This Proxy Statement is being furnished in connection with the solicitation by the Board of Directors of Laboratory Corporation of America Holdings, a Delaware corporation (the Company), of proxies to be voted at the 2006 Annual Meeting of Stockholders to be held at The Paramount Theater, 128 East Front Street, Burlington, NC 27215, on Wednesday, May 17, 2006 at 9:00 a.m., Eastern Daylight Time, and at any adjournments thereof (the Annual Meeting). The Notice of Annual Meeting, this Proxy Statement, and the accompanying proxy card are first being mailed to stockholders on or about April 12, 2006.

At the Annual Meeting, the Company's stockholders will be asked (i) to elect the following persons as directors of the Company to serve until the Company's next annual meeting and until such directors' successors are elected and shall have qualified: Thomas P. Mac Mahon, Kerrii B. Anderson, Jean-Luc Bélingard, Wendy E. Lane, Robert E. Mittelstaedt, Jr., Arthur H. Rubenstein, MBCh, Andrew G. Wallace, M.D., and M. Keith Weikel, Ph.D.; (ii) to approve an amendment to the Company's 1995 Stock Plan for Non-Employee Directors to extend the term thereof to June 30, 2011; (iii) to ratify the Audit Committee's appointment of PricewaterhouseCoopers LLP as the Company's independent registered public accounting firm for the year ending December 31, 2006; and (iv) to take such other action as may properly come before the Annual Meeting or any adjournments thereof.

**GENERAL INFORMATION**

**Solicitation and Voting of Proxies; Revocation; Record Date**

All proxies duly executed and received by the Company will be voted on all matters presented at the Annual Meeting in accordance with the instructions given therein by the person executing such proxy or, in the absence of such instructions, will be voted in favor of the election to the Company's Board of Directors of the eight nominees for director identified in this Proxy Statement, the amendment to the Company's 1995 Stock Plan for Non-Employee Directors and the ratification of the appointment of PricewaterhouseCoopers LLP as the Company's independent registered public accounting firm for 2006. Any stockholder may revoke his/her proxy at any time prior to the Annual Meeting before it is voted by written notice to such effect delivered to the Company at 358 South Main Street, Burlington, North Carolina 27215, Attention: Bradford T. Smith, Secretary, by delivery prior to the Annual Meeting of a properly executed and subsequently dated proxy or by attending the Annual Meeting and voting in person.

Solicitation of proxies may be made by mail and may also be made by personal interview, telephone and facsimile transmission, and by directors, officers, and regular employees of the Company without special compensation therefor. The Company will bear the expenses to prepare proxy materials and to solicit proxies for the Annual Meeting. The Company expects to reimburse banks, brokers, and other persons for their reasonable, out-of-pocket expenses in handling proxy materials for beneficial owners.

Only holders of record of common stock of the Company (the Common Stock) at the close of business on March 31, 2006 (the Record Date) will be entitled to notice of, and to vote at, the Annual Meeting. At the close of business on the Record Date, there were issued and outstanding 124,676,025 shares of Common Stock. Holders of Common Stock as of the Record Date will be entitled to one vote per share at the Annual Meeting.

A quorum for the Annual Meeting consists of a majority of the total number of shares of Common Stock outstanding on the Record Date and entitled to vote, present in person or represented by proxy. Directors of the

Company will be elected by a plurality vote of the shares of Common Stock represented at the Annual Meeting and entitled to vote. The affirmative vote of a majority of shares of Common Stock represented at the Annual Meeting and entitled to vote is required for the approval of the amendment to the 1995 Stock Plan for Non-Employee Directors and for the ratification of the appointment of PricewaterhouseCoopers LLP as the Company's independent registered public accounting firm for the year ending December 31, 2006. An abstention will have no effect on the election of the directors, but will have the same effect as a vote against the approval of the stock plan amendment or the vote to ratify the appointment of the Company's independent registered public accounting firm. A broker non-vote will have no effect on the election of the directors, the approval of the stock plan amendment or the vote to ratify the appointment of the Company's independent registered public accounting firm. Broker non-votes occur when brokers do not receive voting instructions from their customers and the broker does not have discretionary voting authority with respect to a proposal. If a shareholder holds shares through a broker, bank or other nominee and does not give instructions as to how to vote, the broker may have authority to vote on certain routine items, but not on other items.

As of March 31, 2006, the directors and executive officers of the Company beneficially owned an aggregate of 2,179,852 shares of Common Stock, representing approximately 1.7% of the total number of shares of Common Stock outstanding and entitled to vote.

**The Board of Directors of the Company recommends that stockholders vote FOR the election of each of the nominees for director of the Company (as specified below), the amendment to the 1995 Stock Plan for Non-Employee Directors, and the ratification of the appointment of PricewaterhouseCoopers LLP as the Company's independent registered public accounting firm for 2006.**

#### ITEM ONE: ELECTION OF DIRECTORS

The Company's directors will be elected at the Annual Meeting to serve until the next succeeding annual meeting of the Company and until their successors are elected and shall have been qualified. All of the nominees listed below are currently serving as members of the Board of Directors except for Kerri B. Anderson. Except as herein stated, the proxies solicited hereby will be voted FOR the election of such nominees unless the completed proxy card directs otherwise.

Pursuant to Section 303A.02 of the New York Stock Exchange ( NYSE ) Listing Standards (the Listing Standards ), in order for a director to qualify as independent, the Board of Directors must affirmatively determine that the director has no material relationship with the Company that would impair the director's independence. The Listing Standards permit the Board of Directors to adopt categorical standards to be used in connection with this purpose and the Board of Directors has adopted the following standards for determining whether there is a material relationship that would impair independence:

- i. The director is, or has been within the last three years, an employee of the Company, or an immediate family member is, or has been within the last three years, an executive officer of the Company.
- ii. The director has received, or has an immediate family member who has received, during any twelve-month period within the last three years, more than \$100,000 in direct compensation from the Company, other than director and committee fees and pension or other forms of deferred compensation for prior service (provided such compensation is not contingent in any way on continued service).
- iii. (A) The director or an immediate family member is a current partner of a firm that is the Company's internal or external auditor; (B) the director is a current employee of such a firm; (C) the director has an immediate family member who is a current employee of such a firm and who participates in the firm's audit, assurance or tax compliance (but not tax planning) practice; or (D) the director or an immediate family member was within the last three years (but is no longer) a partner or employee of such a firm and personally worked on the Company's audit within that time.

## Edgar Filing: LABORATORY CORP OF AMERICA HOLDINGS - Form DEF 14A

iv. The director or an immediate family member is, or has been within the last three years, employed as an executive officer of another company where any of the Company's present executive officers at the same time serves or served on that company's compensation committee.

v. The director is a current employee, or an immediate family member is a current executive officer, of a company that has made payments to, or received payments from, the Company for property or services in an amount that, in any of the last three fiscal years, exceeds the greater of \$1 million, or 2% of such other company's consolidated gross revenues.

The Board of Directors has determined that Ms. Anderson, Mr. Bélingard, Ms. Lane, Mr. Mittelstaedt, Dr. Rubenstein, Dr. Wallace, and Dr. Weikel each qualify as independent as defined in the Listing Standards. Mr. Mac Mahon is not independent because he is the Company's current Chief Executive Officer and an employee of the Company.

Further, in connection with the Company's Corporate Governance Guidelines, the Nominating and Corporate Governance Committee, with Dr. Wallace abstaining, recommended that the Board request that Dr. Wallace continue to serve on the Board beyond the normal 70 year-old retirement age, due to the value and special skills and experience that Dr. Wallace brings to the Board. With Dr. Wallace abstaining, the Board affirmatively determined and requested that Dr. Wallace remain on the Board due to the special skills and experience that he brings to his Board service. Dr. Wallace agreed to be re-nominated and to serve if elected.

The Board of Directors has been informed that all of the nominees listed below are willing to serve as directors, but if any of them should decline or be unable to act as a director, the individuals named in the proxies may vote for a substitute designated by the Board of Directors. The Company has no reason to believe that any nominee will be unable or unwilling to serve.

### Board of Directors and its Committees

The Board of Directors has an Audit Committee, a Compensation Committee, an Ethics and Quality Assurance Committee, and a Nominating and Corporate Governance Committee, the Charters for which are attached hereto as Annexes I, II, III, and IV, respectively. The committee Charters are also available on the Company's website at [www.labcorp.com](http://www.labcorp.com).

The Audit Committee, consisting of Ms. Lane, Mr. Mittelstaedt and Dr. Rubenstein, is directly responsible for the selection, appointment, compensation and oversight of the work of any registered public accounting firm employed by the Company and assists in Board oversight of the integrity of the financial statements of the Company; the compliance by the Company with legal and regulatory requirements; the production of an audit

committee report as required by the Securities and Exchange Commission (the SEC) to be included in the Company's annual proxy statement; the qualifications and independence of the Company's independent auditors and the oversight of the Company's internal audit functions, internal controls, and independent auditors.

The Compensation Committee, consisting of Mr. Bélingard, Dr. Wallace, and Dr. Weikel, reviews and recommends to the full Board for its approval compensation and benefit policies and objectives; determines whether officers, directors and employees are compensated according to these policies and objectives; oversees the Company's incentive compensation and stock plans; is responsible for selecting, retaining or terminating executive compensation consultants; produces a compensation committee report on executive officer compensation as required by the SEC to be included in the Company's annual proxy statement; and carries out the board's responsibilities relating to the compensation of executives and directors.

The Ethics and Quality Assurance Committee, consisting of Dr. Weikel, Mr. Bélingard and Dr. Rubenstein, is responsible for ensuring that the Company adopts and implements procedures that require the Company's employees to act in accordance with high ethical standards and to deliver high quality services.

The Nominating and Corporate Governance Committee, consisting of Mr. Mittelstaedt, Ms. Lane, and Dr. Wallace, is responsible for assisting the Board by identifying individuals qualified to become Board members, consistent with criteria approved by the Board and by recommending to the Board the director nominees for the next annual meeting of stockholders; for developing and recommending to the Board a set of corporate governance principles applicable to the Company; for leading the Board in its annual review of the Board's performance; and for recommending to the Board director nominees for each Board committee.

During 2005, the Board of Directors held ten meetings, each in accordance with the Company's By-Laws and applicable Delaware corporation law and acted two times by unanimous written consent. The Compensation Committee held five meetings; the Audit Committee held seven meetings; the Nominating and Corporate Governance Committee held four meetings; and the Ethics and Quality Assurance Committee held two meetings. During 2005, none of the directors attended fewer than 88% of the total meetings of the Board of Directors and the committees of which he or she was a member.

On October 16, 2002, the Board of Directors began holding executive sessions without Company management or non-independent director participation. These sessions are generally held at each regularly scheduled meeting of the Board of Directors and at each special meeting upon the request of a majority of the independent directors attending the special meeting. The director presiding over each executive session is selected on a rotating basis, beginning with the Chair of the Audit Committee, followed by the Chairs of the Compensation Committee, the Ethics and Quality Assurance Committee, and the Nominating and Corporate Governance Committee. In 2005, the Board met in executive session from time to time to discuss compensation and succession planning and also held eight executive sessions formally.

On December 7, 2005, Section 14 of the Corporate Governance Guidelines was amended by the Board of Directors with respect to the executive sessions to provide as follows: The independent Directors shall meet on a periodic basis, but no less than four times a year on the same day as the regularly scheduled Board meetings. These meetings shall be chaired by one of the independent directors who shall be elected by a majority vote of the other independent directors immediately following each annual shareholders meeting. A new Chairperson shall be elected each year with the goal of rotating the responsibility to each of the independent directors until they all have served as the chairperson for a one-year term at which point the process would be repeated.

Members of the Board of Directors are encouraged and usually attend the annual meeting of stockholders. Five of the independent directors and Mr. Mac Mahon attended the 2005 annual meeting.

#### **Corporate Governance Guidelines and Code of Business Conduct and Ethics**

In December 2005, the Board adopted an updated set of Corporate Governance Guidelines (the Guidelines). The Guidelines address a number of topics, including composition of the Board, director

independence, Board and Committee self-assessment, retirement, evaluation of the Chief Executive Officer, and succession planning. The Nominating and Corporate Governance Committee reviews the Guidelines on a regular basis and any proposed additions or amendments to the Guidelines are submitted to the Board for its consideration.

In December 2003, the Board adopted the Company's updated Code of Business Conduct and Ethics (the Code). The Code is a code of business conduct and ethics applicable to all directors, officers and employees of the Company, including its Chief Executive Officer and its Chief Financial Officer, Chief Accounting Officer and other senior financial officers. The Code sets forth Company policies and expectations on a number of topics, including but not limited to, conflicts of interest, confidentiality, compliance with laws (including insider trading laws), preservation and use of Company assets, and business ethics. The Code also sets forth procedures for communicating and handling any potential conflict of interest (or the appearance of any conflict of interest) involving directors or executive officers, and for the confidential communication and handling of issues regarding accounting, internal controls and auditing matters. The Company regularly reviews the Code and proposed additions or amendments to the Code are considered and subject to approval by the Board.

In order to provide stockholders with greater knowledge regarding the Board's processes, the Guidelines and the Code adopted by the Board of Directors are posted on the Company's website at [www.labcorp.com](http://www.labcorp.com). In addition, any waivers or amendments to the Code will be posted on the Company's website.

The Company has carefully reviewed its Guidelines and Code and believes that they comply with the provisions of the Sarbanes-Oxley Act of 2002, the rules of the SEC, and the NYSE's corporate governance listing standards regarding corporate governance policies and processes.

### **Board Evaluation**

Each year, the Board conducts a self-assessment of its performance and effectiveness. This process commences with each director completing a Board Evaluation Questionnaire. This questionnaire was developed by the Nominating and Corporate Governance Committee and provides for a range of grades and trend indicators to be completed by each director, as well as written commentary.

The collective ratings and comments of the directors are compiled and presented by the Chair of the Nominating and Corporate Governance Committee to the full Board for discussion, for the assessment of progress in the areas targeted for improvement a year earlier, and for the development of recommendations to enhance the Board's effectiveness over the next year.

In addition, each Board Committee conducted a self-evaluation of its performance for fiscal 2005, with performance criteria for each Committee developed on the basis of its purposes and mission, as set forth in its charter and developed recommendations and a follow-up plan similar to that of the Board as a whole.

### **Identification and Evaluation Of Individual Director Candidates**

The Nominating and Corporate Governance Committee proposes a slate of directors for election by the Company's stockholders at each Annual Meeting and appoints candidates to fill vacancies on the Board.

When evaluating prospective candidates for director, including those nominated by stockholders, the Nominating and Corporate Governance Committee conducts individual evaluations against the criteria enumerated in the Company's Corporate Governance Guidelines. These criteria include, but are not limited to, personal and professional integrity; interest, capacity and willingness to serve the long-term interests of the Company's stockholders; ability and willingness to devote the required amount of time to the Company's affairs, including attendance at Board and Committee meetings; exceptional ability and judgment; and freedom from personal and professional relationships that would adversely affect their ability to serve the best interests of the Company and its stockholders. The goal is to ensure that the Board composition reflects a balance of skills,

## Edgar Filing: LABORATORY CORP OF AMERICA HOLDINGS - Form DEF 14A

experiences, diversity and expertise in the context of the Company's business needs. Director candidates, other than sitting directors, may be interviewed by the Chairman of the Nominating and Corporate Governance Committee, other directors, the Chief Executive Officer and/or other members of senior management. The results of those interviews, as well as any other materials received by the Nominating and Corporate Governance Committee that the Committee deems appropriate, are considered by the Committee in making its recommendation to the Board.

The Company paid a professional search firm to identify and assist the Nominating and Corporate Governance Committee in identifying, evaluating and conducting due diligence on potential nominees for board vacancies. Such firm identified and presented a number of possible board candidates to the Nominating and Corporate Governance Committee from which the Committee selected one nominee in 2005, Kerrii B. Anderson to stand for election at the next annual meeting of shareholders. The Nominating and Corporate Governance Committee is authorized to engage one or more firms, at the Company's expense, to provide similar services in the future.

In addition to finding prospective candidates for director through a professional search firm or upon recommendations received from non-management directors, the Nominating and Corporate Governance Committee will consider properly submitted nominations for Board candidates made by stockholders. A stockholder may recommend a person for nomination to the Board at the 2007 annual meeting of stockholders by giving notice thereof and providing certain information set forth in the Company's By-Laws, in writing, to the Corporate Secretary of the Company at 358 South Main Street, Burlington, NC 27215. Such nominations must be received no earlier than January 17, 2007 and no later than March 18, 2007. The By-laws may be obtained free of charge by writing to the Company's Corporate Secretary.

### **Communications with the Board**

Stockholders may communicate with the Board, individually or as a group by submitting written communications to the appropriately addressed Board member(s), c/o Corporate Secretary, Laboratory Corporation of America Holdings, 358 South Main Street, Burlington, North Carolina 27215.

Pursuant to the direction of the Board of Directors all communications received in accordance with the above procedure will be reviewed initially by the Corporate Secretary, who will relay all such communications to the appropriate director or directors unless the communication:

is an advertisement or other commercial solicitation or communication;

is obviously frivolous or obscene;

is unduly hostile, threatening, illegal; or

relates to trivial matters (which will be delivered to the intended recipient for review at the next regularly scheduled Board meeting).

The Director or directors who receive any such communication has the discretion to determine whether the subject matter of the communication should be brought to the attention of the full Board of Directors, to one or more of its committees or to the Company's management and whether or not a response to the person sending the communication is appropriate. Any response will be made through the Company's Corporate Secretary in accordance with the Company's policies and procedures and applicable law and regulations relating to the disclosure of information.

The Nominating and Corporate Governance Committee, comprised entirely of independent, non-management directors, has reviewed and approved the process for compliance with Section 303A.02 of the NYSE Listing Standards and has been delegated the responsibility by the full Board of Directors for reviewing the effectiveness of these procedures from time to time and, as necessary, recommending changes.

**Compensation of Directors**

850,000	176,800	265,200	353,600	442,000
1,000,000	208,000	312,000	416,000	520,000

- (1) The Retirement Plan, as supplemented by the Pension Equalization Plan, is a defined benefit pension plan designed, in conjunction with the Company's Pension Equalization Plan, to provide an employee having 25 years of credited service with an annuity equal to 52% of final average compensation less 50% of estimated individual Social Security benefits. The 25-year service requirement is effective January 1, 2004.
- (2) Highest consecutive five-year average base compensation during final ten years. No bonuses are considered. Compensation considered for this five-year average is reflected in the Summary Compensation Table under the heading Salary. Effective January 1, 2004, there is no longer a limit on the five-year average base compensation used to determine benefits in the Pension Equalization Plan.
- (3) Under the plans, the normal form of benefit for an unmarried participant is a life annuity with a guaranteed minimum payment for ten years (the ten year certain and life annuity). For a married participant, the normal form is a 50% joint and survivor annuity, which is actuarially equivalent to the normal form for an unmarried participant. The above tables are determined with regard to a ten year certain and life form of payment; thus, payment using a different form of payment, e.g. a 50% joint and survivor feature, would produce a different annual benefit.

Credited service is defined generally as all periods of employment with the Company, a participating subsidiary or with National Health Laboratories, Inc. or its subsidiaries prior to 1992, or RBL or an affiliate, after attainment of age 21 and completion of one year of service (age 25 and completion of one year of service if hired before January 1, 1985). Effective January 1, 2004, the one year of service requirement and the minimum age requirement are waived under the Pension Equalization Plan. Final average compensation is defined as average annual base salary during the five consecutive calendar years in which base salary was highest out of the last ten calendar years prior to normal retirement age or earlier termination. The Employee Retirement Income Security Act of 1974, as amended, places certain maximum limitations upon the annual benefit payable under all qualified plans of an employer to any one individual. The limitation solely with respect to defined benefit pension plans was \$170,000 for 2005 and will be subject to cost of living adjustments for future years. In addition, the Tax Reform Act of 1986 limits the amount of compensation that can be considered in determining the level of benefits under qualified plans. The applicable limit for 2005 was \$210,000. The Company believes that, with respect to certain employees, annual retirement benefits computed in accordance with the Retirement Plan's benefit formula may be greater than those which would be provided with regard to such qualified plan limitation. The Company's non-qualified, unfunded, Pension Equalization Plan is designed, in part, to provide for the payment of the difference, if any, between the amount of such maximum limitation and the annual benefit that would be payable under the Retirement Plans but for such limitation.

## Edgar Filing: LABORATORY CORP OF AMERICA HOLDINGS - Form DEF 14A

As of January 1, 2006, credited years of service under the Pension Equalization Plan for the following individuals are: Mr. Mac Mahon 9.0 years, Mr. Smith 24.0 years, Dr. Lai-Goldman 15.5 years, Mr. Novak 8.9 years, and Mr. King 4.3 years.

### Compensation Plans and Arrangement

On April 17, 1996, the Board of Directors approved the Master Senior Executive Severance Plan (the Severance Plan), which provides severance payments to certain key employees. The Severance Plan provides for severance payments of three times annual salary and targeted bonus then in effect for a change in control (as defined in the Severance Plan) and two times annual salary and targeted bonus then in effect for all other qualifying terminations for the President and Chief Executive Officer and the Executive Vice Presidents of the Company. The Severance Plan also provides severance payments of one times annual salary and targeted bonus then in effect for Senior Vice Presidents upon the occurrence of a qualifying termination. Qualifying termination is generally defined as involuntary termination without cause or voluntary termination with Good Reason, as defined. Good Reason is defined as a reduction in base salary or targeted bonus as a percentage of salary, relocation to an office location more than 75 miles from the employee's current office without consent of the employee, a material reduction in job responsibilities or transfer to another job without the consent of the employee. Good Reason does not include a reduction in base salary or targeted bonus where such reduction is pursuant to a Company-wide reduction of base salaries and/or targeted bonuses. In addition, the Severance Plan may not be amended or terminated within 36 months following a change in control, as defined.

On December 12, 2001, the Board of Directors approved the Company's Deferred Compensation Program under which certain of the Company's executives may elect to defer all or a portion of their annual Management Incentive Bonus and/or up to 50% of their annual base compensation. The Company has made appropriate amendments to this nonqualified deferred compensation plan to comply with the applicable legal and regulatory requirements of the American Jobs Creation Act of 2004.

On May 6, 2004, the Board of Directors approved the Senior Executive Transition Policy (the Transition Policy), which sets forth the policy regarding the treatment of awards made under the Company's stock incentive plans to certain senior executives in the event of a voluntary termination before age 65.

### Compensation Committee Report on Executive Compensation

The Compensation Committee of the Board of Directors (for the purposes of this section, the Committee), comprised entirely of independent directors, reviews and recommends to the full Board for its approval compensation and benefit policies and objectives; determines whether officers, directors and employees are compensated according to these policies and objectives; and carries out the board's responsibilities relating to the compensation of executives and directors as described above under Item One: Election of Directors. The charter of the Compensation Committee was last amended on December 10, 2003, and is attached hereto as Annex II.

The Committee retains an independent, outside compensation consultant to assist in evaluating the Company's executive compensation programs. The consultant reports directly to the Committee. In late 2004, a comprehensive review of the Company's current compensation strategy and long-term incentive program was conducted to ensure alignment with best practices, support of the Company's business strategy to ensure alignment with the interests of the Company's shareholders.

During 2005, the Committee held five meetings to review and evaluate executive and director compensation and benefit programs, including information provided to the Company by its independent compensation and benefit consultants.

*Executive Officer Compensation Policies.* The Committee's executive compensation policies are designed to (a) attract and retain the best individuals critical to the success of the Company, (b) motivate and reward such individuals based on corporate, business unit and individual performance, and (c) align executives' and stockholders' interests through equity-based incentives.

## Edgar Filing: LABORATORY CORP OF AMERICA HOLDINGS - Form DEF 14A

Compensation for executives is based on the following principles: variable compensation should comprise a significant part of an executive's compensation, with the percentage at-risk highest for the executive officers; both compensation opportunities provided to executive officers and the realizable values of those opportunities should significantly vary with performance achievements; an emphasis on stock-based compensation aligns the long-term interests of executive officers and stockholders; compensation opportunities for executive officers must be evaluated against those offered by companies similar in size and scope of operations; and differences in executive compensation within the Company should reflect varying levels of responsibility and/or performance.

A key reference in determining the overall levels of executive officer compensation is an assessment of pay practices within a group of public companies in the health care services industries that engage in diagnostics and genomic research that are comparable in size and scope to the Company (the peer group). Companies in the peer group were selected by the Committee based on recommendations from the Committee's independent compensation and benefit consultants. Some of these companies are included in the peer group used for stock price comparisons (see Common Stock Performance below). In 2004, the peer group was modified to include companies that focus on distribution and logistics to reflect the nature of the Company's core routine testing business. The changes to the peer group resulted in an overall reduction in the target long-term incentives granted to the Company's executive officers.

The Company provides its executive officers with perquisites that the Company believes to be competitive and consistent with the Company's overall executive compensation objectives. These perquisites include: car allowance, financial counseling, personal umbrella liability insurance, enhanced LTD insurance, health checkup allowance, home security system allowance and club membership allowance. These perquisites are not included in the Summary Compensation Table as the aggregate value is less than \$50,000.

*2005 Executive Officer Compensation.* There are three components to the Company's executive compensation program: base salary, annual incentive compensation, and long-term incentive compensation. At higher levels of seniority, we tie a greater portion of total compensation to the performance of the Company.

Base salaries are set by the Committee and are designed to be competitive with the peer group companies described above. Generally, the Committee targets salary levels of the executive officers at the median of the peer group, with any variations reflecting the individual's job experience and responsibility. Annual changes in base salaries are based on the peer group's practices, the Company's performance, the individual's performance, and increases in cost of living indexes. For 2005, the average salary increase for executive officers was 7 percent.

Under the Company's Management Incentive Bonus Plan, originally adopted by the stockholders in 1995, annual incentive compensation for executive officers is paid in the form of a cash bonus. Earned bonus amounts generally are based on the attainment of specific performance goals, which were approved by the Chair of the Committee at the beginning of the 2005. The primary measures used for executive officer bonuses in 2005 were earnings before interest, taxes, depreciation and amortization (EBITDA), days sales outstanding, revenue growth, customer retention, and certain other specific strategic measures. Each executive officer has a target bonus expressed as a percentage of salary. The Committee generally sets bonus opportunities so that total cash compensation for Executive Officers will approximate the peer group's 75th percentile if performance results warrant such an outcome.

The Company's annual performance in 2005 generally met the goals set by the Committee for the year, resulting in cash bonuses for executive officers that were generally at the target amount (see Summary Compensation Table page 10 for amounts paid to certain executive officers under the plan). These bonuses were less than the bonuses earned by the executive officers for 2004.

In 2005, the long-term incentive strategy was modified to include grants of stock options, performance awards, and restricted stock. These grants were made under the Company's 2000 Stock Incentive Plan (Stock Plan). The Committee believes that this new balanced program achieves all of the following: (1) delivers performance-based, at-risk compensation through stock options and performance shares, (2) aligns the executive officers with the interests of all shareholders, (3) provides adequate retention features through

restricted stock, and (4) aligns with the emerging practices of the market through the balanced program that emphasizes performance and addresses concerns related to shareholder dilution. LTI award values were determined so that total direct compensation levels (the combination of base salary, annual incentives and long-term compensation) of the executive officers aligned to the Company's pay philosophy against the market, if performance is met.

A description of the new program follows: a) Stock Options Generally, the Committee approves stock option grants at the beginning of the year with the size of grants determined by each executive officer's level of responsibility after comparison to the equity grant practices of the peer group. As provided in the Company's Stock Option Plans, stock options are granted with an exercise price equal to the Fair Market Value (as defined in the Company's Stock Option Plans) per share on the date of grant. As noted in prior reports, in 2002, the Committee set fixed share guidelines for the period 2002 through 2004. This approach was modified in late 2004 whereby the fixed share guidelines were re-calibrated and set for the two-year period 2005-2006; b) Restricted Awards These awards were made to the executive officers during 2005. Unlike the one-time grant of restricted stock awards in 2002 that represented the entire restricted stock opportunity for the three-year period from 2002 through 2004, beginning in 2005, restricted stock awards will be made on an annual basis. The grants will vest with respect to one-third of the restricted shares on the first anniversary of the date of grant and an additional one-third will vest on each of the second and third anniversaries of such date. Like stock options, fixed share guidelines were established in late 2004 for the two-year period 2005-2006; and c) Performance Awards These awards were made to the executive officers during 2005 and represent the entire performance stock opportunity for executive officers for the three-year period from 2005 through 2007. Performance targets were established by the Committee on February 23, 2005, and are based on the Company growth in sales and earnings per share (weighted 70% on earnings per share growth and 30% on sales growth) during the three-year performance period beginning January 1, 2005 and ending December 31, 2007. The number of performance shares that may be earned can range from 0% to 175%, with threshold, target and superior set at 50%, 100% and 175% of the performance shares awarded, respectively.

The mix among stock options, restricted stock and performance awards is such that an increasing amount of the expected value is delivered through restricted stock and performance awards. No stock option, performance or restricted stock award is made in the absence of satisfactory performance, which is evaluated by the Committee based on the executive's individual contribution to the long-term health and growth of the Company.

*2005 Chief Executive Officer Compensation.* The Committee reviewed Mr. Mac Mahon's base salary, annual incentive and long-term incentive compensation in the same manner as described above for other Executive Officers. The Committee increased Mr. Mac Mahon's base salary 5% from \$892,500 in 2004 to \$937,125 in 2005.

The Committee believes that under Mr. Mac Mahon's leadership as CEO the Company has achieved remarkable growth in both earnings and stockholder value. Mr. Mac Mahon's annual target bonus opportunity for 2005 was set at 150 percent of salary, the same as in 2004. Based on the Company's performance achievements during 2005, Mr. Mac Mahon received an annual bonus payment that was approximately 141% percent of his 2005 salary. This represented a decrease of approximately 17% percent from his 2004 earned bonus amount and resulted in total cash compensation for 2005 that was approximately 9% less than his total cash compensation for 2004.

The majority of Mr. Mac Mahon's compensation opportunity for 2005 was delivered through equity-based vehicles linked directly to the interests of stockholders. In 2005, Mr. Mac Mahon received an annual grant of 175,000 stock options, 120,900 performance shares, and 40,300 shares of restricted stock. The Committee determined the size of these grants after reviewing competitive equity grants at the new peer group and evaluating the performance of both the Company and Mr. Mac Mahon. The stock options and restricted stock will vest in equal one-third increments over a three-year period beginning on the first anniversary of the grant date. The stock options, if unexercised, will expire ten years from the date of grant, subject to their earlier termination. The performance awards will be earned at the end of the three-year period only if specific sales and

earning per share growth rates are achieved. The performance awards will vest 30 days following the availability of audited financial statements with respect to the three-year period beginning January 1, 2005 and ending December 31, 2007.

*Limit on Deductibility of Compensation.* Section 162(m) of the Internal Revenue Code limits the corporate federal income tax deduction for certain non-performance based compensation paid to the chief executive officer and each of the four highest paid employees of public companies to \$1 million per year. The Committee has carefully considered the Corporation's executive compensation program in light of the applicable tax rules. Accordingly, the Company's 2000 Stock Incentive Plan has been structured to meet the requirements of Section 162(m), and stockholders last approved the Plan in 2002. However, the Committee believes that tax-deductibility is but one factor to be considered in fashioning an appropriate compensation package for executives. As a result, the Committee reserves and will exercise its discretion in this area so as to serve the best interests of the Company and its stockholders.

**Section 16(a) Beneficial Ownership Reporting Compliance**

Section 16(a) of the Securities Exchange Act of 1934, as amended, (the Exchange Act ) requires the Company's Executive Officers, directors and persons who own more than 10% of the Company's equity securities to file reports on ownership and changes in ownership with the SEC and the securities exchanges on which its equity securities are registered. Additionally, SEC regulations require that the Company identify in its proxy statements any individuals for whom one of the referenced reports was not filed on a timely basis during the most recent fiscal year or prior fiscal years. To the Company's knowledge, based solely on a review of reports furnished to it, all Section 16(a) filing requirements applicable to its Executive Officers, directors and more than 10% beneficial owners were complied with, with two exceptions: i) Jean-Luc Bélingard, Wendy E. Lane, Robert E. Mittelstaedt, Arthur H. Rubenstein, Andrew G. Wallace, and M. Keith Weikel inadvertently reported late the stock portion of the non-employee director retainer of 33 shares of Common Stock issued to each director November 1, 2005, on Forms 4 filed on their behalf by the Company with the SEC on November 4, 2005, because of the Company's inadvertent oversight; and ii) Thomas P. Mac Mahon inadvertently reported late the sales transaction made November 1, 2005, (sale of 60,000 shares pursuant to a 10b5-1 trading plan) on Form 4 filed on his behalf by the Company with the SEC on November 4, 2005, because of the Company's inadvertent oversight.

**ITEM TWO: AMENDMENT TO THE LABORATORY CORPORATION OF AMERICA HOLDINGS**

**1995 STOCK PLAN FOR NON-EMPLOYEE DIRECTORS**

On April 10, 2006, the Board of Directors adopted the Stock Plan Amendment to the Laboratory Corporation of America Holdings 1995 Non-Employee Director Stock Plan (the Plan ) to extend the term thereof to June 30, 2011. The summary description herein of the principal features of the Plan as amended by the Stock Plan Amendment is qualified by reference to the Plan and the Stock Plan Amendment. The Stock Plan Amendment is attached hereto as Annex V. The Plan was originally adopted following approval at the annual meeting of the Company on September 20, 1995 and included in the 1995 Proxy Statement as Annex I. After the annual meeting of the Company on June 25, 1997, the Plan was amended to extend its expiration date through June 30, 2001 and to increase by 120,000 the number of shares available under the Plan. After the annual meeting of the Company on May 24, 2001, the Plan was amended to extend its expiration date through June 30, 2006. As of March 31, 2006, 77,105 shares had been issued under the Plan, and 52,895 shares were available for future issuance.

The purpose of the Plan is to promote the interests of the Company and its stockholders by increasing the proprietary and vested interest of non-employee directors in the growth and performance of the Company by granting such directors shares of Common Stock as part of their annual retainer fee. The Stock Plan Amendment will, subject to shareholder approval at the Annual Meeting, extend the expiration date of the Plan through June 30, 2011.

The Plan provides for the automatic payment of 50% of the annual retainer fee (currently \$40,000) for directors of the Company who are not employees of the Company ( Eligible Directors ) in the number of shares of Common Stock that results from dividing 50% of the retainer by the fair market value of such shares on the date or dates such retainer is to be paid. The shares of Common Stock to be delivered under the Plan will be made available from the authorized but unissued shares of Common Stock and prior to delivery will have been registered by the Company with the SEC on Form S-8 and upon registration will be freely tradeable, subject to applicable restrictions under Section 16 of the Exchange Act.

The Plan is administered by the Board of Directors. Subject to the provisions of the Plan, the Board shall be authorized to interpret the Plan, to establish, amend, and rescind any rules and regulations relating to it and to make all other determinations necessary or advisable for its administration; provided, however, that the Board shall have no discretion with respect to the selection of directors to receive shares of Common Stock or the timing or pricing of grants of shares of Common Stock. The determinations of the Board in the administration of

the Plan, as described herein, shall be final and conclusive. The Secretary of the Company shall be authorized to implement the Plan in accordance with its terms and to take such actions of a ministerial nature as shall be necessary to effectuate the intent and purpose thereof.

In the event of a stock split, stock dividend, subdivision or combination of the shares of Common Stock or other change in corporate structure affecting the shares of Common Stock, the number of shares of Common Stock authorized by the Plan shall be increased or decreased proportionately, as the case may be.

No award may be granted under the Plan after June 30, 2011.

The Plan may be amended by the Board as it shall deem advisable or to conform to any change in any law or regulation applicable thereto; provided, that the Board may not, except in the limited circumstances described above, without the authorization and approval of shareholders in any respect make any amendment that would require stockholder approval under Rule 16b-3 of the Exchange Act or state law.

**ITEM THREE: RATIFICATION OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM**

The Audit Committee of the Board of Directors has appointed PricewaterhouseCoopers LLP ( PricewaterhouseCoopers ) to audit the accounts of the Company for the year ending December 31, 2006. For the year ended December 31, 2005, the Company s accounts were audited by PricewaterhouseCoopers.

PricewaterhouseCoopers s report on the financial statements of the Company for the year ended December 31, 2005 did not contain an adverse opinion or a disclaimer of opinion and was not qualified or modified as to uncertainty, audit scope, or accounting principles.

To the knowledge of management and the Audit Committee, in connection with the audit of the Company s financial statements for the year ended December 31, 2005, there were no disagreements with PricewaterhouseCoopers on any matters of accounting principles or practices, financial statement disclosure, or auditing scope and procedure which, if not resolved to the satisfaction of PricewaterhouseCoopers, would have caused PricewaterhouseCoopers to make reference to the matter in its reports.

Representatives of PricewaterhouseCoopers will be present at the Annual Meeting with the opportunity to make a statement if they desire to do so and will be available to respond to appropriate questions.

## Edgar Filing: LABORATORY CORP OF AMERICA HOLDINGS - Form DEF 14A

Stockholder ratification of the appointment of PricewaterhouseCoopers as the Company's independent registered public accounting firm is not required by the Company's By-Laws or otherwise. The Board of Directors has elected to seek such ratification as a matter of good corporate practice. Should the stockholders fail to ratify the appointment of PricewaterhouseCoopers as the Company's independent registered public accounting firm for the year ending December 31, 2006, the Audit Committee will consider whether to retain that firm for such year.

### Principal Accountant Fees and Services

Aggregate fees for professional services rendered for the Company by PricewaterhouseCoopers as of or for the years ended December 31, 2005 and 2004, were:

	2005	2004
Audit Fees	\$ 1,122,000	\$ 1,186,000
Audit Related Fees		58,000
Tax Fees		3,000
All Other Fees		
<b>Total</b>	<b>\$ 1,122,000</b>	<b>\$ 1,247,000</b>

The *Audit Fees* for the years ended December 31, 2005 and 2004, respectively, were for professional services rendered (including reimbursement for out-of-pocket expenses) for the audits of the consolidated financial statements of the Company (\$1,057,000 and \$1,154,000) and the issuance of comfort letters, consents and review of documents filed with the SEC (\$65,000 and \$32,000). Audit fees also include fees for professional services rendered for the audits of (i) management's assessment of the effectiveness of internal control over financial reporting and (ii) the effectiveness of internal control over financial reporting.

The *Audit Related Fees* for the year ended December 31, 2004 were primarily for certain accounting consultations and for Section 404 pre-attestation advisory work.

*Tax Fees* for the year ended December 31, 2004, were for services related to tax compliance, tax planning and tax advice.

No amounts were paid for *All Other Fees* for the years ended December 31, 2005 and 2004, which would be for any services not included in the first three categories, including fees for software implementation/maintenance services, among others.

The Audit Committee has considered the other services rendered and believes that they are compatible with PricewaterhouseCoopers remaining independent.

The Audit Committee must approve, in advance, the provision by the Company's independent registered public accounting firm of all services, whether or not related to the audit. All of the services for which fees were paid as described in the above table were pre-approved by the Audit Committee.

**The Board of Directors of the Company recommends that stockholders vote FOR the ratification of the appointment of PricewaterhouseCoopers as the Company's independent registered public accounting firm for 2006.**

**AUDIT COMMITTEE S REPORT**

The Audit Committee of the Board of Directors, comprised entirely of non-management directors, held seven meetings during 2005. The Board of Directors considered the independence and financial literacy of each of the Audit Committee members, as set forth under the rules of the Listing Standards and the SEC and has concluded that its Audit Committee members satisfy the current requirements of the Listing Standards and the SEC. The Audit Committee of the Board of Directors further concluded that Wendy E. Lane is the audit committee financial expert as defined by SEC rules and has the accounting or related financial management expertise required by the Listing Standards.

The charter of the Audit Committee was last amended on December 7, 2004 and is attached hereto as Annex I.

The Audit Committee met with the independent registered public accountants, management, and internal auditors to assure that all were carrying out their respective responsibilities. The Audit Committee reviewed the performance and fees of the independent registered public accountants prior to recommending their appointment, and met with them to discuss the scope and results of their audit work, including the adequacy of internal controls and the quality of financial reporting. The Audit Committee discussed with the independent registered public accountants their judgments regarding the quality and acceptability of the Company's accounting principles, the clarity of its disclosures and the degree of aggressiveness or conservatism of its accounting principles and underlying estimates and other communications required by Statement of Accounting Standards No. 61, Communications with Audit Committees, as amended by SAS No. 90 Audit Committee Communications. The Audit Committee discussed with and received a letter from the independent registered public accountants confirming their independence, as required by Independence Standards Board Standard No. 1. Both the independent registered public accountants and the internal auditors had full access to the Audit Committee, including regular meetings without management present. Additionally, the Audit Committee reviewed and discussed the audited financial statements with management and recommended to the Board of Directors that these financial statements be included in the Company's Form 10-K for filing with the SEC.

As part of its duties, the Audit Committee also considers whether the provision of services other than audit services by PricewaterhouseCoopers LLP, the Company's independent registered public accounting firm, is compatible with maintaining the accountant's independence. As services other than audit services have not been provided, the Audit Committee has determined the registered public accounting firm's independence has been maintained. See Item Four: Ratification of Independent Registered Public Accounting Firm.

Management is responsible for the Company's financial reporting process, including its system of internal controls, and for the preparation of consolidated financial statements in accordance with generally accepted accounting principles. The Company's internal auditors are responsible to the Audit Committee for testing the integrity of the financial accounting and reporting control systems and such other matters as the Audit Committee and the Board determine. The Company's independent auditors are responsible for auditing those financial statements. The Audit Committee's responsibility is to monitor and review these processes. It is not the Audit Committee's responsibility to conduct auditing or accounting reviews or procedures. Therefore, the Audit Committee has relied, without independent verification, on (a) management's representation that the financial statements have been prepared with integrity and objectivity and in conformity with accounting principles generally accepted in the United States and (b) the representations of the independent auditors appearing in the auditor's report on the Company's financial statements.

Robert E. Mittelstaedt, Jr.

As permitted by the Exchange Act, we have adopted a procedure approved by the SEC called householding. Under this procedure, stockholders of record who have the same address and last name and do not participate in electronic delivery of proxy materials will receive only one copy of this proxy statement and annual report unless one or more of these stockholders provides notification of their desire to receive individual copies. This procedure will reduce our printing costs and postage fees. Stockholders who participate in householding will continue to receive separate proxy cards.

If you and other stockholders of record with whom you share an address currently receive multiple copies of annual reports and/or proxy statements, or if you hold stock in more than one account and in either case, you wish to receive only a single copy of the annual report or proxy statement for your household, please contact our transfer agent (in writing: American Stock Transfer and Trust Company, Shareholder Services, 6201 Fifteenth Avenue, Brooklyn, NY 11219; by telephone: 800-937-5449) with the names in which all accounts are registered.

If you participate in householding and wish to receive a separate copy of the 2005 annual report or this Proxy Statement, or if you wish to receive separate copies of future annual reports or proxy statements, please contact American Stock Transfer and Trust Company at the above address or phone number. We will deliver the requested documents to you promptly upon your request.
