ANNOUNCEMENT NO. 2 – 2010

1 March 2010

Mikael Skov steps down from the position as CEO in TORM A/S

In September 2008, Mikael Skov took over the position as CEO of TORM until Jacob Meldgaard starts as new CEO on 1 April 2010. Mikael Skov has been with TORM since 1984.

As Mikael Skov has not wished to be reinstated in his former position as COO, as originally planned, Mikael Skov and TORM's Board have decided that the right time for Mikael Skov to leave the Company is after the release of TORM's annual report 2009 on 11 March 2010. In the period until 1 April when new CEO Jacob Meldgaard starts, CFO Roland M. Andersen will take over the responsibility as acting CEO.

Chairman of the Board N. E. Nielsen says: "On behalf of the Board of Directors I would like to thank Mikael for taking on the position as CEO during the past 1½ years. I respect Mikael's decision and wish him all the best for the future. At the same time, I personally would like to thank Mikael for his excellent and valued cooperation in TORM and for his great efforts during the past 25 years where he has been part of developing the Company into what it is today."

From 1 April 2010, TORM's Executive Management will consist of CEO Jacob Meldgaard and CFO Roland M. Andersen.

Safe Harbor Forward Looking Statements Matters discussed in this release may constitute forward-looking statements. Forward-looking statements reflect our current views with respect to future events and financial performance and may include statements concerning plans, objectives, goals, strategies, future events or performance, and underlying assumptions and other statements, which are other than statements of historical facts. The forward-looking statements in this release are based upon various assumptions, many of which are based, in turn, upon further assumptions, including without limitation, Management's examination of historical operating trends, data contained in our records and other data available from third parties. Although TORM believes that these assumptions were reasonable when made, because these assumptions are inherently subject to significant uncertainties and contingencies which are difficult or impossible to predict and are beyond our control, TORM cannot assure you that it will achieve or accomplish these expectations, beliefs or projections.

Important factors that, in our view, could cause actual results to differ materially from those discussed in the forward looking statements include the strength of world economies and currencies, changes in charter hire rates and vessel values, changes in demand for "tonne miles" of oil carried by oil tankers, the effect of changes in OPEC's petroleum production levels and worldwide oil consumption and storage, changes in demand that may affect attitudes of time charterers to scheduled and unscheduled dry-docking, changes in TORM's operating expenses, including bunker prices, dry-docking and insurance costs, changes in governmental rules and regulations including requirements for double hull tankers or actions taken by regulatory authorities, potential liability from pending or future litigation, domestic and international political conditions, potential disruption of shipping routes due to accidents and political events or acts by terrorists. Risks and uncertainties are further described in reports filed by TORM with the US Securities and Exchange Commission, including the TORM Annual Report on Form 20-F and its reports on Form 6-K.

Forward looking statements are based on management's current evaluation, and TORM is only under obligation to update and change the listed expectations to the extent required by law.
