REASONS FOR SOLICITATION

Western, together with the other participants in this solicitation, owns in the aggregate a total of 414,171 shares of Common Stock, representing approximately 6.1% of the issued and outstanding Common Stock. The Fund is seeking your permission to approve the New Management Agreement and the New Sub-Advisory Agreement. You are also being asked to elect five (5) Class I directors to the Board.

As discussed in further detail in the Fund's proxy statement, Lehman Brothers Holdings Inc. ("Lehman Brothers") has entered into an agreement to sell a controlling interest in the Fund's investment manager, NB Management, for what we expect to be a significant benefit. Both NB Management and New NB Management are affiliates of NB LLC. Under the agreement, Lehman Brothers would sell substantially all of its Neuberger Berman business and the fixed income business and certain alternative asset management businesses of Lehman Brother's Investment Management Division (collectively, the "Acquired Businesses") to a new company ("New NB LLC"), a majority of which would be owned, directly or indirectly, by portfolio managers, NB LLC's management team and certain key members and senior professionals of the former Investment Management Division (the "Proposed Acquisition"). The Acquired Businesses include NB Management and NB LLC, the investment manager and sub-adviser to the Fund, respectively (the Acquired Businesses, together with New NB LLC, "Neuberger Berman").

The Investment Company Act of 1940, as amended (the "1940 Act") requires an advisory agreement to provide for automatic termination in the event of its assignment. Accordingly, upon consummation of the Proposed Acquisition, the Fund's advisory agreements with NB Management and NB LLC will terminate. Therefore, the Fund must obtain stockholder approval for the New Management Agreement and the New Sub-Advisory Agreement. In addition, Neuberger Berman also provides investment management services to six other closed end funds, listed below (collectively, the "Closed-End Funds"), all of which will require stockholder approval similar to what is being requested here in connection with the Proposed Acquisition. These other Closed-End Funds are:

Neuberger Berman Dividend Advantage Fund Inc. (NDD)
Neuberger Berman Income Opportunity Fund Inc. (NOX)
Neuberger Berman Intermediate Municipal Fund Inc. (NBH)
Neuberger Berman New York Intermediate Municipal Fund Inc. (NBO)
Neuberger Berman High Yield Strategies Fund (NHS)
Neuberger Berman Real Estate Securities Income Fund Inc. (NRO)

We believe Neuberger Berman has failed stockholders in each of the other Closed-End Funds and, accordingly, as a stockholder in those funds, we intend to solicit proxies against the approval of new agreements involving Neuberger Berman and the Closed-End Funds.

We believe that the Proposed Acquisition will result in substantial economic benefit for Neuberger Berman, and we believe that stockholders of the Fund are entitled to receive an economic benefit as well before the Proposed Acquisition is consummated. In addition, given what we believe to be Neuberger Berman's horrible record, we seriously question whether Neuberger Berman should continue as the Fund's manager. Given the Fund's recent poor performance and its substantive discount to NAV, it seems clear to us that stockholders of the Fund are not receiving the economic benefits that they are entitled to receive. As recently as March 10, 2009, the Fund's closing price was down a significant 24% from its issue price of \$15.00 per Share. The Fund has also traded at a consistent and excessive discount to NAV.

By rejecting the New Management Agreement and New Sub-Advisory Agreement, you can send a message that stockholders will not accept Neuberger Berman as the Fund’s manager. By electing the Nominees you can ensure that the Board will have directors who are committed to obtaining the best investment manager available.

Neuberger Berman has a history of failing to administer closed-end funds properly

Stockholders are being asked to approve the New Management Agreement and New Sub-Advisory Agreements that contain the same terms as the Fund’s predecessor agreements (the “Existing Agreements”), which would maintain Neuberger Berman as the Fund’s investment manager.

Consider some of Neuberger Berman’s failures relating to its management of NBW and its other closed-end funds:

- Under Neuberger Berman’s management, NBW has significantly trailed the comparable Vanguard Intermediate-Term Tax-Exempt Fund (“Vanguard Benchmark”) for every applicable period, as shown below.

	1 Year	3 Years	5 Years	Since NBW Inception
NBW	-3.2%	0.85%	2.71%	1.97%
Vanguard Benchmark	2.88%	3.54%	2.99%	3.17%

- Neuberger Berman neglected to inform the New York Stock Exchange that a sister fund to NBW had declared a special dividend, resulting in problems for stockholders including the possible failure of stockholders to receive the special dividend. We are not aware of an investment manager making this same mistake in the 14 years we have been investing in closed-end funds.
- It took Neuberger Berman nearly eight months following the collapse of the auction preferred share market to address the illiquidity of the preferred shares of its closed-end funds. By then, Neuberger Berman was only able to redeem half of its outstanding auction preferred shares.
- For years, Neuberger Berman operated, and collected fees from stockholders of, three closed-end funds, each with similar investment philosophies. We believed stockholders of those funds would have been better served if the funds were consolidated. After our attempts to convince Neuberger Berman of the benefits of consolidation were dismissed, we had no choice but to challenge Neuberger Berman over such waste. Of course, Neuberger Berman and members of this Board delayed action, at stockholders’ expense, only to eventually concede the benefits of consolidation and present a plan of merger to stockholders. Needless to say, stockholders overwhelmingly approved the plan of consolidation and merger of two of the funds.
 - In response to a stockholder initiated tender offer for another Neuberger Berman closed-end fund, Neuberger Berman, and members of this Board, reacted by instituting a poison-pill, opting into the Maryland control share statute and filing a lawsuit against the stockholder. Two years and millions of dollars of stockholder assets later, Neuberger Berman settled with the stockholder and permitted the stockholders of that closed-end fund to tender, which nearly 60% did. Interestingly, during the course of the litigation, a federal magistrate judge found that Neuberger Berman had actually overspent on legal fees by nearly 200%.

DO YOU WANT NEUBERGER BERMAN TO BE NBW’S FUND MANAGER? In the current difficult economic environment, Western Investment believes NBW needs a significantly better investment manager.

Given Neuberger Berman’s abysmal track record, we again ask whose interests is this Board serving by approving the New Agreements, which provide Neuberger Berman with significant economic benefits. Time and again, Neuberger Berman has demonstrated that, when choosing between actions that could benefit stockholders versus actions that benefit Neuberger Berman, its choice is clear – Neuberger Berman.

To us, to ask stockholders to approve agreements that provide Neuberger Berman with significant economic benefits, seems especially galling. We believe voting against the New Agreements will send a message that stockholders are unwilling to settle for the substandard investment management Neuberger Berman has continuously provided.

We believe Neuberger Berman’s management of the Fund’s performance has been abysmal

Even in these difficult economic times, an investment in the Fund stands out for being truly horrible. For the period ended March 31 over the past one, three and five years, NBW has had an annualized return of –3.2%, 0.85% and 2.71%, respectively, significantly trailing the comparable Vanguard Benchmark in each period. Even more striking, the Fund’s issue price in October 2002 was \$15.00 per share. Its closing stock price in March 2009 was as low as \$11.40 per Share, an approximate 24% decline since inception. As the Fund’s Annual Report noted, the Fund performance has “trailed [its] Barclays Capital 10-Year Municipal Bond Index benchmark” and the Fund’s use of leverage “undermined performance relative to the benchmark.”

We believe Neuberger Berman failed to address the Fund’s unacceptable NAV discount

To add insult to injury, in addition to the Fund’s horrible performance, the Fund has consistently had a significant discount to net asset value, or NAV. We believe the fair value of a share of common stock of a closed-end fund should be its NAV, or a value very close. It is important that a closed-end fund maintains a per share value at or close to NAV because, when stockholders sell their shares at a steep discount to NAV, as well as in the case of the Fund, most likely at a significant loss, they are forced to leave behind a sizeable portion of the value underlying those shares.

The table below shows the discount of NBW’s stock price to its NAV, on a quarterly basis, since shortly after its inception in 2002:

Quarter Ending	NAV Discount
December 31, 2002	(9.15)
March 31, 2003	(3.18)

September 30, 2008	(14.10)
December 31, 2008	(18.33)
March 31, 2009	(9.97)

In fact, in October 2008, the discount to NAV was a shocking 33.69%. It is Western's belief that almost any stockholder who has ever sold Common Stock has been economically harmed by the severe discount to NAV. We believe this Board has not fulfilled its fiduciary duty to stockholders because it did not take the steps outlined in the Fund's original offering materials that could make the market price of the Common Stock and the Fund's discount to NAV equal.

When compared to its peers, NBW's NAV discount is abysmal, ranking in the bottom 10% of its peers.

In fact, this Board's failure to take actions to address the Fund's NAV discount is costing stockholders money. For example, if this Board had engaged in weekly share repurchases of 20% of the Fund's weekly trading volume at any time the stock had traded at a greater than 3% discount (assuming buybacks at an average discount of 10.21%) then the percentage increase in the Fund's NAV would have been nearly 16%.¹ This translates into a net asset value of approximately \$15.63 per Share, approximately 17% greater than the Fund's current net asset value per Share. We believe coordinated stock repurchases pose no risk to the Fund and provides significant benefits to stockholders. We have had numerous conversations with Neuberger Berman over the past several years urging them to implement those accretive purchases, all to no avail. We wonder, why has this Board not executed such a simple plan?

We believe the Board has failed to deliver on its promise to attempt to reduce the Fund's discount to net asset value

We find it even more troubling that NBW has consistently traded at a significant discount to its NAV despite the Board's promise to consider taking action to reduce the NAV discount if the discount were to be substantial for an extended period of time. Given the Fund's historical discount, it is clear to us that this has been a broken promise. The Board may point to a recently announced proposed 10% tender offer, as well as future possible tenders ranging in size from 5% to 20% of outstanding Common Stock over a two-year period. We believe this conditional tender proposal is only being proposed as an inducement to encourage stockholders to vote to approve the New Agreements. We believe this inducement is not adequate. We are also concerned that the Board may change its mind. We note that the fund has stated that "[t]he Board retains the ability consistent with its fiduciary duty, to opt out of the Tender Offer

Program should circumstances arise in which the Board believes that the Tender Offer Program would cause a material negative impact on its fund or fund stockholders.” If the New Agreements are approved, what assurance do we have that even these miserly possible 5% tenders will even occur? As stockholders of the Fund, we have no confidence that the New Agreements will address the severe discount to NAV at which the Fund has historically traded.

¹ For additional information regarding this type of stock repurchase, please see Schedule I.

Our interests are aligned with yours

Western and the other participants in this solicitation are significant investors in NBW and we remain committed to our investment in the Fund. We are currently one of the Fund's largest stockholders – if our investment in NBW prospers, so does yours. The object and intent of our solicitation is clearly aligned with the interests of all stockholders – to create value and improve performance and to ensure that stockholders have the best investment manager for their investment in NBW.

Neuberger Berman on the other hand seems oblivious to the plight of stockholders. Not only has Neuberger Berman let the Fund's discount to NAV reach double-digits, it has failed to take action to clearly address this problem.

The Fund's Board, however, has found that the benefits to be received by Neuberger Berman under the New Agreements are reasonable in comparison with the benefits accruing to the Fund and its stockholders, despite the fact that stockholders are held captive in a poorly performing fund by the excessive discount to NAV. Members of the Board annually collect \$150,000 or more in fees from Neuberger Berman yet as a group own less than \$10,000 in Common Stock. We ask stockholders, does this seem like a Board that is incentivised to act with stockholders' best interests in mind?

We believe that a Board who truly had the best interests of stockholders in mind would have taken effective action, long before the Proposed Acquisition. We also note that NBW has frequently been among the worst of all closed-end funds in terms of discount to NAV and that the Fund has frequently traded in the bottom 10% of all closed-end funds in terms of discount to NAV. In fact, of the 259 publicly traded closed-end municipal bond funds currently registered with the Securities and Exchange Commission, during the over six-year period from February 28, 2003 to April 10, 2009, NBW was in the bottom 10% by largest average discount for such period. In this market and economic environment, stockholders NEED a top investment manager. We do not believe Neuberger Berman is that manager.

STOCKHOLDERS ARE ENTITLED TO A BOARD THAT WILL ACT IN THEIR BEST INTERESTS. AS STOCKHOLDERS WITH REAL OWNERSHIP IN NBW, OUR INTERESTS ARE ALIGNED WITH YOURS – IF OUR INVESTMENT IN THE FUND PROSPERS, SO DOES YOURS. WE BELIEVE THAT REJECTING THE NEW MANAGEMENT AGREEMENT SENDS AN IMPORTANT MESSAGE TO THE FUND THAT STOCKHOLDERS ARE UNWILLING TO APPROVE NEW AGREEMENTS THAT REWARD NEUBERGER BERMAN'S POOR PERFORMANCE.

PROPOSAL NO. 1

APPROVAL OF NEW MANAGEMENT AGREEMENT

As discussed in further detail in NBW's proxy statement, stockholders are being asked to approve a new management agreement between the Fund and New NB Management. A general description of the proposed New Management Agreement and a general comparison of the proposed New Management Agreement and the Fund's existing management agreement are included in NBW's proxy statement. See the section entitled PROPOSAL 1: (ALL FUNDS) APPROVAL OF THE NEW MANAGEMENT AGREEMENTS in the Fund's proxy statement for additional information regarding the New Management Agreement.

For the reasons stated above, we do not believe approval of the New Management Agreement is in the best interests of stockholders.

Voting AGAINST the approval of the New Management Agreement sends a message to the Board that stockholders want the Fund to implement an effective plan to substantially reduce the Fund's NAV discount

We are concerned that if stockholders approve the New Management Agreement, the Fund's poor performance and discount to NAV will continue to persist. We believe the Annual Meeting provides stockholders with the perfect opportunity to send a message to the Board that they want to terminate the relationship with Neuberger Berman. Because the Fund needs a majority of the outstanding voting securities of the Fund to approve the New Management Agreement, we believe the Annual Meeting presents a unique opportunity for stockholders to take charge of their investment and deny the Fund the approval it seeks until action is taken to ensure stockholders receive the full value of their investment in the Fund.

SEND A MESSAGE TO THE BOARD THAT YOU ARE DISSATISFIED WITH THEIR EFFORT TO REDUCE THE FUND'S DISCOUNT TO NAV – VOTE AGAINST THE PROPOSAL TO APPROVE THE NEW MANAGEMENT CONTRACT BETWEEN THE FUND AND NEW NB MANAGEMENT.

PROPOSAL NO. 2

APPROVAL OF NEW SUB-ADVISORY AGREEMENT

As discussed in further detail in NBW's proxy statement, stockholders are being asked to approve a new sub-advisory management agreement, with respect to the Fund, between New NB Management and NB LLC (or New NB LLC).

For the reasons stated above, we do not believe approval of the New Sub-Advisory Agreement is in the best interests of stockholders.

SEND A MESSAGE TO THE BOARD THAT YOU ARE DISSATISFIED WITH NEUBERGER BERMAN'S INVESTMENT PERFORMANCE – VOTE AGAINST THE PROPOSAL TO APPROVE THE NEW SUB-ADVISORY CONTRACT.

PROPOSAL NO. 3

ELECTION OF DIRECTORS

Western proposes to elect Arthur D. Lipson, Matthew S. Crouse, William J. Roberts, Gary G. Schlarbaum and Robert A. Wood as nominees (together, the “Nominees”) to the Board. The Nominees must be elected by the holders of a majority of NBW’s outstanding Common Stock and Preferred Stock voting together as a single class.

In addition to rejecting approval of the New Agreements, we are seeking your support at the Annual Meeting to elect the Nominees in opposition to NBW’s director nominees. For the reasons stated above, we do not believe the current Board has the ability to take the actions we feel are necessary in order to maximize stockholder value. We believe that our Nominees have extensive experience in private and public investment, a history of outstanding investment records, and have outstanding credentials. If elected, the Nominees will promptly work to maximize value by, among other things, eliminating the discount to NAV and giving stockholders the ability to exit the Fund at, or close to NAV.

OUR NOMINEES

The following information sets forth the name, age, business address, present principal occupation, and employment and material occupations, positions, offices, or employments for the past five years of each of our Nominees.

Arthur D. Lipson (Age 66) has been managing private investment partnerships since 1995. He has been the sole managing member of Western, a Delaware limited liability company, which has acted as the general partner, managing member or investment manager, as the case may be, of private investment partnerships in certain funds since 1997. Western specializes in investing in undervalued companies. Mr. Lipson has additional substantial experience in sales and trading and research, including previously heading all fixed income research for Lehman Brothers and for Paine Webber, was a known leader in the industry, and created, among other things, the Lehman Brothers bond indices. **Mr. Lipson, by virtue of the relationships described in further detail in the “OTHER PARTICIPANT INFORMATION” section below, may be deemed an “interested person” of the Fund within the meaning of Section 2(a)(19) of the Investment Company Act of 1940, as amended.

None of the Nominees, their affiliates or any other related persons, has, during the past 5 years, held any position, including as an officer, employee, director or general partner, with (i) the Fund, (ii) any investment company, or any person that would be an investment company but for the exclusions provided by Sections 3(c)(1) and (c)(7) of the Investment Company Act of 1940, as amended (the "1940 Act"), having the same investment adviser, principal underwriter or Sponsoring Insurance Company (as such item is defined in the 1940 Act) or under the control of such investment adviser, principal underwriter or Sponsoring Insurance Company, as the Fund, (iii) the Fund's investment adviser, principal underwriter or Sponsoring Insurance Company and (iv) any person, directly or indirectly controlling, controlled by, or under common control of the Fund's investment adviser, principal underwriter, or Sponsoring Insurance Company.

Since the beginning of the Fund's last two completed fiscal years, no officer of an investment adviser, principal underwriter, or Sponsoring Insurance Company, of the Fund, or of a person directly or indirectly controlling, controlled by, or under common control thereby, serves, or has served, on the board of directors of a company of which a Nominee is an officer.

Since the beginning of the Fund's last two completed fiscal years, no Nominee or any of his associates was a party to any transaction, or series of similar transactions or is a party to any currently proposed transaction, or series of similar transactions, in which the amount involved exceeded or is to exceed \$120,000, to which (i) the Fund, (ii) any of its officers, (iii) any investment company, or officer thereof, or any person, or officer thereof, that would be an investment company but for the exclusions provided by Sections 3(c)(1) and (c)(7) of the 1940 Act, having the same investment adviser, principal underwriter or Sponsoring Insurance Company or under the control of such investment adviser, principal underwriter or Sponsoring Insurance Company, as the Fund, (iv) the Fund's investment adviser, principal underwriter or Sponsoring Insurance Company, or officer thereof, (v) any person, or officer thereof, directly or indirectly controlling, controlled by, or under common control of the Fund's investment adviser, principal underwriter, or Sponsoring Insurance Company, was or is to be a party.

The information provided above has been furnished to Western by the Nominees.

There can be no assurance that the election of our Nominees will improve the Fund's business or otherwise enhance stockholder value. Your vote to elect the Nominees will have the legal effect of replacing the five incumbent directors of the Fund with our Nominees.

Other than as stated herein, the Nominees will not receive any compensation from Western for their services as directors of the Fund, nor are there any arrangements or understandings between Western and any of the Nominees or any other person or persons pursuant to which the nomination described herein is to be made, other than the consent by each of the Nominees to be named in this proxy statement and to serve as a director of the Fund if elected as such at the Annual Meeting. None of the Nominees is a party adverse to the Fund or any of its subsidiaries or has a material interest adverse to the Fund or any of its subsidiaries in any material pending legal proceedings.

Western does not expect that the Nominees will be unable to stand for election, but, in the event that such persons are unable to serve or for good cause will not serve, the Shares represented by the enclosed GOLD proxy card will be voted for substitute nominees. In addition, Western reserves the right to nominate substitute persons if the Fund makes or announces any changes to its bylaws or takes or announces any other action that has, or if consummated would have, the effect of disqualifying the Nominees. In any such case, Shares represented by the enclosed GOLD proxy card will be voted for such substitute nominees. Western reserves the right to nominate additional persons if the Fund increases the size of the Board above its existing size, increases the number of directors whose terms expire at the Annual Meeting or calls a meeting to fill any vacancies on the Board. Additional nominations made pursuant to the preceding sentence are without prejudice to the position of Western that any attempt to increase the size of the current Board or to reconstitute or reconfigure the current Board constitutes an unlawful manipulation of the Fund's corporate machinery.

YOU ARE URGED TO VOTE FOR THE ELECTION OF WESTERN'S NOMINEES ON THE ENCLOSED GOLD PROXY CARD.

We are not aware of any other proposals to be brought before the Annual Meeting. However, we intend to bring before the Annual Meeting such business as may be appropriate, including without limitation nominating additional persons for directorships, or making any proposals as may be appropriate to address any action of the Board not publicly disclosed prior to the date of this proxy statement. Should other proposals be brought before the Annual Meeting, the persons named as proxies in the enclosed GOLD proxy card will vote on such matters in their discretion.

VOTING AND PROXY PROCEDURES

Only stockholders of record on the Record Date will be entitled to notice of and to vote at the Annual Meeting. Holders of the Common Stock and Preferred Stock voting together as a single class are entitled to one vote per share on all business of the Annual Meeting including any adjournment or postponement thereof. Stockholders who sell their Shares before the Record Date (or acquire them without voting rights after the Record Date) may not vote such Shares. Stockholders of record on the Record Date will retain their voting rights in connection with the Annual Meeting even if they sell such Shares after the Record Date. Based on publicly available information, Western believes that the only outstanding classes of securities of NBW entitled to vote at the Annual Meeting are the Shares.

Stockholders, including those who expect to attend the Annual Meeting, are urged to vote their Shares today by following the instructions for voting detailed on the enclosed GOLD proxy card.

Authorized proxies will be voted at the Annual Meeting as marked and, in the absence of specific instructions, will be voted AGAINST the New Agreements and FOR the election of Western's Nominees.

We are asking you to vote AGAINST the New Agreements and FOR the election of Western's Nominees. The enclosed GOLD proxy card may only be voted for our Nominees and does not confer voting power with respect to the Fund's nominees. Stockholders should refer to the Fund's proxy statement for the names, backgrounds, qualifications and other information concerning the Fund's nominees. The participants in this solicitation intend to vote all of their Shares for the election of Western's Nominees and will not vote their Shares in favor of any of NBW's director nominees.

QUORUM; ADJOURNMENT

The presence, in person or by proxy, of stockholders entitled to vote one-third of the shares outstanding and entitled to vote at the Annual Meeting is required for a quorum.

If a quorum is not present at the Annual Meeting, the persons named as proxies may propose one or more adjournments of such meeting to permit further solicitation of proxies. Subject to the rules established by the Chairman of the Annual Meeting, the holders of a majority of the Shares present in person or by proxy may vote to adjourn, or, if no stockholder entitled to vote is present in person or by proxy, any officer present entitled to preside or act as secretary of the Annual Meeting may adjourn the Annual Meeting. In the former case, the persons named as proxies will vote those proxies that they are entitled to vote "FOR" or "AGAINST" any proposal and those proxies they are required to "WITHHOLD" on all nominees in their discretion. If a quorum is present at the Annual Meeting, the Chairman of the meeting may adjourn the Annual Meeting if sufficient votes are not received or for any other purpose. A stockholder vote may be taken on the nominations in this Proxy Statement prior to any such adjournment if sufficient votes have been received and it is otherwise appropriate. The Board may also postpone the Annual Meeting prior to the Annual Meeting with notice to stockholders entitled to vote or to receive notice of the Annual Meeting.

VOTES REQUIRED FOR APPROVAL

Vote required for the election of directors. The election of directors requires the affirmative vote of a majority of the Fund's outstanding Common Stock and Preferred Stock, voting together, provided a quorum is present.

Vote required to approve the New Management Agreement and New Sub-Advisory Agreement. The approval of the New Agreements requires the affirmative vote of a “majority of the outstanding voting securities” of the Fund. Under the 1940 Act, the vote of a “majority of the outstanding voting securities” means the affirmative vote of the lesser of (a) 67% or more of the shares present at the meeting or represented by proxy if the holders of 50% of the outstanding shares are present or represented by proxy or (b) more than 50% of the outstanding voting shares.

Except as otherwise indicated herein, all of the outstanding shares of the Common Stock and Preferred Stock will vote together as a single class.

ABSTENTIONS; BROKER NON-VOTES

A broker non-vote occurs when the broker returns a properly executed proxy for shares held by the broker for a customer but does not vote on a matter because the broker does not have discretionary voting authority. Abstentions and broker non-votes, if any, will be counted as shares present for purposes of determining whether a quorum is present but will not be voted for or against any proposal. Abstentions and broker non-votes will have the effect of a vote against the Proposals.

In tallying stockholder votes, abstentions and “broker non-votes” (i.e., shares held by brokers or nominees as to which instructions have not been received from the beneficial owners or the persons entitled to vote and either (i) the broker or nominee does not have discretionary voting power or (ii) the broker or nominee returns the proxy but expressly declines to vote on a particular matter) effectively will be a vote against the election of the Directors.

Pursuant to the rules of the NYSE, shares of preferred stock of NBW with reset features of one year or less may be voted under certain conditions by broker-dealer firms and counted for purposes of establishing a quorum of the Fund if no instructions are received by the date specified in the broker-dealer’s statement accompanying the proxy materials. These conditions include, among others, that (i) at least 30% of the Preferred Stock outstanding have voted on the proposal, and (ii) less than 10% of the Preferred Stock outstanding have voted against such proposal. If these conditions are met, the broker-dealer firm may vote such uninstructed Preferred Stock on the proposal in the same proportion as the votes cast by all Preferred Stock voted on such proposal. The Fund will include Preferred Stock held of record by broker-dealers as to which such authority has been granted in its tabulation of the total number of shares present for purposes of determining whether the necessary quorum of stockholders of the Fund exists.

REVOCACTION OF PROXIES

Stockholders of NBW may revoke their proxies at any time prior to exercise by attending the Annual Meeting and voting in person (although attendance at the Annual Meeting will not in and of itself constitute revocation of a proxy), by delivering a later-dated proxy by Internet, by telephone or by mail, or by delivering a written notice of revocation. The delivery of a later-dated proxy that is properly completed will constitute a revocation of any earlier proxy. The revocation may be delivered either to Western in care of Innisfree M&A Incorporated at the address set forth on the back cover of this proxy statement or to Neuberger Berman California Intermediate Municipal Fund Inc. at 605 Third Avenue, 2nd Floor, New York, New York 10158-0180 or any other address provided by NBW. Although a revocation is effective if delivered to NBW, Western requests that either the original or photostatic copies of all revocations be mailed to Western in care of Innisfree M&A Incorporated at the address set forth on the back cover of this proxy statement so that Western will be aware of all revocations and can more accurately determine if and when proxies have been received from the holders of record on the Record Date of a majority of the outstanding Shares. Additionally, Innisfree M&A Incorporated may use this information to contact stockholders who have revoked their proxies in order to solicit later-dated proxies for the election of the Nominees and approval of other proposals described herein.

IF YOU WISH TO VOTE FOR THE ELECTION OF THE NOMINEES TO THE BOARD AND AGAINST THE APPROVAL OF THE NEW MANAGEMENT AGREEMENTS, PLEASE VOTE YOUR SHARES BY TELEPHONE OR INTERNET, AS DESCRIBED IN THE ENCLOSED GOLD PROXY CARD, OR BY SIGNING, DATING AND RETURNING PROMPTLY THE ENCLOSED GOLD PROXY CARD, IN THE POSTAGE-PAID ENVELOPE PROVIDED.

WIHP, WITRP, WITRL, BPIP and BPP have separately agreed to reimburse Western on a pro rata basis for these expenses. Because Western believes that NBW's stockholders will benefit from the Solicitation (defined below), Western intends to seek reimbursement from NBW, to the fullest extent permitted by law, of all expenses it incurs in connection with the Solicitation. STOCKHOLDER PROPOSALS

The Fund's bylaws require stockholders wishing to nominate directors or make proposals to be voted on at the Fund's annual meeting to provide notice of the nominations or proposals in writing delivered or mailed by first class United States mail, postage prepaid, to the Secretary of the Fund. To be valid, the notice must include all of the information specified in the applicable Fund's bylaws. Stockholder proposals meeting tests contained in the SEC's proxy rules may, under certain conditions, be included in a Fund's proxy material for a particular annual stockholder meeting. Proposals submitted for inclusion in a Fund's proxy material for the 2010 annual meeting of the Fund's stockholders must be received by the secretary of the Fund on or before December 5, 2009. The fact that the Fund receives a stockholder proposal in a timely manner does not ensure its inclusion in its proxy material, since there are other requirements in the proxy rules relating to such inclusion. Stockholders who wish to make a proposal that would not be included in a Fund's proxy materials or to nominate a person or persons as a director at a Fund's 2010 annual meeting of stockholders must ensure that the proposal or nomination is delivered to the secretary of the Fund no earlier than November 5, 2009 and no later than December 5, 2009. However, if the date of the mailing of the notice for the 2010 annual meeting is advanced or delayed by more than thirty days from the anniversary date of the mailing of this year's notice for the annual meeting or a special meeting of stockholders is held, notice by the stockholders to be timely must be delivered no earlier than 120th day prior to the date of such meeting, and no later than the later to occur of (i) the 90th day prior to the date of such meeting or (ii) the 10th day following the day on which public announcement of the date of such meeting is first made by the Fund. The proposal or nomination must be in good order and in compliance with all applicable legal requirements, including the requirements set forth in the Fund's bylaws. The Chairman of the meeting may refuse to acknowledge a nomination or other proposal by a stockholder that is not made in the manner described above.

The information set forth above regarding the procedures for submitting stockholder nominations and proposals for consideration at the Fund's 2010 annual meeting of stockholders is based on information contained in the Fund's proxy statement. The incorporation of this information in this proxy statement should not be construed as an admission by us that such procedures are legal, valid or binding.

SCHEDULE I

Impact of Share Buy Back on Net Asset Value

Neuberger Berman California Intermediate Municipal Fund Inc. (NBW)

Impact of Share BuyBack on NAV						
Percentage of volume purchased	Number of shares bought back	% of outstanding shares bought back	Weighted average buyback discount	% NAV accretion	NAV with buyback accretion	
0%	-	0.00%	-10.21%	0.00%	\$13.48	
5%	1,037,168	15.25%	-10.21%	1.84%	\$13.73	
15%	3,111,505	45.76%	-10.21%	8.61%	\$14.64	
20%	4,148,673	61.02%	-10.21%	15.97%	\$15.63	
25%	5,185,842	76.27%	-10.21%	32.80%	\$17.90	
32%	6,637,877	97.63%	-10.21%	419.57%	\$70.04	

Impact of Share BuyBack on Per-Share Return on Equity (ROE)						
Percentage of trading volume purchased	\$ NAV Accretion	Gross \$ earnings increase (\$ NAV Accretion x ROE)	Per-share expense increase	Net EPS increase after fees	EPS after buyback	
0%	-	-	-	\$0.000	\$0.809	
5%	\$0.25	\$0.015	\$0.008	\$0.007	\$0.816	
15%	\$1.16	\$0.070	\$0.037	\$0.032	\$0.841	
20%	\$2.15	\$0.129	\$0.070	\$0.060	\$0.868	
25%	\$4.42	\$0.265	\$0.143	\$0.123	\$0.931	
32%	\$56.56	\$3.393	\$1.826	\$1.568	\$2.376	

Basic assumptions

NBW NAV (04/09/09)	\$13.48
Expected portfolio ROE	6%
Base \$/share ROE = NAV x Expected ROE	\$0.809

This analysis assumes the company buys back a fixed percentage (5%-32%) of the trading volume each week at the weekly discount when the weekly discount is 3% or greater. Buying back shares at a discount results in NAV accretion --- increased NAV per share.

The ROE analysis assumes a 6% base ROE. Given an increased NAV per share and a positive expected return on that NAV, the expected ROE per share increases as well (= % NAV increase * ROE). This is only partially offset by per-share expense increases due to allocation of fixed costs over a smaller number of shares.

The expense analysis and assumptions associated with share reductions are derived from the most recent publicly available financials and are listed on the next page.
