Independent Accountants Review Report

English Translation of a Report Originally Issued in Korean

To the Shareholders and Board of Directors of

Woori Finance Holdings Co., Ltd.:

We have reviewed the accompanying non-consolidated statement of financial position of Woori Finance Holdings Co., Ltd. (the Company) as of September 30, 2010, the related non-consolidated income statements for the three months and nine months ended September 30, 2010 and 2009, and non-consolidated statements of changes in shareholders' equity and cash flows for the nine months ended September 30, 2010 and 2009, all expressed in Korean won. These financial statements are the responsibility of the Company's management. Our responsibility is to issue a report on these financial statements based on our reviews.

We conducted our reviews in accordance with standards for review of interim financial statement in the Republic of Korea. These standards require that we plan and perform the review to obtain moderate assurance as to whether the financial statements are free of material misstatement. A review is limited primarily to inquiries of company personnel and analytical procedures applied to financial data, and this provides less assurance than an audit. We have not performed an audit and, accordingly, we do not express an audit opinion.

Based on our reviews nothing has come to our attention that causes us to believe that the financial statements referred to above are not presented fairly, in all material respects, in accordance with accounting principles generally accepted in the Republic of Korea (See Note 2).

We have previously audited, in accordance with auditing standards generally accepted in the Republic of Korea, the non-consolidated statement of financial position of the Company as of December 31, 2009 and the related non-consolidated income statements, appropriations of retained earnings, changes in shareholders' equity and cash flows for the year then ended (not presented herein) and in our report dated March 4, 2010, we expressed an unqualified opinion on those non-consolidated financial statements. The accompanying statement of financial position as of December 31, 2009, which is comparatively presented, does not differ in material respects from such audited non-consolidated statement of financial position.

Our reviews also comprehended the translation of the Korean won amounts into U.S. dollar amounts and nothing has come to our attention that cause us to believe that such translation has not been made in conformity with the basis stated in Note 2. Such U.S. dollar amounts are presented solely for the convenience of readers outside of Korea.

Accounting principles and review standards and their application in practice vary among countries. The accompanying non-consolidated financial statements are not intended to present the financial position, results of operations, changes in shareholders' equity or cash flows in accordance with accounting principles and practices generally accepted in countries other than the Republic of Korea. In addition, the procedures and practices utilized in the Republic of Korea to review such financial statements may differ from those generally accepted and applied in other countries.

Accordingly, this report and the accompanying financial statements are for use by those knowledgeable about Korean accounting procedures and review standards and their application in practice.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Financial Statement Presentation

The Company maintains its official accounting records in Korean won and prepares statutory non-consolidated financial statements in the Korean language (Hangul) in conformity with the accounting principles generally accepted in the Republic of Korea. Certain accounting principles applied by the Company that conform with financial accounting standards and accounting principles in the Republic of Korea may not conform with generally accepted accounting principles in other countries. Accordingly, these financial statements are intended for use by those who are informed about Korean accounting principles and practices. The accompanying financial statements have been restructured and translated into English with certain expanded descriptions from the Korean language financial statements. Certain information included in the Korean language financial statements, but not required for a fair presentation of the Company's financial position, results of operations, changes in shareholders' equity or cash flows, is not presented in the accompanying financial statements.

The accompanying financial statements are stated in Korean won, the currency of the country in which the Company is incorporated and operates. The translation of Korean won amounts into U.S. dollar amounts is included solely for the convenience of readers outside of the Republic of Korea and has been made at the rate of ₩1,142.00 to US\$1.00 at September 30, 2010, the Base Rate announced by Seoul Money Brokerage Service, Ltd. Such translations should not be construed as representations that the Korean won amounts could be converted into U.S. dollars at that or any other rate.

The accounting policies, which have been adopted in preparing the accompanying non-consolidated financial statements, do not differ materially from those used in preparing the non-consolidated financial statements for the year ended December 31, 2009.

Table of Contents

(1) Accounting policy of consolidated tax return

Table of Contents**22. ADOPTION OF KOREAN INTERNATIONAL FINANCIAL REPORTING STANDARDS****(1) Adoption of Korean International Finance Reporting Standard**

In accordance with the amendment to the Act on External Audit for Stock Companies, the Company is required to comply with Korean international financial reporting standard (K-IFRS) since January 1, 2011. From July 2007, the Company has processed the GAAP conversion toward K-IFRS by adopting systematic approach, such as analyzing IFRS impact on current accounting, establishing new accounting standards and financial reporting system, and simultaneously operating K-IFRS adopted financial reporting system and current reporting system.

In July 2008, the Company established the master transition plan toward K-IFRS, and is currently in the process of designing and implementing the new accounting framework and financial reporting system. The Company is to issue its financial statements under K-IFRS from 2011.

(2) Differences between K-IFRS and K-GAAP which are significant to the Company

Differences between K-IFRS and K-GAAP, which are significant to the Company, are summarized below. Such items being presented do not explain detailed impacts on financial statements which may vary with further analysis.

Presently, the Company could not estimate the financial impacts from key differences.

Classification	K-IFRS	Current accounting Standards
Change of Consolidation Scope	Exceeding 50% of the voting power, decision making capability and holding benefits and risks are conditional on the alternation of consolidation scope.	Over 30% of shares owned, the biggest shareholder decision making are subject to the alternation, excluding special purpose entities subject to certain condition.
Business Combinations	Acquisition method of accounting	Purchase accounting or pooling interest method
Evaluation of Goodwill	No amortization but impairment testing	Amortization with straight line method within 20 years and impairment test
Allowance for Bad Debts	The estimated impairment amount is adopted of which the reason is objectively supported. An impairment loss should be regarded as incurred and only if, there is objective evidence of impairment as a result of one or more events that occurred after initial recognition.	It provides an allowance for doubtful accounts to cover estimated losses on loan, based on rational and unbiased standards (It is the larger amount between the percentage of loan loss allowance established by the Financial Supervisory Commission and loan loss experience ratio on a loan.)
Classification of Financial Instruments	Financial instruments classify financial assets at fair value through profit or loss, available-for-sale financial assets, held-to-maturity investments, loan and receivables.	Securities are classified by trading securities, available-for-sale securities and held-to-maturity securities. Otherwise, deposits and derivatives are separately categorized.
Measurement of Financial Instruments	The fair-value evaluation reflects credit risks.	The fair-value evaluation is targeted to trading securities, available-for-sale securities and derivatives, which are limited, the reflection of credit risk is not explicitly mentioned.

Table of Contents

Classification	K-IFRS	Current accounting Standards
Derecognition of Financial Assets	A financial asset is derecognized when, and when only, either the contractual rights to the asset's cash flows expire, or the asset is transferred and the transfer qualifies for derecognition. The decision whether a transfer qualifies for derecognition is made by applying a combination of risks and rewards and control tests.	The disposal of financial assets is contingent on the risks and rewards of ownership of the financial assets, and whether it has retained control of the financial assets. However, some particular transactions like the asset backed method are recognized as disposal.
Classification of Capital	Capital is categorized by contents of the contract rather than the legal forms.	Capital is classified as a legal capital which shareholders paid.
Classification of Investment Property	Property (land or building) to earn rentals is treated as investment property.	Property (land or building) to earn rentals is treated as tangible assets.
Evaluation of Tangible Asset and Investment Property	In accordance with asset classifications, the asset cost method and asset revaluation reserves are selected as alternative. In addition, cost method is a selective option. However, the Company can use fair value as deemed cost for the convertible basic price of an item of land and buildings.	In accordance with asset classifications, the asset cost method and asset revaluation reserves are selected as alternative. In addition, cost method is a selective option.
Measurement of Accrued Severance Benefits	In accordance with the concept of estimated accumulation rate per unit using the actuarial technique and discount rate, calculate for current value of the estimated amount of severance pay, and the outcome is applied as the liability of the amount of severance pay.	In accordance with the Company's policy, all employees with more than one year of service are entitled to receive severance benefit payments upon termination.

23. AGREEMENT ON THE IMPLEMENTATION OF A MANAGEMENT IMPROVEMENT PLAN

Since December 30, 2000, the Company's three subsidiaries, Woori Bank, Kyongnam Bank and Kwangju Bank, and the KDIC have entered into agreements for the implementation of management improvement plans for the banks. Under the agreements, the three subsidiaries are obligated to improve financial ratio, such as BIS capital ratio, Return on Assets (ROA), General and administrative ratio, Non-performing loan rate and Adjusted operating income (AOI) per person. If the three subsidiaries fail to implement the agreements, the KDIC may command for the three subsidiaries to increase or decrease their capital, pursue mergers, assign contracts such as loans and deposits, or close or sell parts of their business operations.

Since July 2, 2001, the Company and the KDIC have entered into an agreement whereby the Company would integrate the Company's above subsidiaries, Woori Bank, Kyongnam Bank and Kwangju Bank, and improve the performance of the subsidiaries. The agreement stipulates that the Company should build a governance and management structure plan, implement a short-term business improvement strategy, enhance subsidiaries competitiveness, expedite privatization, meet the financial ratio targets, and dispose of business units in case of failure to carry out the agreement.

In order to implement the agreements of above three subsidiaries with the KDIC, on July 2, 2001, the Company and its three subsidiaries entered into agreements for the implementation of the management improvement for the three subsidiaries. Pursuant to the agreements, the three subsidiaries should meet management goals given by the Company, consult with the Company about material business decisions before execution, and prepare and implement a detailed business plan in conformity with the Company's business strategies. If the three subsidiaries fail to implement the management improvement plan, the Company may order the three subsidiaries to limit sales of the specific financial products, investments in fixed assets, promotion of new business or new equity investment, or to close or merge their branch operations and subsidiaries.
