The exchange is expected to occur during the third quarter of, 2005. Management estimates that the total number of new Common Shares and Preferred Shares of the Company to be issued in the Merger will increase the issued and paid capital from 576,695,395 outstanding Shares to approximately 727,829,109 outstanding Shares.

The Merger is subject to certain conditions described below, including Colombian regulatory approval and the approval by the shareholders of each of the Company, Conavi and Corfinsura. The Company expects that the shareholders of Conavi and Corfinsura will also vote on the Merger on March 28, 2005.

Each of the parties to the Merger has engaged an investment banking firm to issue a fairness opinion in respect of the Merger. The Company has engaged Credit Suisse First Boston LLC ("CSFB"), Conavi has engaged Citigroup Global Market Inc., and Corfinsura has engaged NM Rothschild & Sons (Mexico), S.A. de C.V. Edgar Filing: BANCOLOMBIA SA - Form 6-K

Conditions to Closing

The Merger is subject to certain closing conditions, which include, among others, (i) approval of the Merger by the shareholders of Conavi, (ii) approval of the Spin-Off and the Merger by the shareholders of Corfinsura, (iii) approval by the Colombian Superintendency of Securities of the alternative that will be presented to Corfinsura's current ordinary bond holders as a result of the Spin-Off, (iv) completion of the Spin-Off, (v) approval by the Colombian Superintendency of Banking of the Spin- Off and the Merger (vi) receipt of all other required regulatory approvals in Colombia or elsewhere.

POST-MERGER

As a result of the Merger, the Company is expected to maintain its leading position among financial institutions in Colombia with respect to all financial services and is also expected to have the largest number of branches in Colombia. Following the Merger, Management expects to develop synergies that will allow the Company to become a financial institution better able to respond to the ever-growing demands of today's dynamic economy and the international financial markets.

Furthermore, the Merger is expected to allow the financing of larger projects as compared to the projects which might be financed individually by each of the companies involved in the Merger. As a result of the Merger, the new entity will attempt to increase its competitiveness in a market that is in constant evolution. No assurances can be given however, that any of the expected benefits and advantages of the Merger will be realized to the extent currently contemplated by management, if at all. Moreover, the Merger could require the Company to invest more capital than it is expecting or more time and effort by management than it is expecting in order to realize the benefits the Company is projecting for the Merger. If the Company fails to manage the integration of the businesses of the Company, Conavi and Corfinsura effectively, the Company's operations and financial results after the Merger may be affected, both materially and adversely.
