PROXY STATEMENT

The enclosed proxy is being solicited by the Board of Directors of CH Energy Group, Inc. (the "Corporation") for use in connection with its Annual Meeting of Shareholders to be held on April 27, 2004 (the "Annual Meeting"). This proxy statement and enclosed proxy are being sent to the Corporation's shareholders on or about March 3, 2004. The mailing address of the principal executive office of the Corporation is 284 South Avenue, Poughkeepsie, New York 12601-4879.

The Corporation is the holding company parent of Central Hudson Gas & Electric Corporation ("Central Hudson") and Central Hudson Enterprises Corporation ("CHEC"), and their respective subsidiaries.

SHAREHOLDERS ENTITLED TO VOTE

The record of shareholders entitled to notice of, and to vote at, the Annual Meeting was taken at the close of business on March 1, 2004. At that date, there were 15,762,000 shares of common stock (\$0.10 par value) of the Corporation ("Common Stock") outstanding. Each share of Common Stock is entitled to one vote. No other class of securities is entitled to vote at the Annual Meeting.

PROXIES

HOW YOU CAN VOTE

Shareholders of record can give a proxy to be voted at the Annual Meeting (i) by telephone, (ii) electronically, using the Internet, at <http://www.eproxyvote.com/chg>, or (iii) by mail. Shareholders who hold their shares in "street name" must vote their shares in the manner prescribed by their brokers.

The telephone and Internet voting procedures have been set up for shareholder convenience and have been designed to authenticate shareholder identity, to allow shareholders to give voting instructions, and to confirm that those instructions have been recorded properly. If shareholders of record wish to vote by proxy by telephone or by using the Internet, please refer to the specific instructions set forth on the enclosed proxy. If shareholders wish to vote using a paper format and return their signed proxy before the Annual Meeting, their shares will be voted as directed.

Whether shareholders choose to vote by telephone, electronically using the Internet, or by mail, they can specify whether their shares should be voted for the Board of Directors' nominees for Director, as shown on the proxy.

Edgar Filing: CH ENERGY GROUP INC - Form DEF 14A

IF SHAREHOLDERS DO NOT SPECIFY ON THEIR PROXY (OR WHEN GIVING THEIR PROXY BY TELEPHONE OR BY USING THE INTERNET) HOW THEY WANT TO VOTE THEIR SHARES, IT IS THE INTENTION OF THE PERSONS NAMED ON THE PROXY TO VOTE "FOR" THE ELECTION OF THE NOMINEES FOR DIRECTOR AS SET FORTH UNDER "PROPOSAL NO. 1--ELECTION OF DIRECTORS" HEREIN. ABSTENTIONS AND BROKER NON-VOTES ARE VOTED NEITHER "FOR" NOR "AGAINST" AND HAVE NO EFFECT ON THE VOTE BUT ARE COUNTED IN THE DETERMINATION OF A QUORUM.

REVOCATION OF PROXIES

A shareholder may revoke his or her proxy at any time before it is exercised in any of three ways:

- (a) by submitting written notice of revocation to the Corporate Secretary;
- (b) by submitting another proxy by telephone, electronically, using the Internet, at <http://www.eproxyvote.com/chg>, or by mail that is later dated and (if by mail) that is properly signed; or
- (c) by voting in person at the Annual Meeting.

1

COST OF PROXY SOLICITATION

The cost of preparing, printing, and mailing the notice of meeting, proxy statement, proxy, and annual report will be borne by the Corporation. Proxy solicitation other than by use of the mail may be made by regular employees of the Corporation by telephone and personal solicitation. Banks, brokerage houses, custodians, nominees, and fiduciaries are requested to forward soliciting material to their principal(s) and to obtain authorization for the execution of proxies, and may be reimbursed for their out-of-pocket expenses incurred in that connection. In addition, the Corporation has retained D.F. King & Co., Inc. of New York, New York, a proxy solicitation organization, to assist in the solicitation of proxies. The fee of such organization in connection therewith is estimated to be \$7,000, plus reasonable out-of-pocket expenses.

Edgar Filing: CH ENERGY GROUP INC - Form DEF 14A

Each such communication received by the Corporate Secretary from a shareholder is reviewed by him to determine how it should be handled. Not all communications from shareholders are communicated directly to the Board of Directors.

If the subject matter of a communication from a shareholder is a concern or complaint regarding the accuracy or integrity of the Corporation's accounting, auditing, or financial reporting, the Corporate Secretary follows the procedures established by the Board of Directors for "Receiving and Handling Concerns or Complaints Regarding Accounting, Auditing or Financial Reporting." These procedures are set forth in Section IV of the Corporation's Code of Business Conduct and Ethics, which is available on the Corporation's Internet site at www.chenergygroup.com.

The Vice Chairman of the Board of Directors, Heinz K. Fridrich, is an independent Director and has been designated by the Board to preside at the executive sessions of the non-management Directors.

If interested parties wish to make a concern known to the non-management Directors, they may do so in a writing submitted in accordance with the procedures established by the Board of Directors for "Receiving and Handling Concerns or Complaints Regarding Accounting, Auditing or Financial Reporting." These procedures are set forth in Section IV of the Corporation's Code of Business Conduct and Ethics, which is available on the Corporation's Internet site at www.chenergygroup.com. The nominees for these Directorship positions are set forth in Proposal No. 1 below. GOVERNANCE OF THE CORPORATION

The Board of Directors has eight members, six of whom are independent under the definition of independence contained in the Listed Company Manual of the New York Stock Exchange. Only independent Directors serve on the Corporation's Audit Committee, Governance and Nominating Committee, and Compensation Committee.

During 2003, the Board of Directors held nine meetings and the Committees held a total of twenty-six meetings. All Directors then serving on the Board attended all of the Board meetings and all of the meetings of the Committees on which they served.

The Board of Directors has adopted statements of governance principles set forth in a document entitled "Corporate Governance." Section I of this document sets forth the Corporation's statement of "Our Principles and Culture." Section II of this document sets forth the Corporation's statement of "Our Governance Guidelines." The entire document is available on the Corporation's Internet site at www.chenergygroup.com.

DIRECTOR NOMINATION PROCESS

The Governance and Nominating Committee of the Board of Directors is responsible for identifying, evaluating, and recommending to the Board nominees for election as Directors of the Corporation.

8

The Governance and Nominating Committee seeks to nominate persons for election to the Board of Directors who have experience, backgrounds, and skills appropriate for the current needs of the Corporation. In carrying out the nomination process, the Committee works to identify potential candidates and welcomes recommendations from other members of the Board, members of management, shareholders, and other interested persons. From time to time, the Committee also may retain a professional search firm to assist in identifying and evaluating candidates. In this connection, Jeffrey D. Tranen, who was recently elected as a Director of the Corporation and who is standing for election as a Class I Director at this Annual Meeting, was recommended to the Governance and Nominating Committee by the professional search firm of Russell Reynolds Associates, Inc. as a potential candidate for election to the Board.

On an annual basis, the Governance and Nominating Committee reviews the current size, composition, and organization of the Board and of its Committees, determines future needs and makes recommendations to the Board as appropriate. The Committee evaluates Director candidates, including incumbent Directors, and seeks to recommend nominees who would strengthen the Board and fill needs for particular skills or attributes among the Directors. This evaluation is performed in the context of Board-approved "Criteria for Selecting New Directors" and of Sections 2, 3, 4, and 5 of the Corporation's Governance Guidelines. These Sections of the Governance Guidelines relate to the functions of the Board, the responsibilities and duties of Directors, the desired qualifications of Directors, and the requirement that a majority of Directors be

Edgar Filing: CH ENERGY GROUP INC - Form DEF 14A

independent in accordance with the Listed Company Manual of the New York Stock Exchange. The Corporation's "Criteria for Selecting New Directors" and its Governance Guidelines are available on the Corporation's Internet site at www.chenergygroup.com. All potential candidates, including persons recommended by security holders, are evaluated in the same manner and according to the same standards.

When the Governance and Nominating Committee identifies a candidate that merits in-depth consideration, the Committee invites the Executive Chairman of the Board and the President and Chief Executive Officer to assess the person's qualifications and to discuss their views about the person with the Committee; this assessment may involve the Executive Chairman of the Board and/or the President and Chief Executive Officer meeting with the person.

When a candidate is identified by the Governance and Nominating Committee as a potential nominee for election as a new Director of the Corporation, at least two members of the Governance and Nominating Committee meet with the person in face-to-face interviews. Subsequently, the Committee meets to discuss and consider candidates' qualifications and then chooses, by majority vote of the Committee members, the persons it wishes to recommend to the Board as nominees for election as Directors of the Corporation.

A shareholder wishing to recommend a person for consideration as a potential candidate for election to the Board of Directors may do so by sending a written communication to the Governance and Nominating Committee in care of the Corporate Secretary at 284 South Avenue, Poughkeepsie, New York 12601-4879. The submission to the Governance and Nominating Committee must include (a) a written statement signed by the potential candidate confirming that he or she wishes to be considered as a candidate and would be willing and able to serve as a Director if elected, and (b) a writing signed by the shareholder that includes sufficient information and specificity to (i) enable the Committee to confirm the writer's status as a shareholder of the Corporation and (ii) allow the Committee to evaluate the potential candidate in the context of the Corporation's "Criteria for Selecting New Directors" and its Governance Guidelines.

BOARD MEMBER ATTENDANCE AT ANNUAL MEETING OF SHAREHOLDERS

Directors are expected to attend the Annual Meeting of Shareholders, and it is the practice of the Corporation to introduce each Director at the Annual Meeting of Shareholders.

Each of the current members of the Corporation's Board of Directors, except for Mr. Tranen, attended the 2003 Annual Meeting of Shareholders. Mr. Tranen became a member of the Board of Directors in February 2004.

COMPENSATION COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION

Only independent Directors served on the Compensation Committee in 2003. Mr. Fetter served as the Compensation Committee's Chairman for the first three quarters of 2003. Mr. Grubel became the Chairman for the fourth quarter of 2003 and continues to serve in that capacity. Mr. Fetter continues to be a member of the Compensation Committee. No inside Directors serve on this Committee. No Compensation Committee interlock relationships existed in 2003 for the Corporation or its subsidiary companies.

Edgar Filing: CH ENERGY GROUP INC - Form DEF 14A

These principles apply to all Directors, officers, and employees.

Employees are encouraged to report any conduct that they believe in good faith to be an actual or apparent violation of the Code of Business Conduct and Ethics.

The Corporation has also filed a copy of the Code of Business Conduct and Ethics with the Securities and Exchange Commission as an exhibit to the Corporation's Annual Report on Form 10-K for the year ended December 31, 2003.

If the Corporation's Board of Directors amends Section II of the Code of Business Conduct and Ethics or grants any waiver to Section II of the Code of Business Conduct and Ethics, which waiver relates to issues concerning actual or apparent conflicts of interest, disclosures in the Corporation's Securities and Exchange Commission filings or public communications, compliance with laws, rules, or regulations, or internal compliance with the Code of Business Conduct and Ethics within the Corporation, the Corporation will post such information on its Internet site at www.chenergygroup.com.

COMPENSATION OF DIRECTORS OF THE BOARD

Director compensation is tied to the median practice of comparable companies. Each non-employee member of the Corporation's Board of Directors ("Outside Director") (Messrs. Ganci and Lant are employee-Directors) receives an annual retainer of \$22,000 and \$1,250 for attendance at each meeting of the Board and each meeting of any Committee of the Board of which the Director is a member or an invitee. Mr. Fridrich also receives an annual retainer in the amount of \$7,500 for his role as Vice Chairman of the Board and \$7,500 for his role as Chairman of the Governance and Nominating Committee. Mr. Grubel receives an annual retainer of \$7,500 for his role as Chairman of the Compensation Committee. Mr. Fetter receives an annual retainer of \$10,000 for his role as Chairman of the Audit Committee. Mr. Kruse receives an annual retainer of \$7,500 for his role as Chairman of the Strategy and Finance Committee. In addition, 600 phantom shares of the Corporation's Common Stock are credited each year to each Outside Director's account under the Directors and Executives Deferred Compensation Plan. For additional information, see the subcaption "Directors and Executives Deferred Compensation Plan" at page 20 of this proxy statement.

STOCK PLAN FOR OUTSIDE DIRECTORS

In 2003, the Corporation amended the Stock Plan for Outside Directors ("Stock Plan") to provide that no further benefits would be earned thereunder for service as an Outside Director following July 1, 2003. In addition, the Stock Plan was amended to provide each current Outside Director with a one-time opportunity to elect to receive,

in lieu of receiving any benefits under the Stock Plan, a credit of phantom shares of Common Stock to his or her account under the Directors and Executives Deferred Compensation Plan, which credit was in an amount equal to the actuarial equivalent of the benefits he or she had earned under the Stock Plan. The Stock Plan was further amended to provide that all benefits distributed under the plan in the future would be distributed in cash rather than in shares of Common Stock. All of the then-current Outside Directors elected to receive the phantom shares of Common Stock. Prior to its amendment, the Stock Plan provided that each Outside Director received 50 shares of Common Stock for each full quarter of each year of service as an Outside Director. The shares were awarded on a quarterly basis. When an Outside Director ceased to be a Director for any reason (other than for cause), that Director continued to receive shares of Common Stock on a quarterly basis for each full quarter of past service (25 shares for each completed service quarter prior to April 26, 2002, and 50 shares for each completed service quarter thereafter). Service as a Director of Central Hudson was included for calculation purposes in the Stock Plan. No distribution would have been made to a Director's estate under the Stock Plan if a Director had died.

LONG-TERM PERFORMANCE-BASED INCENTIVE PLAN

The Corporation's Long-Term Performance-Based Incentive Plan, approved by shareholders at the 2000 Annual Meeting of Shareholders and subsequently amended, became effective January 1, 2000 (as amended, the "Incentive Plan"). The purposes of the Incentive Plan are to provide key executives with long-term compensation incentives that are tied to performance and to create increased shareholder value, and for Outside Directors, to provide additional equity compensation. With respect to Outside Directors, the Incentive Plan permits, upon authorization of the Compensation Committee, an annual grant of a non-qualified stock option for the purchase of 1,000 shares of Common Stock to each Outside Director. If such grant were made, the option would have an exercise price equal to the fair market value of Common Stock on the date of grant, would have a term of ten years, and would have been exercisable on and after the date of grant. In 2003, a stock option for the purchase of 1,000 shares of Common Stock was granted to each Outside Director under the Incentive Plan. The Compensation Committee has determined that, consistent with the Corporation's goals and objectives, it will likely be more appropriate in the future for Outside Directors to receive phantom shares of Common Stock under the Directors and Executives Deferred Compensation Plan than stock options pursuant to the Incentive Plan. For additional information, see the subcaption "Directors and Executives Deferred Compensation Plan" at page 20 of this proxy statement.

REPORT OF THE AUDIT COMMITTEE

The Audit Committee of the Board of Directors is comprised of Directors who meet the New York Stock Exchange standards for independence. The Audit Committee operates under a written Charter adopted by the Board of Directors, which is attached to this proxy statement as Appendix A.

The members of the Audit Committee are Steven M. Fetter, Heinz K. Fridrich, Edward F. X. Gallagher, and E. Michel Kruse. Mr. Fetter is the Chairman of the Audit Committee. The Audit Committee had seven meetings during 2003.

In performing its duties, the Audit Committee (i) reviews the scope of the audit by the Corporation's independent accountants, PricewaterhouseCoopers LLP, and related matters pertaining to the examination of the financial statements; (ii) reviews and evaluates, at least once a year, the qualifications, independence and performance of the independent accountants (which includes an evaluation of the lead partner of the independent accountants); (iii) examines the adequacy of the Corporation's internal control over financial reporting and the Corporation's and its subsidiary companies' internal audit activities, (iv) reviews the nature and extent of audit and non-audit services and pre-approves such services provided by the Corporation's independent accountants, (v) consults at least three times a year with the independent accountants regarding financial issues, (vi) makes recommendations to the Board of Directors on the foregoing matters as well as on the appointment of the Corporation's independent accountants, (vii) meets regularly with the Corporation's Internal Auditing Manager and Controller, and (viii) reviews quarterly and annual financial statements filed with the Securities and Exchange Commission.

In 2003, the Audit Committee met with management periodically during the year to consider the adequacy of the Corporation's internal controls and the objectivity of its financial reporting. The Audit Committee discussed these matters with the Corporation's independent accountants and with appropriate Corporation financial personnel and internal auditors. The Audit Committee also discussed with the Corporation's senior management and independent accountants the process used for certifications by the Corporation's principal executive officers and the Chief Financial Officer, which certifications are required for certain of the Corporation's filings with the Securities and Exchange Commission.

The Audit Committee also met privately at its regular meetings with both the independent accountants and the Internal Auditing Manager, as well as with the Controller.

For 2003, the Audit Committee has:

1. reviewed and discussed the audited financial statements with management;
2. discussed with the independent accountants the matters required to be discussed by Statement on Auditing Standards No. 61 (Codification of Statements on Auditing Standards), as may be modified or supplemented;
3. received the written disclosures and the letter from the independent accountants required by Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committees), as may be modified or supplemented, and has discussed with and affirmed the independence of PricewaterhouseCoopers LLP from the management of the Corporation and its subsidiary companies; and
4. received the reports of the principal executive officers and the Chief Financial Officer relating to their evaluation of the Corporation's internal control over financial reporting.

Based on the review and discussions referred to above and additional matters deemed relevant and appropriate by the Audit Committee, the Audit Committee recommended to the Corporation's Board of Directors that the audited financial statements be included in the Corporation's Annual Report on Form 10-K for the fiscal year ended December 31, 2003, for filing with the Securities and Exchange Commission.

The Audit Committee has also considered whether the provision of services for which fees were paid under the captions "Audit-Related Fees," "Tax Fees," and "All Other Fees" is compatible with maintaining the independence of PricewaterhouseCoopers LLP.

In April 2000, the appointment of PricewaterhouseCoopers LLP to examine the Corporation's financial statements for the five-year period beginning in 2000 was ratified by the shareholders of the Corporation. Representatives of PricewaterhouseCoopers LLP will be present at the Annual Meeting. The PricewaterhouseCoopers representatives will be given the opportunity to make a statement if desired and will be available to respond to appropriate questions from shareholders.

Information on fees billed by PricewaterhouseCoopers LLP during 2003 and 2002 is provided below:

PRINCIPAL ACCOUNTANT FEES AND SERVICES

PricewaterhouseCoopers LLP	2003	2002
-----	-----	-----

TOTAL	\$370,780	\$346,975

The Audit Committee has adopted guidelines regarding pre-approval of the services to be provided by the Corporation's independent accountants. These guidelines require that the Audit Committee review and approve, prior to the start of the fiscal year, (i) an engagement letter for audit services from the independent accountants, outlining

14

the scope of the audit services to be provided during the next fiscal year and including a fee proposal for such services, and (ii) a list of and a budget for non-audit services that management recommends be provided by the independent accountants during the next fiscal year.

Management and the independent accountants will confirm that the recommended non-audit services are permissible under all applicable requirements. The Corporation has adopted a list of specific audit and non-audit services that may be provided by the independent accountants.

If the scope or cost of the audit or non-audit services requires changes during the fiscal year, the Audit Committee's procedures enable the Chairman of the Audit Committee to approve such changes, up to certain dollar limits, and to report on any such changes at the next Audit Committee meeting. The Corporation's Vice President of Accounting and Controller is responsible for tracking all independent accountant fees against the budgets for audit and non-audit services and reporting on such budget issues at least annually to the Audit Committee.

In 2003, the Audit Committee approved all of the fees set forth in the table above under the captions "Audit-Related Fees," "Tax Fees," and "All Other Fees."

REPORT OF THE COMPENSATION COMMITTEE ON EXECUTIVE COMPENSATION

The following disclosure is made over the name of each member of the Compensation Committee, on the date hereof, and shall be considered a report of the Compensation Committee:

It is the objective of the Compensation Committee to develop a compensation program that will attract, retain, and motivate directors and executive officers to create long-term shareholder value. For executives, the design of the executive compensation program incorporates base salary, annual short-term incentives, long-term incentives, and retirement benefits which, in aggregate, result in total remuneration that is approximately the median for comparably-sized electric and natural gas utilities and energy services companies in the United States, as shown by the Hay Group National Utility

Database.

Specific annual short-term incentives are developed which reward achievement of that year's business plan goals, such goals being consistent with the strategy of the Corporation to create shareholder value. These incentive goals are established by the Compensation Committee and are primarily quantitative and financial in nature. Individuals' short-term incentives are based on overall achievement of business plan goals, but may be adjusted upwards or downwards based upon an assessment of the individual's performance.

Long-term incentives may include two components:

- (1) Stock options, the value of which is directly tied to the long-term increase in the market value of the Corporation's Common Stock. The exercise price of all stock options is equal to the fair market value of the Corporation's Common Stock on the date of grant. The total number of option shares awarded to each executive generally is based on a target dollar amount divided by the option's exercise price. The target amount is the product of the executive's base salary multiplied by a percentage. The percentage is determined by the Committee based upon a competitive analysis of peer group comparators, Corporation objectives, and the objective of providing long-term, at-risk compensation as a substantial portion of total compensation; and
- (2) Performance shares, the number and value of which are directly tied to the total return of the Corporation's Common Stock relative to the performance of the Edison Electric Institute Index of combination natural gas and electric investor-owned utilities (the "EEI Index"), measured over a three-year performance

15

cycle. Performance share awards are made each year, resulting in overlapping three-year performance cycles. The total number of performance shares awarded to each executive generally is based on the executive's salary multiplied by a target percentage. The percentage is determined by the Committee based on a competitive analysis of peer group comparators, Corporation objectives, and the objective of providing long-term, at-risk compensation as a substantial portion of total compensation.

The compensation of individual executives is determined by evaluating the contribution of each executive to achievement of the Corporation's business plan and the responsibility level of the executive's position. The Compensation Committee also reviews executive succession plans in the determination of executive compensation. The Compensation Committee annually evaluates the performance of the Executive Chairman of the Board in light of the approved corporate goals and objectives relevant to his or her compensation. Based on this evaluation, the Compensation Committee recommends, for approval by a majority of the independent Directors of the Board, the compensation level for the Executive Chairman of the Board (Mr. Ganci). On an annual basis, the Executive Chairman of the Board evaluates the performance of the President and Chief Executive Officer (Mr. Lant). The Executive Chairman of the Board provides such evaluation to the Compensation Committee. After reviewing the Executive Chairman's evaluation, and after making its own assessment of the performance of the President and Chief Executive Officer, the Compensation Committee recommends, for approval by a majority of the independent directors of the Board, the compensation level for the President and Chief Executive Officer.

Commencing with 2004, annual salary determinations recommended by the

Edgar Filing: CH ENERGY GROUP INC - Form DEF 14A

Compensation Committee and approved by a majority of the independent Directors of the Board become effective as of January 1 of each year. Before 2004, annual salary determinations were effective as of the Annual Meeting of Shareholders each year.

COMPENSATION OF THE EXECUTIVE CHAIRMAN OF THE BOARD AND THE PRESIDENT AND CHIEF EXECUTIVE OFFICER

BASE SALARY

The Committee recommended to the Board of Directors and a majority of the independent Directors of the Board approved the base salaries shown in the Summary Compensation Table. The Committee's analysis, consistent with the Committee's compensation policy outlined above, was based on consideration of the total compensation provided to principal executive officers in a peer group consisting of comparably-sized electric and natural gas utilities and energy services companies in the United States, and also consideration of the Corporation's accomplishments in the prior year and the Committee's assessment of the individual performance of the Executive Chairman of the Board and of the President and Chief Executive Officer during that year.

ANNUAL INCENTIVE COMPENSATION

The awards to the Executive Chairman of the Board and to the President and Chief Executive Officer, as shown in the Summary Compensation Table, were based on the Corporation's achieving a specified earnings per share target and the Committee's assessment of the executive's responsiveness to problems and opportunities.

LONG-TERM INCENTIVE COMPENSATION

The long-term incentive compensation shown in the Summary Compensation Table for the Executive Chairman of the Board and for President and Chief Executive Officer was based on the Corporation's total shareholder return achievement relative to the EEI Index for the applicable three-year performance cycle of the long-term incentive program.

SECTION 162(m) OF THE INTERNAL REVENUE CODE ("TAX CODE")

The Compensation Committee and the Board of Directors have considered the federal income tax deduction limitations established under Section 162(m) of the Tax Code, which provide that, unless an appropriate exemption applies, a tax deduction for the Corporation for remuneration of any officer named in the caption "Executive

Compensation" will not be allowed to the extent this remuneration in any taxable year exceeds \$1 million. To the extent Tax Code Section 162(m) would limit the Corporation's federal income tax deductions, the Compensation Committee intends to qualify the performance-based compensation of the executive officers for full deductibility whenever possible and consistent with the goals of the Compensation Committee's policies.

PENSIONS/DEFERRED COMPENSATION PLANS

DIRECTORS AND EXECUTIVES DEFERRED COMPENSATION PLAN

The Directors and Executives Deferred Compensation Plan ("Deferred Plan") applies to Directors, officers, and other executives of the Corporation and of its subsidiary companies. It permits the participants to elect to defer a percentage of their compensation for services rendered to the Corporation and/or its subsidiary companies. Under the Deferred Plan, compensation is defined to include (a) base salary, (b) certain bonuses and performance shares, (c) payments from (i) the Supplementary Retirement Plan described herein and (ii) Change of Control agreements described herein, and (d) Directors' fees for services rendered as a member of the Board of Directors and any Committee of the Board. The Corporation can make discretionary contributions to the Deferred Plan. Compensation deferred in accordance with the Deferred Plan is paid to Directors and officers (adjusted to reflect investment earn-

ings and losses) at the time the Director or officer ceases being a member of the Board of Directors or an officer of the Corporation or its subsidiary

Edgar Filing: CH ENERGY GROUP INC - Form DEF 14A

companies, or prior to such time under certain circumstances, either in a lump sum or over a period of time depending on the circumstances of cessation and/or distribution elections. Outside Directors of the Corporation and certain of its subsidiaries are entitled to an annual credit to their account under the Deferred Plan of 600 phantom shares of Common Stock. This credit is required to remain invested in phantom shares of Common Stock until the value is distributed, in cash, following the Outside Director's termination of service from the Board of Directors. For 2003, pro-rated credits of phantom shares of Common Stock were made to reflect the fact that stock options were awarded in 2003 and benefits were earned under the Stock Plan during the first six months of 2003.

CENTRAL HUDSON RETIREMENT INCOME PLAN

The Retirement Income Plan of Central Hudson Gas & Electric Corporation (the "Retirement Plan") is a "defined benefit" plan which is intended to meet the qualification requirements of the Tax Code and generally covers all employees of Central Hudson and those subsidiary companies that have adopted the Retirement Plan, including the named executive officers.

There are several components to the benefit provided under the Retirement Plan. First, the Retirement Plan provides retirement benefits generally related to a participant's annual base salary for each year of eligible employment. These benefits depend upon length of service, age at retirement, and eligible earnings during years of participation in the Retirement Plan and any predecessor plans. This portion of a participant's benefit is determined based on the accumulation over that participant's career of a percentage of each year's eligible earnings. For periods on and after October 1, 1989, the percentage is 2% of eligible earnings, except that for years in which the participant is over 50 years of age, the percentage is increased to 2.5%. Second, the Retirement Plan provides a benefit for service prior to October 1, 2003, based on a percentage of a participant's average earnings at October 1, 2003 (being 50% of each of the base salaries at October 1, 2000 and 2003 and 100% of each of the base salaries at October 1, 2001, and 2002), and the number of years of service while a member of the Retirement Plan prior to October 1, 2003, all subject to certain limitations. Finally, a cash balance account benefit is also available upon retirement under the Retirement Plan, and provides for a credit to those participants in the Retirement Plan on January 1, 1987, of 10% of their base salary on that date, a credit to those participants in the Retirement Plan on September 30, 1991, of 5% of their base salary as of that date, a credit to those participants in the Retirement Plan on September 30, 1997, of 5% of their base salary as of that date and a further credit to those participants in the Retirement Plan on September 30, 1999, of 5% of their base salary as of that date with, in all four cases, annual interest earned thereon. In 2003, the Corporation made a \$10 million contribution to the Retirement Plan.

While the amount of the accrual with respect to a specified person is not and cannot readily be separately or individually calculated by the actuaries for the Retirement Plan, estimated annual benefits under the Retirement Plan upon retirement at age 65 for the named executive officers, assuming continuation of current annual salary levels and giving effect to applicable benefit limitations in the Tax Code, are as follows: Mr. Ganci - \$156,514; Mr. Lant - \$165,000; Mr. Meyer - \$165,000; Mr. DeVirgilio - \$165,000; Mr. Upright - \$151,873; and Ms. Doyle - \$107,679.

CENTRAL HUDSON RETIREMENT BENEFIT RESTORATION PLAN

The Central Hudson Retirement Benefit Restoration Plan ("RBRP") is an unfunded, unsecured pension benefit plan for a select group of highly

Edgar Filing: CH ENERGY GROUP INC - Form DEF 14A

compensated employees. The RBRP provides an annual retirement benefit to those participants in the Retirement Plan who hold the following offices with the Corporation and Central Hudson: Chairman of the Board, Chief Executive Officer, President, Vice President (including all levels thereof), Corporate Secretary, Chief Financial Officer, Treasurer, Controller, and Assistant Treasurer. This benefit is equal to the difference between (i) that received under the Retirement Plan, giving effect to applicable salary and benefit limitations under the Tax Code, and (ii) that which would have been received under the Retirement Plan, without giving effect to the limitations under the Tax Code. Enhanced benefits are payable under certain circumstances following a Change of Control. The named executive officers have a current salary level which, if continued to retirement

21

at age 65, would provide a benefit under the RBRP. The estimated annual benefits under the RBRP upon retirement at age 65 for those individuals, assuming the continuation of current annual salary levels, are as follows: Mr. Ganci - \$172,458; Mr. Lant - \$96,890; Mr. Meyer - \$56,831; Mr. DeVirgilio - \$13,072; Mr. Upright - \$409; and Ms. Doyle - \$0.

SUPPLEMENTARY RETIREMENT PLAN

The Corporation's Supplementary Retirement Plan ("SRP") covers a select group of highly compensated employees as an incentive for them to remain with the Corporation or its subsidiary companies. Under the SRP, an annual benefit is payable for 10 years, commencing on retirement, to eligible participants (generally those who retire at age 60 or older and with 10 or more years of service) of the following percentage of annual base compensation at retirement: 60 to 63 - 10%; 63 to 65 - 15%; 65 or over - 20%. Enhanced benefits are payable under certain circumstances following a Change of Control (as described below). No amounts were paid under the SRP for the named executive officers for the year 2003. Estimated annual benefits under the SRP upon retirement at age 65 for the named individuals, assuming continuation of current annual salary levels, are as follows: Mr. Ganci - \$98,000; Mr. Lant - \$70,000; Mr. DeVirgilio - \$42,000; Mr. Meyer - \$55,200; Mr. Upright - \$40,600; and Ms. Doyle - \$36,400.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

EMPLOYMENT CONTRACTS AND TERMINATION OF EMPLOYMENT AND CHANGE OF CONTROL ARRANGEMENTS

The Corporation has an Employment Agreement ("Agreement") with each of the named executive officers. Until a Change of Control (as defined in the Agreement) occurs, each Agreement is automatically renewed for one year on each July 31, unless a notice not to extend is given.

If a Change of Control occurs during the term of an Agreement, then the Agreement becomes operative for a fixed three-year period. Upon a Change of Control, each Agreement provides generally that such officers' terms and conditions of employment then in effect (including position, location, base salary, bonus, and benefits) will not be adversely changed during the three-year period after a Change of Control. If such officer's employment is terminated (i) by the Corporation or a subsidiary for reasons other than death, cause, or disability (as those terms are defined in each Agreement), (ii) by such officer for good reason (as that term is defined in each Agreement), (iii) by such officer regardless of reason during the thirty day period beginning on the first

Edgar Filing: CH ENERGY GROUP INC - Form DEF 14A

anniversary of the Change of Control, (iv) upon certain terminations prior to a Change of Control, or (v) in connection with or in anticipation of a Change of Control, such officer, in addition to all amounts accrued to the date of termination, will receive a lump-sum payment equal to the sum of (a) the officer's base salary through the date of termination to the extent not previously paid, (b) a proportionate bonus based on the higher of the officer's most recent annual bonus and the officer's annual bonus for the last fiscal year ("Highest Annual Bonus"), (c) accrued vacation, (d) outplacement services, and (e) three times the sum of the officer's base salary and the officer's Highest Annual Bonus. In addition, such officer would be entitled to continued employee welfare benefits and to a credit for pension purposes for the three years from the date of the termination.

In the event any payments made to any such officers as a result of a Change of Control, whether under an Agreement or otherwise, would subject such officer to the excise tax on certain "excess parachute payments" payable under Tax Code Section 4999, or interest or penalties with respect to this tax, the officer generally will be entitled to be made whole for the payment of any taxes, interest, or penalties. Each such officer, while covered by an Agreement, is not entitled to participate in the Corporation's Change of Control Severance Policy. In the event of a Change of Control, the Agreements will supersede any individual employment and/or severance agreements entered into by the Corporation with such officers, except in certain instances.

SECTION 16(A) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Securities Exchange Act of 1934 requires the Corporation's officers and Directors, and any person who owns more than 10% of a registered class of the Corporation's equity securities (collectively "Reporting Persons"), to file initial reports of ownership and reports of changes in ownership with the Securities and Exchange Commission. These Reporting Persons are required by Securities and Exchange Commission regulations to furnish the Corporation with copies of all Section 16(a) forms they file. Based solely on a review of the copies of these forms furnished to the Corporation and written representations from the Corporation's officers and Directors, Messrs. Fetter, Fridrich, Gallagher, Grubel, and Kruse, and Jack Effron, a Director whose term ended at the 2003 Annual Meeting of Shareholders, filed one late Form 4 (each reporting a grant of 50 shares of common stock and a grant of 1,000 stock options). Mr. DeVirgilio filed one late Form 4 (reporting a cash-out of a fractional share) and Mr. Upright filed one late Form 4 (reporting the exercise of 1,320 stock options). All of these Form 4 filings have since been made.
