PROXY STATEMENT

ANNUAL MEETING OF STOCKHOLDERS

June 25, 2004

This Proxy Statement and enclosed proxy are furnished on or about May 6, 2004 to stockholders of United Therapeutics Corporation in connection with the solicitation by the Board of Directors of United Therapeutics of proxies to be voted at the 2004 Annual Meeting of Stockholders. The Annual Meeting will be held on Friday, June 25, 2004 beginning at 9:00 A.M. local time at United Therapeutics headquarters, located at 1110 Spring Street, Silver Spring, Maryland 20910.

If the enclosed proxy card is properly executed and returned prior to the meeting, the shares represented by the proxy card will be voted in accordance with the stockholder's directions or, if no directions are indicated, the shares will be voted in accordance with the recommendation of the Board of Directors as specified in this Proxy Statement. The stockholder giving the proxy has the power to revoke the proxy at any time before it is exercised by delivering to the Secretary of United Therapeutics at the above address either a written notice of revocation or a duly executed proxy bearing a later date. If a stockholder decides to attend the Annual Meeting and wishes to change his or her proxy vote, the stockholder may do so by voting in person at the meeting.

United Therapeutics will bear the cost of soliciting proxies. Copies of solicitation material may be furnished to brokers, custodians, nominees and other fiduciaries for forwarding to beneficial owners of shares of United Therapeutics common stock, and normal handling charges may be paid for such forwarding service. Officers and other employees of United Therapeutics may solicit proxies personally by telephone, fax, email or mail, and they will receive no additional compensation if they do so. At the close of business on April 27, 2004 (the Record Date), there were 21,374,490 shares of the common stock of United Therapeutics outstanding and entitled to vote at the Annual Meeting. Only stockholders of record at the close of business on the Record Date will be entitled to vote, either in person or by proxy, at the Annual Meeting, and each share will have one vote.

Election of Directors

The United Therapeutics Board of Directors currently consists of ten members and is divided into three classes of directors. At each Annual Meeting, members of one of the classes, on a rotating basis, are elected for a three-year term. At this meeting, Christopher Causey and Paul Gray are nominees for election as Class II directors for terms expiring at the 2007 Annual Meeting of Stockholders.

The Nominating and Governance Committee of the Board of Directors, which considers nominees for election to the Board, recommended that the size of the Board of Directors be reduced from ten members to eight members. The Board of Directors unanimously adopted this recommendation, believing that a reduction of the size of the Board is in the best interests of the company as a smaller Board will facilitate communication among the directors, increase the efficiency of the Board, and be more consistent with the practices of public biotechnology companies. This reduction in board size will be accomplished through attrition with the terms of two current members of the Board, Ricardo Balda and Henry Beecher Hicks III, expiring as of the 2004 Annual Meeting of Stockholders. As United Therapeutics By-Laws require that the three classes of directors be balanced, Christopher Causey, a Class I director elected by the stockholders at the 2003 Annual Meeting for a term expiring in 2006, has been nominated for election as a Class II

director at the 2004 Annual Meeting. Upon his election as a Class II director, Christopher Causey will resign as a Class I director. If Mr. Causey is not elected as a Class II director at the 2004 Annual Meeting, he will continue to serve as a Class I director.

Proxies may not be voted for a greater number of persons than the number of nominees named. Proxies representing shares held as of the Record Date which are returned duly executed will be voted, unless otherwise specified, in favor of these two nominees for the Board. Both of the nominees are currently directors of United Therapeutics.

Unless otherwise instructed on the proxy, it is the intention of the persons named in the proxy to vote the shares

represented by each properly executed proxy for the election of the two persons named as nominees. If the proxy card is signed and returned without any direction given, shares of stock represented by the proxy will be voted FOR the election of the two nominees named on the proxy card. Each of the nominees has consented to be named herein and to continue to serve on the Board of Directors if elected. It is not anticipated that any nominee will become unable or unwilling to accept nomination or election, but, if that should occur, the persons named in the proxy intend to vote for the election in his or her stead such other person as the Board's Nominating and Governance Committee may recommend to the Board.

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS THAT THE STOCKHOLDERS VOTE FOR THE ELECTION OF THE NOMINEES AS CLASS II DIRECTORS OF UNITED THERAPEUTICS.

The following table presents information concerning persons nominated for election as directors of United Therapeutics and for those directors whose terms of office will continue after the meeting, including their current membership on committees of the Board of Directors, principal occupations or affiliations during at least the last five years and certain other directorships held. For additional information concerning the nominees for directors, including stock ownership and compensation, see DIRECTOR COMPENSATION, BENEFICIAL OWNERSHIP OF COMMON STOCK and EXECUTIVE COMPENSATION below.

Attendance at Board Meetings

In addition to Board committee meetings, the Board of Directors held six meetings during 2003. All directors attended seventy-five percent or more of all Board meetings and committee meetings on which each director served in 2003. United Therapeutics does not have a formal policy regarding directors' attendance at annual stockholders meetings. Although United Therapeutics' Board of Directors encourages all Board members to attend such meetings, such attendance is not mandatory. Nine of the Board members attended the 2003 Annual Meeting of Stockholders.

Director Compensation

Each director who is not an employee of United Therapeutics receives an annual fee of \$10,600. Non-employee directors who also serve on Board committees receive the following additional annual fees: Audit Committee Chairman \$9,000; Audit Committee Members \$4,500; Compensation Committee Chairman \$6,000; Compensation Committee Members \$3,000; Nominating and Governance Committee Chairman \$6,000; Nominating and Governance Committee Members \$3,000. These payments are contingent on these directors attending at least 75% of the Board and Board committee meetings. Each non-employee director is also eligible to receive options under United Therapeutics' Amended and Restated Equity Incentive Plan. On the day of each Annual Meeting of Stockholders, each eligible director receives options to purchase 9,500 shares of United Therapeutics' common stock and options to purchase an additional 1,250 to 2,500 shares of stock for service as a member or chairman of a Board committee. All option grants to directors are granted at the closing price of United Therapeutics' common stock as reported on the

NASDAQ Stock Market on the date of the Annual Meeting. These options will fully vest only if the director attended at least 75% of the Board and his or her Board committee meetings from the time of grant until the next annual meeting of stockholders. United Therapeutics reimburses each member of its Board of Directors for out-of-pocket expenses incurred in connection with attending Board and committee meetings.

Stockholder Communications with Directors

United Therapeutics does not have a process for stockholders to send communications directly to the Board, believing that such communications can lead to an inefficient and counterproductive expenditure of Board effort. Instead, stockholders are encouraged to address any communications with directors to our Secretary by overnight mail,

acceptance signature required, at United Therapeutics Corporation, Attention: Secretary, 1110 Spring Street, Silver Spring, Maryland 20910. The Secretary will process and direct the communication to the appropriate director, officer or employee at United Therapeutics for response. Amounts reported in the potential realizable value column above are hypothetical values that may be realized upon exercise of the options immediately prior to the expiration of their term, calculated by assuming that the stock price on the date of grant as determined by the Board's Compensation Committee appreciates at the indicated annual rate compounded annually for the entire term of the option (10 years). The 5% and 10% assumed rates of appreciation are mandated by the rules of the Securities and Exchange Commission and do not represent United Therapeutics' estimate or projection of the future common stock price.

The following table presents information regarding the exercise of stock options during the year ended December 31, 2003 by the named executive officers and the value of unexercised in-the-money options at December 31, 2003. The value of unexercised in-the-money options is based on the closing bid price of \$23.00 for United Therapeutics common stock on December 31, 2003, less the exercise price, without taking into account any taxes that may be payable in connection with the transaction, multiplied by the number of shares underlying the option. Options are in-the-money at December 31, 2003, if the fair market value of the underlying securities on that date exceeded the exercise price of the option.

Executive Officer Employment Agreements

In April 1999, United Therapeutics entered into an Executive Employment Agreement with Martine A. Rothblatt, its Chief Executive Officer. The employment agreement provided for an initial five-year term and automatically renewed for successive one-year periods after each year. Either party may terminate the agreement prior to an annual renewal, which would result in a four-year remaining term. Dr. Rothblatt is entitled to bonuses for each year of the initial term of the agreement in the form of stock options, in addition to other discretionary bonuses that may be awarded by the Board

of Directors. As amended in December 2000, the agreement provides that Dr. Rothblatt will receive an option to purchase that number of shares of common stock that is equal to one-eighteenth of one percent of the increase in United Therapeutics' market capitalization from its average in December each year (commencing December 2000). Prior to their granting, the Compensation Committee of the Board may reduce the number of shares covered by these options. These options will be awarded pursuant to the Amended and Restated Equity Incentive Plan and will be fully exercisable on the date of grant. The options will have an exercise price equal to or exceeding the fair market value of a share of United Therapeutics' common stock on the date of grant. The options are exercisable over five years if Dr. Rothblatt is a 10% or greater stockholder on the date of grant, or 10 years otherwise. The maximum number of shares reserved for such grants is 7,939,517.

If Dr. Rothblatt's employment is terminated due to her death or disability, United Therapeutics will continue to pay to Dr. Rothblatt or her estate her current base salary through the end of the calendar year following such death or disability, and if her employment is terminated for disability, United Therapeutics will pay for continued benefits under its short-term and long-term disability insurance programs. If Dr. Rothblatt's employment is terminated by United Therapeutics other than for cause, or if Dr. Rothblatt terminates her employment for good reason, as these terms are defined in the agreement, including circumstances involving a change in control of United Therapeutics, she will be entitled to a lump sum cash payment equal to the sum of:

Her current base salary plus any bonus and incentive payments which have been earned through the date of termination;

The greater of her bonus and incentive payments for the prior year or the average of such payments for the prior two years, on a prorated basis for the year of termination;

Three times the sum of her highest annual base salary for the preceding twelve months and the greater of her previous year's bonus and incentive payment or the average of those payments for the previous two years; and

The difference between the fair market price and the exercise price of any non-vested options held by Dr. Rothblatt.

In addition, Dr. Rothblatt will receive certain employee and retirement benefits. The agreement prohibits Dr. Rothblatt from engaging in activities competitive with United Therapeutics for five years following termination of her employment.

United Therapeutics has entered into employment agreements with each of Dr. Jeffs and Messrs. Hadeed and Mahon. The term of Dr. Jeffs' agreement ends in December 2005 and provides for an annual base salary of at least \$250,000. The term of Mr. Hadeed's agreement ends in January 2006 and provides for an annual base salary of at least \$140,000. The term of Mr. Mahon's agreement ends in June 2006 and provides for an annual base salary of at least \$300,000. Each of the agreements with Dr. Jeffs and Messrs. Hadeed and Mahon also provides for an automatic annual renewal unless either party terminates with prior notice, ranging from thirty days to six months, to the other party. In addition, each of the agreements with Dr. Jeffs and Messrs. Hadeed and Mahon provides that if the executive is terminated by United Therapeutics other than for cause as such term is defined or as a result of a transfer of control of United Therapeutics, or if the executive terminates the agreement because his authority and responsibilities are materially diminished without cause, then upon the occurrence of any such event, the executive is entitled to payment of the greater of his base salary through the remaining term of the agreement or an amount equal to two years of his then-current salary, and any unvested options would immediately become vested. Each of these agreements prohibits Dr. Jeffs and Messrs. Hadeed and Mahon from accepting employment, consultancy or other business relationships with an entity that directly competes with United Therapeutics for a period of twelve months following his last receipt of compensation from United Therapeutics.

Report of the Compensation Committee

The Compensation Committee of the Board of Directors is composed of independent, non-employee directors. The current members of the Compensation Committee are Mr. Causey, its chairman, Professor Dwek and Dr. Sullivan. The Compensation Committee has responsibility for developing and implementing United Therapeutics' compensation policy for senior management including the Chief Executive Officer. United Therapeutics' Amended and Restated Equity Incentive Plan is also administered by the Compensation Committee. All decisions by the Compensation Committee relating to the compensation of United Therapeutics' executive officers are reviewed by the full Board,

except for decisions concerning grants under the Amended and Restated Equity Incentive Plan.

Compensation Philosophy

United Therapeutics' overall compensation policy is to 1) offer competitive salaries, incentive compensation and benefits consistent with attracting and retaining qualified and experienced employees, and 2) strongly align such compensation with the achievement of specific annual and long-term performance objectives and, more generally, with stockholder interests. With respect to key executives, particular attention is paid to preserving the continued employment of top performers to ensure that United Therapeutics' most important objectives are achieved in as effective and timely a fashion as possible. The Compensation Committee believes that such an approach is critical to promoting stockholder interests in a relatively small and rapidly growing company. The Compensation Committee also places heavy emphasis on pay for performance and believes that substantial portions of total compensation should be at risk. Likewise, outstanding performance should lead to substantial increases in compensation.

In addition to base salary, compensation may include discretionary cash bonuses and stock option awards. It is the intention of the Compensation Committee to use salary and cash bonuses as compensation for current and past performance, while using stock options to provide incentives for long term performance.

In establishing the level of compensation for key executives, the Compensation Committee considers many factors, including the executive's performance, contribution to the advancement of corporate objectives, impact on financial results, development of the management team, strategic accomplishments, and the competitiveness and fairness of the compensation. The amount of the base salary, discretionary cash bonus and long term incentive compensation for each such executive is determined by the Compensation Committee (as appropriate and in accordance with any employment agreements) using the factors set forth above and, with respect to executives other than the Chief Executive Officer, the recommendations of the Chief Executive Officer.

While the Compensation Committee considers these individual and United Therapeutics' performance factors and recommendations in making individual compensation decisions, the Compensation Committee also consults with executive compensation specialists and executive recruiters, reviews relevant proxy materials and industry compensation surveys, and applies its own business judgment in making final compensation determinations.

Discretionary Cash and Option Bonuses

United Therapeutics has adopted a semiannual Milestone Incentive Bonus Plan which is administered by the Compensation Committee. This Milestone Incentive Bonus Plan provides each full-time employee, other than certain key executives, with the opportunity to receive (i) a percentage, which varies with the employee's level of responsibility, of their base salary for each company-wide milestone achieved in cash and in stock options under United Therapeutics' Amended and Restated Equity Incentive Plan, and (ii) an additional cash bonus based upon the employee's individual performance. The Milestone Incentive Bonus Plan is designed to compensate United Therapeutics' employees for the company's success in reaching certain important corporate performance milestones and to aid United Therapeutics in attracting, retaining and motivating personnel required for United Therapeutics' continued growth. For executive officers of United Therapeutics, discretionary cash bonuses are determined based upon performance criteria unique to each individual.

Long Term Incentive Compensation Through Stock Options

Equity based incentives in the form of stock options are designed to motivate employees over the long term and to align the interests of management and stockholders. Such compensation is awarded based upon a subjective evaluation of individual performance and the overall performance of United Therapeutics. United Therapeutics

provides such equity incentives through stock options administered by the Compensation Committee. In 2003, 765,236 options were granted to employees with a weighted-average exercise price of \$20.90 per share. All such options were granted at the fair market value of United Therapeutics common stock on the date of each grant. Options granted generally vest over a three-year term from the grant date.

Additionally, a new stock option program was created in 2003 to recognize and provide incentives to mid-level management across United Therapeutics. Under this new program, at the end of each calendar year, United Therapeutics executive officers nominate key senior managers to receive a percentage of a dedicated pool of 100,000 stock options, based upon their performance and importance to the company. In 2003, nineteen managers each received

individual grants ranging from 2,500 to 12,500 options.

Chief Executive Officer Compensation

In determining Dr. Rothblatt's 2003 compensation, the Compensation Committee considered her overall performance and leadership, the compensation of other chief executives in United Therapeutics' industry and the performance of United Therapeutics' share price compared to industry indices.

During 2003, United Therapeutics grew its consolidated revenues by approximately 77% compared to 2002 and reduced its annual loss by approximately 58%. These achievements contributed importantly to United Therapeutics' growth prospects and resulted in excellent share price performance during 2003. For additional information concerning the United Therapeutics' share price performance, see STOCK PRICE PERFORMANCE below.

In recognition of Dr. Rothblatt's 1) longstanding leadership, determination and perseverance, 2) outstanding efforts to grow 2003 revenues, 3) excellent work in educating and informing investors of United Therapeutics' improved prospects, and 4) her other accomplishments benefiting United Therapeutics and its stockholders, the Compensation Committee awarded Dr. Rothblatt a salary increase effective January 1, 2004 of \$50,000 bringing her total 2004 salary compensation to \$650,000 and also awarded her a 2003 year-end cash bonus of \$240,000. Dr. Rothblatt declined acceptance of both the salary increase and bonus.

Long term incentive compensation for the Chief Executive Officer, if any, is based upon increases in United Therapeutics' market capitalization and is determined in accordance with the annual stock option grant calculation provided in her employment agreement and included in the Amended and Restated Equity Incentive Plan. Prior to granting, the Compensation Committee of the Board may reduce the number of shares covered by these options. In 2003, Dr. Rothblatt was awarded options to purchase 56,274 shares of common stock.

401(k) Plan

United Therapeutics maintains a defined contribution plan (the 401(k) Plan) which is intended to satisfy the tax qualification requirements of Sections 401(a), 401(k) and 401(m) of the Internal Revenue Code of 1986, as amended. All employees of United Therapeutics are permitted to contribute up to the maximum percentage allowable without exceeding the limits of Code Sections 401(k), 404 and 415 (i.e., \$12,000 in 2003 or \$14,000 for eligible participants that are 50 or older). All amounts deferred by a participant under the 401(k) Plan's salary reduction feature vest immediately in the participant's account. Beginning in 2004, United Therapeutics will make matching contributions equal to twenty percent of the participant's contributions for employees who have completed six months of employment, with such matching contributions vesting 33 1/3% per year based on years of service with United Therapeutics, not the amount of time an employee has participated in the plan. Therefore, once an employee completes three years of service, his or her account is fully vested.

Compensation Deductibility Policy

Under Section 162(m) of the Code and applicable Treasury regulations, no tax deduction is allowed for annual compensation in excess of \$1 million paid to the Chief Executive Officer and the four other most highly paid executive officers. However, compensation from options granted under United Therapeutics' Equity Incentive Plan with exercise prices of no less than 100 percent of the fair market value on the date of grant and in an amount not exceeding one million shares for each such executive officer may be excluded from the above limitation. The Compensation Committee has not adopted a policy with respect to the application of Section 162(m) of the Code as to annual cash compensation exceeding \$1 million.

Stock Option Repricing

In November 2001, the Compensation Committee of the Board of Directors approved a plan to allow employees, including all executive officers except for the Chief Executive Officer, to voluntarily permit up to one-third of their outstanding options to be canceled. The plan was approved because many of the options which had been previously granted had exercise prices that were significantly higher than the then-current market price of United Therapeutics common stock and did not provide meaningful stock-based incentive compensation to those employees. In exchange for each canceled option, United Therapeutics granted a new option in May 2002. No guarantees or other promises of remuneration were made to the employees, including executive officers, who agreed to participate.

In the following table, information regarding all repricings of options held by any executive officer since June 17, 1999, the date United Therapeutics became a reporting company under the Securities Exchange Act of 1934, is presented.

Report of the Audit Committee

The Audit Committee oversees United Therapeutics' financial reporting process and monitors compliance with its Code of Ethics and Business Conduct on behalf of the Board of Directors. We are all independent directors under the listing standards of NASDAQ and the independence standards set forth in Rule 10A-3(b)(1) of the Securities Exchange Act of 1934. The Audit Committee operates under a written charter, which we review annually and which was adopted by United Therapeutics' Board of Directors. We have amended our charter to be consistent with the provisions of the Sarbanes-Oxley Act of 2002, as well as the new corporate governance rules issued by the Securities and Exchange Commission and NASDAQ, as they relate to audit committee requirements.

We have met and held discussions with management and United Therapeutics' independent auditors. Management is responsible for the financial reporting process and preparation of the quarterly and annual consolidated financial statements, including maintaining a system of internal controls and disclosure controls and procedures. The audit committee is directly responsible for the appointment, compensation, retention, oversight and termination of United Therapeutics' independent auditors. In September 2003, in conjunction with the annual assessment of the independent auditors by the Audit Committee, Ernst & Young LLP was selected to replace KPMG LLP as the independent auditors. Ernst & Young LLP is responsible for expressing an opinion on the conformity of United Therapeutics' financial statements with generally accepted accounting principles. The Audit Committee does not prepare financial statements or conduct audits.

In conjunction with the December 31, 2003 audited consolidated financial statements, we have:

reviewed and discussed United Therapeutics' 2003 consolidated financial statements with United Therapeutics management and Ernst & Young LLP, including discussions about critical accounting policies, other financial accounting and reporting principles and practices appropriate for United Therapeutics, and the reasonableness of significant judgments;

discussed with Ernst & Young LLP the overall scope of and plans for its audits and reviews. The Audit Committee has met with Ernst & Young LLP, with and without management present, to discuss United Therapeutics' financial reporting processes and internal accounting controls. We have reviewed all important audit findings prepared by Ernst & Young LLP;

discussed with Ernst & Young LLP matters that are required to be discussed by generally accepted auditing standards, including those standards set forth in Statement on Auditing Standards No. 61, *Communications with Audit Committees*. Ernst & Young LLP also provided to the Audit Committee the written disclosures regarding its independence required by Independence Standards Board Standard No. 1, *Independence Discussions with Audit Committees*. We also discussed with Ernst & Young LLP any relationships that may have an impact on their objectivity and independence and satisfied ourselves as to Ernst & Young LLP's independence. We also reviewed and pre-approved the scope and fees for all audit and other services performed by Ernst & Young LLP for United Therapeutics; and

met and reviewed with members of senior management and Ernst & Young LLP the certifications provided by the Chief Executive Officer and the Chief Financial Officer under the Sarbanes-Oxley Act of 2002, the rules and regulations of the Securities and Exchange Commission relating to these certifications and the overall certification process.

Based on these reviews and discussions, the Audit Committee recommended to the Board of Directors that United Therapeutics' audited consolidated financial statements for 2003 be included in United Therapeutics' Annual Report on Form 10-K for the year ended December 31, 2003 filed with the Securities and Exchange Commission.

Stock Performance

The following table and graph set forth United Therapeutics' total cumulative stockholder return as compared to the cumulative returns of the NASDAQ US Stock Market Index and the NASDAQ Pharmaceutical Stocks Index. Total stockholder return assumes \$100.00 invested at the beginning of the period in the common stock of United Therapeutics, the stocks represented in the NASDAQ US Stock Market Index and the stocks represented in the NASDAQ Pharmaceutical Stocks Index, respectively. Total return assumes reinvestment of dividends, although United Therapeutics has paid no dividends on its common stock. The information on the graph covers the period from June 17, 1999 (the date United Therapeutics' common stock began trading pursuant to United Therapeutics' initial public offering) through December 31, 2003. Certain Relationships and Related Transactions***Marketing and Consulting Agreements***

In February 2003, United Therapeutics entered into an agreement for the development, hosting and maintenance of its Remodulin.com website with a company controlled by Raymond Kurzweil who is one of four non-independent directors on United Therapeutics ten-person Board of Directors. Pursuant to this Agreement, United Therapeutics will pay the company \$29,000 and a continuing payment of \$1,250 per month for posting new information and maintenance of the website. In 2003, United Therapeutics incurred approximately \$29,000 under this agreement. The Audit Committee of the Board of Directors approved this transaction.

In September 2002, United Therapeutics entered into a technical services agreement with Kurzweil Technologies, Inc. (KTI), a company controlled by Raymond Kurzweil. Pursuant to this agreement, United Therapeutics will pay KTI up to \$40,000 monthly for consulting fees and up to \$1,000 monthly for reimbursement of expenses for certain telemedicine technology development services relating to Medicomp, Inc. In addition, United Therapeutics will pay KTI a five percent royalty on certain sales of products reasonably attributed to and dependent upon technology developed by KTI under the technical services agreement and which are covered by claims of an issued and unexpired United States patent(s). The agreement may be terminated by United Therapeutics upon 30 days advance notice to KTI and by KTI upon 180 days advance notice to United Therapeutics. In 2003, United Therapeutics incurred approximately \$484,000 of fees and expenses related to this agreement, of which approximately \$80,000 was payable to KTI at December 31, 2003. The Audit Committee of the Board of Directors approved this transaction.

In 2001, United Therapeutics entered into a marketing agreement with a company affiliated with Raymond Kurzweil. The value of the agreement is up to \$30,000 annually. United Therapeutics also entered into an agreement in 2001 with Raymond Kurzweil to provide strategic consulting services in the field of telemedicine. The value of the agreement is up to \$10,000 annually. In 2002, United Therapeutics entered into another marketing agreement with a

company affiliated with Raymond Kurzweil with a total value of \$15,000. United Therapeutics paid a total of \$30,000 under these agreements during the year ended December 31, 2003. The Audit Committee of the Board of Directors approved these transactions.

Receivable from Executive Officer

In April 2002, United Therapeutics agreed to loan \$1.3 million to Dr. Roger Jeffs, its President and Chief Operating Officer, to purchase his primary residence, two months before he was elected to the Board of Directors by United Therapeutics stockholders. The loan and accrued interest will be due at the end of five years or earlier, in part or in full, if Dr. Jeffs obtains a mortgage on the property, exercises and sells any United Therapeutics stock options, sells any United Therapeutics stock, or sells the property. Interest of 6.5 percent per year will accrue on the note. The loan is secured by the property and all United Therapeutics stock that Dr. Jeffs now owns or hereafter acquires. The Audit Committee and the Compensation Committee of the Board of Directors, as well as the full Board of Directors, approved this transaction. As of December 31, 2003, Dr. Jeffs had repaid approximately \$303,000 of outstanding interest and principal on the note, and the note had an outstanding principal balance of approximately \$1,137,000.

Research Agreement

In 2000, United Therapeutics entered into a research agreement with University of Oxford and an agreement for consulting services with Isis Innovation Limited (formerly Oxford University Consulting) with respect to the development of United Therapeutics iminosugar platform. United Therapeutics paid approximately \$589,000 during the year ended December 31, 2003 under these agreements. Under the research agreement, United Therapeutics is required to pay the University of Oxford a royalty equal to 1.5% percent of net sales of products arising from the research, less certain offsets. Professor Raymond Dwek, a director of United Therapeutics, also serves as Chairman of the Department of Biochemistry at the University of Oxford, a director of Isis Innovation Limited, and is a co-discoverer of United Therapeutics iminosugar drug platform and a co-principal investigator under the research agreement with University of Oxford. These agreements were entered into prior to the date that Professor Dwek became a director of United Therapeutics. The Board of Directors has determined that Professor Dwek is independent under Rule 4200(a)(15) of the NASDAQ listing standards.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Securities Exchange Act of 1934 requires United Therapeutics directors, executive officers and 10% stockholders to file reports of ownership of equity securities of United Therapeutics with the Securities and Exchange Commission and to furnish copies of all such reports to United Therapeutics. To United Therapeutics knowledge, based solely on review of the copies of such reports furnished to it, United Therapeutics believes that for the fiscal year ended December 31, 2003, all such filing requirements were met, with the sole exception of Ricardo Balda, a director of United Therapeutics, who inadvertently failed to file a timely Form 4 relating to two stock option grants to purchase a total of 3,740 shares that were exempt from Section 16(b) of the Securities Exchange Act under Rule 16b-3.

Voting Procedures

Shares can be voted only if the stockholder is present in person or by proxy. Whether or not a stockholder plans to attend in person, he or she is encouraged to sign and return the enclosed proxy card. Any proxy given pursuant to this solicitation may be revoked by the person giving it at any time before its use by delivering to the Secretary of United Therapeutics at 1110 Spring Street, Silver Spring, Maryland 20910, a written notice of revocation or a fully executed proxy bearing a later date, or by attending the meeting and voting in person. The representation in person or by proxy of at least a majority of the outstanding shares entitled to vote is necessary to provide a quorum at the meeting.

Abstentions, broker non-votes (i.e., shares held by brokers or nominees that are represented at the meeting but with respect to which they have no discretionary power to vote on a particular matter and have received no instructions from the beneficial owners thereof or persons entitled to vote thereon) and proxies that are marked without authority with respect to the election of any one or more nominees for election as directors will be counted as present in determining whether the quorum requirement is satisfied.

Directors are elected by a plurality of the affirmative votes cast at the Annual Meeting. Plurality means that the nominees who receive the largest number of votes cast are elected as directors up to the maximum number of directors to be elected at the Annual Meeting. Consequently, any shares represented at the Annual Meeting but not voted for any reason have no impact on the election of directors. Cumulative voting is not permitted in the election of directors.

Independent Auditors

Ernst & Young LLP has acted as United Therapeutics' independent auditors since the Audit Committee of the Board of Directors engaged the firm in September 2003, succeeding KPMG LLP, and has been selected by the Audit Committee to act as such for 2004. Representatives of Ernst & Young LLP are expected to be present at the Annual Meeting and will have the opportunity to make a statement if they desire and to respond to appropriate questions.

Changes in and Disagreements with Accountants on Accounting and Financial Disclosures

On August 29, 2003, United Therapeutics dismissed KPMG LLP, and on September 8, 2003 engaged Ernst & Young LLP to serve as the United Therapeutics' independent public accountants to audit its financial statements for the fiscal year ended December 31, 2003. The decision to dismiss KPMG LLP and engage Ernst & Young LLP was made by United Therapeutics' Audit Committee. KPMG LLP's audit reports on United Therapeutics' consolidated financial statements as of and for each of the fiscal years ended December 31, 2001 and 2002 did not contain an adverse opinion or a disclaimer of opinion, nor were such reports qualified or modified as to uncertainty, audit scope or accounting principles other than reference to a change in accounting principle in KPMG LLP's report on United Therapeutics' 2002 consolidated financial statements which included an explanatory paragraph which referred to United Therapeutics' adoption of SFAS No. 142, *Goodwill and Other Intangible Assets*, effective January 1, 2002. During United Therapeutics' fiscal years ended December 31, 2001 and 2002, and the subsequent interim period through August 29, 2003, there were no disagreements between United Therapeutics and KPMG LLP on any matter of accounting principles or practices, financial statement disclosure, or auditing scope or procedure, which disagreements, if not resolved to KPMG LLP's satisfaction, would have caused KPMG LLP to make reference to the subject matter of the disagreement in connection with its reports. During United Therapeutics' fiscal years ended December 31, 2001, and 2002 respectively, and the subsequent interim period through September 8, 2003, none of the reportable events described under Item 304(a)(1)(v) of Securities and Exchange Commission's Regulation S-K occurred. During United Therapeutics' fiscal years ended December 31, 2001 and 2002, and the subsequent interim period through September 8, 2003, the date on which Ernst & Young LLP was engaged, United Therapeutics did not consult with Ernst & Young LLP regarding any of the matters or events described in Item 304(a)(2)(i) and (ii) of Securities and Exchange Commission's Regulation S-K.

Principal Accountant Fees and Services

Audit Fees

Audit Fees are fees billed for professional services rendered for the audit of United Therapeutics' consolidated annual financial statements, review of interim consolidated financial statements included in quarterly reports and services provided by Ernst & Young LLP in connection with registration statements. The aggregate Audit Fees for the fiscal years ended December 31, 2003 and 2002 were \$110,000 and none, respectively.

Audit Related Fees

Audit-Related Fees are fees billed for assurance and related services that are reasonably related to the performance of the audit or review of United Therapeutics' consolidated financial statements and are not reported as Audit Fees. Ernst & Young LLP did not receive any Audit-Related Fees during the fiscal years ended December 31, 2003 and 2002.

Tax Fees

Tax Fees are fees billed for professional services for tax compliance, tax advice and tax planning. The aggregate Tax Fees paid to Ernst & Young LLP for the fiscal years ended December 31, 2003 and 2002 were \$31,021 and \$47,104, respectively.

All Other Fees

There were no fees billed for professional services by Ernst & Young LLP during the fiscal years ended December 31, 2003 and 2002 that are not included in one of the above categories.

The Audit Committee of the Board of Directors has considered and determined that the provision of non-audit services by Ernst & Young LLP is compatible with maintaining Ernst & Young LLP's independence. Since Ernst & Young LLP's appointment as United Therapeutics' independent auditors, the Audit Committee has pre-approved all of the services performed by Ernst & Young LLP.

Policy on Audit Committee Pre-Approval of Audit Services and Permissible Non-Audit Services of Independent Auditor

The Audit Committee's policy is to pre-approve all audit and permissible non-audit services performed by the independent auditors. These services may include audit services, audit-related services, tax services and other services. For audit services, the independent auditor provides an engagement letter to the Audit Committee prior to December 31 of each year, outlining the scope of work and related fees. The Audit Committee reviews the letter, negotiates with and formally engages the auditor.

For non-audit services, United Therapeutics' senior management may submit from time to time to the Audit Committee for approval non-audit services which it recommends that the Audit Committee engage the independent auditor to provide. United Therapeutics' senior management and the independent auditor will each confirm to the Audit Committee that each non-audit service is permissible under all applicable legal requirements. A budget, estimating non-audit service spending for the fiscal year, will be provided to the Audit Committee along with the request. The Audit Committee must approve both permissible non-audit services and the budget for such services. The Audit Committee will be informed routinely as to the non-audit services actually provided by the independent auditor pursuant to this pre-approval process.

The Audit Committee also delegates pre-approval authority to its Chairman. The Chairman reports any decisions made in accordance with such authority to the Audit Committee at its next scheduled meeting.

Stockholder Proposals

Stockholder proposals intended for inclusion in United Therapeutics' proxy statement and form of proxy for the 2005 Annual Meeting of Stockholders must be received by United Therapeutics by overnight mail, acceptance signature required, no later than January 6, 2005 and must otherwise comply with the rules of the Securities and Exchange Commission for inclusion in United Therapeutics' proxy statement and form of proxy relating to that meeting.

In order for a stockholder to bring other business before the 2005 annual stockholders meeting, timely notice must be given to United Therapeutics in advance of the meeting. Such notice must be given no later than March 20, 2005 nor earlier than February 25, 2005, and must include a description of the proposed business, the reason for conducting the proposed business at the meeting and other matters as specified in United Therapeutics' Amended and Restated Bylaws. These requirements are separate from and in addition to the requirements a stockholder must meet to have a proposal included in United Therapeutics' proxy statement. These time limits also apply in determining whether notice is timely for purposes of rules adopted by the Securities and Exchange Commission relating to the exercise of discretionary voting authority by proxies designated by United Therapeutics. All notices of proposals must be given by overnight mail, acceptance signature required, to United Therapeutics Corporation, Attention: Secretary, 1110 Spring Street, Silver Spring, Maryland 20910.

United Therapeutics will furnish a copy of United Therapeutics' Amended and Restated Certificate of Incorporation or Amended and Restated Bylaws to any stockholder without charge upon written request to the Corporate Secretary by the stockholder.

Director Nominations

In order for a stockholder to nominate a director for election at the 2005 Annual Meeting of Stockholders, United Therapeutics' Amended and Restated Bylaws require that the stockholder give timely detailed notice of the nomination to United Therapeutics in advance of the meeting. Such notice must be given no later than March 20, 2005 nor earlier

than February 25, 2005. In addition, the notice must meet all other requirements contained in United Therapeutics Amended and Restated Bylaws.

The Nominating and Governance Committee at the Board does not have a specific policy with respect to considering any director candidates recommended by stockholders, believing that it is more appropriate to rely on its network of contacts for identifying and evaluating potential director candidates. To be considered by the Nominating Committee, a director candidate shall meet the following minimum criteria:

personal and professional integrity;

a record of exceptional ability and judgment;

ability and willingness to devote the required amount of time to United Therapeutics' affairs;

interest, capacity and willingness, in conjunction with the other members of the Board, to serve the long-term interests of United Therapeutics' stockholders;

expertise required by Board committees;

confidence that the candidate is capable of working constructively on the Board and with management; and

absence of any personal or professional relationships that would adversely affect their ability to serve the best interests of United Therapeutics and its stockholders.

Once such potential nominees have been identified, the Nominating and Governance Committee, with the help of the General Counsel, screens candidates, performs reference checks, prepares a biography of each candidate for the Nominating and Governance Committee to review and conducts interviews. The Nominating and Governance Committee and United Therapeutics' Chief Executive Officer interview the identified candidates and, in accordance with its Charter, the Nominating and Governance Committee selects nominees that best suit the Board's needs to recommend to the full Board.

In performing its duties, the Committee shall seek to maintain an effective working relationship with the Board, the independent auditors, and management of the Company. While the Committee has the responsibilities and powers set forth in this Charter, it is not the duty of the Committee to plan or conduct audits or to determine that the Company's financial statements are complete and accurate and are in accordance with generally accepted accounting principles. This is the responsibility of the Company's management and the independent auditors.

II. COMPOSITION

The Committee shall be composed of at least three members (including a Chairperson), all of whom shall be independent directors, as such term is defined in the rules and regulations of the SEC and NASDAQ. The members of the Committee and the Chairperson shall be selected annually by the Board and serve at the pleasure of the Board. A Committee member (including the Chairperson) may be removed at any time, with or without cause, by the Board. No person may be made a member of the Committee if his or her service on the Committee would violate any restriction on service imposed by any rule or regulation of the SEC or NASDAQ. All members of the Committee shall be able to read and understand financial statements at the time of their appointment, and at least one member of the Committee shall qualify as a financial expert as such term is defined in the rules and regulations of the SEC and NASDAQ. The Chairperson shall maintain regular communication with the Company's chief executive officer, chief financial officer and the lead partner of the independent auditors.

The Committee may meet by telephone conference call or by any other means permitted by law or the Company's Bylaws. A majority of the members of the Committee shall constitute a quorum. The Committee shall act on the affirmative vote of a majority of members present at a meeting at which a quorum is present. Without a meeting, the Committee may act by unanimous written consent of all members. The Committee shall determine its own rules and procedures, including designation of a chairperson pro tempore, in the absence of the Chairperson, and designation of a secretary. The secretary need not be a member of the Committee and shall attend Committee meetings and prepare minutes. The Committee shall keep written minutes of its meetings, which shall be recorded or filed with the books and records of the Company. Any member of the Board shall be provided with copies of such Committee minutes if requested.

The Committee may ask members of management, employees, outside counsel, the independent auditors, or others whose advice and counsel are relevant to the issues then being considered by the Committee, to attend any meetings and to provide such pertinent information as the Committee may request.

The Chairperson of the Committee shall be responsible for leadership of the Committee, including preparing the agenda, presiding over Committee meetings, making Committee assignments and reporting the Committee's actions to the Board from time to time (but at least once each year) as requested by the Board.

A1

As part of its responsibility to foster free and open communication, the Committee shall meet periodically with management and the independent auditors in separate executive sessions to discuss any matters that the Committee or any of these groups believe should be discussed privately. In addition, the Committee or at least its Chairperson shall meet with the independent auditors and management quarterly to review the Company's financial statements prior to their public release consistent with the provisions set forth below in Section IV below.

These discussions shall include consideration of the quality of the Company's accounting principles as applied in its financial reporting, including review of audit adjustments (whether or not recorded) and any such other inquiries as may be appropriate. 5. Review with the independent auditors any problems or difficulties the auditor may have encountered and any management or internal control letter provided by the independent auditors and the Company's response to that letter. Such review should include:
 - (a) any difficulties encountered in the course of the audit work, including any restrictions on the scope of activities or access to required information and any disagreements with management;
 - (b) any accounting adjustments that were proposed by the independent auditors that were not agreed to by the Company; and
 - (c) communications between the independent auditors and its national office regarding any issues on which it was consulted by the audit team and matters of audit quality and consistency;
6. Obtain a representation from the independent auditors that Section 10A of the Securities Exchange Act of 1934 has been followed.

The Committee shall comply with the Company's then-current level review of contracts and budget reservation procedures.

VI. MISCELLANEOUS

Nothing contained in this Charter is intended to expand applicable standards of liability under statutory or regulatory requirements for the directors of the Company or members of the Committee.
