**NOTICE OF ANNUAL MEETING OF STOCKHOLDERS**

**April 28, 2011**

**American Axle & Manufacturing Holdings, Inc. (AAM)**

<b>Time and Place</b>	3:00 p.m., local time, on Thursday, April 28, 2011  AAM World Headquarters Auditorium, One Dauch Drive, Detroit, Michigan
<b>Items of Business</b>	(1) Elect four members of the Board of Directors to serve until the Annual Meeting of Stockholders in 2014;  (2) Cast a non-binding advisory vote on executive compensation ( say-on-pay );  (3) Cast a non-binding advisory vote on the frequency of say-on-pay votes;  (4) Ratify the appointment of Deloitte & Touche LLP as AAM's independent registered public accounting firm for the year ending December 31, 2011; and  (5) Attend to other business properly presented at the meeting.
<b>Record Date</b>	You may vote if you were an AAM stockholder at the close of business on March 3, 2011.
<b>Meeting Admission</b>	Admission may be limited to AAM stockholders as of the record date and holders of valid proxies. Please be prepared to present identification for admittance. Stockholders holding stock in brokerage accounts will need to bring a copy of a brokerage statement reflecting stock ownership as of the record date. Cameras and recording devices will not be permitted.
<b>Proxy Materials</b>	We have elected to furnish materials for the 2011 Annual Meeting of Stockholders via the Internet. We believe the use of the Securities and Exchange Commission (SEC) e-proxy rule will expedite stockholders' receipt of the Proxy Statement, 2010 Annual Report and Form 10-K (proxy materials) and lower the costs of our annual meeting. On March 18, 2011, we mailed a notice of Internet availability (notice) to most stockholders containing instructions on how to access the proxy materials on the Internet instead of receiving paper copies in the mail.  <b>Important Notice Regarding Internet Availability of Proxy Materials for the April 28, 2011 Stockholder Meeting. The Proxy Statement and 2010 Annual Report and Form 10-K are available at <a href="http://www.envisionreports.com/AX">www.envisionreports.com/AX</a>.</b>

**PROXY STATEMENT**

**Annual Meeting of Stockholders  
To Be Held April 28, 2011**

**INTERNET AVAILABILITY OF PROXY MATERIALS**

American Axle & Manufacturing Holdings, Inc. (AAM or the Company) is providing proxy materials electronically via the Internet, instead of mailing printed copies of those materials to each stockholder. On March 18, 2011, we mailed to our stockholders (other than those who previously requested e-mail or paper delivery) a Notice of Availability of Proxy Materials containing instructions on how to access our proxy materials, including our proxy statement and 2010 Annual Report on Form 10-K. The Notice of Availability of Proxy Materials provides instructions on how you may submit your proxy over the Internet or by telephone.

This electronic delivery process is designed to expedite stockholder receipt of proxy materials, lower the cost of the Annual Meeting of Stockholders (annual meeting), and conserve natural resources. However, if you would prefer to receive printed proxy materials, please follow the instructions included in the Notice of Availability of Proxy Materials. If you have previously elected to receive our proxy materials electronically, you will continue to receive these materials by e-mail unless you elect otherwise. If you received a printed copy of proxy materials by mail and would like to view future proxy materials over the Internet, you can do so by accessing the Internet at [www.envisionreports.com/AXL](http://www.envisionreports.com/AXL).

**QUESTIONS AND ANSWERS ABOUT VOTING AND THE ANNUAL MEETING**

**Why am I receiving this proxy statement?**

You received these proxy materials because you owned shares of AAM common stock on March 3, 2011 (record date). AAM's Board of Directors (Board) is soliciting your proxy to vote your shares at the annual meeting. By use of a proxy, you can vote whether or not you attend the meeting. This proxy statement includes information that we are required to provide to you and is designed to assist you in voting your shares.

**Who is entitled to vote?**

Holders of AAM common stock on the record date are entitled to one vote per share. You are a holder of record if your shares are held directly in your name with AAM's transfer agent, Computershare Trust Company, N.A. If your shares are held in the name of a broker, bank, trustee or other record holder, you are a street name holder. If you hold shares in more than one account, each notice, proxy and/or voting instruction card you receive that has a unique control number must be voted so that all your shares are voted.

**How do I vote?**

You may vote by any of the following methods:

*In person* attending the annual meeting and casting a ballot.

*By mail* using the proxy and/or voting instruction card provided.

*By telephone or via the Internet* following the instructions on your notice card, proxy and/or voting instruction card.

If you vote by telephone or via the Internet, have your notice card or proxy and/or voting instruction card available. The control number on your card is necessary to process your vote. A telephone or Internet vote authorizes the named proxies to vote in the same manner as if you marked, signed and returned the card by mail. If you hold shares in street name, refer to the voting instructions provided by your broker, bank, trustee or other record holder.

## **Table of Contents**

### **How many shares may vote at the meeting?**

As of March 3, 2011, we had 75,301,263 shares of common stock outstanding and entitled to vote. Under AAM's by-laws, a majority of these shares must be present in person or by proxy to hold the annual meeting and take any action during the meeting.

### **Can I change my vote?**

You may change your vote at any time before the annual meeting by:

- revoking it by written notice to AAM's Secretary at the address on the cover of this proxy statement;
- voting in person at the annual meeting; or
- delivering a later-dated proxy vote by mail, telephone or the Internet.

### **What are the Board's recommendations on how I should vote my shares?**

The Board recommends that you vote your shares as follows:

- Proposal 1 **FOR** the election of the four nominees with terms expiring at the 2014 annual meeting.
- Proposal 2 **FOR** approval, on an advisory basis, of the compensation of AAM's named executive officers as described in the Compensation Discussion and Analysis, tables and related narrative (the say-on-pay proposal).
- Proposal 3 **FOR** approval, on an advisory basis, of a one year frequency for future advisory votes on say-on-pay.
- Proposal 4 **FOR** ratification of the appointment of Deloitte & Touche LLP as the Company's independent registered public accounting firm for the year ending December 31, 2011.

### **What are my choices when voting?**

- Proposal 1 You may vote for or withhold your vote on one or more of the nominees.
- Proposal 2 You may vote for or against the say on pay proposal, or you may abstain from voting your shares.
- Proposal 3 You may vote for a one year, two year, or three year frequency of say on pay proposals, or you may abstain from voting your shares.
- Proposal 4 You may vote for or against the proposal to ratify the appointment of the Company's independent registered public accounting firm, or you may abstain from voting your shares.

### **What vote is required to approve each proposal?**

- Proposal 1 A plurality of the votes cast to elect a director, which means that nominees with the most affirmative votes will be elected to fill the available seats.
- Proposal 2 An affirmative vote of a majority of the shares voted in person or by proxy must be cast in favor of the advisory vote to approve the say-on-pay proposal.
- Proposal 3

The advisory vote on the frequency of say-on-pay proposals (every one, two, or three years) is a plurality vote. The Company will consider stockholders to have expressed a non-binding preference for the frequency option that receives the most favorable votes.

Proposal 4 An affirmative vote of a majority of the shares voted in person or by proxy must be cast in favor of the ratification of the appointment of the Company's independent registered public accounting firm.

**Table of Contents**

Proposals 2 and 3 are advisory votes only and, as discussed in more detail in each proposal, the voting results are not binding on AAM. However, the Board will consider the outcome of the votes in making future determinations concerning the compensation of our named executive officers and the frequency of the say-on-pay vote.

**Who will count the votes?**

Representatives of Computershare Trust Company, N.A., AAM's transfer agent, will count the votes and serve as our inspector of election. The inspector of election will attend the annual meeting.

**What if I withhold my vote or abstain ?**

Votes withheld and abstentions will be counted as present for purposes of determining whether a majority of shares is present to establish a quorum and hold the annual meeting. Abstentions will not be counted in the tally of votes for or against any proposal. A withheld vote has the same effect as an abstention.

**What if I do not vote and do not attend the annual meeting?**

If you are a holder of record and you do not vote your shares at the annual meeting or by proxy, your shares will not be voted. If you sign and return your proxy card without specific voting instructions, your shares will be voted as recommended by the Board.

Under New York Stock Exchange (NYSE) rules, brokers have discretionary power to vote your shares only on routine matters. Brokers do not have discretionary power to vote your shares on non-routine matters. If you hold shares in street name, and you do not give your bank, broker, or other holder of record specific voting instructions for your shares, your record holder can only vote your shares on the ratification of the Company's independent registered public accounting firm (proposal 4), a routine matter.

Without your specific instructions, your record holder cannot vote your shares on the election of directors, the advisory vote on executive compensation (say-on-pay), and the advisory vote on the frequency of say-on-pay proposals. For each of these matters, if you do not instruct your record holder how to vote, the record holder may not vote your shares. Shares not voted will be broker non-votes and will not be counted in determining the outcome of the vote for proposals 1, 2 and 3. Broker non-votes will have no impact on the outcome of these proposals. We urge you to give your record holder voting instructions on each proposal being presented at the annual meeting.

**PROPOSAL 1: ELECTION OF DIRECTORS**

The Board proposes that the four directors standing for re-election as Class III directors, Richard E. Dauch, James A. McCaslin, William P. Miller II, and Larry K. Switzer, be elected to the Board for terms expiring at the annual meeting in 2014.

The Board is divided into three classes. Directors serve for staggered three-year terms. Class I and Class III each consists of four positions and Class II consists of three positions. The Board believes that the staggered election of directors helps to maintain continuity and ensures that a majority of directors at any given time will have in-depth knowledge of the Company.

The Board unanimously approved the nominations of our Class III directors based on their outstanding achievements, special competencies and integrity. Each nominee brings a strong and unique background and set of skills to the Board. Collectively, the Board has high levels of competence and experience in a variety of areas, including manufacturing, engineering, finance, international business, management, restructuring, risk management and the global automotive industry. A summary of the principal occupation, professional background and specific qualifications and/or skills of each nominee is provided in the following pages of this proxy statement.

**The Board unanimously recommends a vote FOR each of the nominees.**

**DR. HENRY T. YANG**

Age 70

Director since  
2004

Dr. Henry T. Yang is the Chancellor at the University of California, Santa Barbara, where he also serves as professor of mechanical engineering. Formerly the Dean of Engineering and Neil Armstrong Distinguished Professor in Aerospace Engineering at Purdue University, Dr. Yang is a nationally recognized expert in automotive and aerospace engineering. He holds a Ph.D. degree in engineering from Cornell University as well as five honorary doctorates and is a member of the National Academy of Engineering. He is Chairman of the Executive Committee of the American Association of Universities, Chairman of the Association of Pacific Rim Universities, Chairman of the Board of Thirty Meter Telescope, and a director of the Board of Kavli Foundation. Dr. Yang's distinguished academic career and extensive knowledge and leadership in advanced technology provides the Board with a valuable perspective relative to AAM's global business growth. Dr. Yang's in-depth knowledge and expertise in engineering, science and technology and his leadership as Chairman of the Technology Committee provides the Board with a critical resource related to the Company's advancements in technology.

**Table of Contents**

**CORPORATE GOVERNANCE**

**Corporate Governance Guidelines**

The Board has adopted Corporate Governance Guidelines that meet or exceed the requirements of the NYSE listing standards. AAM's Corporate Governance Guidelines are available on our website at <http://www.aam.com/investors/corporategovernance>.

**Director Independence**

AAM's Corporate Governance Guidelines provide that at least a majority of the members of the Board and each member of the Audit Committee, Compensation Committee and Nominating/Corporate Governance Committee meet the independence criteria of the NYSE listing standards. In addition, the Board has established Director Independence Guidelines to assist in determining the independence of our directors for purposes of the NYSE independence standards. The Director Independence Guidelines are included in AAM's Corporate Governance Guidelines, which are available on our website at <http://www.aam.com/investors/corporategovernance>.

The Board reviews and determines, on the recommendation of the Nominating/Corporate Governance Committee, whether any director has a material relationship with the Company that would interfere with the exercise of independent judgment in carrying out the responsibilities of a director. When assessing materiality, the Board considers relevant facts and circumstances of which it is aware. No director qualifies as independent unless the Board determines that the director has no direct or indirect material relationship with the Company.

The Board has affirmatively determined that the following nine directors are independent: Salvatore J. Bonanno, Sr., Elizabeth A. Chappell, Forest J. Farmer, Richard C. Lappin, James A. McCaslin, William P. Miller II, Larry K. Switzer, Thomas K. Walker and Dr. Henry T. Yang. Richard E. Dauch, Co-Founder, Chairman of the Board & CEO, and David C. Dauch, President & COO, are not independent due to their employment with AAM. Mr. D.C. Dauch is the son of Mr. R.E. Dauch.

In making these director independence determinations, the Board considered certain business relationships that were found to be immaterial under applicable independence standards. Mr. Bonanno serves on the Board of and has a minority interest in a supplier that receives payments for sales made to AAM. Ms. Chappell is an officer of a non-profit organization that receives sponsorship fees from AAM. Prior to his election to AAM's Board, Mr. McCaslin was an officer of Harley-Davidson, Inc., an AAM customer. He retired from Harley-Davidson in April 2010.

Each of these relationships arose in the ordinary course of business and existed before Mr. Bonanno, Ms. Chappell and Mr. McCaslin joined the Board. In addition, the annual amounts paid or received by AAM in connection with these relationships were below the threshold amount established under the NYSE independence standards and our Director Independence Guidelines. The applicable threshold is the greater of two percent of the annual gross revenues of the outside entity or \$1 million. Accordingly, the Board determined that each relationship is immaterial and does not impair the independence of these directors.

**Board Leadership Structure**

The Board believes that as AAM's co-founder, Richard E. Dauch, is uniquely qualified to serve as Chairman of the Board while holding the position of CEO. Mr. R.E. Dauch has been CEO since he co-founded AAM in 1994 and has served as Chairman since 1997. The Board benefits from this structure through Mr. R.E. Dauch's contributions as a

strong leader with extensive knowledge of the global automotive industry and a unique commitment to the success of the Company he co-founded.

This Board leadership structure is further enhanced by independent director oversight. The Board is comprised of nine independent directors, including a lead director. Independent directors and management have different perspectives and roles in strategy development. One of the key responsibilities

## **Table of Contents**

of the Board is to develop strategic direction while holding management accountable for execution of its business plans. Our leadership structure provides the appropriate balance necessary to accomplish this objective and is the most effective leadership structure for the Board at this time.

The Board recognizes that no single leadership model is appropriate for a Board at all times. Accordingly, the Board may consider a different leadership structure, including a separation of the roles of CEO and Chairman, as appropriate, as the Company's business and leadership continue to evolve.

### **Lead Director and Executive Sessions**

Thomas K. Walker was selected by the Board to serve as the lead director for all meetings of non-management directors held in executive session. Mr. Walker is an independent director and serves on every Board committee. The lead director's responsibilities include presiding at executive sessions of the Board's non-management directors and acting as a liaison between the Chairman and the independent directors.

Non-management directors, all of whom are independent, meet in executive session without AAM management present at the end of each scheduled Board meeting.

### **Board Oversight of Risk**

The Board as a whole and also at the committee level oversees management of the Company's risks. The Board regularly reviews information provided by senior management regarding the Company's strategic, operational, financial and compliance risks. In addition, the chairs of the Audit, Compensation, Nominating/Corporate Governance and Technology Committees regularly report to the Board the activities of their respective Committees, including matters related to risk.

The Audit Committee oversees management of financial risks and receives an annual report from management on the Company's overall risk management structure and process. The Nominating/Corporate Governance Committee manages risks associated with corporate governance and management succession planning. The Compensation Committee oversees risks related to AAM's compensation programs. The Technology Committee oversees risks related to AAM's product, process and systems technology. Additional review or reporting of specific risks is conducted as necessary or as requested by the Board or a Committee.

### **Stockholder Communication with the Board**

Stockholders or other interested parties may communicate with the Board through the Secretary of AAM by mail at One Dauch Drive, Detroit, Michigan 48211-1198 or by e-mail at [AAMBoardofDirectors@aam.com](mailto:AAMBoardofDirectors@aam.com).

The Board has instructed the Secretary to review all such communications and to exercise his discretion not to forward correspondence to the Board that is inappropriate, such as advertising and business solicitations, routine business matters and personal grievances. However, any director may at any time request the Secretary to forward any communication received by the Secretary on behalf of the Board.

### **Code of Business Conduct**

AAM has adopted a Code of Business Conduct that is designed to assist all AAM associates, executive officers and members of the Board in conducting AAM's business with the highest standards of ethics and integrity. AAM has also adopted a Code of Ethics for our CEO, COO, CAO, CFO and other Senior Financial Officers (Code of Ethics). The Board annually reviews the Code of Business Conduct and updates the Code as appropriate. AAM's Code of Business

Conduct and Code of Ethics are available on our website at <http://www.aam.com/investors/corporategovernance>. A written copy also may be obtained by any stockholder without charge upon request to the AAM

### **Related Person Transactions Policy**

The Board has adopted a policy and procedure for the review, approval and ratification of transactions involving AAM and related persons as defined in the policy. This policy supplements AAM's other conflict of interest policies as set forth in AAM's Code of Business Conduct. The Board has delegated to the Audit Committee the responsibility for reviewing, approving and ratifying all related person transactions in accordance with the policy.

For purposes of this policy, a related person transaction includes any financial transaction, arrangement or relationship or series of similar transactions, arrangements or relationships in which:

- AAM is or is expected to be a participant;
- the amount involved exceeds \$100,000; and
- a related person has or will have a direct or indirect material interest.

However, a transaction between AAM and a related person is not subject to this policy if the transaction:

- is available to all employees generally;
- involves less than \$5,000 when aggregated with all similar transactions; or
- involves compensation of an executive officer that is approved by the Compensation Committee.

A related person includes directors and executive officers and their immediate family members, stockholders owning more than five percent of the Company's outstanding common stock as of the last completed fiscal year, and any entity owned or controlled by any one of these persons.

A related person transaction meeting the above criteria will be permitted only if the transaction is approved by the Audit Committee and is on terms comparable to those available to unrelated third parties. Any related person transaction involving a member of the Audit Committee must be presented to disinterested members of the full Board for review.

In considering a transaction, the Audit Committee and/or the Board may consider the following factors, as applicable:

- the Company's business reasons for entering into the transaction;
- the alternatives to entering into a related person transaction;
- the potential for the transaction to lead to an actual or apparent conflict of interest and any safeguards imposed to prevent such actual or apparent conflict;
- the extent of the related person's interest in the transaction; and
- whether the transaction is in the best interests of AAM.

Every director and executive officer is required to report any existing or contemplated related person transaction to AAM's Executive Director, Administration & Legal, who also serves as the Company's Secretary. In addition, AAM's directors and executive officers complete annual questionnaires designed to elicit information about potential related person transactions. The Company did not engage in any reportable related person transactions during fiscal year 2010. As of the date of this proxy statement, no reportable related person transaction has been brought to the attention of the Secretary, the Audit Committee or the Board.

### **Board Committee Composition**

Directors are expected to attend all Board meetings, meetings of the committees on which they serve and stockholder meetings. During 2010, all directors attended 100 percent of the meetings of the Board and the committees on which they served and the annual meeting of stockholders.

**Table of Contents**

The Board held four regularly scheduled meetings during 2010. The following table shows the membership of the Board's committees during 2010 and the number of committee meetings held during 2010.

**Audit Committee**

The Audit Committee provides assistance to the Board with respect to: the quality and integrity of our financial statements; our compliance with legal and regulatory requirements; our independent auditors' qualifications and independence; and the performance of our internal audit function and independent auditors. The Audit Committee operates under a written charter that is available on AAM's website at <http://www.aam.com/investors/corporategovernance>.

The Board has determined that all Audit Committee members serving during 2010 are independent and financially literate under applicable NYSE listing standards. Mr. Miller and Mr. Switzer also qualify as audit committee financial

experts as defined by SEC rules.

### **Compensation Committee**

The Compensation Committee is responsible for the following:

- Establishing and reviewing AAM's compensation philosophy and programs with respect to our executive officers;
- Approving executive officer compensation with a view to support AAM's business strategies and objectives;

## **Table of Contents**

Approving corporate goals and objectives for executive officer compensation and evaluating executive officer performance in light of these criteria, in consultation with the CEO (in the case of our other executive officers) and with input from other independent directors (in the case of the CEO);  
Recommending to the Board the approval, amendment and termination of incentive compensation and equity-based plans and certain other compensation matters;  
Overseeing the preparation of the Compensation Discussion and Analysis for inclusion in our annual proxy statement; and  
Producing the Compensation Committee Report for inclusion in our annual proxy statement.

The Compensation Committee operates under a written charter that is available on our website at <http://www.aam.com/investors/corporategovernance>. In accordance with our Corporate Governance Guidelines, the Compensation Committee is also responsible for recommending non-employee director compensation and benefits for approval by the Board.

## **Risk Assessment of Compensation Policies and Practices**

In 2011, AAM management conducted a risk assessment of the Company's compensation policies and practices relating to AAM's compensation programs for executive officers and other associates on a global basis. The process used by management to conduct the risk assessment was approved by the Compensation Committee. The risk assessment considered, among other things, AAM's annual and long-term incentive programs and pay mix, performance measures used to calculate payouts, and pay philosophy and governance. Based on this risk assessment and other factors, management concluded that the Company's compensation policies and practices do not create risks that are reasonably likely to have a material adverse effect on the Company. The Compensation Committee agreed with management's conclusion.

## **Role of Management in Compensation Decisions**

The Compensation Committee is responsible for making compensation decisions relative to executive officers. However, in making its decisions, the Committee seeks and considers input from senior management. Since management has direct involvement with and an in-depth knowledge of the business strategy, goals and performance of the Company, certain executive officers play an important role in the executive compensation decision-making process. Senior management participates in the Committee's activities in the following specific respects:

The CEO reports to the Committee with respect to his evaluation of the performance of the Company's executive officers, including the other named executive officers (NEOs). Together with the President & COO and the Human Resources department head, the CEO makes compensation recommendations for these individuals, including base salary levels and the amount and mix of incentive awards.

The CEO, the President & COO, the CFO and the Human Resources department head develop recommended performance objectives and targets for AAM's incentive compensation programs. The Human Resources Department also assists the Chairman of the Committee in developing meeting agendas and manages the preparation and distribution of pre-meeting informational materials on the matters to be considered.

The CEO, the President & COO, the CFO and the Human Resources department head regularly attend Committee meetings. Management generally does not attend the executive session of the Committee. However, there are times when the Committee requests that certain members of management, including the CEO, the President & COO and the Human Resources department head, be present for all or a portion of an executive session.

The CEO, President & COO, the CFO and the Human Resources department head recommend long-term incentive grants for executive officers, other than the CEO, for approval by the Committee.

### **Role of Compensation Consultant**

The Compensation Committee has retained Meridian Compensation Partners, LLC (Meridian) as its independent compensation consultant. Meridian provides independent advice and ongoing recommendations on compensation matters related to the CEO, other executive officers and non-employee directors, including:

- Provide independent input for the Committee's decision-making with respect to executive compensation;
- Provide independent input related to non-employee director compensation;
- Prepare competitive market data, including current compensation trends, as a reference for the Committee to consider in evaluating compensation for executive officers.

In the course of fulfilling its responsibilities, Meridian may communicate directly with the Chairman of the Compensation Committee. Meridian also meets with management to gather information, prepare materials, and review proposals to be made to the Committee.

During 2010, the Compensation Committee engaged Meridian to conduct a market study of non-employee director compensation to determine the competitiveness of AAM's total compensation program for non-employee directors. Meridian was instructed to compare AAM's non-employee director pay levels and design practices against that of the peer group established by the Compensation Committee for evaluating the competitiveness of AAM's executive compensation programs. This peer group is shown in the *Market Analysis and Benchmarking* section of the CD&A. Based on the results of Meridian's analysis, the Compensation Committee and the Board approved changes to non-employee director compensation for 2011 as described in *2011 Non-employee Director Compensation* below.

### **Nominating/Corporate Governance Committee**

The Nominating/Corporate Governance Committee's primary responsibilities are to:

- Identify qualified individuals to serve on the Board and committees;
- Review our Corporate Governance Guidelines and Code of Business Conduct and recommend changes as appropriate; and
- Oversee and approve the process for succession planning for the CEO and other executive officers.

The Nominating/Corporate Governance Committee operates under a written charter that is available on our website at <http://www.aam.com/investors/corporategovernance>.

**Selection Process for Director Nominees.** In consultation with the Chairman of the Board, the Nominating/Corporate Governance Committee identifies, evaluates and recommends potential candidates for membership on the Board. The Nominating/Corporate Governance Committee conducts necessary and appropriate inquiries into the backgrounds and qualifications of the candidates and considers questions of independence and possible conflicts of interest. Based on the Committee's evaluation, candidates who meet the Board's criteria may receive further consideration, which may include interviews with the Nominating/Corporate Governance Committee and other directors. The Committee then submits its recommendations for nominees to the Board for approval. Pursuant to AAM's bylaws, the Board may establish the size of the Board by resolution, provided there is a minimum of three members.

Before the Board nominates an incumbent director for re-election by our stockholders, the incumbent director is evaluated by the Nominating/Corporate Governance Committee and/or the Board. This evaluation is based on, among other things, the incumbent director's meeting attendance record and contributions to the activities of the Board.

The Nominating/Corporate Governance Committee considers recommendations of potential candidates from current directors of our Board, our CEO and our stockholders. Mr. R.E. Dauch referred current

director nominee, James A. McCaslin, for consideration by the Nominating/Corporate Governance Committee and the Board based upon Mr. McCaslin's extensive operational experience in multiple manufacturing industries in the original equipment and aftermarket product markets. After consideration of Mr. McCaslin's qualifications, and based on the recommendation of the Nominating/Corporate Governance Committee, the Board added Mr. McCaslin to the Board effective February 8, 2011 to fill a new Class III position.

**Director Qualifications.** AAM's Corporate Governance Guidelines provide the qualifications for Board membership. Candidates for director nominees to the AAM Board are reviewed in consideration of the current composition of the Board, the operating requirements of the Company and the interests of stockholders. Although specific qualifications may vary from time to time, desired qualities and characteristics include:

- High ethical character and shared values with AAM;
- Loyalty to AAM and concern for its success and welfare;
- High-level leadership experience and achievement at a policy-making level in business or in educational or professional activities;
- Knowledge of issues affecting AAM;
- The ability to contribute special competencies to Board activities, such as financial, technical, international business or other expertise, or industry knowledge;
- Willingness to apply sound, independent business judgment;
- Awareness of a director's vital role in AAM's good corporate citizenship and corporate image; and
- Sufficient time and availability to effectively carry out a director's duties.

The Board as a whole should reflect the appropriate balance of knowledge, experience, skills, expertise and diversity that, when taken together, will enhance the quality of the Board's deliberations and decisions. Although the Board has no formal policy regarding diversity, the Board believes that diversity is an essential element of Board effectiveness. In this context, diversity is defined broadly to include differences in background, skills, education, experience, gender, race, national origin and culture.

For director candidates recommended by stockholders, the Nominating/Corporate Governance Committee follows the procedures described in *Other Matters, Stockholder Proposals for 2012 Annual Meeting*. The Nominating/Corporate Governance Committee will evaluate candidates recommended by stockholders using substantially the same criteria as it considers in evaluating director candidates recommended by our Board members or CEO.

## **Executive Committee**

The Executive Committee exercises the authority of the Board during the intervals between Board meetings and does not meet on a regular basis. Its members are identified in the *Committee Membership in 2010* table.

## **Technology Committee**

The Technology Committee oversees and provides advice to AAM regarding AAM's product, process and systems technology. Its members are identified in the *Committee Membership in 2010* table.

**COMPENSATION OF EXECUTIVE OFFICERS**

**Compensation Discussion and Analysis**

**Executive Summary**

In 2010, general economic conditions began to stabilize, credit markets improved and U.S. domestic automotive production levels increased. The U.S. Seasonally Adjusted Annual Rate (SAAR) of sales increased in 2010 for the first time in three years to 11.6 million units as the U.S. domestic automotive industry began to recover from the severe downturn it had suffered. Over the past several years, AAM's senior management team implemented a restructuring plan that resulted in a cost structure aligned with current and projected levels of customer demand and market requirements. This plan has proven successful, yielding significant, permanent structural cost reductions, which has driven down our operating breakeven level. These actions positioned AAM to significantly improve profitability and free cash flow in 2010.

Our executive compensation program reflects an externally competitive compensation structure based on a comprehensive market study of executive compensation programs in AAM's peer group. The program includes a mix of base salaries, target annual incentive opportunities and long-term incentives for executive officers. In 2010, our annual incentives were based exclusively on achievement of net operating cash flow goals. Our current long-term incentive program for executive officers is a cash-based program as a result of AAM not having an equity plan available for new equity-based awards. We use total shareholder return (TSR) and earnings before interest, taxes, depreciation and amortization (EBITDA) as the performance measures for long-term incentive awards.

**Executive Compensation Philosophy and Objectives**

The Committee is responsible for establishing and reviewing the overall compensation philosophy of the Company. The Committee believes that the compensation paid to executives should be structured to provide AAM executives with meaningful rewards, while maintaining alignment with stockholder interests, corporate values and management initiatives. In addition, the annual compensation limit of \$3 million for any executive officer and other restrictions contained in the 2009 Settlement and Commercial Agreement we entered into with GM (2009 Settlement and Commercial Agreement) will be considered by the Committee in order to ensure compliance with the agreement as long as it remains in effect.

The Committee believes that AAM's executive compensation program should consist of a mix of base salary, annual incentive compensation, long-term incentive compensation, perquisites and other personal benefits. One of the key objectives of establishing a mix of base salaries, annual incentive and long-term incentive compensation is to have a significant portion of total compensation be performance based and contingent upon the achievement of stated Company performance goals.

In an effort to more closely align the objectives of the philosophy to market competitive practices, the Committee approved stated target percentile goals for each component of pay. The following pay percentile goals are used as a guide to help set compensation levels for the NEOs, excluding the CEO (whose compensation is determined under his employment agreement, as described below). In addition to these goals, the Committee considers other factors in setting compensation levels for the NEOs, including individual performance and the specific needs of the position for the Company.

<b>Pay Component</b>	<b>Target Percentile Goal</b>
Base Salary	50 <sup>th</sup> Percentile
Target Annual Incentive	Between 50 <sup>th</sup> and 75 <sup>th</sup> Percentiles
Long-Term Incentives	Between 50 <sup>th</sup> and 75 <sup>th</sup> Percentiles

These percentile goals were established based on the Committee's objective that base salaries should be consistent with market salaries at the 50<sup>th</sup> percentile. The percentile goals for annual

## **Table of Contents**

incentives and long-term incentives were set between the 50<sup>th</sup> percentile and the 75<sup>th</sup> percentile to enable the Company to reward executive performance at a rate slightly above average in order to compete for executive talent. These pay percentile goals were implemented over a two-year period that concluded in 2010.

**Compensation Objectives.** The following fundamental objectives are considered in determining compensation programs and pay levels.

**Compensation and benefit programs should appropriately reflect the size and financial resources of our Company in order to maintain long-term viability.** These programs should be increasingly market-based (rather than legacy) to be competitive relative to the compensation paid to similarly situated executives in our peer group.

**Compensation and benefit programs should attract, motivate and retain experienced executives who are vital to our short-term and long-term success, profitability and growth.** AAM makes an effort to remain competitive by targeting competitive pay levels based on the Company's Compensation Philosophy with consideration of the specific business environment and other market influences.

**Compensation and benefit programs should reward Company and individual performance.** Our programs should strive to deliver competitive compensation for exceptional individual and Company performance as compared to companies in our peer group. As associates progress to higher levels in the Company and assume key leadership positions, a greater portion of their compensation should be linked to Company performance and stockholder returns. Company performance is measured against financial and operational objectives and stockholder return.

**Compensation and benefit programs should foster the long-term focus required for success in the global automotive industry.** We believe that long-term incentive compensation will motivate executive officers to deliver long-term value to our stockholders. Executives at higher levels should have a greater proportion of their compensation tied to longer-term performance because they are in a better position to influence longer-term results.

**Executive officers should be AAM stockholders.** Stock ownership aligns our executive officers' interests with those of stockholders and reinforces the importance of making sound long-term decisions. AAM's executive officers are required to maintain a certain level of stock ownership based on their position.

**The objectives of rewarding performance and retention should be balanced.** In periods of downturns in Company performance, particularly when driven by industry events or customer decisions, our compensation programs should continue to ensure that high-achieving, marketable executives remain motivated and committed to AAM. This principle is essential to our effort to encourage our strongest leaders to remain with AAM for long and productive careers.

**Compensation and benefit programs should be fair in consideration of each executive's level of responsibility and contribution to AAM.** While the overall structure of compensation and benefit programs should be broadly similar across the Company, individual pay levels and benefit packages will necessarily reflect differences in job responsibilities, geography and marketplace considerations.

## **Market Analysis and Benchmarking**

A peer group of 38 broad industrial manufacturing companies, including 10 automotive suppliers, were identified by the Committee's independent compensation consultant database, for consideration by the Committee to help assess

competitive pay levels and to provide data for 2010 and 2011 pay decisions. The peer group was selected to be representative of a broad industrial sector in which

## **Table of Contents**

AAM competes for executive talent. The criteria used to assess the market and to select the peer group included:

Operating/Industry Competitors Companies with which we compete for the sale of products and services;  
Labor Market Competitors Companies with which we compete for executive talent;  
Competitors for Capital Companies with which we compete for investment dollars and against which investment performance is evaluated; and  
Revenue Size Companies with revenues within a relevant range.

Based on the foregoing criteria, the Committee approved the following peer group to be used for 2010 and 2011 pay decisions:

A. O. Smith Corporation	Joy Global Inc.
ArvinMeritor Inc.	Kennametal Inc.
Ball Corporation	Lear Corporation
BorgWarner Inc.	Navistar International
Brady Corporation	Owens-Illinois, Inc.
Cameron International Corporation	PACCAR Inc.
Cummins Inc.	Polaris Industries Inc.
Dana Corporation	Rockwell Automation
Donaldson Company, Inc.	Sauer-Danfoss Inc.
Dover Corporation	Sonoco Products Company
Eaton Corporation	Terex Corporation
Federal Signal Corporation	Thomas & Betts Corporation
Federal-Mogul Corporation	The Timken Company
Fleetwood Enterprises, Inc.	Trinity Industries, Inc.
Flowsolve Corporation	TRW Automotive Holdings Corp.
FMC Technologies	USG Corporation
Genuine Parts Company	Valmont Industries, Inc.
Harley-Davidson Motor Company	Visteon Corporation
Ingersoll-Rand Company	Woodward Governor Company

The market data analysis used in determining executive officer compensation levels was revenue size adjusted using regressed market values for each relevant position.

## **Tally Sheets**

Annually, the Committee reviews compensation tally sheets for each executive officer, including the NEOs. The tally sheets, which are prepared by management, provide a summary of the current amounts of each component of pay, including a historical review of prior long-term incentive grants. The tally sheets also provide a summary of the potential payouts and benefits upon various termination events. The elements and calculations reviewed are substantially similar to the information provided for each NEO in *Potential Payments Upon Termination or Change in Control* below. The Committee did not change the NEOs' compensation based on its review of this information. The Committee expects to review updated tally sheets on an annual basis.

## **Components of the AAM Compensation Program**

The primary components of AAM's executive compensation program are base salary, annual incentives, long-term incentives, and benefits and perquisites. The discussion below of the elements of compensation applies to the NEOs,

other than Mr. R. E. Dauch, our CEO. Mr. R. E. Dauch's compensation is discussed separately in *Compensation of Chief Executive Officer* below.

**Base Salary.** Base salaries provide fixed compensation to the executive for services rendered during the year. To more closely align its compensation programs with market competitive practices,

**Table of Contents**

the Company implemented market-based changes in compensation levels over a two-year period that concluded in 2010. The Committee based its salary determinations for the NEOs (other than the CEO) by reference to the 50th percentile of our peer group. The recommendations of the CEO and President & COO were also considered for other NEOs' salaries. Those recommendations were based on experience, time in position, professional development, contribution to the Company, individual performance and other factors. The Committee approved the following base salaries for 2011:

	<b>Base Salary</b>
Richard. E. Dauch	\$ 2,702,300
Michael K. Simonte	\$ 515,000
David C. Dauch (effective November 1, 2010)	\$ 650,000
John J. Bellanti	\$ 473,800
John E. Jerge	\$ 303,000

Mr. D.C. Dauch's base salary was increased effective November 1, 2010 in connection with the additional responsibilities he assumed in the areas of labor relations, legal and administration. NEO base salaries for 2010, 2009 and 2008 are shown in the *Summary Compensation Table*.

**Annual Incentive Compensation.** Annual incentive compensation at AAM is designed to:

- Encourage executives to achieve short-term goals to foster the long-term goals of the Company;
- Reward performance to support strategic initiatives; and
- Provide incentives for executive retention.

Annual incentive compensation is measured by our achievement of financial targets established under AAM's Incentive Compensation Plan for Executive Officers. On an annual basis, the Committee determines one or more performance factors, and the relative weighting of each factor, in consideration of the Company's key performance objectives. Under the plan, the performance factors that may be selected are (1) net income as a percentage of sales, (2) after tax return on invested capital (ROIC) and (3) net operating cash flow. ROIC is defined as after-tax return divided by average invested capital. Net operating cash flow is defined as cash provided by or used in operating activities less capital expenditures. Target performance levels, established annually, are intended to be aggressive but achievable metrics based on industry conditions.

Cash incentive awards are permitted to the extent the Company meets or exceeds threshold levels of performance and reports positive net income for the performance year. However, the plan permits the Committee to make adjustments if the Committee determines that the achievement of performance targets for a plan year do not reflect the true performance of the Company due to unanticipated circumstances specified in the plan. No such adjustments were made for the 2008, 2009 or 2010 plan years.

Individual awards may be increased or decreased by the Committee, based on the CEO's recommendation, in consideration of individual experience, time in position, professional development, contribution to the Company, individual performance and other factors. No changes were recommended for 2010 annual incentive awards paid to executive officers.

**2010 Annual Incentives**

In support of the Company's 2010 strategic initiatives, the Committee approved the use of net operating cash flow as the sole performance metric to be used in determining 2010 annual incentives for the following reasons:

Cash flow is a critical financial metric for AAM at this time due to its impact on liquidity and debt reduction;

**Table of Contents**

Increasing cash flow is key to achieving credit rating upgrades, which will have a favorable impact on the Company's cost of future financing; and  
The Committee believes increasing cash flow benefits AAM stakeholders.

The following table summarizes the approved target annual incentive opportunities for the NEOs in 2010 and 2011 (stated as a percentage of base salary):

	<b>Annual Incentive Opportunity</b>
Richard. E. Dauch	*
Michael K. Simonte	80%
David C. Dauch	90%
John J. Bellanti	80%
John E. Jerge	60%
Patrick S. Lancaster (Retired 1/1/2011)	80%

\* Mr. R.E. Dauch received no annual incentive award in 2010 in consideration of the \$3 million compensation limitation under the 2009 Settlement and Commercial Agreement.

In the fourth quarter of 2009, the Committee determined the 2010 award levels for the net operating cash flow performance metric in conjunction with a review of the Board-approved annual budget and projections provided to AAM's lenders. The award levels are as follows:

	<b>Net Operating Cash Flow Performance</b>		<b>Payout</b>
Threshold	\$(60) million		50%
Target	Breakeven		100%
Maximum	\$25 million		125%

The 2010 threshold award level for net operating cash flow was based on projections provided to AAM's lenders in 2009 in obtaining amendments to our senior credit agreements and refinancing substantially all senior debt maturities through 2014. The target award level was set at breakeven net operating cash flow. The maximum award level was determined to be an aggressive target based on the Company's projected volumes and industry conditions when the target was established.

The Company's 2010 net operating cash flow performance exceeded the maximum target award level by more than \$100 million. Accordingly, the Committee approved a payout of 125 percent of target. The annual incentive awards paid to the NEOs are shown in the *Summary Compensation Table*.

**2011 Annual Incentives**

In 2010, the Compensation Committee approved the use of net operating cash flow and net income as a percentage of sales (NIPS), each with an equal weighting, as the performance metrics to be used in determining 2011 annual incentives. Net operating cash flow was selected for the reasons described above under *2010 Annual Incentives*. NIPS

was selected as a performance metric for 2011 for the following reasons:

Net income is a key indicator of financial and operational performance; and

Net income and net income growth is highly correlated to cash flow, return on invested capital and stockholder value creation.

Award levels for NIPS and net operating cash flow were determined in the fourth quarter of 2010. Target and threshold performance levels for NIPS were established based on a review of our competitor peer group benchmarks for the three most recently completed years. AAM's competitor

**Table of Contents**

peer group as shown in our 2010 annual report includes ArvinMeritor Inc.; Autoliv Inc.; BorgWarner Inc.; Dana Corporation; Lear Corporation; Magna International Inc.; Tenneco Automotive Inc. and Visteon Corporation (competitor peer group). The target performance level for NIPS, or 3 percent, was set at a level to meet the performance of the top one-third of our competitor peer group for the three most recently completed fiscal years.

The Committee determined the performance award levels for net operating cash flow performance based on the Board approved budget. The target performance level for net operating cash flow is based on our outperforming the budget by \$25 million and the maximum performance level is based on outperforming the budget by \$50 million. These 2011 performance targets will be disclosed in our 2012 proxy statement.

**Long-Term Incentives.** Long-term incentive compensation at AAM is designed to:

- Align executive officer and stockholder interests;
- Reward achievement of long-term performance goals; and
- Provide incentives for executive retention.

In prior years, AAM granted equity awards to executive officers under the 1999 Stock Incentive Plan. That plan expired in 2009 and was not replaced by the Company. Since AAM does not have an equity plan in place, the Committee approved changes to the long-term incentive program for executive officers that impact both (1) each executive officer's award opportunity and (2) the type of long-term incentive awards.

**Cash-Based Long-Term Incentive Plan.** In 2009, the Committee approved a cash-based long-term incentive program, which provides the entire long-term incentive opportunity for executive officers. Under the AAM 2009 Long-Term Incentive Plan (AAM LTIP), each participant receives a target award value, stated as a dollar amount based on a percentage of base salary.

The following table summarizes the target award amounts for the NEOs in 2011 and 2010:

	<b>2011 Target Award Amount</b>	<b>2010 Target Award Amount</b>
Richard. E. Dauch	\$	\$
Michael K. Simonte	\$ 618,000	\$ 600,000
David C. Dauch	\$ 1,170,000	\$ 1,008,000
John J. Bellanti	\$ 568,560	\$ 552,000
John E. Jerge	\$ 242,400	\$ 228,000
Patrick S. Lancaster (Retired 1/1/11)	\$	\$ 528,000

- \* Mr. R.E. Dauch received no long-term incentive award in 2010 in consideration of the \$3 million compensation limit under the 2009 Settlement and Commercial Agreement.

Award payouts can range from 0 percent to 200 percent of the target value based on the level of performance over a three-year period beginning in January of the year of the award.

**Performance Measures**

For grants under the AAM LTIP, the actual cash payouts will be determined based on the level of performance against two performance metrics approved by the Committee. One-half of the target award payment will be earned based on the cumulative amount of earnings before interest, taxes, depreciation and amortization (EBITDA) over a three-year performance period. In calculating this award, the plan gives the Committee discretion to exclude certain special items from EBITDA, such as special charges or gains, non-recurring operating costs, extraordinary gains or losses, the impact of changes in accounting principles, or any other unusual items. EBITDA was chosen as one of the measures of Company performance as it is a key indicator of the Company's financial and operational

**Table of Contents**

performance and is useful in analyzing entity valuation. In addition, EBITDA as a performance measure complements the metrics used to determine payouts under other incentive programs.

The remaining one-half of the target award amount will be earned based on a total shareholder return (TSR) measure that compares the Company's TSR over the three-year performance period relative to the TSR of AAM's competitor peer group. Relative TSR was chosen as one of the measures of Company performance in order to motivate executive officers to build long-term value for our stockholders above that of our competitor peer group. Share price appreciation and dividends paid will be measured over the performance period to determine TSR.

The following tables illustrate the threshold, target and maximum performance levels for determining award payouts for each performance measure. The EBITDA performance levels shown below were designed to drive a level of performance in the top one-third of our competitor peer group.

***EBITDA Performance Measure***

<b>Performance Level</b>	<b>3-Year Cumulative EBITDA</b>	<b>Percent of Target Award Opportunity Earned</b>
Threshold	8%	25%
Target	12%	100%
Maximum	15%	200%

***TSR Performance Measure***

<b>Performance Level</b>	<b>Company's TSR Percentile Rank</b>	<b>Percent of Target Award Opportunity Earned</b>
Threshold	35 <sup>(th)</sup>	50%
Target	50 <sup>(th)</sup>	100%
Maximum	75 <sup>(th)</sup>	200%

**Senior Executive Special Incentive Program.** On March 15, 2010, the Compensation Committee approved a special incentive program for certain NEOs. The special incentive program was developed to recognize the extraordinary efforts of Mr. Simonte, Mr. D.C. Dauch, Mr. Bellanti and Mr. Lancaster in navigating the Company through the turbulent financial and market conditions in 2009. As a result of their individual and collective efforts, the Company was able to successfully complete its restructuring outside of bankruptcy, gain contract clarity with GM, and address liquidity concerns by entering into the 2009 Settlement and Commercial Agreement, amending senior credit agreements and raising cash proceeds through an equity offering.

Payments under the special incentive program for Mr. Simonte, Mr. D.C. Dauch and Mr. Bellanti are contingent upon termination of the financial accommodations provided by GM in connection with the 2009 Settlement and Commercial Agreement and the Access and Security Agreement (Access Agreement). The Committee and the full Board believe that termination of the financial accommodations provided by GM and the Access Agreement is in the best interests of AAM, its stockholders and other key stakeholders. The benefits to AAM of terminating the financial

accommodations provided by GM and the Access Agreement include, among other things, a cost savings associated with eliminating the one percent sales discount related to the expedited payment terms. The Company also anticipates improved flexibility in accessing new sources of debt capital by eliminating certain covenants and other restrictions that accompany the financial accommodations provided by GM and the Access Agreement.

The special incentive program was also designed to retain Mr. Simonte, Mr. D.C. Dauch and Mr. Bellanti and to motivate them to accomplish the objectives described above. It is expected that

**Table of Contents**

they will be instrumental to the Company in strengthening our financial and competitive position in the future. The special incentive program for Mr. Lancaster was designed to reward his efforts in 2009 and provide him with an additional retirement incentive. The special incentive program awards for Mr. Simonte, Mr. D. C. Dauch, Mr. Bellanti and Mr. Lancaster (award recipients) are as follows:

	<b>Total Award Value</b>
David C. Dauch	\$ 5,000,000
Michael K. Simonte	\$ 3,000,000
John J. Bellanti	\$ 1,000,000
Patrick S. Lancaster	\$ 1,000,000
Total	\$ 10,000,000

The Committee determined that the special incentive program was appropriately valued at \$10 million in consideration of the total value that the award recipients preserved for the Company's stockholders and other key stakeholders. The program is cash based due in part to the lack of equity available for compensation awards. The amount allocated to each award recipient was determined based on individual contributions. As President & COO, Mr. D.C. Dauch led the operational restructuring of the Company and negotiations with GM resulting in the 2009 Settlement and Commercial Agreement described above. Mr. Simonte led the Company's financial restructuring, including negotiations with lenders and GM, and effectively managed investor and media communications. Mr. Bellanti played a critical role in the operational restructuring efforts, while maintaining excellence in the Company's quality, warranty, delivery and launch performance during an extremely difficult and volatile production environment. Mr. Bellanti's management of the day-to-day operations of the Company enabled Mr. D.C. Dauch and Mr. Simonte to focus their efforts on the broader restructuring plans, negotiations and liquidity issues. Mr. Lancaster supported the GM negotiations with a focus on gaining commercial contract clarity and protecting the Company's interests during GM's bankruptcy proceedings.

The awards for Mr. Simonte, Mr. D.C. Dauch and Mr. Bellanti are comprised of special incentives and annual incentives. Special incentives are approximately 30 percent to 40 percent of the total award and will be payable to the award recipients upon termination of the financial accommodations provided by GM and the Access Agreement. Annual incentives are comprised of four equal installments and the date on which the installment payments commence is contingent upon the date of termination of the GM financial accommodations and the Access Agreement. The first annual incentive installment payment will be made no earlier than October 31, 2011 and the final annual incentive installment payment will be made no later than January 31, 2015. In the case of both the special incentives and the annual incentives, the recipient will forfeit the award if the Access Agreement is not terminated by December 31, 2014. The award recipients must be employed with AAM on the relevant payment date to receive payment under the award, except in the event of death, disability, and resignation for good reason or termination other than for cause. Upon his retirement, the award for Mr. Lancaster became payable in a lump sum.

The contributions of Mr. R.E. Dauch and his leadership role with the Company are discussed further in *Compensation of Chief Executive Officer*.

**Settlement Agreement with Mr. Lancaster**

On July 12, 2010, the Committee approved a settlement agreement between AAM and Mr. Lancaster to provide cash payments and certain other benefits to Mr. Lancaster in connection with his retirement from AAM effective January 1, 2011 (Settlement Agreement). The payments and benefits payable to Mr. Lancaster pursuant to the Settlement Agreement are described in the *Narrative to Summary Compensation Table and Grants of Plan-Based Awards Table* and *Potential Payments Upon Termination or Change in Control*.

## Table of Contents

### **Other Compensation Components**

**Benefits.** Our executive officers participate in the benefits and retirement plans provided to U.S. salaried associates. A group of approximately 40 senior executives, including executive officers, also receive supplemental life, supplemental disability, umbrella liability and travel accident insurance benefits.

Executive officers are eligible to participate in AAM's qualified and nonqualified defined benefit pension plans and defined contribution plan. They are also eligible to participate in a nonqualified deferred compensation plan that permits deferrals of a portion of base salary and/or annual cash incentive compensation on a pretax basis. These plans are described in the *Pension Benefits* and *Nonqualified Deferred Compensation* sections below.

**Change in Control Payments and Benefits.** Under the 2009 Settlement and Commercial Agreement, all executive officer continuity agreements were terminated. These agreements had provided enhanced severance benefits following a change in control of the Company.

**Perquisites.** AAM provides a limited number of perquisites for senior executives, including executive officers, which are described in the footnotes to the *Summary Compensation Table*. The most significant perquisite provided is the use of a Company-provided vehicle with AAM content. This perquisite is common among automotive suppliers. AAM has never owned a corporate aircraft and does not provide leased aircraft for personal use. AAM does not pay for country club memberships.

### **Compensation of Chief Executive Officer**

Mr. R. E. Dauch's compensation is governed by an employment agreement, which was amended in December 2009. The agreement is further described in the *Narrative to Summary Compensation and Grants of Plan-Based Awards Table* below. The CEO's compensation arrangements are structured in consideration of the breadth of his responsibilities for the entire Company, his unique experience in the automotive industry, his leadership skills and service to AAM since he co-founded the Company in 1994.

**Compensation Limit.** In accordance with the December 22, 2009 employment agreement amendment between the Company and Mr. R. E. Dauch, the CEO agreed to forego compensation payable to him under his then current employment agreement to the extent his annual compensation would exceed the \$3 million limit set forth in the 2009 Settlement and Commercial Agreement.

The primary elements of the CEO's compensation as set forth in his employment agreement are base salary, annual cash bonus, benefits and perquisites, subject in each case to the \$3 million compensation limit described above. As discussed below, effective January 1, 2010, Mr. R.E. Dauch will no longer receive annual equity awards from the Company.

**Base Salary.** Base salary is determined by the Committee as part of the annual compensation review process. In determining Mr. R.E. Dauch's compensation in 2009, the Committee considered his role in overseeing and directing the Company's successful restructuring outside of bankruptcy under the extraordinary circumstances facing the automotive industry in 2009. As a result, value was preserved for AAM's stockholders and other key stakeholders. The Committee considers Mr. R.E. Dauch's continuing leadership, unique role and the services he provides to AAM critical to the achievement of the Company's strategic goals for 2010. No change was made to Mr. R.E. Dauch's base salary for 2010 or 2011.

In connection with the annual compensation limit set forth in the 2009 Settlement and Commercial Agreement, Mr. R.E. Dauch agreed to forego certain compensation and benefits that he was entitled to in accordance with his

employment agreement. As described below, Mr. R. E. Dauch will no longer receive equity grants and did not receive a bonus in 2010, 2009 and 2008. He also agreed to terminate his change in control agreement. These factors were also taken into consideration by the Committee in determining Mr. R.E. Dauch's base salary. Pursuant to the December 22, 2009

**Table of Contents**

employment agreement amendment, Mr. R.E. Dauch's annual base salary is \$2,702,300, effective June 16, 2009. Base salary for 2010, 2009 and 2008 is shown in the *Summary Compensation Table*.

**Annual Cash Bonus.** Mr. R. E. Dauch is eligible for an annual cash bonus as described in his employment agreement. See *Narrative to Summary Compensation Table and Grants of Plan-Based Awards Table* below. The annual cash bonus is based on the Committee's assessment of Company performance as compared to that of the competitor peer group. Pursuant to his employment agreement, Mr. R.E. Dauch is entitled to receive an annual bonus payment of three times his annual salary if AAM outperforms its competitor peer group by greater than the historical amount. However, his annual bonus will be reduced, if necessary, to comply with the \$3 million limit on annual compensation set forth in the 2009 Settlement and Commercial Agreement. In determining Mr. R. E. Dauch's annual cash award, the Committee may use discretion in considering other factors, which may differ from year to year.

**Long-term Incentives.** Pursuant to the December 22, 2009 employment agreement amendment, Mr. R. E. Dauch agreed to forego receipt of the annual equity awards the Company had agreed to provide under his employment agreement since it was first executed in November 1997. As a result, effective January 1, 2010, Mr. R.E. Dauch will no longer receive annual equity awards from the Company. The terms of the outstanding awards granted prior to 2010 are described in the *Narrative to Summary Compensation Table and Grants of Plan-Based Awards Table*.

**Benefits and Perquisites.** Mr. R. E. Dauch participates in the same benefit programs provided for other executive officers. In addition, under his employment agreement, AAM provides Mr. R. E. Dauch with the use of an additional Company vehicle and reimburses him for premiums under a \$5 million life insurance policy. The Company will also provide postretirement health care benefits upon expiration of his employment agreement. Perquisites provided to the CEO in 2010, 2009 and 2008 are reported in the *Summary Compensation Table*.

**Management's Stock Ownership Requirements & Anti-Hedging Policy**

The Committee has established stock ownership requirements for executive officers. The lack of an equity plan to grant restricted stock or other equity awards restricts the Company's ability to support their achievement of stock ownership requirements. To address this issue, the Committee determined provisional stock ownership requirements based on a set number of shares.

**Fixed Share Requirement for Executive Officers**

	<b>No. of Shares</b>
Chief Executive Officer	350,000
President & COO	50,000
Executive Vice President	25,000
Vice President	15,000

The stock ownership requirements must be attained within five years from the effective date or, for newly appointed executive officers, within five years of such appointment. Currently, all executive officers are in compliance with the stock ownership requirements.

AAM prohibits hedging and pledging of Company stock.

**Federal Income Tax Considerations**

**Deductibility of Executive Compensation.** In general, the compensation awarded to the NEOs will be taxable to the executive and will give rise to a corresponding corporate deduction at the time the compensation is paid. Section 162(m) of the Internal Revenue Code (Code) denies a federal income tax deduction for certain compensation in excess of \$1 million per year paid to the CEO or to any of the other NEOs other than the CFO. The portion of the compensation in excess of \$1 million paid to certain NEOs in 2010 was not deductible for federal income tax purposes.

**Table of Contents**

Although deductibility of compensation is preferred, tax deductibility is not a primary objective of the Company's compensation programs. The Committee believes that achieving the compensation objectives set forth above is more important than the benefit of tax deductibility. The Company reserves the right to maintain flexibility in how executive officers are compensated, which may result in limiting the deductibility of amounts of compensation from time to time.

**Risk Assessment of Compensation Policies and Practices**

In 2011, AAM management conducted a risk assessment of the Company's compensation policies and practices relating to AAM's compensation programs for executive officers and other associates on a global basis. The process used by management to conduct the risk assessment was approved by the Compensation Committee. Based on the risk assessment and other factors, management concluded that AAM's compensation policies and practices do not create risks that are reasonably likely to have a material adverse effect on the Company. The Compensation Committee agreed with management's conclusion.

**REPORT OF THE COMPENSATION COMMITTEE**

The Compensation Committee has reviewed and discussed with management the Compensation Discussion and Analysis required by Item 402(b) of Regulation S-K, and based on such review and discussions, recommended to the Board of Directors that such Compensation Discussion and Analysis be included in this proxy statement.

- (1) Mr. R. E. Dauch and Mr. D.C. Dauch receive compensation based solely on their role as executive officers. They receive no additional compensation for serving as directors.
- (2) Mr. R.E. Dauch received no annual incentive award in 2010 in consideration of the \$3 million compensation limitation in the 2009 Settlement and Commercial Agreement. Mr. Lancaster received a 2010 bonus payment pursuant to the Settlement Agreement as described in the *Narrative to Summary Compensation Table and Grants of Plan-Based Award Table*.
- (3) Reflects the full grant date fair value of equity awards made during fiscal years 2009 and 2008. The grant date fair value of stock awards is calculated using the closing market price of AAM common stock on the date of grant. The grant date fair value of option awards was \$1.40 and \$2.67 per share of common stock covered by the award for 2009 and 2008 respectively, calculated using the Black-Scholes option pricing model. Fiscal year amounts for 2008 were recomputed based on each award's full grant date fair value reported in that fiscal year's *Grants of Plan-Based Awards Table*.
- (4) Reflects amounts earned under the AAM Incentive Compensation Plan for Executive Officers for Mr. Simonte, Mr. D.C. Dauch, Mr. Bellanti and Mr. Jerge. Amount reflected for Mr. Lancaster is a pro-rata payment of the 2010 performance award under the AAM LTIP that vested upon his retirement; the remaining amount was forfeited.

**Table of Contents**

- (5) This column reflects the annualized increase in pension value under the Salaried Retirement Program and the Supplemental Executive Retirement Program (SERP). There are no above-market or preferential earnings on compensation deferred under our Executive Deferred Compensation Plan.
- (6) Includes, for 2010, employer contributions under the 401(k) plan, executive life insurance premiums and personal umbrella liability insurance premiums. Also includes meals provided during business hours for each NEO and personal use of Company-provided vehicles for Mr. R.E. Dauch, Mr. Simonte, Mr. Bellanti, Mr. Jerge and Mr. Lancaster, and executive physical examinations for Mr. R.E. Dauch, Mr. D.C. Dauch, Mr. Bellanti, Mr. Jerge and Mr. Lancaster. Employer contributions under the Company's 401(k) Plan consisted of matching contributions of \$11,925 for Mr. R.E. Dauch, Mr. Simonte and Mr. Jerge; \$11,740 for Mr. D.C. Dauch; and \$8,250 for Mr. Bellanti and Mr. Lancaster; retirement contributions of \$12,250 for Mr. Simonte, Mr. D.C. Dauch and Mr. Jerge. The total for Mr. R.E. Dauch includes \$117,586 for executive life insurance premiums and the cost of his spouse's attendance at Company business events.
- (7) The benefits associated with the change in other pension values are excluded from the measurement of total compensation under the 2009 Settlement and Commercial Agreement. Under the 2009 Settlement and Commercial Agreement, annual compensation for any executive officer, current or former, cannot exceed \$3 million. The following table illustrates AAM's compliance with this provision of the 2009 Settlement and Commercial Agreement as it relates to Mr. R.E. Dauch's 2010 compensation:

Total 2010 compensation as presented on Summary Compensation Table	\$ 5,553,428
Less: Value of pension / SERP benefits granted prior to 2010	2,692,143
<b>Total 2010 compensation as measured under the 2009 Settlement and Commercial Agreement</b>	<b>\$ 2,861,285</b>

- (8) Effective July 12, 2010, Mr. Lancaster assumed the role of Special Advisor to AAM's Co-Founder, Chairman & CEO, a non-officer position, and retired from AAM effective January 1, 2011. His Salaried Pension and SERP benefit commenced in 2011. The change in pension value reflects actual commencement dates and form of payment elections.
- (9) Includes a \$1 million special incentive program award earned by Mr. Lancaster as of December 31, 2010. Also includes \$47,444, which represents the value of the Company vehicle transferred to Mr. Lancaster pursuant to the Settlement Agreement.
- (10) Mr. Lancaster's total 2010 annual compensation is in compliance with the \$3 million annual compensation limit under the 2009 Settlement and Commercial Agreement.

**CEO Employment Agreement**

In accordance with the December 22, 2009 employment agreement amendment between the Company and Mr. R. E. Dauch, the CEO agreed to forego compensation payable to him under his then current Employment Agreement to the extent his annual compensation would exceed the \$3 million limit set forth in the 2009 Settlement and Commercial Agreement. Mr. R.E. Dauch's employment agreement, as amended, provides for the following compensation and benefits (subject to the \$3 million compensation limit under the 2009 Settlement and Commercial Agreement with GM):

Annual base salary of \$2,702,300 (effective June 16, 2009), subject to annual adjustment by the Committee; Subject to the \$3 million limit on annual compensation described above, annual cash bonus in an amount determined by the Committee based on our financial performance, relative to our competitor peer group: equal to 3 times annual base salary if we continue to outperform our competitor peer group; greater than 3 times annual base salary if we outperform our competitor peer group by greater than the historical amount; or up to the amount of Mr. R.E. Dauch's base salary if we do not outperform our competitor peer group; Reimbursement of premiums under a \$5 million life insurance policy purchased by Mr. R.E. Dauch; Annual executive physical examination and health and disability coverage as provided to other senior executives; and Use and maintenance of two Company-provided automobiles and the perquisites and other benefits provided to our senior executives.

The current term continues through December 31, 2011 and is automatically extended for successive one-year terms, unless either party gives notice of termination at least 60 days prior to the end of the applicable term. The potential payments and benefits upon termination of Mr. R.E. Dauch's employment are described in *Potential Payments Upon Termination or Change in Control*.

**Settlement Agreement with Mr. Lancaster**

In accordance with the Settlement Agreement between AAM and Mr. Lancaster effective July 12, 2010, the Committee approved the following cash payments and other benefits to Mr. Lancaster in connection with his retirement effective January 1, 2011 (Retirement Date):

Continued payment of his annual base salary in consideration of his services as Special Advisor to the CEO through December 31, 2010;  
A 2010 bonus payment of \$704,000 on March 15, 2011;  
Payment of \$850,000, less withholding taxes, on or before August 15, 2010 in settlement of a claim;  
Title to his Company-provided vehicle as of December 31, 2010;  
Consulting fees of \$420,000 for services provided during 2011, payable in monthly installments, provided that Mr. Lancaster performs no work for a competitor of AAM;  
Vesting of his outstanding restricted stock and restricted stock units on the Retirement Date;  
Continued eligibility for the \$1,000,000 Senior Special Incentive Program award granted to him on March 15, 2010; and  
Continued eligibility to receive a pro rata portion of outstanding long-term cash incentive awards granted in 2009 and 2010.

## Table of Contents

Payments made pursuant to this agreement were conditioned upon Mr. Lancaster's execution of a full waiver and release of claims against AAM, which he signed on January 5, 2011. The payments and benefits payable to Mr. Lancaster pursuant to the Settlement Agreement are described in *Potential Payments Upon Termination or Change in Control*.

### **Long-Term Incentive Awards**

The following description refers to awards granted prior to 2010 under the Company's 1999 Stock Incentive Plan, which has since expired. Information concerning outstanding awards is included under *Outstanding Equity Awards at December 31, 2010* below.

**Stock Options.** Outstanding options vest in three approximately equal installments on the first, second and third anniversaries of the grant date. Generally, vesting may accelerate upon termination of employment due to death, disability or upon a change in control. The award is forfeited if employment is terminated for any other reason prior to vesting. Vested options expire ten years after the grant date and may be exercised any time before the earliest of: (1) the expiration of the grant, (2) five years following termination of employment (one year following termination for options granted before 2002) due to death, disability, retirement or a change in control, (3) 90 days following termination of employment without cause and (4) termination of employment for cause.

**Restricted Stock.** Restricted stock awarded to executives under age 60 vests on the third anniversary of the grant date. Restricted stock awarded to executives age 60 and over vests in three approximately equal annual installments through March 14, 2011. Vesting accelerates upon death, disability, termination of employment by the Company pursuant to a reduction in force or similar program approved by the CEO, or upon a change in control.

**Performance Accelerated Restricted Stock (PARS) and Performance Accelerated Restricted Stock Units (RSUs).** PARS and RSUs vest on the fifth anniversary of the grant date unless vesting is accelerated on the third or fourth anniversaries of the grant date based on our total shareholder return. Vesting may also accelerate upon termination of employment due to death, disability or upon a change in control. If the NEO's employment is terminated for any other reason, he will forfeit his unvested PARS and RSUs.

Vesting is accelerated on the third anniversary of the grant date if AAM's total shareholder return for the preceding three-year period meets or exceeds the 66th percentile of our competitor peer group. If vesting is not accelerated on the third anniversary, then vesting is accelerated on the fourth anniversary of the grant date if shareholder return exceeds the 66th percentile of our competitor peer group for the preceding four years. Total shareholder return is defined as the cumulative appreciation (assuming reinvestment of dividends) of an investment in common stock. Vesting will not accelerate unless AAM has positive TSR.

PARS consist of issued and outstanding shares of AAM common stock, subject to forfeiture and transfer restrictions prior to vesting of the awards, and carry voting and dividend rights from the date of grant. RSUs consist of the right to receive, upon vesting of the award, an amount in cash equal to the fair market value of the number of shares of common stock covered by the award. RSUs carry the right to receive dividend equivalent payments from the date of grant, payable in the calendar quarter when dividends are paid on our common stock.

**2008 Performance Awards.** In 2008, Mr. Simonte, Mr. D.C. Dauch, Mr. Bellanti and Mr. Jerge received 25 percent of their long-term incentive award in the form of performance awards. The award represented the right to a payment in cash based on AAM's relative TSR over a three year performance period beginning in January 2008. Based on AAM's relative TSR for the period January 2008 through December 2010, the awards did not result in a payment to Mr. Simonte, Mr. D.C. Dauch, Mr. Bellanti or Mr. Jerge.

***Performance Awards.*** The Performance Awards are discussed in the *Compensation Discussion and Analysis*.

- (1) Granted under the 1999 Stock Incentive Plan on June 25, 2008. The remaining shares and options vested on March 14, 2011.
- (2) Granted under the 1999 Stock Incentive Plan on January 6, 2009. Approximately one-half of the shares vested on January 6, 2011 and one-half vest on January 6, 2012.
- (3) Reflects PARS granted under the 1999 Stock Incentive Plan. PARS vest on the fifth anniversary of the grant date, unless vesting is accelerated at the end of the fourth year after the grant date. Accelerated vesting is contingent upon our achievement of predetermined performance goals, measured by our relative TSR. Vesting will not be accelerated unless TSR is positive.
- (4) Reflects RSUs granted under the 1999 Stock Incentive Plan. RSUs vest on the fifth anniversary of the grant date, unless vesting is accelerated at the end of the fourth year after the grant date. Accelerated vesting is contingent upon our achievement of predetermined performance goals, measured by our relative TSR. Vesting will not be accelerated unless TSR is positive.
- (5) Reflects restricted stock granted under the 1999 Stock Incentive Plan on June 25, 2008. The restricted stock awards vested on March 14, 2011.
- (6) Granted on March 15, 2006. The PARS and RSUs vested on March 15, 2011.
- (7) Granted on March 14, 2007. The PARS and RSUs vest on March 14, 2012. Vesting of these awards did not accelerate on March 14, 2011.
- (8)

Reflects the closing market value on December 31, 2010 (\$12.86) of the number of shares of AAM common stock covered by outstanding PARS, RSUs and restricted stock awards on December 31, 2010.

- (9) Mr. Lancaster has five years from retirement to exercise these vested options. Unvested options were forfeited.
- (10) Mr. Lancaster's outstanding stock awards vested upon his retirement effective January 1, 2011 pursuant to the Settlement Agreement.

- (1) For Mr. R.E. Dauch, Mr. Simonte and Mr. Jerge, reflects the number of shares received upon exercise of stock options multiplied by the difference between the sale price and the exercise price for such options.
- (2) Reflects the lapse of the transfer and forfeiture restrictions under awards of restricted stock granted to Mr. R.E. Dauch in January 2009. Restricted stock awarded to executives age 60 and over vest in three approximately equal annual installments through January 6, 2012.
- (3) Reflects the lapse of the transfer and forfeiture restrictions under awards of restricted stock granted to Mr. R.E. Dauch and Mr. Lancaster in June 2008. Restricted stock awarded to executives over age 60 vest in three approximately equal annual installments through March 14, 2011.
- (4) Reflects the lapse of the transfer and forfeiture restrictions under awards of PARS and RSUs granted to Mr. Simonte, Mr. D.C. Dauch, Mr. Bellanti, Mr. Jerge and Mr. Lancaster in March 2005. These awards vested in March 2010.
- (5) Reflects the number of restricted shares, PARS and RSUs vested, multiplied by the closing market price of AAM common stock on the vesting date.

**Table of Contents****PENSION BENEFITS**

The following table shows the value of the benefits accumulated by the NEOs and their years of credited service under AAM's Salaried Retirement Program and the SERP. The years of credited service are through December 31, 2010, AAM's fiscal year-end measurement date used for financial statement reporting purposes. The values shown are based on unreduced benefits deferred to the earliest age at which unreduced benefits are payable. The assumptions used to calculate the actuarial present value of accumulated benefits are the same assumptions used in our audited consolidated financial statements for the fiscal year ended December 31, 2010, except that the values in the table do not reflect assumptions for future compensation increases or future service credits and assume continued service until unreduced retirement age is attained.

- (1) Mr. R.E. Dauch was eligible to retire on December 31, 2010 with full benefits under the Salaried Retirement Program and the SERP.
- (2) As of December 31, 2009, Mr. R.E. Dauch earned 20 years of credited service in accordance with his employment agreement extension dated November 3, 2005.
- (3) Benefits were frozen effective December 31, 2006 under the Salaried Retirement Program for Mr. Simonte, Mr. D.C. Dauch and Mr. Jerge.
- (4) Mr. Bellanti was eligible to retire on December 31, 2010 under both the Salaried Retirement Program and the SERP. He qualifies for a reduced benefit of approximately 68% of the unreduced benefit under the Salaried Retirement Program and for the basic form of benefit under the SERP.
- (5) Mr. Lancaster retired effective January 1, 2011. Benefits under both plans commence in 2011. The present values reflect actual commencement dates and form of payment elections.

We provide pension benefits for NEOs under our Salaried Retirement Program, a broad-based defined benefit pension plan open to substantially all of our U.S. salaried associates hired prior to January 1, 2002, and our SERP. The purpose of the SERP is to provide total retirement benefits at a competitive level with executives of other major industrial companies.

**Salaried Retirement Program.** The annual retirement benefit payable to each executive, commencing on retirement at or after age 65, equals the sum of the executive's contributions plus an additional benefit based on the executive's average monthly salary (determined as the average of the executive's base salary in the highest 60 months during his final 10 years of service) and years of credited service. The amount of compensation that may be taken into account for determining benefits is limited under the Internal Revenue Code. The maximum annual compensation under this limit was \$245,000 for the year ended December 31, 2010.

**Table of Contents**

Benefits under the Salaried Retirement Program may be paid as a single life annuity or, upon election, in the form of a joint and survivor annuity with a reduction in the amount of the annual benefit.

Effective December 31, 2006, the Salaried Retirement Program was amended to freeze benefits at current levels for associates who will not be eligible to retire by December 1, 2011. Mr. R.E. Dauch, Mr. Lancaster and Mr. Bellanti are grandfathered and will continue to accrue benefits under the program through the earlier of (1) December 31, 2011 or (2) the date of retirement or other termination of employment.

**Supplemental Executive Retirement Program.** Mr. R.E. Dauch, Mr. Lancaster and Mr. Bellanti are eligible to receive the basic form of pension benefit under our SERP upon retirement. In addition, they are eligible to receive the alternative form of benefit, if greater than the basic benefit, upon retirement at or after age 62. The executive must have at least 10 years of credited service to receive either form of benefit under the SERP.

The total monthly benefit payable under the basic form of SERP is equal to the following amount:

Two percent of the executive's average monthly salary (as determined for the Salaried Retirement Program excluding the limitations as specified under the Internal Revenue Code), multiplied by the executive's years of credited service; less

The benefit payable to the executive under the Salaried Retirement Program (without reduction for survivor benefits), plus two percent of the maximum monthly social security benefit payable at age 65 multiplied by the executive's years of credited service.

The Compensation Committee has discretion to reduce or eliminate the amount payable under the alternative form of benefit. Subject to the Committee's discretion, the total monthly benefit payable under the alternative form of SERP is equal to the following amount:

1.5 percent of the executive's average monthly salary (as determined for the Salaried Retirement Program excluding the limitations as specified under the Internal Revenue Code) and average monthly incentive compensation (determined as the average of the highest five of the executive's last 10 annual cash incentive awards, divided by 12) multiplied by the executive's years of credited service; less

The benefit payable to the executive under the Salaried Retirement Program (without reduction for survivor benefits), plus the maximum monthly social security benefit payable at age 65.

SERP benefits payable under the basic and alternative forms are generally paid as a single life annuity. If the executive's spouse is eligible for survivor benefits under the Salaried Retirement Program, however, the executive's monthly SERP benefit will be reduced and paid in the form of a joint and survivor annuity.

Effective January 1, 2007, the SERP was amended to change the benefit accrual formulae for executives who are not grandfathered under the Salaried Retirement Program. Because they are grandfathered, Mr. R.E. Dauch and Mr. Bellanti may continue to accrue SERP benefits under the basic and alternative forms through December 31, 2011.

Mr. Simonte, Mr. D.C. Dauch and Mr. Jerge, who are not grandfathered under the Salaried Retirement Program, are eligible to receive a defined contribution benefit, payable six months after retirement in a lump sum. The amount of the benefit will be equal to 12.5 percent of the executive's final average compensation (determined as the executive's average annual base salary and cash incentive for the highest five consecutive years), multiplied by the executive's years of credited service, less the sum of the actuarially equivalent value of the executive's benefits payable under the Salaried Retirement Program and the balance of the executive's retirement contribution account under our 401(k) plan.

**Table of Contents****NONQUALIFIED DEFERRED COMPENSATION**

The following table summarizes the NEOs compensation under the Executive Deferred Compensation Plan for the 2010 fiscal year. All of the NEOs are fully vested in any applicable Company matching contributions.

(1) Reflects hypothetical accrued earnings during 2010 on notional investments designed to track the performance of funds similar to those available to participants in the Company's 401(k) plan. None of the earnings shown in this column are reported as compensation in the *Summary Compensation Table*.

Under AAM's Executive Deferred Compensation Plan, a nonqualified, tax-deferred savings plan, certain executives, including our NEOs, may elect to defer the payment of six to 75 percent of their base salary and/or their annual incentive compensation award during any plan year. Base salary deferred into the Executive Deferred Compensation Plan receives a three percent Company match. The amounts deferred are unfunded and unsecured obligations of AAM.

Amounts deferred or credited into this plan are represented in the executive's notional account and are invested among funds similar to those available under the Company's 401(k) plan. Forty percent of deferral elections are automatically and irrevocably allocated to the restricted investment benchmark, the PIMCO Total Return Fund. The remaining 60 percent of deferral elections may be allocated by the executive to any of the investments available under the plan and may be reallocated on a daily basis among any of the investments available under the plan. Although the executive has no actual or constructive ownership of shares in the investment funds, the return on the executive's account is determined as if the amounts were notionally invested in these funds.

Distributions can be received (1) upon retirement in a lump sum or in annual payments over a period of five or ten years, (2) in a lump sum upon death, disability, termination of employment, change in control or (3) if elected by the executive, during employment at a specified date after a minimum deferral period. The minimum deferral period is at least three years following the end of the plan year to which the deferral election relates, and distributions during employment consist of employee deferrals and related earnings or losses (not the Company contributions and related earnings or losses).

**Table of Contents**

**POTENTIAL PAYMENTS UPON TERMINATION OR CHANGE IN CONTROL**

Under the employment agreement with our CEO and other arrangements covering our NEOs, certain payments and benefits will be provided to the NEOs in the event of termination of employment. The following tables show the estimated potential payments and benefits that each of the NEOs would receive upon termination of employment under different scenarios, assuming that the termination was effective on December 31, 2010.

**Termination of Continuity Agreements**

Prior to 2009, all executive officers had continuity agreements with the Company, which provided certain severance benefits following a change in control. In accordance with the 2009 Settlement and Commercial Agreement, all executive officers agreed to terminate their continuity agreements in 2009.

**CEO Employment Agreement**

Under our employment agreement with Mr. R.E. Dauch, the Company may terminate his employment with or without cause, or upon his disability. Cause exists if he:

is convicted of a felony involving an intentional act;  
engages in dishonesty or fraud; or  
breaches any of his material obligations to AAM, including willful neglect or misconduct of his duties or willful and material breach of any of the terms and conditions of his employment agreement.

In addition, he may resign for good reason, meaning the Company:

reduces his base salary or bonus opportunity;  
substantially reduces his duties, responsibilities or reporting responsibilities; or  
relocates him outside of the Detroit-metropolitan area.

If his employment is terminated for cause, Mr. R.E. Dauch will be entitled to accrued but unpaid amounts as of the termination date.

If his employment is terminated without cause, or if he resigns for good reason, he will be entitled to:

severance payments equal to two years of his annual base salary;  
continuation of his health care benefits for two years;  
bonus payments accrued as of the termination date; and  
reimbursement of premiums for his purchase of a \$5 million executive life insurance policy for two years.

If he resigns without good reason, Mr. R.E. Dauch will be entitled to (1) accrued but unpaid amounts as of the termination date and (2) reimbursement of premiums for two years for a \$5 million executive life insurance policy purchased by Mr. R.E. Dauch.

Under the employment agreement, Mr. R.E. Dauch is subject to:

a non-disclosure and confidentiality provision extending two years following termination or expiration of the agreement;

a non-competition covenant, which prohibits him, throughout the term of the employment agreement and for two years following the termination or expiration of the agreement, from directly or indirectly engaging in any business competitive with AAM and our products and business plans; and a covenant prohibiting solicitation of our employees and customers for two years thereafter.

**Table of Contents**

If AAM terminates his employment due to disability, Mr. R.E. Dauch will be entitled to accrued benefits under applicable benefit plans and programs (such as our Deferred Compensation Plan, Salaried Retirement Plan and SERP) and reimbursement of executive life insurance premiums as described above. Should Mr. R.E. Dauch die during the term of his employment agreement, his estate and/or spouse would be entitled to accrued benefits under applicable benefit plans and programs.

In accordance with his employment agreement, as amended, the CEO agreed to forego compensation payable to him to the extent his annual compensation would exceed the \$3 million limit.

**Settlement Agreement with Mr. Lancaster**

On July 12, 2010, the Compensation Committee approved an agreement between AAM and Mr. Lancaster to provide cash payments and certain other benefits to Mr. Lancaster in connection with his retirement from AAM effective January 1, 2011. The terms of the Settlement Agreement are described in the *Narrative to Summary Compensation Table and Grants of Plan-Based Awards Table*.

**Non-Competition Agreements**

Mr. Simonte, Mr. D.C. Dauch, Mr. Bellanti and Mr. Jerge have each entered into a non-competition agreement that prohibits, while employed by AAM and following termination of employment, the executive from:

- directly or indirectly engaging in any business or activity that is in competition with AAM and its products for one year following termination of employment unless the reason for such termination is a reduction in force by AAM;
- recruiting, soliciting or inducing (or attempting to recruit, solicit or induce) any of our employees to leave AAM, or offer employment to our employees or otherwise interfere with our relationship with our employees, agents or consultants; and
- using, exploiting, disclosing or communicating our confidential information to any third party without our prior written consent.

**PROPOSAL 2: ADVISORY VOTE ON EXECUTIVE COMPENSATION**

Section 951 of the Dodd-Frank Wall Street Reform and Consumer Protection Act of 2010 (the Dodd-Frank Act) requires AAM to seek a non-binding advisory vote from our stockholders to approve the compensation of our named executive officers as disclosed in the Compensation Discussion and Analysis (CD&A) and narrative and tabular disclosures in this Proxy Statement. In the CD&A, we have provided a detailed description of our compensation programs, including our compensation philosophy and objectives, the individual elements of executive pay, and how the programs are administered. We encourage you to review the CD&A, together with the other narrative and tabular disclosures, in considering your advisory vote on our named executive officers' compensation.

Our executive officer compensation program is designed to reward performance that supports the achievement of the Company's business objectives and creates long-term stockholder value. The Compensation Committee considers the following fundamental objectives, among others, in determining our compensation programs for our executive officers:

Compensation and benefit programs should attract, motivate and retain experienced executives who are vital to our short-term and long-term success, profitability and growth.

Compensation and benefit programs should foster the long-term focus required for success in the global automotive industry.

Executive officers should be AAM stockholders.

The objectives of rewarding performance and retention should be balanced.

Features of our compensation program and practices include the following:

A significant portion of executive compensation is tied to Company performance. Payouts of annual and long-term incentive awards are based on the achievement of a mix of financial objectives.

Executive officers are required to comply with stock ownership guidelines established by the Compensation Committee and are prohibited from hedging/pledging Company stock.

There are no golden parachute agreements and no excise tax gross-ups.

The Board and the Compensation Committee believe that AAM's compensation programs have been effective in motivating our senior management team to successfully deliver on our strategic goals and achieve superior results for AAM and its stockholders and other key stakeholders. We believe the effectiveness of our compensation programs and policies is demonstrated by the recent accomplishments of AAM's senior management team. Our senior management team led a comprehensive, multi-year restructuring of our business, yielding significant, permanent structural cost reductions and positioning us to significantly improve our profitability and free cash flow performance in 2010. We believe that our executive compensation programs are designed to continue to drive positive performance in the achievement of AAM's long-term strategic goals and provide value for our stockholders.

Although the advisory vote is not binding, the Board and the Compensation Committee will consider the outcome of the advisory vote on executive compensation when making future compensation decisions.

**The Board of Directors unanimously recommends a vote FOR the following non-binding resolution:**

**RESOLVED, that the stockholders approve the compensation of our named executive officers as described in the Compensation Discussion and Analysis, tables and related narrative disclosure in this proxy statement made pursuant to the compensation disclosure rules of the Securities and Exchange Commission.**

**Table of Contents**

**PROPOSAL 3: FREQUENCY OF ADVISORY VOTE ON EXECUTIVE OFFICER COMPENSATION**

Under the Dodd-Frank Act, AAM is also required to submit for stockholder vote a non-binding resolution to determine whether the advisory stockholder vote on executive compensation (say-on-pay) shall occur every one, two or three years. Although this vote is advisory and non-binding, the Board will review voting results and give consideration to the outcome of the vote when considering the frequency of future say-on-pay proposals.

The Board believes that submitting the advisory vote on executive compensation to stockholders on an annual basis is appropriate for AAM and its stockholders at this time. While the Board is recommending that you vote in favor of submitting advisory votes every year, you are not voting to approve or disapprove the Board's recommendation. The proxy card provides you with a choice of voting to submit the vote every one, two or three years, or of abstaining from voting.

**The Board unanimously recommends that you vote for the alternative of one year for future advisory votes on executive compensation.**

**Table of Contents****2010 COMPENSATION OF NON-EMPLOYEE DIRECTORS**

**Elements of Compensation**

Our non-employee director compensation program in effect during 2010 consisted of annual retainer and meeting attendance fees and an annual award of deferred compensation units (DCUs) as described below. Employee directors do not receive compensation for service on the Board.

**2010 Annual Retainer and Meeting Attendance Fees**

Annual retainer	\$ 50,000
Board meeting attendance fee	1,500
Committee meeting attendance fee:	
Committee chairman	3,000
Other committee members	2,000
Committee chairman attendance at meetings at the Company for Committee-related business	1,000

**Table of Contents**

**Deferred Compensation Units**

In April 2010, annual DCU awards of \$70,000 were made to each non-employee director as of the 2010 annual meeting of stockholders. The DCU awards vest in one year and the total payment will be based on AAM's total shareholder return, with payments ranging from 80 percent to 120 percent of the DCU award amount.

**2011 Non-Employee Director Compensation**

The Board of Directors, upon the recommendation of the Compensation Committee, approved an increase in the annual retainer and the annual DCU award amount for non-employee directors for 2011. Effective January 1, 2011, the retainer was increased to \$60,000. Effective at the 2011 annual meeting of stockholders, non-employee directors will receive an annual DCU award in the amount of \$80,000. These adjustments to AAM's non-employee director compensation program were made in consideration of a market study of non-employee director compensation performed in 2010 by the Compensation Committee's independent compensation consultant, Meridian Compensation Partners, LLC.

**Deferral**

Non-employee directors may elect to defer, on a pre-tax basis, a portion of their retainer and meeting fees and receive tax-deferred earnings (or losses) on the deferrals under AAM's Executive Deferred Compensation Plan. The rate of return on deferred amounts is based on the performance of selected benchmark funds identified in the plan, which is described in *Nonqualified Deferred Compensation* above. Non-employee directors may also elect to defer settlement of RSUs and DCUs until after termination of service from the Board.

**Stock Ownership Guidelines**

The stock ownership guidelines for non-employee directors recommend a minimum ownership of 4,000 shares of AAM common stock. Stock ownership of our non-employee directors is shown in the *Security Ownership* section below.

**Table of Contents****SECURITY OWNERSHIP**

The following tables show the number of shares of AAM common stock beneficially owned as of March 3, 2011 by:

- each person known to us who beneficially owns more than 5 percent of AAM common stock;
- each of our non-employee directors and nominees;
- our named executive officers; and
- all directors, nominees and executive officers (as of March 3, 2011) as a group.

A beneficial owner of stock is a person who has voting power (the power to control voting decisions) or investment power (the power to cause the sale of the stock). All individuals listed in the tables have sole voting and investment power over the shares unless otherwise noted.

The beneficial ownership calculation includes 75,301,263 shares of AAM common stock outstanding on March 3, 2011.

**MORE THAN 5% BENEFICIAL OWNERS**

The following persons have filed reports with the SEC for the period ending December 31, 2010, stating that they beneficially own more than five percent of AAM's common stock.

**Section 16(a) Beneficial Ownership Reporting Compliance**

Section 16(a) of the Securities Exchange Act of 1934 requires our directors and executive officers, and persons who own more than 10 percent of a registered class of our equity securities, to file with the SEC initial reports of ownership and reports of changes in ownership of our common stock. Based solely on our review of these reports, and written representations from such reporting persons, we believe that all Section 16(a) filing requirements applicable to our executive officers, directors and owners of more than 10 percent of AAM's common stock were met during 2010.

**PROPOSAL 4: RATIFICATION OF APPOINTMENT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM FOR 2011**

The Audit Committee of the Board of Directors of AAM has appointed Deloitte & Touche LLP to serve as the independent registered public accounting firm to examine the Company's consolidated financial statements for the year ending December 31, 2011. Although ratification is not required by our bylaws or otherwise, the Board is submitting the appointment of Deloitte & Touche LLP to our stockholders as a matter of good corporate practice. If the appointment is not ratified, the Audit Committee will consider whether the appointment is appropriate and will use its discretion in determining whether the appointment of Deloitte & Touche LLP is in the best interests of the Company and its stockholders.

Representatives of Deloitte & Touche LLP will attend the 2011 annual meeting and be available to make a statement or respond to appropriate questions.

**The Board unanimously recommends a vote FOR ratification of the appointment of Deloitte & Touche LLP as the Company's independent registered public accounting firm for 2011.**

**AUDIT COMMITTEE DISCLOSURE**

**Report of the Audit Committee**

The Audit Committee assists the Board in fulfilling its oversight responsibilities with respect to the Company's financial reporting process, by monitoring, among other matters, the quality and integrity of the Company's financial statements, the independence and performance of Deloitte & Touche LLP (D&T), the Company's independent registered public accounting firm, and the performance of the Company's internal auditors. Management has primary responsibility for preparing the consolidated financial statements and for the reporting processes, including the design and maintenance of the Company's system of internal controls. The independent registered public accounting firm is responsible for auditing the Company's consolidated financial statements and opining upon the effectiveness of the internal control over financial reporting under the standards of the Public Company Accounting Oversight Board (PCAOB). The Audit Committee is solely responsible for the compensation, appointment and oversight of the Company's independent registered public accounting firm.

In this context, the Audit Committee has met and held discussions with management, D&T and the internal auditors, separately and together, with and without management present, regarding the Company's audited consolidated financial statements for the year ended December 31, 2010, and the Company's internal controls. Management represented to the Audit Committee that the Company's consolidated financial statements were prepared in accordance with generally accepted accounting principles in the U.S. The Audit Committee also discussed with the independent registered public accounting firm the matters required to be discussed by Auditing Standards No. 61, as amended (AICPA, Professional Standards, Vol. 1, AU section 380), as adopted by the Public Company Accounting Oversight Board in Rule 3200T. Further, the Audit Committee discussed with the internal auditors the Company's plans for and scope of internal audits, identification of audit risks and results of audit activities.

The Audit Committee reviewed and discussed with the independent registered public accounting firm the auditor's independence from the Company and its management. As part of that review, D&T submitted to the Audit Committee the written disclosures and the letter required by the applicable requirements of the PCAOB regarding D&T's communication with the Audit Committee concerning independence from the Company. Further, the Audit Committee discussed with D&T the firm's independence and considered whether D&T's provision of non-audit services to the Company was compatible with maintaining D&T's independence. The Audit Committee concluded that D&T is independent from the Company and its management.

Based upon the considerations described above and subject to the limitations upon the role and responsibilities of the Audit Committee, the Audit Committee recommended to the Board that the audited consolidated financial statements for the year ended December 31, 2010 be included in the Company's 2010 Annual Report on Form 10-K.

**Table of Contents****Policy for Pre-Approval of Audit and Non-Audit Services**

The Audit Committee's policy is to approve in advance all audit and permitted non-audit services (including scope, fee structure and the potential effect of the service on the auditor's independence) to be performed for the Company by its independent registered public accounting firm. Pre-approval is generally provided for up to one year, is detailed as to the particular service or category of services and is generally subject to a specific budget. The Audit Committee may also pre-approve particular services on a case-by-case basis. The Chairman of the Audit Committee may pre-approve permissible non-audit services that arise between Audit Committee meetings, provided the fees do not exceed a limit established by the Audit Committee and the Audit Committee is informed of the decision to pre-approve the service at its next scheduled meeting. The Audit Committee received regular updates on the amount of fees and scope of audit, non-audit and tax services provided by D&T during 2010. During fiscal 2010, all services provided by D&T as noted in the table below were authorized and approved by the Audit Committee in compliance with pre-approval policies and procedures described herein.

**Independent Registered Public Accounting Firm's Fees**

The aggregate amount of fees billed by D&T, the member firms of Deloitte Touche Tohmatsu, and their respective affiliates during the previous two fiscal years is as follows:

	<b>December 31,</b>	
	<b>2010</b>	<b>2009</b>
Audit Fees <sup>(1)</sup>	\$ 1,181,000	\$ 1,353,000
Audit Related Fees <sup>(2)</sup>		
Tax Fees <sup>(3)</sup>	238,000	32,000
All Other Fees		
Total	\$ 1,419,000	\$ 1,385,000

(1) Includes fees for the audit of annual consolidated financial statements, reviews of quarterly consolidated financial statements, statutory audits, consents and comfort letters, reviews of documents filed with the SEC and other services related to SEC matters. Audit fees also include fees incurred in connection with an audit of internal control over financial reporting as required by Section 404 of the Sarbanes-Oxley Act.

(2) Audit-related fees are for services that are reasonably related to the performance of the audit or review of the Company's consolidated financial statements. This category includes fees related to internal control, financial accounting and reporting standards.

(3) Fees for tax services in 2010 and 2009 consisted of fees for tax compliance, tax advice and tax planning services.

**OTHER MATTERS**

**Expenses of Solicitation**

The Board is soliciting your proxy, and the expense of soliciting proxies will be borne by AAM. Proxy materials were distributed by mail by Computershare Trust Company, N.A. In addition, AAM will reimburse brokers, banks and other holders of record for their expenses in forwarding proxy materials to stockholders.

We have retained Georgeson Inc. to assist in the solicitation of proxies for an estimated fee of \$10,000 plus reimbursement of certain out-of-pocket expenses. Georgeson may be contacted at (866) 432-2791. In addition, our officers and certain other employees may solicit proxies personally or by telephone, fax or e-mail. They will receive no special compensation for these services.

**Stockholder Proposals for 2012 Annual Meeting**

Under SEC rules, stockholder proposals for the 2012 annual meeting of stockholders must be received by the Secretary of AAM at One Dauch Drive, Detroit, MI 48211-1198, on or before November 20, 2011 in order to be eligible for inclusion in the Company's 2012 proxy materials. In addition, AAM's bylaws require stockholders intending to present any matter for consideration at the 2012 annual meeting of stockholders, other than through inclusion in our proxy materials, to notify AAM's Secretary in writing at the above address on or before February 19, 2012, but no earlier than January 30, 2012.

**Obtaining a copy of 2010 Form 10-K**

AAM will furnish to stockholders without charge a copy of our Annual Report on Form 10-K for the year ended December 31, 2010. Requests should be directed to American Axle & Manufacturing Holdings, Inc., Investor Relations Department, One Dauch Drive, Detroit, MI 48211-1198, or by e-mail to [investorrelations@aam.com](mailto:investorrelations@aam.com).
