection with an offering of securities subject to Rule 415, will be filed as a part of an amendment to the registration statement and will not be used until such amendment is effective, and that, for purposes of determining any liability under the Securities Act, each such post-effective amendment shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.
- Insofar as indemnification for liabilities arising under the Securities Act may be permitted to directors, officers and controlling persons of the registrant pursuant to the foregoing provisions, or otherwise, the

registrant has been advised that in the opinion of the Commission such indemnification is against public policy as expressed in the Securities Act and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other than the payment by the registrant of expenses incurred or paid by a director, officer or controlling person of the registrant in the successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, the registrant will, unless in the opinion of its counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by it is against public policy as expressed in the Securities Act and will be governed by the final adjudication of such issue.

- The undersigned registrant hereby undertakes to respond to requests for information that is incorporated by reference into the prospectus pursuant to Items 4, 10(b), 11, or 13 of this form, within one business day of receipt of such request, and to send the incorporated documents by first class mail or other equally prompt means.
