PROXY STATEMENT

**For
ANNUAL MEETING OF STOCKHOLDERS
To be held on May 30, 2003**

This Proxy Statement with the accompanying proxy card is being mailed or given to stockholders commencing on or about April 28, 2003, in connection with the solicitation of proxies by the Board of Directors of HearUSA, Inc. (the "Company") to be used at the Annual Meeting of Stockholders of the Company to be held at The Crowne Plaza, 1601 Belvedere Road, West Palm Beach, FL 33406, on Friday, May 30, 2003 at 2:00 p.m. local time and any adjournments thereof.

The Company's principal executive offices are located at 1250 Northpoint Parkway, West Palm Beach, Florida 33407.

Voting at Meeting

The record date for the Annual Meeting is April 23, 2003. Holders of shares of the Company's common stock, par value \$.10 per share ("Common Stock"), and holders of exchangeable shares ("Exchangeable Shares") of HEARx Canada, Inc., a subsidiary of the Company, as of the close of business on the record date, are entitled to notice of, and to vote at, the Annual Meeting or any adjournments thereof. Each holder of Common Stock is entitled to one vote for each share held on the record date, and Computershare Trust Company of Canada (the "Trustee"), the holder of the Company's Special Voting Preferred Stock, is entitled to one vote for each Exchangeable Share outstanding as of the record date (other than Exchangeable Shares owned by the Company and its subsidiaries). Votes cast with respect to the Exchangeable Shares will be voted through the Special Voting Preferred Stock by the Trustee as directed by the holders of Exchangeable Shares, except votes cast with respect to Exchangeable Shares whose holders request to vote directly in person as proxy for the Trustee at the Annual Meeting.

As of the record date, there were issued and outstanding 27,219,351 shares of Common Stock, one share of the Company's Special Voting Preferred Stock and 3,021,772 Exchangeable Shares (excluding Exchangeable Shares owned by the Company and its subsidiaries). Each Exchangeable Share is exchangeable at any time, at the option of the holder, for one share of the Company's Common Stock. The holders of a majority of the shares of Common Stock and Exchangeable Shares entitled to vote as of the record date present in person or by proxy will constitute a quorum at the meeting. Under the Delaware General Corporation Law, any stockholder who submits a proxy and abstains from voting on a particular matter described herein will still be counted for purposes of determining a quorum. Broker non-votes will be treated as not represented at the meeting as to any matter for which a non-vote is indicated on the broker's proxy.

Proxy Procedure

Stockholders of record (stockholders who hold their shares in their own name) can vote any one of three ways:

- (1) By Mail: If the enclosed proxy card is properly executed and returned prior to the meeting, the shares represented thereby will be voted in accordance with the stockholder's directions or, if no directions are indicated, the shares will be voted in accordance with the recommendations of the Board of Directors as specified in this proxy statement. The Board of Directors does not know of any other business to be brought before the meeting, but it is
-

intended that, as to any such other business, a vote may be cast pursuant to the proxy in accordance with the judgment of the person or persons acting thereunder.

- (2) By Telephone: Call the toll-free number on your proxy card to vote by phone. You will need to follow the instructions on your proxy card and the voice prompts.
- (3) By Internet: Go to the web site listed on your proxy card to vote through the Internet. You will need to follow the instructions on your proxy card and the web site. If you vote through the Internet, you may incur telephone and Internet access charges.

If you vote by telephone or the Internet, your electronic vote authorizes the named proxies in the same manner as if you signed, dated and returned your proxy card. IF YOU VOTE BY TELEPHONE OR THE INTERNET, YOU SHOULD NOT RETURN YOUR PROXY CARD.

If your shares are held in the name of a bank, broker or other holder of record (street name), you will receive instructions from the holder of record that you must follow in order for your shares to be voted in accordance with your instructions. Telephone and Internet voting also will be offered to stockholders owning shares through most banks and brokers.

Any stockholder voting by written proxy by mail may revoke that proxy at any time prior to the voting thereof either by delivering written notice to the Secretary of the Company or by voting in person at the meeting. If you voted by telephone or the Internet, you may also change your vote with a timely and valid later telephone or Internet vote, as the case may be. Attendance at the meeting will not have the effect of revoking a proxy unless you give proper written notice of revocation to the Secretary before the proxy is exercised or you vote by written ballot at the meeting.

If you hold Exchangeable Shares and you wish to direct the Trustee to cast the votes represented by your Exchangeable Shares attached to the Special Voting Preferred Stock on your behalf, you should follow carefully the instructions provided by the Trustee, which accompany this Proxy Statement. The procedure for instructing the Trustee differs in certain respects from the procedure for delivering a proxy, including the place for depositing the instructions and the manner of revoking the proxy.

Proxy Solicitation

All costs of the solicitation of proxies will be borne by the Company. In addition to the solicitation of proxies by use of the mails, the Company may utilize the services of some of the officers and regular employees of the Company (who will receive no compensation therefore in addition to their regular salaries) to solicit proxies personally and by telephone. The Company will request banks, brokers, custodians, nominees and fiduciaries to forward copies of the proxy solicitation materials to beneficial owners and to request authority for the execution of proxies. The Company will reimburse such persons or entities for their expenses in doing so.

ELECTION OF DIRECTORS

Seven directors of the Company are to be elected at the meeting, each to hold office until the next Annual Meeting of Stockholders and until his successor is elected and qualified, or as otherwise provided by the Company's Amended and Restated Bylaws or by Delaware law.

The Board of Directors has nominated the seven persons named below for election as directors, all of whom are presently serving as such. It is intended that the shares represented by the enclosed proxy will be voted for the election of these seven nominees (unless such authority is withheld by a stockholder). In the event that any of the nominees should become unable or unwilling to serve as a director (which is not anticipated), it is intended that the proxy will be voted for the election of such person or persons, if any, who shall be designated by the Board of Directors.

(2) James W. Peklenk resigned from the Company on December 26, 2002.

The Company has entered into an employment agreement with Dr. Paul A. Brown to serve as Chairman of the Board for an initial five-year term ending in 2004. The Company has entered into a substantially similar employment agreement with Stephen J. Hansbrough to serve as Chief Executive Officer for an initial five-year term ending in 2004. Each of the employment agreements provides that the executive will be entitled to receive base compensation and performance bonuses and to participate in and receive benefits under the Company's welfare benefit and similar employee benefit plans generally made available by the Company to other key employees. Dr. Brown's base compensation for the first year of the agreement is \$300,000 per year, and Mr. Hansbrough's base compensation for the first year of the agreement is \$275,000 per year. Such annual compensation is subject to review annually by the Board. In respect of annual bonuses, if in any calendar year the Company achieves the net income targets approved by the Board, the Company has agreed to pay the executive a bonus equal to at least 50% of the executive's base salary. In addition, if in any calendar year the Company achieves the target net income approved by the Board for such year, the executive is entitled to receive a cash bonus equal to 1% of such net income for such year. Each executive is entitled to reimbursement of his reasonable and necessary business expenses in connection with the performance of his duties consistent with guidelines established by the Company's Board of Directors. Concurrent with the execution of the employment agreements, and pursuant to the terms of the agreements, each executive was granted an option to purchase shares

of the Company's Common Stock. Dr. Brown was granted an option to acquire 100,000 shares and Mr. Hansbrough was granted an option to acquire 113,246 shares. Each option vests ratably over four years and was granted with an exercise price equal to the market value of the common stock on the date of grant.

Each of the employment agreements contains termination and change in control provisions. If the executive is terminated without cause or if the executive terminates without good reason before or after a change in control, the Company will be required to pay only amounts earned through the date of termination. If the executive terminates because the Company has breached the employment agreement or if the Company terminates the executive without cause (before a change in control), the Company must pay the executive an amount equal to the base salary in effect for the duration of the term as in effect immediately before the date of termination or, if more than three years of the term have elapsed on the date of such termination, an amount equal to one year's salary. In addition, the executive is entitled to payment of a bonus equal to one times the average of all bonus and other incentive payments made by the Company to the executive over the then prior two years plus the pro rata portion of the bonus payable for the year of the termination. In such circumstances, the Company will be obliged to continue the executive's medical, dental, life and other insurance and benefit program coverage for 18 months, and the executive shall be fully vested in all options and similar rights previously granted to him and shall have a period of two years within which to exercise such rights.

Each of the employment agreements provides that in the event the executive is terminated by the Company without cause on or after a change in control or if the executive terminates with good reason after a change in control, the Company must pay the executive a minimum of three times the executive's base salary plus an amount equal to three times the average of all bonus and other incentive payments made by the Company to the executive over the then preceding two years. All options and other rights will then be fully vested and the executive will have three years within which to exercise such rights. The Company also will be responsible for maintaining the executive's medical, dental, life and other insurance and benefit program coverage for a three year period.

In the event of the executive's death or termination because of disability, all then outstanding options and similar rights shall become fully vested and the executive or his legal representatives may exercise such rights for a one year period following the executive's death or termination for disability.

The agreements provide for gross up payments to the executive to cover the executive's incremental tax liabilities in the event payments made under the agreements are subject to the excise tax imposed by Section 4999 of the Internal Revenue Code.

Report of the Board of Directors on Compensation

Edgar Filing: HEARUSA INC - Form DEF 14A

The Company's executive compensation program is administered by the Board of Directors. In addition to base salary, compensation for the Company's executive officers may include annual performance bonuses and stock options and stock grants pursuant to the Company's stock incentive plan. It is the intention of the Board of Directors to use salary and bonuses as compensation for current and past performance, while using stock options and restricted stock grants to provide incentives for superior long-term performance.

To establish compensation for the Company's executive officers for 2002, the Board of Directors used subjective performance evaluations, compensation statistics of other similar size health care organizations, and with respect to executive officers other than Dr. Brown, the salary recommendations of Dr. Brown. Each of Dr. Brown and Mr. Hansbrough's salary was determined pursuant to the terms of his employment agreement. In respect of the bonus opportunity for the Company's executive officers, the Board set certain performance criteria, the attainment of which could entitle the executive officer to earn a cash bonus equal to one half of his base salary. The performance criteria were not met in 2002.

APPENDIX A

AUDIT COMMITTEE CHARTER

A. Purpose and Scope

The primary functions of the Audit Committee (the "Committee") of the Board of Directors (the "Board") are to oversee (i) the audit of the financial statements of HearUSA, Inc. (the "Corporation") provided to the Securities and Exchange Commission (the "SEC"), the Corporation's shareholders and to the general public, (ii) the Corporation's internal financial and accounting processes and controls, (iii) the Corporation's disclosure controls and procedures and (iv) the independent audit process.

B. Composition

The Committee shall consist of a minimum of three directors appointed by the Board, who shall meet the requirements under any rules or regulations of the AMEX and any other applicable laws, as may be in effect from time to time.

All members of the Committee shall be able to read and understand fundamental financial statements, including a balance sheet, cash flow statement and income statement. At least one member of the Committee shall have either (i) past employment experience in finance or accounting, (ii) requisite professional certification in accounting, or (iii) any other comparable experience or background which results in the individual's financial sophistication, including being or having been a chief executive officer, chief financial officer or other senior officer with financial oversight responsibilities.

The Committee members shall be elected by the Board at the Board meeting following each annual meeting of stockholders and shall serve until their successors shall be duly elected and qualified or until their earlier resignation or removal. Unless a Chairman is elected by the full Board, the members of the Committee may designate a Chairman by majority vote of the full Committee membership.

C. Responsibilities and Duties

The Committee's role is one of oversight, and it is recognized that the Corporation's management is responsible for preparing the Corporation's financial statements and that the independent accounting firm is responsible for auditing those financial statements. To fulfill its responsibilities and duties the Committee shall:

Document Review

1. Review and assess the adequacy of this Charter as conditions dictate, but at least annually, and recommend any proposed changes to this Charter to the Board for approval.
2. Review with representatives of management and representatives of the independent accounting firm the Corporation's audited annual financial statements prior to their filing as part of the Corporation's annual report on Form 10-K. After such review and discussion, the Committee shall recommend to the Board whether such audited financial statements should be included in the Corporation's annual report on Form 10-K. The Committee shall also review with representatives of management and representatives of the independent accounting firm the Corporation's interim financial statements prior to their inclusion in the Corporation's quarterly reports on Form 10-Q.
3. Review with management and the independent accounting firm significant financial reporting issues and judgments made in connection with the preparation of the Corporation's financial statements, including: (i) any significant changes in the Corporation's selection or application of

accounting principles; (ii) any significant issues or changes regarding accounting and auditing principles or practices; (iii) any significant issues regarding the adequacy of the Corporation's internal controls; (iv) the development, selection and disclosure of critical accounting estimates; and (v) analyses of the effect of alternative assumptions, estimates or generally accepted accounting principles (GAAP) methods on the Corporation's financial statements.

4. Discuss with management and the independent accounting firm the effect of regulatory and accounting initiatives as well as off-balance sheet structures on the Corporation's financial statements.

5. Discuss with management the quarterly earnings press releases, including pro forma and other adjusted non-GAAP information, as well as financial information and earnings guidance provided to analysts, rating agencies and others.

6. Meet periodically to review with management and the independent accounting firm their views on the Corporation's major financial risk exposures, including the Corporation's risk assessment and risk management policies, and the steps management has taken to monitor and control such exposures.

Independent Accounting Firm Oversight

1. Have the sole authority to appoint or replace the independent accounting firm and approve in advance the fees, scope, planning, staffing and terms of any audit and non-audit engagements of the independent accounting firm. The independent accounting firm shall report directly to the Committee.

2. Specifically identify and approve in advance all non-audit services performed by the independent accounting firm. Conduct a periodic review of any ongoing non-audit services to review and approve their continued provision and scope. All non-audit services performed by the independent accounting firm shall be disclosed in the applicable periodic or annual report filed with the SEC.

3. Oversee and evaluate the work of the independent accounting firm, including resolution of any disagreement between management and the independent accounting firm regarding financial reporting.

4. Review the experience and qualifications of the senior members of the independent accounting firm engaged on the Corporation's account. Also, review the number of years that the lead audit partner and the audit partner responsible for reviewing the audit have performed audit services for the Corporation in the previous five fiscal years in order to address compliance with the five year mandatory audit partner rotation requirement. Consider whether, in order to assure continuing auditor independence, it is appropriate to adopt a policy of rotating the independent accounting firm on a regular basis.

5. Receive from the independent accounting firm, on an annual basis, a formal written statement identifying all relationships between the independent accounting firm and the Corporation consistent with Independence Standards Board Standard 1, as it may be modified or supplemented. The Committee shall actively engage in a dialogue with the independent accounting firm as to any disclosed relationships or services that may impact the objectivity and independence of the independent accounting firm.

6. Discuss with representatives of the independent accounting firm, on a quarterly basis, the matters required by the Statement on Auditing Standards 61, as it may be modified or supplemented.

7. Obtain and review reports from the independent accounting firm at least annually regarding: (i) the independent accounting firm's internal quality-control procedures; (ii) any material issues raised by most recent quality-control review, or peer review, of the firm, or by any inquiry or investigation by governmental or professional authorities within the preceding five years respecting

one or more independent audits carried out by the firm; (iii) any steps taken to deal with any such issues; and (iv) all relationships between the independent accounting firm and the Corporation.

8. Evaluate the qualifications, performance and independence of the independent accounting firm, including whether the adequacy of the independent accounting firm's quality controls and the provision of any permitted non-audit services is compatible with maintaining the independent accounting firm's independence and taking into account the opinions of management.

9. Review reports from the independent accounting firm related to (i) all critical accounting policies and practices used; (ii) all alternative treatments of financial information within GAAP related to material items that have been discussed with management, ramifications of the use of such alternative disclosures and treatments, and the treatment preferred by the independent accounting firm; and (iii) other material written communications between the independent accounting firm and management, such as any management letter or schedule of unadjusted differences.

10. Discuss any independent-accounting-firm reports with the independent accounting firm, report to the Board and, if so determined by the Committee, recommend that the Board take additional action to satisfy itself of the qualifications, performance and independence of the independent accounting firm.

11. Establish and maintain clear policies regarding the hiring of employees or former employees of the independent accounting firm who were engaged on the Corporation's account.

12. Review with the independent accounting firm any significant problems or difficulties the independent accounting firm may have encountered and any management letter provided by the independent accounting firm and the Corporation's response to that letter, including any restrictions on the scope of activities or access to required information, significant changes to the audit plan and any disagreement with management, which if not satisfactorily resolved would have affected the independent accounting firm's opinion.

Compliance and Reporting

13. Engage independent counsel, accounting consultants or other advisors to advise, as necessary, the Committee in connection with any matter within its duties and responsibilities.

14. Review periodic reports provided by the company regarding compliance by the employees of the Corporation and its subsidiary and controlled affiliated entities with applicable legal requirements and the Corporation's standards of business conduct policies.

15. Review with the Corporation's General Counsel legal matters that may materially affect the financial statements, the Corporation's compliance policies and any material reports or inquiries received from regulators or governmental agencies.

16. Review annually, in consultation with the independent accounting firm and management, the adequacy of the Corporation's internal financial and accounting processes and controls.

17. Prepare and submit, in accordance with the rules of the SEC as modified or supplemented from time to time, a written report of the Committee to be included in the Corporation's annual proxy statement for each annual meeting of the Corporation's stockholders.

Other

18. Meet at least quarterly with the Corporation's senior executive officers and the independent accounting firm in separate executive sessions.

19. Review any other matter brought to its attention within the scope of its duties, including any issue of significant financial misconduct.

20. The Committee shall approve and administer a code of ethics, as defined by rules of SEC, for senior officers and such employees and agents of the Company as it determines.

21. Establish procedures for (i) the receipt, review, retention and treatment of complaints regarding accounting, internal accounting controls or auditing matters; and (ii) the confidential or anonymous submission by employees of the Corporation of concerns regarding questionable accounting or auditing matters, and the receipt and review thereof.

22. Review with the Corporation's Chief Executive Officer and Chief Financial Officer, prior to their quarterly or annual report certification submission to the SEC, (i) all significant deficiencies in the design or operation of internal controls that could adversely affect the Corporation's ability to record, process, summarize and report financial data, and any material weaknesses in the Corporation's internal controls that they have identified for the Corporation's independent accounting firm; (ii) any fraud, whether or not material, that involves management or other employees who have a significant role in the Corporation's internal controls; and (iii) whether or not there were significant changes in internal controls or in other factors that could significantly affect internal controls subsequent to the date of the Chief Executive Officer's and the Chief Financial Officer's evaluation thereof, including any corrective actions with regard to significant deficiencies and material weaknesses.

23. Make regular reports to the Board.

While the Committee has the responsibilities and powers set forth in this Charter, it is not the duty of the Committee to plan or conduct audits or to determine that the Corporation's financial statements are complete and accurate and are in accordance with GAAP. Those duties are the responsibility of management and the independent accounting firm.
