Item 1.01. Entry into a Material Definitive Agreement.

On March 10, 2015, Verisk Analytics, Inc. (the “Company”) and V Acquisition Limited, a wholly-owned subsidiary of the Company (the “Company Sub”), entered into a Deed (the “Deed”) with the shareholders of Wood Mackenzie Limited (“Wood Mackenzie”) named therein (collectively, the “Sellers”) pursuant to which the Company has agreed to acquire Wood Mackenzie.

The acquisition will be structured as a purchase by the Company Sub of shares issued by H&F Nugent 1 Limited, the indirect parent of Wood Mackenzie, and loan notes issued by H&F Nugent 2 Limited for aggregate consideration of £1.85 billion (approximately \$2.8 billion) to be paid in cash.

The parties to the Deed have made customary warranties and covenants in the Deed for a transaction of this nature. The warranties are generally qualified by all matters “fairly disclosed” either (i) in the Sellers’ formal disclosure letter or (ii) in any of the due diligence materials provided by the Sellers in connection with the Company’s evaluation of the transaction. The transaction is conditional on any applicable waiting period (and any extension thereof) under the Hart Scott Rodino Antitrust Improvements Act of 1976 having expired or having been terminated, and is expected to close during the second quarter of 2015. The Deed will automatically terminate if closing has not occurred by March 8, 2016.

The foregoing description of the Deed and the transactions contemplated thereby does not purport to be complete and is subject to, and qualified in its entirety by reference to, the full text of the Deed, which is filed as Exhibit 2.1 to this Current Report on Form 8-K and which is incorporated herein by reference.

The Deed and the above descriptions have been included to provide investors with information regarding the terms of the Deed. They are not intended to provide any other factual information about the Company or any other parties to the Deed or their respective affiliates or equityholders. The representations, warranties and covenants contained in the Deed were made only for the purposes of the Deed and as of specific dates, were solely for the benefit of the parties thereto, may have been used for purposes of allocating risk between each party rather than establishing matters of fact, may be subject to a contractual standard of materiality different from that generally applicable to investors and may be subject to qualifications or limitations agreed upon by the parties in connection with the negotiated terms, including being qualified by schedules and other disclosures made by each party. Accordingly, investors should not rely on the representations, warranties and covenants in the Deed as statements of factual information.
