ABOUT PORTFOLIO RECOVERY ASSOCIATES, INC.

Portfolio Recovery Associates, Inc. is a Delaware corporation engaged in the business of purchasing, managing and collecting portfolios of defaulted consumer receivables, as well as offering a broad range of accounts receivable management services. Our primary business is the purchase, collection and management of portfolios of defaulted consumer receivables. These are the unpaid obligations of individuals to credit originators, which include banks, credit unions, consumer and auto finance companies and retail merchants. We also provide a broad range of contingent and fee-based services, including collateral-location services for credit originators via PRA Location Services, LLC and revenue administration, audit and debt discovery/recovery services for government entities through PRA Government Services, LLC and MuniServices, LLC. Our proven ability to service defaulted consumer receivables allows us to offer debt owners a complete outsourced solution to address their defaulted consumer receivables. The defaulted consumer receivables we collect are purchased from sellers of defaulted consumer debt. We intend to continue to build on our strengths and grow our business through the disciplined approach that has contributed to our success to date.

DESCRIPTION OF OUR CAPITAL STOCK

The following information describes our capital stock and provisions of our Amended and Restated Certificate of Incorporation, which we refer to herein as our Certificate of Incorporation, and our Second Amended and Restated By-laws, which we refer to herein as our By-laws. The following description is only a summary and does not purport to be complete, and is qualified in its entirety by reference to applicable provisions of Delaware law, and to our Certificate of Incorporation and our By-laws, each of which is filed as an exhibit to the Registration Statement of which this prospectus is a part, which you are encouraged to read. When we offer to sell a particular type of Security, we will describe the specific terms thereof in a supplement to this prospectus. Accordingly, for a description of our Common Stock, you must refer to both the prospectus supplement relating to the Common Stock and the description of the Common Stock described in this prospectus. To the extent the information contained in the prospectus supplement differs from this summary description, you should rely on the information in the prospectus supplement.

Pursuant to our Certificate of Incorporation, we are authorized to issue up to 30,000,000 shares of Common Stock, \$.01 par value per share and 2,000,000 shares of Preferred Stock, \$0.01 par value per share. As of September 29, 2009, there were approximately 15,490,000 shares of Common Stock outstanding and no shares of Preferred Stock issued or outstanding.

The Transfer Agent and Registrar for our Common Stock is Continental Stock Transfer and Trust Company. If we offer Preferred Stock, it is expected that the Transfer Agent and Registrar for our Preferred Stock will also be Continental Stock Transfer and Trust Company.

Selected Provisions of our Certificate of Incorporation and By-Laws

Our Certificate of Incorporation or our By-laws:

establish a classified board of directors, whereby our directors are elected for staggered terms in office so that only one-third of our directors stand for election in any one year;

require stockholders to provide advance notice of any stockholder nominations for directors or any proposal of new business to be considered at any meeting of stockholders;

require a majority vote to remove a director;

preclude stockholders from acting by written consent; and

permit a special meeting of stockholders to be called at the written request of 30% of the stockholders.

Classified Board

Our Certificate of Incorporation provides that our directors shall be divided into three classes of directors, as nearly equal in number as possible, with overlapping three-year terms. One class of directors is to be elected each year with a term extending to the third succeeding annual meeting after election. The classification of the board has the effect of requiring that at least two annual stockholders meetings be held in order to replace a majority of the members of the board of directors.

Plurality Vote

Directors may be elected by the affirmative votes of a plurality of the common shares. However, pursuant to our policy, any nominee for election as director who receives a greater number of votes withheld from his or her election than votes for such election will be asked to tender their resignation following the certification of the shareholder vote. The Nominating and Corporate Governance Committee of the board of directors will consider the resignation offer and recommend to the full Board whether or not our company's and our shareholders' best interests are best served by accepting the resignation.

Advance Notice Procedures

Our By-laws establish an advance notice procedure for stockholders to make nominations of candidates for election as directors at an annual or special meeting of the stockholders or bring other business before an annual meeting of the stockholders. This notice procedure provides that, in order to nominate candidates for election as directors or raise other matters at an annual meeting, the nominations must be made or the matters must be raised in our notice of meeting, or by or at the direction of our board of directors, or by a stockholder who (i) is a stockholder of record at the time of giving notice as required by the By-laws, (ii) is entitled to vote at the meeting, and (iii) complies with the notice provisions of the By-laws. If our chairman or other officer presiding at a meeting determines that a person was not nominated or other business was not brought before the annual meeting in accordance with the notice procedure, that person will not be eligible for election as a director or that business will not be conducted at the meeting.

Special Meetings of Stockholders

Pursuant to our Certificate of Incorporation, a special meeting of the stockholders may be called at the written request of 30% of the stockholders.

Our Common Stock

Each share of our Common Stock entitles the holder to one vote per share on all matters requiring a shareholder vote, a ratable distribution of dividends, if and when declared by the board of directors and in the event of our liquidation, dissolution or winding up, the holders of Common Stock will be entitled to share pro rata in the assets remaining after payment to creditors and after payment of the liquidation preference.

Authorized but Unissued Shares of our Common Stock

Authorized but unissued shares of our Common Stock are available for future issuance without stockholder approval, subject to any limitations imposed by the listing standards of NASDAQ. We may use these additional shares for a variety of corporate purposes, including future public offerings to raise additional capital, corporate acquisitions and employee benefit plans. The existence of authorized but unissued shares of Common Stock could render more difficult or discourage an attempt to obtain control of us by means of a proxy contest, tender offer, merger or otherwise.

Action by Written Consent

Our Certificate of Incorporation does not permit stockholder action by written consent. The effect thereof may be to deter a future tender offer. Stockholders might view such an offer to be in their best interest should the

offer include a substantial premium over the market price of our Common Stock at that time. In addition, this provision may have the effect of assisting our management to retain its position and place it in a better position to resist changes that the stockholders may want to make if dissatisfied with the conduct of our business.

Our Preferred Stock

Our board of directors is authorized to provide for the issuance of shares of Preferred Stock in one or more series, and may fix the number of shares in any series, with such voting powers, full or limited, or without voting powers and with such rights and preferences as our board of directors shall determine from time to time. The issuance of Preferred Stock could have the effect of making it more difficult for a third party to acquire, or discourage a third party from acquiring, a majority of our outstanding Common Stock. Our board of directors may issue Preferred Stock with voting and conversion rights that could adversely affect the voting power of the holders of our Common Stock.

If we offer a series of Preferred Stock, we will describe the specific terms of that series in a prospectus supplement, including:

- the title of the series of Preferred Stock and the number of shares offered;

- the price at which the Preferred Stock will be issued;

- the voting rights of the Preferred Stock;

- whether the preferred stock is redeemable or subject to a sinking fund, and the terms of any such redemption or sinking fund;

- whether the Preferred Stock is convertible into any other securities, and the terms and conditions of any such conversion;

- the liquidation preference of the Preferred Stock, and

- any additional rights, preferences and limitations of the Preferred Stock.

Any Preferred Stock will, when issued, be fully paid and non-assessable. The description of the terms of a series of Preferred Stock to be set forth in an applicable prospectus supplement will not be complete and will be subject to and qualified in its entirety by reference to the certificate of designation relating to that series of Preferred Stock. The registration statement of which this prospectus forms a part will include the certificate of designation as an exhibit or as a document incorporated by reference.

Selected Provisions of Delaware General Corporation Law

We are subject to Section 203 of the Delaware General Corporation Law (the "DGCL"). In general, Section 203 of the DGCL prohibits a publicly-held Delaware corporation from engaging in a business combination with an interested stockholder for a period of three years following the date of the transaction in which the person or entity became an interested stockholder, unless:

- prior to that time, the board of directors of the corporation approved the transaction in which the stockholder became an interested stockholder;

- upon consummation of the transaction that resulted in the stockholder becoming an interested stockholder, the interested stockholders owned at least 85% of the voting stock of the corporation outstanding at the time the transaction commenced, excluding shares owned by persons who are directors and also officers, and by specified employee benefit plans; or

- the business combination is approved by a majority of the board of directors and by the affirmative vote of at least two-thirds of the outstanding voting stock that is not owned by the interested stockholder.

For the purposes of Section 203, a "business combination" is broadly defined to include mergers, asset sales and other transactions resulting in a financial benefit to the interested stockholder. An "interested stockholder" is a person who,

together with affiliates and associates, owns or within the immediately preceding three years owned 15% or more of the corporation's voting stock.

DESCRIPTION OF THE DEBT SECURITIES

The prospectus supplement will describe the particular terms of any debt securities that we may offer and may supplement or differ from the terms summarized herein. The following summaries of the debt securities are not complete. You are urged to read the exhibits to the registration statement that include this prospectus and the description of the additional terms of any debt securities that may be included in the prospectus supplement.

General

We may offer debt securities in the form of subordinated debt securities. The subordinated debt securities generally will be entitled to payment only after payment of our senior debt. See **Subordination** below.

Within the total dollar amount of this shelf registration statement, we may issue debt securities in a separate series. We may specify a maximum aggregate principal amount for the debt securities of any such series. The terms of each series of debt securities will be established by or pursuant to a resolution of our Board of Directors or a committee thereof. The particular terms of each series of debt securities will be described in a prospectus supplement relating to such series, including any pricing supplement. The terms of the debt securities may or may not: place limits on the amount of other debt that we may incur; contain provisions to protect holders against a sudden or dramatic decline in our ability to pay our debt; contain financial or similar restrictive covenants, and require that subordinated debt may be paid only if all payments due under our senior indebtedness, have been made.

The prospectus supplement will describe the debt securities and the price or prices at which we will offer the debt securities. The description will include:

the title, denominations and form of the debt securities;

the principal amount being offered, and, if a series, the total amount authorized and the total amount outstanding;

any limits on the aggregate principal amount of the debt securities that may be issued;

the date or dates on which we must repay the principal, the maturity date and the principal amount due at maturity, and whether any discounts are applicable;

the rate or rates at which the debt securities will bear interest, and the date or dates from which interest will accrue;

the person or entity to which any interest on a debt security will be paid and the dates on which interest must be paid;

our right, if any, to defer payment of interest and the maximum length of any such deferral period;

the terms and conditions on which we may redeem any debt securities, if at all;

whether or not we will issue the series of debt securities in global form and, if so, the terms and who the depository will be;

whether and under what circumstances the debt securities may be converted into, or exchanged for shares of our Common Stock, our Preferred Stock or other debt securities or for other securities or property;

any subordination provisions that will apply to any subordinated debt securities;

any addition to or change in the events of default applicable to the debt securities and any change in the right of the trustee or the holders to declare the principal amount of any of the debt securities due and payable;

restrictions on transfer, sale or other assignment, if any;

the covenants associated with the debt securities, including any restrictive covenants; and

any other specific terms, preferences, rights or limitations of, or restrictions on, the debt securities, including any events of default, and any terms which may be required by us or be advisable under applicable laws or regulations or advisable in connection with the marketing of the debt securities.

We can issue debt securities in one or more series with the same or various maturities, at par, at a premium or at a discount. We may issue debt securities that provide for an amount less than their stated principal amount to be due and payable upon declaration of acceleration of their maturity. We will describe U.S. federal income tax considerations, if any, and other special considerations applicable to any of these debt securities in the prospectus supplement.

Conversion and Exchange Rights

The prospectus supplement will describe, if applicable, the terms on which you may convert debt securities into or exchange them for other debt securities, Preferred Stock and Common Stock or other securities or property. The conversion or exchange may be mandatory or may be at our option or at your option, all as described in the prospectus supplement. The prospectus supplement will describe the conversion or exchange rate, how the amount of debt securities, number of shares of Preferred Stock and Common Stock or other securities or property to be received upon conversion or exchange would be calculated and the applicable conversion or exchange period.

Subordination

The indebtedness underlying any subordinated debt securities will be payable only if all payments due under our senior indebtedness have been made. If we distribute our assets to creditors upon any dissolution, winding-up, liquidation or reorganization or in bankruptcy, insolvency, receivership or similar proceedings, we must first pay all amounts due or to become due on all senior indebtedness before we pay the principal of, or any premium or interest on, the subordinated debt securities. In the event the subordinated debt securities are accelerated because of an event of default, we may not make any payment on the subordinated debt securities until we have paid all senior indebtedness or the acceleration is rescinded. If the payment of subordinated debt securities accelerates because of an event of default, we must promptly notify holders of senior indebtedness of the acceleration. If we experience a bankruptcy, dissolution or reorganization, holders of senior indebtedness may receive more, ratably, and holders of subordinated debt securities may receive less, ratably, than our other creditors.

PLAN OF DISTRIBUTION

We may sell the securities described in this prospectus from time to time in one or more transactions:

to purchasers directly;

to underwriters for public offering and sale by them;

through designated agents; or

through a combination of any of the foregoing methods of sale.

We may distribute the securities from time to time in one or more transactions at a fixed price or prices, which may be changed;

prices related to such prevailing market prices; or

negotiated prices.

To Underwriters

Unless otherwise provided in a prospectus supplement, the obligations of any underwriters to purchase securities will be subject to certain conditions precedent. The applicable prospectus supplement will name any underwriter or underwriters involved in a sale of our securities, which may be offered and sold at a price or at prices which may be changed, or from time to time at market prices or at negotiated prices. Underwriters may be deemed to have received compensation from us from sales of our securities in the form of underwriting discounts or commissions and may also receive commissions from purchasers of securities for whom they may act as agent. Underwriters may be involved in any of the market offerings of securities by or on our behalf. Underwriters may sell securities from time to time in one or more transactions to or through dealers, and such dealers may receive compensation in the form of discounts, concessions or commissions from the underwriters and/or commissions (which may be changed from time to time) from the purchasers for whom they may act as agent.

Through Agents

We may name an agent who may be involved in a sale of securities, as well as any commissions payable by us to such agent, in a prospectus supplement. Unless we indicate differently in the prospectus supplement, any such agent will be acting on a reasonable efforts basis for the period of its appointment.

Delayed Delivery Contracts

If we so indicate in a prospectus supplement, we may authorize agents or underwriters to solicit offers from certain types of institutions to purchase securities from us at the public offering price under delayed delivery contracts. These contracts would provide for payment and delivery on a specified date in the future. The contracts would be subject only to those conditions described in the prospectus supplement. The prospectus supplement will describe the commission payable for solicitation of those contracts.

General Information

Underwriters and agents participating in a sale of the securities may be deemed to be underwriters as defined in the Securities Act, and any discounts and commissions received by them, and any profit realized by them on resale of the securities, may be deemed to be underwriting discounts and commissions under the Securities Act. We may have agreements with underwriters and agents to indemnify them against certain civil liabilities, including liabilities under the Securities Act, and to reimburse them for certain expenses. No underwriters or agents will be responsible for the validity or performance of the contracts. We will set forth in the prospectus supplement relating to the contracts the price to be paid for the securities, the commissions payable for solicitation of the contracts and the date in the future for delivery of the securities. Underwriters or agents who may become involved in the sale of our securities may be customers of, engage in transactions with and perform other services for us in the ordinary course of their business for which they receive compensation.

Stabilization Activities

Any underwriter may engage in over-allotment, stabilizing transactions, syndicate-covering transactions and penalty bids in accordance with Regulation M under the Exchange Act. Over-allotment involves sales in excess of the offering size, which create a syndicate short position. Stabilizing transactions permit bids to purchase the underlying security so long as the stabilizing bids do not exceed a specified maximum. Syndicate-covering transactions involve purchases of the securities in the open market after the distribution is completed to cover syndicate short positions. Penalty bids permit the underwriters to reclaim a selling concession from a syndicate member when the securities originally sold by the syndicate member are purchased in a syndicate covering transaction to cover syndicate short positions. These stabilizing activities may cause the price of the securities to be higher than it would otherwise be. If commenced, the underwriters may discontinue any of the activities at any time.

LEGAL MATTERS

Except and unless as otherwise provided in any prospectus supplement or otherwise, certain legal matters in connection with the validity of the securities offered hereby will be passed upon for us by the law firm of Dechert LLP, New York, New York. The name of the law firm advising any underwriters with respect to certain issues relating to any offering will be set forth in the applicable prospectus supplement.

Legal Fees and Expenses		(2)
Other Fees and Expenses		(2)

(2) These fees are calculated based on the securities offered and the number of issuances and accordingly cannot be estimated at this time.

ITEM 15. *Indemnification of Directors and Officers*

As authorized by Section 102(b)(7) of the DGCL, our Certificate of Incorporation provides that a director will not be liable to us or our stockholders for monetary damages for breach of fiduciary duty as a director, except for liability (i) for any breach of the director's duty of loyalty to us or our stockholders, (ii) for acts or omissions not in good faith or which involve intentional misconduct or a knowing violation of law, (iii) for liability for payments of dividends of stock purchased or redemptions in violation of the DGCL, and (iv) for any transaction from which the director derived an improper personal benefit.

While our Certificate of Incorporation provides directors with protection from awards for monetary damages for breaches of their duty of care, it does not eliminate such duty. Accordingly, the Certificate of Incorporation will have no effect on the availability of equitable remedies, such as an injunction or rescission based on a director's breach of such director's duty of care.

The DGCL provides for indemnification of directors, officers, employees and agents subject to certain limitations. Our By-laws provide for the indemnification of our directors, officers, employees and agents to the extent permitted by Delaware law. Our directors and officers are insured against certain liabilities for actions taken in such capacities, including liabilities under the Securities Act. We maintain directors' and officers' liability insurance policies insuring our directors and officers for certain covered losses as defined in the policies.

Insofar as indemnification for liabilities arising under the Securities Act may be permitted to directors, officers and controlling persons of the registrant pursuant to the foregoing provisions, or otherwise, the registrant has been advised that in the opinion of the SEC such indemnification is against public policy as expressed in the Securities Act and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other than the payment by the registrant of expenses incurred or paid by a director, officer or controlling person of the registrant in the successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, the registrant will, unless in the opinion of its counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by it is against public policy as expressed in the Securities Act and will be governed by the final adjudication of such issue.

(a) The undersigned registrant hereby undertakes:

(1) To file, during any period in which offers or sales are being made, a post-effective amendment to this registration statement:

(i) To include any prospectus required by Section 10(a)(3) of the Securities Act;

(ii) To reflect in the prospectus any facts or events arising after the effective date of the registration statement (or the most recent post-effective amendment thereof) which, individually or in the aggregate, represent a fundamental change in the information set forth in the registration statement. Notwithstanding the foregoing, any increase or decrease in volume of securities offered (if the total dollar value of securities offered would not exceed that which was registered) and any deviation from the low or high end of the estimated maximum offering range may be reflected in the form of prospectus filed with the SEC pursuant to Rule 424(b) if, in the aggregate, the changes in volume and price represent no more than 20 percent change in the maximum aggregate offering price set forth in the Calculation of Registration Fee table in the effective registration statement; and

(iii) To include any material information with respect to the plan of distribution not previously disclosed in the registration statement or any material change to such information in the registration statement; *provided, however*, that paragraphs (a)(1)(i), (a)(1)(ii) and (a)(1)(iii) above do not apply if the information required to be included in a post-effective amendment by those paragraphs is contained in reports filed with or furnished to the Commission by the registrant pursuant to Section 13 or Section 15(d) of the Securities Exchange Act of 1934 that are incorporated by reference in the registration statement, or is contained in a form of prospectus filed pursuant to Rule 424(b) that is part of this registration statement.

(2) That, for the purpose of determining any liability under the Securities Act, each such post-effective amendment shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of

such securities at that time shall be deemed to be the initial *bona fide* offering thereof.

(3) To remove from registration by means of a post-effective amendment any of the securities being registered which remain unsold at the termination of the offering.

(4) That, for purposes of determining any liability under the Securities Act to any purchaser:

if the registrant is relying on Rule 430B:

(A) each prospectus filed by the registrant pursuant to Rule 424(b)(3) shall be deemed to be part of the registration statement as of the date the filed prospectus was deemed part of and included in the registration statement; and

(B) each prospectus required to be filed pursuant to Rule 424(b)(2), (b)(5), or (b)(7) as part of a registration statement in reliance on Rule 430B relating to an offering made pursuant to Rule 415(a)(1)(i), (vii) or (x) for the purpose of providing the information required by section 10(a) of the Securities Act shall be deemed to be part of and included in the registration statement as of the earlier of the date such form of prospectus is first used after effectiveness or the date of the first contract of sale of securities in the offering described in the prospectus. As provided in Rule 430B, for liability purposes of the issuer and any person that is at that date an underwriter, such date shall be deemed to be a new effective date of the registration statement relating to the securities in the registration statement to which that prospectus relates, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof. *Provided, however*, that no statement made in a registration statement or prospectus that is part of the registration statement or made in a document incorporated or deemed incorporated by reference into the registration statement or prospectus that is part of the registration statement will, as to a purchaser with a time of contract of sale prior to such effective date, supersede or modify any statement that was made in the registration statement or prospectus that was part of the registration statement or made in any such document immediately prior to such effective date.

(5) That, for the purpose of determining liability of the registrant under the Securities Act to any purchaser in the initial distribution of the securities, the undersigned registrant undertakes that in a primary offering of securities of the undersigned registrant pursuant to this registration statement, regardless of the underwriting method used to sell the securities to the purchaser, if the securities are offered or sold to such purchaser by means of any of the following communications, the undersigned registrant will be a seller to the purchaser and will be considered to offer or sell such securities to such purchaser:

(i) any preliminary prospectus or prospectus of the undersigned registrant relating to the offering required to be filed pursuant to Rule 424;

(ii) any free writing prospectus relating to the offering prepared by or on behalf of the undersigned registrant or used or referred to by the undersigned registrant;

(iii) the portion of any other free writing prospectus relating to the offering containing material information about the undersigned registrant or its securities provided by or on behalf of the undersigned registrant; and

(iv) any other communication that is an offer in the offering made by the undersigned registrant to the purchaser.

(b) The undersigned registrant hereby undertakes that, for purposes of determining any liability under the Securities Act, each filing of the registrant's annual report pursuant to Section 13(a) or Section 15(d) of the Exchange Act (and, where applicable, each filing of an employee benefit plan's annual report pursuant to Section 15(d) of the Exchange Act) that is incorporated by reference in the registration statement shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial *bona fide* offering thereof.

(c) Insofar as indemnification for liabilities arising under the Securities Act may be permitted to directors, officers and controlling persons of the registrant pursuant to the foregoing provisions, or otherwise, the registrant has been advised that in the opinion of the Securities and Exchange Commission such indemnification is against public policy as expressed in the Securities Act and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other than the payment by the registrant of expenses incurred or paid by a director, officer or controlling person of the registrant in the successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, the registrant will, unless in the opinion of its counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by it is against public policy as expressed in the Securities Act and will be governed by the final adjudication of such issue.
