PROXY STATEMENT

The following information is furnished in connection with the solicitation of the enclosed proxy by and on behalf of the board of directors of the Company. The proxy will be used at the annual meeting of shareholders to be held at The Victory Theatre, 600 Main Street, Evansville, Indiana, on Wednesday, May 14, 2003, at 10:00 a.m. (Central Daylight Time), and at any adjournment of the meeting for the matters to be acted upon under its authority. The proxy and this proxy statement were first mailed to the shareholders on or about April 2, 2003.

SOLICITATIONS OF PROXIES

The management solicits your proxy for use at the annual meeting of the Company. Shares held in your name and represented by your proxy will be voted as you instruct if your proxy is duly executed and returned prior to the meeting. Shares represented by proxies that are returned signed but without instructions for voting will be voted as recommended by management. Shares represented by proxies that are returned unsigned or improperly marked will be treated as abstentions for voting purposes. You may revoke your proxy at any time before it is exercised by written notice to the Secretary of the Company received prior to the time of the meeting, or orally at the meeting.

If you are a participant in the Company's Automatic Dividend Reinvestment and Stock Purchase Plan, your proxy card will represent the number of shares registered in your name and the number of shares credited to your plan account. For those shares held in the plan, your proxy card will serve as direction to the Plan Administrator as to how your account is to be voted.

If your shares are held in a brokerage account, you will receive a Voting Instruction Form asking how you want your shares to be voted. If you give instructions on the form, your shares must be voted as you direct. If you do not give instructions, one of two things can happen depending on the type of proposal. For some proposals such as the election of directors, the broker may vote your shares at its discretion. But for other proposals, including shareholder proposals, the broker may not vote your shares at all. When that happens, it is called a broker non-vote.

PURPOSES OF MEETING

As of this date, the only known business to be presented at the 2003 annual meeting of shareholders is (1) the reelection of four directors of the Company to serve for a term of three years or until their successors are duly qualified and elected; (2) the ratification of the reappointment of Deloitte & Touche LLP as the independent accountants for the Company and its subsidiaries for 2003; (3) the adoption of, if presented at the

Edgar Filing: VECTREN CORP - Form DEF 14A

meeting, a shareholder proposal by Massachusetts Carpenters Pension & Annuity Funds, which the board of directors OPPOSES; and (4) the adoption of, if presented at the meeting, a shareholder proposal by Sheet Metal Workers International Association, which the board of directors OPPOSES. However, the enclosed proxy authorizes the proxy holders to vote on all other matters that may properly come before the meeting, and it is the intention of the proxy holders to take any such action utilizing their best judgment. Only shares held by those present at the meeting or for which proxies are returned will be considered to be represented at the meeting. For the purposes of determining a quorum, shares represented at the meeting are counted without regard to abstentions or broker non-votes as to any particular item.

Table of Contents

VOTING SECURITIES

As of March 24, 2003, the Company had one class of capital stock outstanding, consisting of 68,070,500 shares of common stock without par value. The holders of the outstanding shares of common stock are entitled to one vote for each share held of record on each matter presented to a vote of the shareholders at the meeting. However, unless the holder personally appears at the meeting, shares for which no proxy is returned (whether registered in the name of the actual holder thereof or in nominee or street name) will not be voted. Only shareholders of record at the close of business on March 24, 2003 will be entitled to vote at the meeting or at any adjournment of the meeting.

ITEM 1. ELECTION OF DIRECTORS

The Company's board of directors currently consists of thirteen directors divided into three classes having staggered terms of three years each. The Class III directors, John M. Dunn, Niel C. Ellerbrook, Anton H. George, and Robert L. Koch II, are nominees for election with terms expiring in 2006. Andrew E. Goebel is also currently a Class III director, but is retiring from the Company effective April 30, 2003, and will not be standing for reelection to the board. The Class I directors, John D. Engelbrecht, William G. Mays, J. Timothy McGinley, and Richard P. Rechter, have terms expiring in 2004. The Class II directors, L. A. Ferger, Ronald G. Reherman, Richard W. Shymanski, and Jean L. Wojtowicz, have terms expiring in 2005. Mr. Ellerbrook also serves as Chair, Chief Executive Officer and director of Vectren Utility Holdings, Inc. (VUHI), a holding company for the Company's regulated gas and electric distribution company subsidiaries, Indiana Gas Company, Inc. (Indiana Gas), Southern Indiana Gas and Electric Company (SIGECO), and Vectren Energy Delivery of Ohio, Inc. Mr. Ellerbrook also serves as Chair and director of Vectren Capital, Corp. (Vectren Capital), the Company's subsidiary that serves as the vehicle for financing non-regulated business activities, Vectren Enterprises, Inc. (Vectren Enterprises), the Company's subsidiary that serves as the corporate parent for non-regulated business activities, and Vectren Foundation, Inc. (Vectren Foundation), the entity that serves as the vehicle for fulfilling philanthropic objectives in the areas where the Company's subsidiaries provide service.

At each annual meeting of shareholders, directors are elected to succeed those whose terms then expire for a term of three years or until their successors are duly qualified and elected. Accordingly, four directors are to be elected by a plurality of votes cast at the annual meeting of shareholders to be held on May 14, 2003.

The board of directors intends that the enclosed proxy will be voted by the proxy holders in favor of the election of the nominees named below for the office of director of the Company to hold office for a term of three years or until their respective successors are duly qualified and elected. Each of such nominees is now serving as a director of the Company and has signified the willingness to serve if elected. Directors are elected by a plurality of the votes cast. Plurality means that the individuals who receive the largest number of votes cast are elected up to the maximum number of directors to be chosen at the meeting. Abstentions, broker non-votes, and instructions on the accompanying proxy card to withhold authority to vote for one or more of the nominees might result in some nominees receiving fewer votes. However, the number of votes otherwise received by the nominee will not be reduced by such action. If, however, any situation should arise under which any nominee should be unable to serve, the authority granted in the enclosed proxy may be exercised by the proxy holders for the purpose of voting for a substitute nominee.

Certain information concerning the nominees and the other directors of the Company is set forth below and under the caption Meetings and Committees of the Board of Directors. If not otherwise indicated, the principal occupation listed for any individual has been the same for at least five years.

During 2002, Hasgoe Cleaning Systems, a cleaning company owned by Mr. Goebel's brother's family, performed certain cleaning services for the Company and certain of its subsidiaries and is expected to perform such services in 2003. During 2002, the cost of such services was \$221,745, which the Company believes to be a fair and reasonable price for the services rendered.

MEETINGS AND COMMITTEES OF THE BOARD OF DIRECTORS

The board of directors of the Company had eight (8) meetings during the last fiscal year. No member attended fewer than 75 percent of the aggregate of board meetings and meetings of the respective committees of the board of which they are members.

The standing committees of the board are: the Executive Committee, the Audit Committee, the Compensation and Benefits Committee, the Corporate Affairs Committee, and the Nominating and Corporate Governance Committee.

Table of Contents

The members of the Executive Committee are Niel C. Ellerbrook, Chair, Andrew E. Goebel, John D. Engelbrecht, Anton H. George, Robert L. Koch II and Jean L. Wojtowicz. The Executive Committee acts on behalf of the board of directors of the Company when the board is not in session, except on those matters which require action of the full board of directors. The Executive Committee developed a charter to govern its operations; that charter is attached to this proxy statement as *Appendix F*. The Executive Committee meets as required. There was one (1) meeting of the committee during the past fiscal year.

The members of the Audit Committee are J. Timothy McGinley, Chair, John M. Dunn, John D. Engelbrecht, L. A. Ferger, and Anton H. George. Membership on the committee is restricted to non-employee members of the board of directors. The functions of the Audit Committee are described under *Report of the Audit Committee* below. There were eight (8) meetings of the committee during the past fiscal year.

The members of the Compensation and Benefits Committee are Jean L. Wojtowicz, Chair, Robert L. Koch II, J. Timothy McGinley, Richard P. Rechter, and Richard W. Shymanski. None of the members is an officer or employee of the Company. The functions of the committee are described under *Report of the Corporate Affairs Committee* below. There were two (2) meetings of the committee during the past fiscal year.

The members of the Nominating and Corporate Governance Committee are Robert L. Koch II, Chair, Anton H. George, William G. Mays, J. Timothy McGinley, and Richard W. Shymanski. As Chair of the committee, Mr. Koch is also the Company's Lead non-management Director. Membership on the committee is restricted to non-employee members of the board of directors. The functions of the committee are described under *Report of the Nominating and Corporate Governance Committee* below. There were three (3) meetings of the committee during the past fiscal year.

DIRECTOR COMPENSATION

As more fully discussed in the Report of the Nominating and Corporate Governance Committee, which begins at page 8, the establishment of compensation for non-management directors is part of the responsibilities of that committee. The philosophy for the compensation decisions are discussed in that report.

Non-employee directors of the Company receive a cash retainer of \$20,000 per year for service on the board. The fees are paid in the form of a monthly retainer of \$1,666.66. Committee Chairs receive a cash retainer of \$2,000 per year, which is paid in the form of a monthly retainer of \$166.66.

Non-employee directors also receive a fee of \$1,000 for each Company board meeting attended. Each non-employee member of a committee of the board is paid a fee of \$1,000 for each meeting of the committee attended, and each non-employee Chair of a committee is paid an additional fee of \$500 for each meeting attended.

On May 1, 2002, each non-employee member of the board received a grant of 307 shares of restricted stock under the Vectren Corporation Directors Restricted Stock Plan (formerly the Indiana Energy, Inc. Directors Restricted Stock Plan). As more fully discussed in the Report of the Nominating and Corporate Governance Committee, on October 1, 2002, each non-employee member of the board received an additional grant of 500 shares of restricted stock under the Company's At-Risk Compensation Plan. The terms of both of those grants provide that, subject to certain limited exceptions, the restrictions will lift on May 1, 2003. At that time, if the

Table of Contents

director continues serving on the board he or she will receive the shares without restrictions. As part of the total compensation provided to non-employee directors, a similar sized grant will be made on May 1, 2003.

On May 1, 2002, each non-employee member of the board also received a grant of 1,384 options to acquire one share of the Company's Common Stock for each option. The options were issued under the Company's At-Risk Compensation Plan. On October 1, 2002, each director also received an additional grant of 2,400 stock options under the At-Risk Compensation Plan, and the terms of the grants mirror the terms of the grants made on May 1, 2002. The terms of those grants provide that, subject to certain limited exceptions, the options will vest on May 1, 2003 and will be exercisable until May 1, 2012. If non-employee directors continue serving on the board, as part of the total compensation provided to non-employee directors, a similar sized grant will be made on May 1, 2003.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Securities Exchange Act of 1934, as amended, requires the Company's officers, directors, and persons who own more than 10 percent of the Company's common stock to file reports of ownership and changes in ownership concerning the common stock with the Securities and Exchange Commission, and to furnish the Company with copies of all Section 16(a) forms they file. Based solely on the Company's review of the Section 16(a) filings that the Company has received, the Company believes that with one exception, which is described in the following paragraph, all filings required to be made under Section 16(a) during 2002 were timely made.

The Company, which prepares these reports on behalf of its insiders, discovered in June of 2002 that it had inadvertently understated the ownership of John D. Engelbrecht by 100 shares of Common Stock. These shares of Common Stock were inherited by Mr. Engelbrecht's spouse and he disclaims beneficial ownership in those shares. This error has been corrected and Mr. Engelbrecht's common stock holdings are accurately reflected on his most recent SEC filing.

REPORT OF THE NOMINATING AND CORPORATE GOVERNANCE COMMITTEE

The Nominating and Corporate Governance committee (Governance committee) is primarily responsible for corporate governance matters affecting the Company and its subsidiaries. The Governance committee has five (5) members and is composed entirely of non-employee directors. The Governance committee met three (3) times during the past fiscal year.

A. Scope of Responsibilities

Established in February 2002, the Governance committee has several significant responsibilities, including:

Identifying and selecting qualified nominees for election to the board;

Edgar Filing: VECTREN CORP - Form DEF 14A

Evaluating the renomination of existing members of the board;

Establishing qualification criteria for service as a member of the board, including independence;

Serving as a conduit for shareholders to communicate with the non-employee members of the board regarding nominees and other matters affecting Company business;

Formulating recommendations concerning the composition, organization and functions of the board and its committees;

Establishing compensation for non-employee members of the board;

Monitoring the effectiveness and functioning of the board and its various committees;

Periodically reviewing the performance of the Chief Executive Officer and Chairman;

Table of Contents

Approving management participation on compensated third party boards of directors; and

Monitoring other corporate governance matters, including periodically reviewing the Company's Shareholder Rights Agreement, Code of By-Laws and Articles of Incorporation as they relate to corporate governance.

B. 2002 Accomplishments

While newly created in 2002, the Governance committee achieved several accomplishments in its first year. Its first act was to assist the full board in formally delineating the responsibilities for each of the other board committees. That action was memorialized in an amendment to the Company's Code of By-Laws in April of 2002. By design, there is at least one member of the Governance committee on each of the other committees of the board, and those persons serve as liaisons to the other committees with respect to corporate governance matters.

Throughout the year, the Governance committee gathered and assessed information, as well as monitored events, relating to corporate governance. With the enactment of the Sarbanes-Oxley Act of 2002 (Sarbanes-Oxley) and the recommendation of significant changes for listed companies by the New York Stock Exchange (NYSE), the Governance committee has had much to consider. Throughout the year the Governance committee evaluated these events and assessed their impact on the Company. This effort is ongoing.

Based upon its assessment of corporate governance matters, the Governance committee developed and recommended an initial set of corporate governance principles applicable to the full board. The principles have been approved by the full board and are attached to this proxy statement as *Appendix A*. In addition, the Governance committee developed a charter to govern its operations; that charter is attached to this proxy statement as *Appendix B*. The Governance committee also oversaw the development of charters by the other board committees which are attached as *Appendices C* through *F*. Each of the charters has been approved by the full board. The Governance committee anticipates that the corporate governance principles and each of the committee charters may change over time in order to continuously reflect enhanced corporate governance practices.

The Governance committee also determined that it would be appropriate to curtail the authority of the Executive committee to act only in accordance with a specific delegation from the full board, or, subject to statutory limitations, when it is impracticable for a quorum of the full board to act. That curtailment has been reflected in the Executive committee's charter, which is attached as *Appendix F*. Since its inception, the Executive committee has primarily served as a financing committee, discharging the full board's directives in connection with Company financing transactions. In addition to the statutory limitations on actions by board committees, these further limitations will ensure that whenever practicable the full board will directly participate in all board level decision making.

The Governance committee conducted an informational inquiry with respect to each board member's relationship with the Company and its subsidiaries. The initiation of this effort was in furtherance of the Governance committee's establishment of independence standards for the board, which are required to be prepared under the corporate governance principles. The Governance committee is still deliberating with respect to the standards for independence to be adopted for the full board, and this process is expected to be brought to closure in the first half of 2003.

The Governance committee recommended to the full board that executive sessions, where management is excluded, be conducted at board and committee meetings. This recommendation was accepted and implemented during the year. The provision has been made in the corporate governance principles and committee charters to ensure that executive sessions are conducted.

The Governance committee recommended to the full board the realignment of the members of the board on the various board committees. As part of this recommendation, which was accepted, the Governance committee also provided for the rotation of committee Chairs.

Table of Contents

The Governance committee established and implemented a board evaluation process pursuant to which the board critiqued its performance. The evaluation results were shared with the full board and responsive actions are being implemented as a result of that process.

The Governance committee established and implemented a succession planning process regarding the Chief Executive Officer position. With assistance from an independent consultant retained by the Company, internal candidates were identified and, based upon testing and other analyses performed by the consultant, the candidates are undergoing developmental training with respect to this opportunity. While neither the Governance committee nor the full board expect or desire Mr. Ellerbrook to leave his position, the continuation of the development of these candidates will occur under the oversight of the Governance committee.

The Governance committee recommended to the board that a Lead director position be established. The responsibilities of the Lead director are set forth in the corporate governance principles, which also provide that the Chair of the Governance committee is to serve as the Lead director. In February of 2003, Robert L. Koch II, the Chair of the Governance committee, was elected Lead director by the full board.

Formal board development activities were established and implemented. In late October and early November, the board conducted a multi-day development session where they heard from various professionals with respect to important issues affecting the Company, including issues relating to accounting, credit quality, corporate governance and energy regulation.

The full board amended the Vectren Corporation At-Risk Compensation Plan to provide for the Governance committee to act as the plan administrator with respect to compensation for non-employee members of the board. With assistance from an independent compensation consultant, the Governance committee conducted an evaluation of the continuing market competitiveness of the non-employee board members compensation. As a result of this effort, it was determined that this compensation, which had been established in early 2000, at the time of the merger creating the Company, was no longer market competitive and, as a result, it was adjusted by providing for additional grants of stock options and restricted stock. These new grant levels will be used in the future.

A framework was established for shareholders to communicate directly with the non-employee members of the board regarding Company business. At page iii of the proxy statement, information is provided to enable shareholders to directly contact the Lead director and the Chair of the Audit Committee.

Finally, in connection with the 2003 Annual Meeting, employing the qualification criteria set forth in the corporate governance guidelines, the Governance committee evaluated the board nominees who are standing for reelection. As a result of that process, and with Messrs. George and Koch recusing themselves, the Governance committee concluded that the full board should recommend to the shareholders that the four existing directors whose terms are expiring at this meeting be reelected.

C. Commitment

The Governance committee is committed to ensuring that the Company implements and follows corporate governance principles that are in furtherance of the interests of the Company's stakeholders. The Governance committee anticipates meeting throughout 2003 to continue to enhance the Company's corporate governance principles, which are expected to evolve coincident with the ongoing changes being implemented by the Securities and Exchange Commission under Sarbanes-Oxley and the NYSE as part of its oversight of listed companies.

REPORT OF THE CORPORATE AFFAIRS COMMITTEE

The Corporate Affairs committee is primarily responsible for ensuring the discharge of the board's duties relating to the Company's policies, practices and procedures as a responsible corporate citizen. The Corporate Affairs committee consists of six (6) members and is composed entirely of non-employee directors. The Corporate Affairs committee met twice during the last fiscal year.

A. Scope of Responsibilities

The Corporate Affairs committee has been in existence since the time of the merger creating the Company. It was formerly known as the Public and Environmental Affairs committee. In April of 2002, the name was changed and the scope of responsibilities was expanded to include other areas relating to the Company's role as a responsible corporate citizen. Those responsibilities are set forth in a charter that has been adopted by the Corporate Affairs committee and which is attached to this proxy statement as *Appendix C*. The responsibilities include:

Overseeing policies, practices and procedures relating to business practices, including compliance with applicable laws and regulations;

Overseeing policies, practices and procedures relating to public communications with key stakeholders, other than the financial community;

Overseeing policies, practices and procedures relating to community relations, including charitable contributions and community affairs;

Overseeing policies, practices and procedures relating to customer relations, including customer satisfaction and quality of customer service;

Overseeing policies, practices and procedures relating to employer practices and procedures, including the Company's objective of being an employer of choice, the attainment of workforce diversity, and compliance with employment related laws, regulations and policies; and

Overseeing policies, practices and procedures relating to environmental compliance and stewardship, including adherence to environment related laws and regulations.

B. 2002 Accomplishments

With its expanded scope of responsibilities in 2002, the Corporate Affairs committee considered several matters during the year. A number of presentations from management were provided regarding customer satisfaction. As part of this process, the measures employed for determining customer satisfaction were extensively discussed and, as a result, improvements were considered and implemented. These measures are also used by the Compensation and Benefits committee (Compensation committee) as one of the performance metrics for establishing annual at-risk payment awards under the Vectren Corporation At-Risk Compensation Plan (At-Risk Plan).

Edgar Filing: VECTREN CORP - Form DEF 14A

Safety performance by the Company's subsidiaries was monitored. Considerable attention was given to the types of safety issues that arise in operations, as well as efforts that can and should be implemented to minimize workplace accidents and injuries. Safety performance is also used by the Compensation committee as a metric in establishing annual at-risk payment awards under the At-Risk Plan.

The Company's ongoing efforts to enhance the diversity of its workforce was considered by the Corporate Affairs committee. As part of this effort, both the strategic implications and benefits of pursuing diversity at the Company were considered.

Table of Contents

The overall satisfaction of the Company's employees was considered. The Corporate Affairs committee evaluated an employee satisfaction survey conducted by the Company and considered the results and response of management in light of the objective to be an employer of choice.

Reports were provided by management with respect to the Company's community relations efforts, which are predicated on foundation/sponsorship contributions, leadership contributions and public relations. The Corporate Affairs committee provided management with guidance regarding these matters.

Environmental compliance and stewardship are an important focus for the Corporate Affairs committee. Under the charter, these matters must be addressed at every Corporate Affairs committee meeting.

Reports were provided by legal counsel regarding litigation affecting the Company and its subsidiaries. Those reports included environmental compliance and employment litigation matters.

With assistance from the Human Resources department of the Company, the Corporate Affairs committee considered enterprise-wide succession planning, including the performance management model that has been developed and implemented by the Company.

The Corporate Affairs committee reviewed and considered the Company's practices with respect to acquiring gas supply for its natural gas distribution operations.

Finally, legislative matters that are of interest to the Company at the federal level, as well as in Indiana and Ohio were reviewed and considered.

C. Commitment

The Corporate Affairs committee is committed to ensuring that the Company conducts its operations consistent with being a good corporate citizen. The Corporate Affairs committee anticipates meeting at least twice in 2003 to continue to focus on the matters set forth in its charter, and, as necessary or appropriate, the Corporate Affairs committee will revise its charter to discharge its responsibilities.

REPORT OF THE AUDIT COMMITTEE

The Audit committee oversees the Company's financial reporting process on behalf of the full board. The Audit committee consists of five members, all of whom are independent from the Company and the Company's management in accordance with the New York Stock Exchange's (NYSE) currently effective listing requirements. The Audit committee met eight (8) times during the past fiscal year.

A. Scope of Responsibilities

The Audit committee operates under a written Audit Committee Charter, which was recently updated to reflect requirements imposed by the Securities and Exchange Commission (SEC) and proposed by the NYSE.

Table of Contents

That charter is attached to this proxy statement as *Appendix D*. The Audit committee's responsibilities include the authority and the responsibility of:

Selecting, evaluating, and replacing the independent accountants;

Reviewing the scope, conduct, and results of audits performed;

Making inquiries as to the differences of views, if any, between such independent accountants and officers and employees of the Company and subsidiaries with respect to the financial statements and records and accounting policies, principles, methods and systems;

Considering whether the provision by the independent accountants of services for the Company in addition to the annual audit examination is compatible with maintaining the independent accountants' independence; and

Reviewing the policies and guidelines of the Company and subsidiaries designed to ensure the proper use and accounting for corporate assets, and the activities of the Company's Internal Audit department.

B. 2002 Accomplishments

The Audit committee had a high level of activity in 2002. Because of developments affecting Arthur Andersen, LLP (Andersen), the independent accountants for the Company since its inception, and, prior to that time, the independent accountants for the Company's two predecessor companies, early in the year the Audit committee monitored circumstances and events regarding whether Andersen should continue to serve as the independent accountants. While the Audit committee initially determined that Andersen should be reappointed as the independent accountants, it also concluded that the reappointment should be subject to ratification by the Company's shareholders. Following that determination, subsequent events affecting Andersen convinced the Audit committee to revisit its recommendation that Andersen be reappointed. On March 22, 2002, the Audit committee decided to discontinue the use of Andersen as the Company's independent accountants, upon the appointment of a replacement firm. Thereafter, the Audit committee began the process of selecting a replacement firm. The Audit committee then met with other independent accountants that were considered as potential replacements. As a result of that process, in early May of 2002, the Audit committee appointed Deloitte & Touche LLP as the Company's independent accountants.

In fulfilling its oversight responsibilities, the Audit committee reviewed the audited financial statements in the Annual Report on Form 10-K with management, including a discussion of the quality and acceptability of the Company's financial reporting and disclosure controls.

The Audit committee reviewed with the independent accountants, who are responsible for expressing an opinion on the conformity of those audited financial statements with generally accepted accounting principles, their judgments as to the quality and the acceptability of the Company's financial reporting and such other matters as are required to be discussed with the Audit committee under generally accepted auditing standards.

In addition, the Audit committee has discussed with the independent accountants the accountants' independence from management and the Company, including the matters in the accountants' written disclosures required by the Independence Standards Board.

Edgar Filing: VECTREN CORP - Form DEF 14A

The Audit committee also discussed with the Company's internal auditors and independent accountants the overall scope and plans for their respective audits. The Audit committee meets periodically with the internal auditors and independent accountants, with and without management present, to discuss the results of their examinations, their evaluations of the Company's internal controls, and the overall quality of the Company's financial reporting.

The Audit committee prepared a policy to govern when and under what circumstances the Company can engage its independent accountants to provide non-audit related services. The policy is in response to directives

Table of Contents

from the SEC with respect to ensuring independent accountants' independence from the Company. The policy was finalized and approved in February of 2003.

As provided for in its charter, the Audit committee is responsible for establishing, reviewing and updating periodically a Code of Ethical Conduct (Code) and ensuring that management has established a system to enforce this Code. This includes ensuring that the Code is in compliance with all applicable rules and regulations.

The Audit committee reviews management's monitoring of the Company's compliance with the Code, and ensures that management has the proper review system in place to ensure that the Company's financial statements, reports and other financial information disseminated to governmental organizations and the public satisfy legal requirements.

C. Delineation of Responsibilities Between Management, the Independent Accountants and the Audit Committee

Management is responsible for the Company's financial reporting process, including its system of internal controls, and for the preparation of consolidated financial statements in accordance with generally accepted accounting principles.

The Company's independent accountants are responsible for auditing the financial statements prepared by management.

The Audit committee's responsibility is to monitor and review the processes performed by management and the independent accountants. It is not the Audit committee's duty or responsibility to conduct auditing or accounting reviews or procedures. The Audit committee members are not employees of the Company. Therefore, the Audit committee has relied, without independent verification, on management's representation that the financial statements have been prepared with integrity and objectivity and in conformity with accounting principles generally accepted in the United States of America and on the representations of the independent accountants included in their report on the Company's financial statements. Furthermore, the Audit committee's considerations and discussions with management and the independent accountants do not assure that the Company's financial statements are presented in accordance with generally accepted accounting principles, that the audit of the Company's financial statements has been carried out in accordance with generally accepted auditing standards or that the Company's independent accountants are in fact independent.

D. 2002 Form 10-K

In reliance on the reviews and discussions referred to above, the Audit committee recommended to the board of directors that the audited financial statements for 2000, 2001 and 2002 be included in the Annual Report on Form 10-K for the fiscal year ended December 31, 2002 for filing with the SEC. A copy of the Company's 10-K is available without charge upon request. Send your request to:

E. Reappointment of Deloitte & Touche LLP

The Audit committee considered and has recommended to the full board that Deloitte & Touche LLP be reappointed as the Company's independent accountants for fiscal year 2003. That recommendation calls for the reappointment to be subject to ratification by the shareholders of the Company at the 2003 Annual Meeting.

The Audit committee is committed to ensuring that the Company implements and follows necessary and appropriate financial reporting processes. The Audit committee anticipates meeting at least quarterly throughout 2003.

EXECUTIVE COMPENSATION AND OTHER INFORMATION

REPORT OF THE COMPENSATION AND BENEFITS COMMITTEE

The Compensation and Benefits committee (Compensation committee) is responsible for reviewing and approving all elements of the total compensation program for officers of the Company and certain of its subsidiaries and with respect to those officers serves as an administrator of the annual and long-term incentive plan, including the Company s At-Risk Compensation Plan (the At-Risk Plan). The Compensation committee is also responsible for monitoring the Company s executive compensation programs to ensure that they are aligned with the Company s business strategies and financial goals. The Compensation committee is composed entirely of non-employee directors. The Compensation committee has developed a charter to govern its operations, which is attached to this proxy statement as *Appendix E*.

A. Executive Compensation Policy

The Company s total compensation program for officers includes base salaries, as well as annual incentive and long-term incentive opportunities under the At-Risk Plan. Currently, there are also outstanding grants of restricted stock that were made under the Vectren Corporation Executive Restricted Stock Plan (Restricted Stock Plan) which is the former Indiana Energy, Inc. Executive Restricted Stock Plan. Those grants occurred prior to the adoption of the At-Risk Plan.

The Compensation committee s primary objective is to achieve above-average performance by providing the opportunity to earn above-average total compensation (base salary, at-risk annual and long-term incentives) for above-average performance. Each element of total compensation is designed to work in concert. The total program is designed to attract, motivate, reward and retain the broad-based management talent required to serve customer, employee, and shareholder interests. The Company believes that the program also motivates the Company s officers to acquire

and retain appropriate levels of stock ownership and is competitive with programs offered by comparable organizations of similar size. It is the opinion of the Compensation committee that the total compensation earned by Company officers in 2002 achieves these objectives and is fair and reasonable. Each aspect of the total compensation program is discussed in greater detail below.

B. Components of Executive Compensation

Base Salary

Individual salaries are set based on market comparisons to actual pay for comparable positions within the utility industry, and industry in general. In determining actual salaries, the Compensation committee takes into consideration individual performance, experience, potential, and changes in executive responsibilities.

Table of Contents

Establishing industry-based salaries provides an objective standard by which to judge the reasonableness of the Company's salaries, maintains the Company's ability to compete for and retain qualified executives, and ensures that internal responsibilities are properly rewarded.

Annual Incentive Compensation

All of the Company's officers have a significant portion of their total compensation at risk. Participation in the annual incentive opportunity under the At-Risk Plan, which includes the Chief Executive Officer, is extended to those positions that play key roles in achieving annual financial and operating objectives. Annual incentive opportunities are also based on periodic reviews of prevailing practices for comparable positions among similar companies of comparable size. The potential incentive award is determined annually by non-employee directors and is based upon a percentage of each participant's base salary. During the past year, target annual incentive opportunities for executive officers, excluding the Chief Executive Officer, ranged from 25 to 55 percent of base salary.

For 2002, under the At-Risk Plan, the Compensation committee established three performance metrics to be used for determining whether and to what extent annual incentive payments would be made to participants. The first metric was based upon the Company's achievement of specified earnings per share (EPS) measures, as adjusted for normal weather. For 2002, excluding Mr. Ellerbrook, this metric represented 75 percent of the total annual incentive payment opportunity for three of the four executive officers. In the case of Mr. Chapman, this metric represented 60 percent of his total incentive payment opportunity, with the remaining 40 percent based upon the EPS of Vectren Enterprises, Inc. (Enterprises), the holding company for the Company's non-regulated business interests. The Compensation committee established three 2002 EPS measures for payments: threshold (zero payment); target; and maximum (two times target incentive). Linear interpolation was to be used for results between threshold, target and maximum. As a result of the Company's performance in 2002, the payment relating to Company EPS was at 86.7 percent of target. In the case of Mr. Chapman, because the EPS of Enterprises did not exceed threshold, there was no payment under the At-Risk Plan for this metric.

The second metric was based upon achieving a specified level of safety performance during 2002 and, excluding Mr. Ellerbrook, represented 15 percent of the total annual incentive opportunity for the executive officers other than Mr. Chapman. This metric was designed to incent the minimization of OSHA recordable accidents at the Company and the Company's regulated subsidiaries. Similar to the EPS metric, the Compensation committee established achievement standards for 2002 OSHA Recordable Accidents: threshold; target; and maximum. Similar to the measurement used for the first metric, linear interpolation was used for results between threshold, target and maximum. In 2002, the actual number of OSHA recordable accidents resulted in a 137.5 percent of target payment with respect to this metric.

The third metric was based upon achieving a specified level of customer satisfaction during 2002, and, excluding Mr. Ellerbrook, represented the remaining 10 percent of the total annual incentive opportunity for the executive officers other than Mr. Chapman. In 2002, the customer satisfaction performance resulted in a 120 percent of target payment with respect to this metric.

The amounts payable under the At-Risk Plan for 2003 will be determined and paid early in 2004 and accordingly will be reflected in next year's proxy statement as part of calendar year 2003 compensation.

In February of 2002, the Compensation committee established a separate compensation objective for Mr. Chapman that was to be measured based upon an assessment of the success of Mr. Chapman's then ongoing efforts relating to the resolution of certain identified issues arising from Vectren Communications Services, Inc.'s business. Following an assessment of the outcome of those efforts, in November 2002, Mr. Chapman was paid a bonus of \$50,000, which was the maximum amount possible.

Table of Contents

Long-Term Incentive Compensation

The purpose of the long-term incentive opportunity under the At-Risk Plan is to retain and motivate the Company's principal officers to increase their incentive to work toward the attainment of the Company's long-term growth and profit objectives. Under the plan, the Compensation committee determines the executive officers, as well as other principal officers, to whom grants will be made and the percentage of each officer's base salary to be used for determining the number of shares or options to be granted. Like the potential cash payment that may be received as the annual incentive opportunity under the At-Risk Plan, this component of total compensation is also performance driven and totally at risk.

Prior to the adoption of the At-Risk Plan by the Company's shareholders in April 2001, in September of 2000 the board of directors determined that it was appropriate to grant to the executive officers, as well as other principal officers, restricted stock under the Restricted Stock Plan, which was originally approved by Indiana Energy's shareholders. It was adopted by the Company's board of directors as a Company plan concurrent with the effective date of the merger of Indiana Energy and SIGCORP in March of 2000. That September 2000 grant, which was effective as of October 1, 2000, provided as prescribed by the Restricted Stock Plan that, depending upon the Company's performance as measured using total shareholder return (stock price appreciation plus dividends) relative to the performance of its designated peer group, the grant could double, vest or be forfeited. The grant was subdivided into three segments, which had, respectively, performance measuring periods ending December 31, 2002, December 31, 2003 and December 31, 2004. At the end of December 31, 2002, the Company's performance placed it into the top quartile of its peer group and, as a result, one third of the grant was doubled. That grant is still subject to forfeiture since, subject to limited exceptions provided in the Restricted Stock Plan, i.e., death, retirement, the grant recipient must remain employed by the Company for an additional year to receive the shares on an unrestricted basis.

Regarding the portion of the grant with measuring periods ending December 31, 2003 and December 31, 2004, the Compensation committee determined that in measuring the Company's performance relative to its peers, the concept of linear interpolation should be employed instead of the use of absolute quartiles. This action, which was taken in December of 2002, and subsequently ratified by the full board (excluding Messrs. Ellerbrook and Goebel), provides that if the Company's performance puts it below the 25th percentile relative to its peers, the grant is forfeited. Performance by the Company between the 25th and 90th percentile of the peer group can result in the grant ranging from 0.375 to two times. Performance by the Company at the 90th percentile and higher will result in the grant doubling. The Compensation committee concluded, based upon advice from its independent consultant, that this method is preferable to the use of the absolute quartile method, which relies upon measurement cliffs.

In December of 2002, the Compensation committee met and decided to provide annual long-term compensation grants as part of executives' total compensation opportunity for service to be provided in 2003. The Compensation committee authorized grants of stock options as of January 1, 2003, at the market price on the first trading date after the date of grant to each of the Company's key employees. The award of options under the At-Risk Plan varied for each participant and was based upon market data that established the appropriate market level for those payouts consistent with the Executive Compensation Policy described above. The award was predicated upon a review of long-term market incentive compensation data as of December 2002, and provides that the options will vest 34 percent as of January 1, 2004, 33 percent as of January 1, 2005, and 33 percent as of January 1, 2006. The options have a term of ten years. The Compensation committee also authorized grants of restricted stock, the ultimate amount of which will be determined by the Company's performance relative to its peer group. Linear interpolation will be employed when performing that calculation, and performance versus the peer group which is below the 25th percentile will result in a complete forfeiture, while performance at the 90th percentile will result in a doubling of the grant.

It is the opinion of the Compensation committee that the long-term plan meets the objective of providing executive officers, as well as other principal officers, with the appropriate long-term interest in maximizing

Table of Contents

shareholder value. A participant's increased level of equity in the Company is contingent upon the additional enhancement of shareholder value relative to the performance of the Company's common stock. In addition, the vesting restrictions provide an incentive for all plan participants to remain with the Company.

C. Chief Executive Officer Compensation

The compensation of Niel C. Ellerbrook, Chairman and Chief Executive Officer, consists of the same components as for other executive officers, namely base salary, an at-risk payment under the annual incentive plan, and an at-risk long-term incentive.

In establishing Mr. Ellerbrook's total compensation for 2002, the Compensation committee considered the total compensation of other Chief Executive Officers in comparable companies, the financial and business performance of the Company, and a subjective evaluation of the leadership role provided by Mr. Ellerbrook.

Mr. Ellerbrook's base salary was established on the same basis as the other Company officers. This basis was described previously in this report.

Mr. Ellerbrook's annual incentive opportunity and actual payment received for 2002 were established pursuant to the At-Risk Plan and was based upon the three metrics described in section B of this report—2002 EPS, Safety and Customer Satisfaction. With respect to 2002 EPS, which accounted for the vast majority of Mr. Ellerbrook's annual incentive opportunity, he received \$314,600, which represented 86.7% of the target payment opportunity. Regarding Safety, he received a payment of \$99,825, and with respect to Customer Satisfaction he received a payment of \$58,080, which payments represented, respectively, 137.5% and 120% of the applicable target payment opportunities. The methods of measurements ensured the linkage of this aspect of Mr. Ellerbrook's compensation to the Company's financial performance, as well as the maintenance of a safe workplace and customer satisfaction. Mr. Ellerbrook was eligible to receive a target annual incentive opportunity of 80 percent of salary and a maximum annual incentive of 160 percent of salary.

Mr. Ellerbrook's receipt of stock options under the At-Risk Plan is likewise directly linked to the Company's performance. Whether the options have value and, if so, in what amount, will depend upon the performance of the Company's common stock. Similarly, Mr. Ellerbrook's receipt of restricted stock has a direct correlation to the Company's performance relative to its peers.

For the same reasons expressed above with respect to the conclusion regarding the appropriateness of the total compensation provided other executive officers, it is the opinion of the Compensation committee that Mr. Ellerbrook's total compensation is reasonable and appropriate.

D. Share Ownership

The Company's share ownership policy requires officers and directors to meet share ownership targets. That policy was adopted in 2000 and it provides for a five year transition period for compliance. The Compensation committee expects the officers and directors to make ratable progress toward compliance each year. The program includes these key features:

Edgar Filing: VECTREN CORP - Form DEF 14A

Participants who are officers have a share ownership target based on a multiple of their base salary, ranging from two times base salary for certain participants to five times for Mr. Ellerbrook. As of the end of 2002, four of the five named executive officers listed in the compensation table on page 20, already exceed the established ownership requirements.

Participants who are non-employee board members have a share ownership target of five times the annual retainer amount of \$20,000. As of the end of 2002, ten of the eleven non-employee board members already exceed the established ownership requirement.

Table of Contents

As an incentive to maximize shareholder value, a participant may count toward his or her target the value of owned shares, including phantom units of Company stock in the Company's Non-Qualified Deferred Compensation Plan, the value of vested in the money stock options and the market value of restricted shares, with market value based on the market price of the Company's common shares.

E. Compensation Consultant, Termination Benefits Agreements And Deductibility Of Executive Compensation

To assist the Compensation committee, the services of an independent compensation consultant are utilized. The consultant assists by evaluating the total compensation system relative to the compensation systems employed by comparable companies. The consultant also provides an additional measure of assurance that the system is a reasonable and appropriate means to achieve the Company's objectives.

As described elsewhere under the heading Employment And Termination Benefits Agreements, the Company has entered into employment agreements with each of the executive officers. These agreements do not affect in any manner the recommendations of the Compensation committee and the determinations by the non-employee members of the board with respect to the total compensation provided the executive officers.

In 1993, Congress enacted Section 162(m) of the Internal Revenue Code (Code), applicable to the individual executives named in the Summary Compensation Table, that disallows corporate deductibility for compensation paid in excess of one million dollars unless the compensation is payable solely on achievement of an objective performance goal. The At-Risk Compensation Plan has been structured to satisfy the requirements of 162(m) of the Code. Consequently, the Compensation committee does not anticipate that in the future the compensation paid to executive officers in the form of base salaries and incentive compensation will be non-deductible under Section 162(m) of the Code.

F. Shareholder Proposals

At the 2003 Annual Meeting there are two shareholder proposals that will be considered relating to the accounting treatment for stock options and the use of index-based stock options. Upon receipt of these proposals by the Company, they were referred to the Compensation committee, which evaluated each proposal, with assistance from its compensation consultant, and formulated responses that were recommended for approval by the full board. The recommended responses of the Compensation committee with respect to each proposal were accepted by the full board and are set forth on pages 30 and 32 of the proxy statement.

Edgar Filing: VECTREN CORP - Form DEF 14A

The amounts shown in this column for 2002 and 2001 are exclusively payments under the Company's At-Risk Compensation Plan, which is discussed above in Part B, relating to Annual Incentive Compensation, with the exception of Mr. Chapman. For Mr. Chapman, the 2002 bonus amount represents \$84,370 compensation from the At-Risk Compensation Plan, and a separate \$50,000 bonus approved by the Compensation and Benefits Committee for the successful resolution of business issues involving the Company's non-regulated business interests.

The amounts shown in this column for 2000 include payments under the Company's Executive Annual Incentive Plan, Indiana Energy's Annual Management Incentive Plan (for Mr. Ellerbrook, Mr. Chapman, Mr. Benkert, and Mr. Christian), and the SIGCORP Corporate Performance Plan (for Mr. Goebel). Payments in 2000 attributable to the Company's Executive Annual Incentive Plan for the performance period of April 1 to December 1, 2000 (Mr. Ellerbrook, \$489,000; Mr. Goebel, \$232,000; Mr. Chapman, \$178,000; Mr. Benkert, \$125,000; and Mr. Christian, \$120,000). Also, at the close of the merger of Indiana Energy and SIGCORP into the Company on March 31, 2000, the existing annual incentive programs of the two companies were terminated and a stub year payout was made based on the portion of the performance cycle that had passed. For Indiana Energy, a prorated payout for six months, October 1, 1999 to March 31, 2000 was made. For Mr. Ellerbrook (\$94,357), Mr. Chapman (\$48,326), Mr. Benkert (\$31,422), and Mr.

Table of Contents

Christian (\$33,910), these bonus payments are included in year 2000 in the table. For the SIGCORP Performance Plan, a prorated payout for three months, January 1, 2000 to March 31, 2000 was made. For Mr. Goebel, this stub year bonus was \$29,500. Also included in 2000 for Mr. Goebel, (\$107,500) is the payment attributable to SIGCORP's performance for the period January 1 to December 31, 1999.

- (2) The amounts shown in this column are dividends paid on restricted shares issued under the Vectren Corporation Executive Restricted Stock Plan (formerly the Indiana Energy Executive Restricted Stock Plan), which was adopted by the Company on March 31, 2000. No restricted shares were issued to executives in 2001 and 2002. Mr. Goebel did not participate in the Stock Plan prior to March 31, 2000.
- (3) The options shown were issued under the Company's At-Risk Compensation Plan. For further information, see the discussion above in Part B relating to Long-term Incentive Compensation, and Part C of the Compensation and Benefits Committee Report.
- (4) The amounts shown in this column represent the value of shares issued under the Vectren Corporation Restricted Stock Plan and for which restrictions were lifted in each year. At the time of the merger, Indiana Energy executives had restricted stock performance grants relating to open performance measurement periods. (Under normal circumstances, at the close of each performance cycle, Indiana Energy's Total Shareholder Return would have been compared to a peer group and the number of restricted shares granted would have been adjusted in accordance with the plan.) The Board concluded that it would be difficult, if not inappropriate, to use Vectren's performance to make adjustments to the prior grants. Based upon the frequency of past performance grants, the Board awarded 75 percent of the present value of the potential performance grants. The value of these grants is included in the 2000 row. Grants related to this closing cycle are: Mr. Ellerbrook 10,758 shares, \$213,493; Mr. Chapman 4,926 shares, \$97,756; Mr. Benkert 3,828 shares, \$75,967, Mr. Christian 2,674 shares, \$53,066. The balance of the value in the 2000 row reflects stock from other grant cycles for which restrictions were lifted in 2000 coincident with the consummation of the merger.
- (5) The amount shown in this column represents several compensation elements.
- a) Relocation As a result of the Vectren merger, many employees of Indiana Energy were asked to move to Evansville, Indiana, the new headquarters of Vectren Corporation. As part of a relocation program, relocating employees were offered a relocation bonus equal to 25 percent of their annual base salary and other allowances related to the move. Of the five officers discussed in this section, four relocated and, therefore, received income related to relocation: Mr. Ellerbrook \$204,797, Mr. Chapman \$114,919, Mr. Benkert \$86,817, Mr. Christian \$79,394. These payments were made in year 2000.
- b) Change-in-Control Walk-Away Provisions Several Indiana Energy officers had change-in-control agreements at the time of the merger. These agreements contained walk-away provisions that would have allowed officers to exercise their agreements anytime within a thirteen-month period following the close of the Vectren merger. The Board felt it was important to maintain the continuity of the officer group through the merger process and asked that all change-in-control agreements be terminated at the close of the merger and new agreements be put in place. Recognizing the value of the walk-away provision, the Board felt that officers should be compensated for losing the right to exercise the provision. A settlement equal to 25 percent of the officers' annual base salary was made. Of the five officers discussed in this section, three received these settlements: Mr. Ellerbrook \$122,500, Mr. Chapman \$62,500, Mr. Benkert \$55,000. These amounts were paid in 2000.
- c) For Mr. Ellerbrook, Mr. Chapman, Mr. Benkert, Mr. Christian, the balance of this column reflects Company contributions to the retirement savings plan (Ellerbrook: 2002 \$11,500, 2001 \$10,031, 2000 \$10,200; Chapman: 2002 \$11,500, 2001 \$10,200, 2000 \$10,200; Benkert: 2002 \$11,500, 2001 \$10,200, 2000 \$10,200; Christian: 2002 \$10,137, 2001 \$8,367, 2000 \$9,911) the dollar value of insurance premiums paid by, or on behalf of, the Company and its subsidiaries with respect to split-dollar life insurance for the benefit of executive officers (Ellerbrook: 2002 \$48,445, 2001 \$47,444, 2000 \$24,496; Chapman: 2002 \$11,430, 2001 \$11,101, 2000 \$8,880; Benkert: 2002 \$7,784, 2001 \$7,549, 2000 \$4,705; Christian: 2002 \$13,023, 2001 \$12,793, 2000

\$10,255), credits for flexible spending accounts, wellness, and perfect attendance (Ellerbrook: 2000 \$75; Chapman: 2000 \$150; Benkert: 2000 \$196; Christian: 2000 \$125), deferred compensation contributions to restore employer contributions to the Company Retirement Savings Plan (Ellerbrook: 2002 \$29,344, 2001 \$52,240, 2000 \$18,174; Chapman: 2002 \$10,785, 2001 \$16,657, 2000 \$4,507; Benkert: 2002 \$6,316, 2001 \$12,265, 2000 \$2,632; Christian: 2002 \$4,869, 2001 \$12,610, 2000 \$2,033), reimbursement for taxable expenses (Ellerbrook: 2002 \$7,287, 2001 \$10,563, 2000 \$12,884; Chapman: 2002 \$828, 2001 \$1,125, 2000 \$18,977; Benkert: 2002 \$4,250, 2001 \$3,890; Christian: 2002 \$7,030, 2001 \$2,560), and non-cash earnings (Ellerbrook: 2000 \$6,000).

- d) For Mr. Goebel, this column contains income related to reimbursement for taxable expenses (2002 \$10,122, 2001 \$9,195, 2000 \$954), imputed earnings from automobile usage (2000 \$961), Company contributions to the retirement savings plan (2002 \$11,500, 2001 \$10,200, 2000 \$10,184), and deferred compensation contributions to restore employer contributions to the Company Retirement Savings Plan (2002 \$13,355, 2001 \$25,280). In addition, at the close of the merger, officers coming from SIGCORP were no longer furnished with company automobiles (Indiana Energy executives were not furnished with company automobiles). As a result of the termination of this perquisite, Mr. Goebel was given a one-time automobile buyout of \$5,538, paid in 2000.

Stock options are exercisable upon vesting in whole or in part and expire ten years from the date of grant. This grant has a vesting schedule pursuant to which 34 percent vests at the end of the first year and 33 percent vests at the end of the second and third years.
- (2) The assumptions used for the Model are as follows: Volatility 23.69 percent based on monthly stock prices for the period of January 1, 2000 to December 31, 2002; Risk-free rate of return 4.54 percent; Dividend Yield 4.78 percent over the period of January 1, 2000 to December 31, 2002; and, a ten-year exercise term. -
- (1) This column reflects restricted stock grants awarded under the Vectren Corporation At-Risk Compensation Plan by the Compensation and Benefits Committee on December 11, 2002, to be effective January 1, 2003. The manner for determining the awards, and other terms and conditions of the At-Risk Plan, are discussed in the Compensation and Benefits Committee Report relating to Long-Term Incentive Compensation . The market value of the shares on the date of grant is determined by the market price on the date of grant or, if no trading occurs on that date, the market price on the next trading day on which shares are traded. Dividends are paid directly to the holders of the stock.
 - (2) As discussed in the Compensation and Benefits Committee Report relating to Long-Term Incentive Compensation, for the grant authorized on December 11, 2002 and granted on January 1, 2003, the measurement period commenced on January 1, 2003 and will conclude on December 31, 2005.
 - (3) The ultimate amount of the grant will be determined by the Company s performance relative to its peer group. Performance at the 25th percentile will result in a threshold payment equal to 0.375 of the initial grant which is shown in column (b), and in column (e). Performance versus the peer group which is below the 25th percentile will result in a complete forfeiture.
 - (4) The total number of shares in column (b), and also set forth in column (e), are subject to forfeiture as discussed in footnote (3). If the Company s performance compared to the peer group during the

Table of Contents

measurement period places it above 25% and below 90%, linear interpolation will be employed to perform the award calculation. At target, the payment will be equal to the initial grant which is shown in column (b).

- (5) Under the At-Risk Plan, if the Company's performance compared to the peer group during the measuring period places it in the 90th percentile, an additional performance grant equal to the original grant will be made. In that event, the shares shown in column (e) will be doubled.

RETIREMENT SAVINGS PLAN

During the past fiscal year, the Company sponsored the Retirement Savings Plan which covers both bargaining and non-bargaining employees.

In general, the Company's Retirement Savings Plan permits participants to elect to have not more than 50 percent of their qualified compensation (subject to certain maximums imposed on highly compensated employees by the Internal Revenue Code) invested on a tax-deferred basis in shares of the Company's common stock or various investment funds. Salaried participants in the Savings Plan have matching Company contributions made to the plan on their behalf equal to 50 percent of their contributions not in excess of 6 percent of their individual redirected compensation. Also, a Company contribution is made to the Savings Plan for all eligible salaried employees which is equal to 3 percent of compensation, other than certain employees who are grandfathered in a certain traditional pension plan. Effective January 1, 2002, the 3 percent annual contribution will also not be made for employees of certain non-regulated subsidiaries.

To the extent certain officers' contributions are reduced by reason of Internal Revenue Code limits on compensation and contributions, the Company will make up these contributions in an unfunded, non-qualified deferred compensation plan arrangement. However, the value of the Company-provided contributions under the non-qualified arrangement will also apply as an offset to the benefits provided under the supplemental pension plan described below.

The Summary Compensation Table shows the value of contributions made to the plan for executive officers in the column marked "All Other Compensation."

RETIREMENT PLANS

During the past fiscal year, the Company sponsored a defined benefit pension plan covering full-time employees of the Company and certain of its subsidiaries who meet certain age and service requirements. The Company's plan covers salaried employees, including executive officers, and provides fixed benefits at normal retirement age based upon compensation and length of service, the costs of which are fully paid by the employer and are computed on an actuarial basis. The pension plan also provides for benefits upon death, disability and early retirement under conditions specified therein. The remuneration covered by this plan includes all compensation for regular work periods (including overtime and bonuses).

To the extent an officer's benefits under the defined benefit pension plan are limited by reason of Internal Revenue Code limits on compensation and benefits, the benefits are restored under an unfunded, non-qualified plan maintained by the Company. However, these non-qualified defined benefit pension plan benefits also act as an offset under the supplemental pension plan described below.

During the past fiscal year, the Company had a supplemental pension plan covering certain of the principal officers of the Company and its subsidiaries. The supplemental pension plan provides fixed benefits at normal retirement age based upon compensation and is computed on an actuarial basis. The supplemental pension plan also provides for benefits upon death, disability and early retirement under conditions specified therein, including

Table of Contents

service requirements. This supplemental pension plan also provides a reduced benefit to a participant who voluntarily terminates his employment with a participating employer (which may consist of the Company or one or more of its subsidiaries) before normal retirement age (65), but following a change in control of the Company. The remuneration covered by the supplemental pension plan includes all compensation for regular work periods (including incentive payments and other forms of additional compensation).

Upon retirement at or after age 65, any participant in the supplemental pension plan will, in general, be entitled to an annual pension for life which, when added to primary Social Security benefits, defined benefit pension plan benefits, described above, and benefits under the Retirement Savings Plan attributable to contributions by participants' employers, will equal approximately 65 percent of the participant's average annual compensation during the 60 consecutive calendar months immediately preceding the participant's retirement date. The amounts paid under the supplemental pension plan are unfunded and are paid from the general assets of the Company.

The following table illustrates the estimated normal annual retirement benefits payable to a covered participant retiring at age 65 under the supplemental pension plan, under the defined benefit plan based on the specified remuneration, under the Retirement Savings Plan attributable to contributions made by the Company and, as pertinent, one or more of its subsidiaries, and including an estimated primary Social Security Benefit. The compensation included in the Summary Compensation Table under salary and payments under the annual Incentive Plan qualifies as remuneration for purposes of these plans. The amounts shown do not reflect reductions, which would result from joint and survivor elections.

(1) The compensation covered by the plans includes the salary and incentive payments shown on the Summary Compensation Table. Years of service are not used in calculating the benefit amount under the Unfunded Supplemental Retirement Plan. Benefits under the supplemental plan above would be offset by Social Security and benefits under the defined benefit plan benefits and Retirement Savings Plan attributable to contributions made by the Company and, as pertinent, one or more of its subsidiaries.

(2) Although the benefit attributable to the Savings Plan may be paid in a single lump sum payment, it has been converted to an annual benefit for purposes of this table. The estimated aggregate annual pension plan benefit may be greater than the amounts in the table to the extent that the Savings Plan benefit, after conversion to an annual benefit and when added to the annual benefit under the applicable defined benefit plan, exceeds the amount specified in the table. Since the Savings Plan has only been in effect for a few years, it is unlikely in the near future that the aggregated Savings Plan benefit and defined benefit plan benefits will exceed the amount specified in the table.

STOCK OPTION PLAN

Prior to the merger with the Company, SIGCORP maintained its 1994 Stock Option Plan. Effective as of the merger, each unexpired and unexercised option to purchase SIGCORP common shares was automatically converted into an option to purchase the number of the Company's common shares that could have been purchased under the original option multiplied by 1.333. The exercise price per share of Company common stock under the new options is equal to the original per share option exercise price divided by 1.333. To date, a total of 999,752 options have been granted. Since the merger, no additional options have been granted under the 1994 Stock Option Plan, nor does the Company intend to issue any additional options under this plan.

EMPLOYMENT AGREEMENTS

The Company, with the approval of the board of directors, has entered into employment agreements with Messrs. Niel C. Ellerbrook, Andrew E. Goebel, Jerome A. Benkert, Carl L. Chapman and Ronald E. Christian, each dated as of March 31, 2000. Each agreement continues for a period of three years, and is automatically renewable on a month-to-month basis thereafter unless notice is given by either party of its intention to terminate the agreement at the end of the then current period. Each individual is entitled to compensation consisting of an annual aggregate base salary, an annual bonus opportunity based on established performance targets, and such additional compensation as the board of directors determines throughout the employment period. Under the agreements, each individual is eligible to participate in all long-term incentive plans, all stock incentive plans, and all savings and retirement plans to the extent applicable generally to other peer executives of the Company. Each agreement is also subject to termination in the event of disability, death, or voluntary retirement by the individual, attainment by the individual of the age of 65, or his termination for cause.

Each employment agreement also requires the Company to pay amounts to the individual when the applicable employment agreement has been terminated under the following circumstances:

If the Company terminates the employment of the executive for any reason (other than cause, death, the executive's attainment of age 65, or the executive's total and permanent disability); or

If the executive voluntarily terminates his employment for good reason (i.e., certain material changes in the terms of the executive's employment); or

The executive voluntarily terminates his employment without reason during the 30-day period immediately following the first anniversary of a change of control of the Company.

If an employment agreement is terminated coincident with or after an acquisition of control of the Company, the Company is required to pay to the individual a cash amount equal to: (a) the executive's annual base salary plus the highest bonus paid to the executive during the previous three years multiplied by (b) the lesser of three, or the number of years (rounded to the nearest twelfth (1/12th) of a year) between the date the employment agreement is terminated and the executive's attainment of age 65. If an employment agreement is terminated under any of the other circumstances described above, the Company is required to pay to the individual a cash amount equal to: (a) the executive's annual base salary plus the highest bonus paid to the executive during the previous three years multiplied by (b) the number of years remaining in the employment agreement's term (rounded to the nearest twelfth (1/12th) of a year). In addition to the cash payment, if an employment agreement terminates under any of the circumstances described above, any restricted stock, stock options, and any other stock awards under any Company sponsored

plan or arrangement that were outstanding (immediately prior to March 31, 2000) become immediately vested and/or exercisable.

ITEM 2. RATIFICATION OF APPOINTMENT OF INDEPENDENT ACCOUNTANTS

The board of directors recommends that the stockholders ratify the selection of Deloitte & Touche LLP (D&T) as independent public accountants to examine the consolidated financial statements of the Company and its subsidiaries for the fiscal year ending December 31, 2003. A representative of D&T will be present at the annual meeting to make a statement if such representative desires to do so and to respond to appropriate questions.

The votes cast for ratification must exceed the votes cast against ratification. Abstentions and broker non-votes will not be counted either for or against the proposition. In the event the stockholders fail to ratify the appointment, the Audit committee of the board of directors will consider it as a direction to select other auditors. Even if the selection is ratified, the board of directors in its discretion may direct the appointment of a different independent accounting firm at any time during the year if the board of directors determines that such change would be in the best interest of the Company and its stockholders.

The board of directors recommends voting FOR this proposal.

INDEPENDENT PUBLIC ACCOUNTANTS OF THE COMPANY

The board of directors and the Audit committee have selected D&T as the independent public accountants of the Company and its subsidiaries for fiscal year 2003. See Report of the Audit Committee.

Audit Fees

The aggregate fees paid to D&T for professional services rendered for the audit of the Company's 2002 fiscal year annual financial statements, and the reviews of the Company's financial statements included in the Company's Forms 10-Q filed during the Company's 2002 fiscal year were \$350,000. This includes fees incurred for audit services related to certain of the Company's subsidiaries, in connection with the audit of the Company's financial statements. The aggregate fees paid to Andersen for professional services rendered for its reviews of the Company's financial statements included in the Company's Form 10-Q for the period ended March 31, 2002 were \$40,000.

Financial Systems Design and Implementation Fees

During 2002, no services were rendered by D&T, the Company's principal accountant, in connection with (a) operating or supervising the operation of the Company's information system or managing the Company's local area network; or (b) designing or implementing a hardware or software system that aggregates source data underlying the Company's financial statements or generates information that is significant to the Company's financial statements.

All Other Fees

The aggregate fees paid to D&T for other services during 2002 totaled \$209,180. Of this amount, audit-related fees were \$135,555 and consisted of consultation on various accounting issues and review of internal cost allocation methodologies in connection with their audits. The remaining fees of \$73,625 were paid to D&T for tax planning and review of tax returns of the Company.

The Audit committee has considered whether the provision by D&T of the services described above is compatible with maintaining D&T's independence.

Changes in and Disagreements with Accountants on Accounting and Financial Disclosure

On March 22, 2002, the Audit committee decided to replace Andersen as the Company's independent auditors, effective upon completion of a transition period which was expected to extend through the conclusion of their review of the financial results of the Company and its subsidiaries for the first quarter of 2002. On May 10, 2002, the Audit committee determined to dismiss Andersen and replace them with D&T effective as of the later of May 15, 2002 or receipt by the Chair of the Audit committee of written notification from D&T that the Company had been accepted as a client. The Chair received notification of acceptance from D&T on May 17, 2002, and accordingly the appointment of D&T and dismissal of Andersen became effective on that date.

In connection with the audits for the two most recent fiscal years and through the date of dismissal on May 17, 2002, there were no disagreements with Andersen on any matter of accounting principles or practices, financial statement disclosure, or auditing scope or procedure, which disagreements, if not resolved to the satisfaction of Andersen, would have caused Andersen to make reference thereto in its report on the financial statements of the Company for such time periods. Also, during those time periods, there were no reportable events as such term is used in Item 304(a)(1)(v) of Regulation S-K.

Andersen's reports on the financial statements of the Company for the last two years neither contained an adverse opinion or disclaimer of opinion, nor were they qualified or modified as to uncertainty, audit scope, or accounting principles, except for the adoption of new accounting standards required under accounting principles generally accepted in the United States.

During the years ended December 31, 2001 and 2000 and through the date of hiring on May 17, 2002, neither the Company nor anyone acting on their behalf consulted D&T with respect to the application of accounting principles to a specified transaction, either completed or proposed, or the type of audit opinion that might be rendered on the Company's consolidated financial statements, or any other matters or reportable events listed in Items 304(a)(2)(i) and (ii) of Regulation S-K.

**ITEM 3. THE ADOPTION OF, IF PRESENTED AT THE MEETING, A
SHAREHOLDER PROPOSAL BY MASSACHUSETTS CARPENTERS PENSION &
ANNUITY FUNDS, WHICH THE BOARD OF DIRECTORS OPPOSES**

The Massachusetts Carpenters Pension & Annuity Funds, 350 Fordham Road, Wilmington, MA 01887, the holders of approximately 1,400 shares of Common Stock, have submitted the following proposal:

RESOLVED, that the shareholders of Vectren Corporation (Company) hereby request that the Company's Board of Directors establish a policy of expensing in the Company's annual income statement the costs of all future stock options issued by the Company.

Supporting Statement:

Current accounting rules give companies the choice of reporting stock option expenses annually in the company income statement or as a footnote in the annual report (See: Financial Accounting Standards Board Statement 123). Most companies, including ours, report the cost of stock options as a footnote in the annual report, rather than include the option costs in determining operating income. We believe that expensing stock options would more accurately reflect a company's operational earnings.

Stock options are an important component of our Company's executive compensation program. Options have replaced salary and bonuses as the most significant element of executive pay packages at numerous companies. The lack of option expensing can promote excessive use of options in a company's compensation plans, obscure and understate the cost of executive compensation and promote the pursuit of corporate strategies designed to promote short-term stock price rather than long-term corporate value.

Table of Contents

A recent report issued by Standard & Poor's indicated that the expensing of stock option grant costs would have lowered operational earnings at companies by as much as 10%. The failure to expense stock option grants has introduced a significant distortion in reported earnings, stated Federal Reserve Board Chairman Alan Greenspan. Reporting stock options as expenses is a sensible and positive step toward a clearer and more precise accounting of a company's worth. *Globe and Mail*, "Expensing Options is a Bandwagon Worth Joining," Aug. 16, 2002.

Warren Buffett wrote in a *New York Times* Op-Ed piece on July 24, 2002: "There is a crisis of confidence today about corporate earnings reports and the credibility of chief executives. And it's justified. For many years, I've had little confidence in the earnings numbers reported by most corporations. I'm not talking about Enron and WorldCom examples of outright crookedness. Rather, I am referring to the legal, but improper, accounting methods used by chief executives to inflate reported earnings. . . Options are a huge cost for many corporations and a huge benefit to executives. No wonder, then, that they have fought ferociously to avoid making a charge against their earnings. Without blushing, almost all CEOs have told their shareholders that options are cost-free. . . When a company gives something of value to its employees in return for their services, it is clearly a compensation expense. And if expenses don't belong in the earnings statement, where in the world do they belong?"

Many companies have responded to investors' concerns about their failure to expense stock options. In recent months, more than 100 companies, including such prominent ones as Coca-Cola, The Washington Post, and General Electric, have decided to expense stock options in order to provide their shareholders more accurate financial statements. Our Company has yet to act. We urge your support.

Statement of Opposition

The Board of Directors of the Company believes that this proposal is not in the best interests of the Company or its shareholders. The Company currently accounts for stock options in accordance with APB Opinion 25 "Accounting for Stock Issued to Employees" which for the options granted to Vectren employees and Directors does not require recognition of an expense. However, the Company does disclose in a footnote to the audited financial statements the pro-forma effect had a compensation cost for these stock options been calculated consistent with the methodology prescribed in SFAS No. 123 "Accounting for Stock-Based Compensation." For 2002, the effect of expensing stock options would have been equal to about \$.01 per share. Had the Company elected to expense stock options, this expense would have occurred regardless of whether the stock options were ever exercised. In addition, the dilutive effect of stock options is also reflected in the financial statements through the presentation of diluted earnings per share.

The Board believes it is generally in the best interest of shareholders to follow the most widely used industry practice when given a choice under accounting rules. To date, less than 150 companies (including less than 10 utilities) of the thousands of publicly-traded companies have announced their intention to expense stock options. This is a very small fraction of all public companies. Since this area is in a state of flux, and given the current relatively low acceptance of stock option expensing, the Board believes that it should not decide to expense stock options at this time. Instead, the Board believes that it would be well advised to await the final clarification of the accounting regulations relating to the accounting for stock options. Proceeding now without the benefit of this final action on how to account for stock options may require the Company to choose yet another approach for options based upon the outcome of that process by the accounting profession. In the meantime, as explained in the prior paragraph, the impact of the potential expense associated with options is clearly disclosed in the notes to the Company's consolidated financial statements, which will give investors a clear understanding of the impact of options on the Company's earnings.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE AGAINST THIS PROPOSAL. PROXIES SOLICITED BY THE BOARD OF DIRECTORS WILL BE SO VOTED UNLESS STOCKHOLDERS OTHERWISE SPECIFY IN THEIR PROXY.

ITEM 4. THE ADOPTION OF, IF PRESENTED AT THE MEETING, A SHAREHOLDER PROPOSAL BY SHEET METAL WORKERS NATIONAL PENSION

FUND, WHICH THE BOARD OF DIRECTORS OPPOSES

The Sheet Metal Workers National Pension Fund, 601 N. Fairfax Street, Suite 500, Alexandria, VA 22314, the holder of approximately 5,300 shares of the company's Common Stock, have submitted the following proposal:

RESOLVED, that the shareholders of Vectren Corporation (the Company) request that the Board of Directors adopt an executive compensation policy that all future stock option grants to senior executives shall be performance-based. For the purposes of this resolution, a stock option is performance-based if the option exercise price is indexed or linked to an industry peer group stock performance index so that the options have value only to the extent that the Company's stock price performance exceeds the peer group performance level.

Supporting Statement

As long-term shareholders of the Company, we support executive compensation policies and practices that provide challenging performance objectives and serve to motivate executives to achieve long-term corporate value maximization goals. While salaries and bonuses compensate management for short-term results, the grant of stock and stock options has become the primary vehicle for focusing management on achieving long-term results. Unfortunately, stock option grants can and do often provide levels of compensation well beyond those merited. It has become abundantly clear that stock option grants without specific performance-based targets often reward executives for stock price increases due solely to a general stock market rise, rather than to extraordinary company performance.

Indexed stock options are options whose exercise price moves with an appropriate peer group index composed of a company's primary competitors. The resolution requests that the Company's Board ensure that future senior executive stock option plans link the options exercise price to an industry performance index associated with a peer group of companies selected by the Board, such as those companies used in the Company's proxy statement to compare 5 year stock price performance.

Implementing an indexed stock option plan would mean that our Company's participating executives would receive payouts only if the Company's stock price performance was better than that of the peer group average. By tying the exercise price to a market index, indexed options reward participating executives for outperforming the competition. Indexed options would have value when our Company's stock price rises in excess of its peer group average or declines less than its peer group average stock price decline. By downwardly adjusting the exercise price of the option during a downturn in the industry, indexed options remove pressure to reprice stock options. In short, superior performance would be

rewarded.

At present, stock options granted by the Company are not indexed to peer group performance standards. As long-term owners, we feel strongly that our Company would benefit from the implementation of a stock option program that rewarded superior long-term corporate performance. In response to strong negative public and shareholder reactions to the excessive financial rewards provided executives by non-performance based option plans, a growing number of shareholder organizations, executive compensation experts, and companies are

Table of Contents

supporting the implementation of performance-based stock option plans such as that advocated in this resolution. We urge your support for this important governance reform.

Statement of Opposition

The Board of Directors of the Company believes that this proposal is not in the best interests of the Company or its shareholders. Under current accounting rules (specifically APB 25), the use of indexed options would result in the recognition of greater compensation expense and would be dilutive. Greater compensation expense would result because the use of this form of option would require the Company to recognize as an additional expense an amount equal to the excess of the stock's market value over the exercise price of the stock over the entire period the options are outstanding. Also, the use of this form of option would result in greater dilution because indexing a stock option reduces its Black-Scholes value and an indexed option is worth less than a non-indexed option. As a result, a greater number of options would have to be granted to provide the same level of competitive long-term incentive.

The Company's current compensation program is substantially performance-based, with over 60 percent of the proxy-named executives' total compensation based on performance (including performance relative to peer companies). The Board believes that the current use of stock options as one piece of this overall compensation program achieves the alignment of the interest of the Company's senior executives with the Company's stockholders. These stock options are inherently performance-based because a holder of the options receives no benefit unless the Company's stock price increases after the determination of the stock option grant.

The Board, through the Compensation and Benefits Committee, which is composed solely of non-management directors, will continuously monitor developments in the area of executive compensation, including changes in the accounting rules governing stock options. As these developments occur and further clarity is provided regarding the accounting for stock options, the Board plans to carefully and continuously review and assess the benefit of additional performance-based stock option features (including indexed options) versus their associated costs.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE AGAINST THIS PROPOSAL. PROXIES SOLICITED BY THE BOARD OF DIRECTORS WILL BE SO VOTED UNLESS STOCKHOLDERS OTHERWISE SPECIFY IN THEIR PROXY.

Vote Required

The votes cast in favor of this proposal must exceed the votes cast against the proposal in order for the proposal to be adopted. Abstentions and broker non-votes will not be counted as either for or against the proposal.

COST AND METHOD OF SOLICITATION

The cost of preparing, assembling, printing and mailing this proxy statement, the enclosed proxy and any other material which may be furnished to shareholders in connection with the solicitation of proxies for the meeting will be borne by the Company. The Company has retained D. F. King & Company to assist in soliciting proxies from shareholders, including brokers' accounts, at an estimated fee of \$6,500 plus reasonable

out-of-pocket expenses. In addition, some of the officers and regular employees of the Company, who will receive no compensation therefor in addition to their regular salaries, may solicit proxies by telephone, telegraph or personal visits, and it is estimated that the cost of such additional solicitation, if any, will not exceed \$500, and will be borne by the Company. The Company expects to reimburse banks, brokerage houses and other custodians of stock for their reasonable charges and expenses in forwarding proxy material to beneficial owners.

Board of Directors

Corporate Governance Guidelines

Adopted As Of February 26, 2003

1. Director Qualification Standards

A. A majority of the members of the Board of Directors (Board) must qualify as independent directors in accordance with the applicable provisions of the Securities Exchange Act of 1934, and the rules promulgated thereunder, and the applicable rules of the New York Stock Exchange.

B. The Nominating & Corporate Governance Committee (Governance Committee) shall be responsible for developing additional qualifications for directors, including the establishment of criteria for determining the independence of directors, which qualifications will be subject to approval by the full Board.

C. Recognizing the value of continuity of directors who have experience with the Company, there are no limits on the number of terms in which a director may hold office.

D. No member of the Board shall serve on the board of directors of more than 3 other public companies.

The Board, with assistance from the Governance Committee, will critically evaluate each of these matters when determining the form and amount of director compensation, and the independence of a director.
