MEETINGS AND COMMITTEES OF THE BOARD OF DIRECTORS

The Board of Directors met five times during the year ended December 31, 2001. Each director attended, in person or by telephone, at least 75% of all meetings held by the Board for which such director was eligible and all meetings of each committee for which such director was eligible.

The Board of Directors has an executive committee, an audit committee and a compensation committee. The Board does not have a nominating or other similar committee.

The executive committee, which currently is composed of Messrs. Siegel, Talbott, Patterson and Berns, has the authority to act for the Board in all matters arising between regular or special meetings of the Board of Directors. The executive committee met informally on numerous occasions during the year ended December 31, 2001.

The audit committee, which currently is composed of Messrs. Peak and Gist, and Ms. Smith, selects, subject to Board of Directors approval, the independent accountants to audit Patterson-UTI's books and records and considers and acts upon accounting matters as they arise. The Board of Directors has adopted a written charter for the audit committee, a copy of which is attached to this proxy statement as Annex A. The audit committee met four times during the year ended December 31, 2001. All members of the audit committee are independent as that term is defined by the National Association of Securities Dealers' listing standards.

The compensation committee, which currently is composed of Messrs. Huff and DeGroat, and Ms. Smith, administers the employee stock option plan and similar plans of Patterson-UTI and determines the annual compensation of the executive officers and directors of Patterson-UTI. The compensation committee met twice during the year ended December 31, 2001.

COMPENSATION OF DIRECTORS

Directors who are also employees of Patterson-UTI do not receive any additional compensation for serving as a director or as a member of a committee of the Board of Directors. All directors are reimbursed for reasonable out-of-pocket expenses incurred in connection with attendance at Board of Directors meetings and committee meetings.

Effective May 8, 2001, the compensation committee increased the compensation that each non-employee director receives for serving on the Board of Directors and the various committees to \$24,000 annually. Previously, each non-employee director received \$12,000 annually as compensation as a director

Edgar Filing: PATTERSON UTI ENERGY INC - Form DEF 14A

and committee member.

5

Patterson-UTI maintains a Non-Employee Director Stock Option Plan (the "Director Plan"). Under the Director Plan:

- o each non-employee director receives options to purchase 15,000 shares upon becoming a director of Patterson-UTI, and options to purchase 7,500 shares are automatically granted on the last business day of each subsequent year in which such director serves on the Board of Patterson-UTI;
- o the exercise price of the options is the fair market value of Patterson-UTI's common stock on the date of the grant;
- o all options vest on the first anniversary of the option grant; and
- o all options expire five years from the date of grant.

On July 24, 2001, the compensation committee granted to each of Messrs. Peak and DeGroat an option to purchase 12,000 shares of Patterson-UTI's common stock. These options vested on November 6, 2001 and expire on November 5, 2005. The exercise price of each of the options was \$28.625 which was in excess of the fair market value of Patterson-UTI's common stock on the date of grant. These options were granted separately from the Director Plan.

PROPOSAL NO. 2

AMENDMENT TO 1997 LONG-TERM INCENTIVE PLAN

At the Meeting, the stockholders of Patterson-UTI will be asked to vote on a proposal to approve an amendment to Patterson-UTI's Amended and Restated 1997 Long-Term Incentive Plan (the "1997 Plan") to increase the number of shares of common stock authorized for issuance under the 1997 Plan. Approval of such amendment requires the affirmative vote of the holders of a majority of the shares of common stock that are present in person or by proxy and entitled to vote at the Meeting. The amendment to the 1997 Plan increases the aggregate number of shares of common stock available for grant under the 1997 Plan from 3,800,000 to 6,000,000.

The 1997 Plan was initially approved by the stockholders of UTI in August 1997 and was assumed by Patterson-UTI as a part of its merger with UTI on May 8, 2001. Options outstanding under the 1997 Plan at the time of the merger became options to acquire Patterson-UTI common stock.

REASONS FOR THE AMENDMENT TO THE 1997 PLAN

The Board of Directors believes that the ability to grant stock-based compensation to its employees is crucial to its continuing ability to attract and retain qualified employees. Historically, the Board of Directors has relied on stock option incentives as part of its compensation philosophy and structure to recruit and retain certain key employees.

The Board of Directors believes that the 1997 Plan advances the best interests of Patterson-UTI and its stockholders by attracting, retaining and motivating key employees. The 1997 Plan provides for the grant of awards to certain key employees including executive officers and employee directors,

Edgar Filing: PATTERSON UTI ENERGY INC - Form DEF 14A

thereby increasing the personal stake of such key employees in the continued success and growth of Patterson-UTI. At present, there are approximately 130 key employees eligible for grants under the 1997 Plan.

As of April 24, 2002, only 134,368 shares of common stock remained available for grant under the 1997 Plan. The Board of Directors has determined that an increase in the number of shares available for grant under the 1997 Plan is necessary in order to continue to provide an adequate level of performance-based incentives to Patterson-UTI's executive management and other key employees and to

6

continue the Board of Directors' ongoing philosophy of utilizing stock-based awards as part of Patterson-UTI's overall compensation structure. Therefore, the Board of Directors has approved an amendment to the 1997 Plan to increase the number of shares available for grant under the 1997 Plan by 2,200,000.

MATERIAL FEATURES OF THE 1997 PLAN

The material features of the 1997 Plan are as follows:

- o It is administered by the compensation committee of the Board of Directors.
- o All employees, including officers and employee directors, are eligible for awards.
- o Although in addition to non-qualified stock options, the plan allows for awards of Incentive Stock Options ("ISOs"), tandem and independent stock appreciation rights, restricted stock and performance awards, no such awards have been granted.
- o The vesting schedule is set by the compensation committee, however, typically 20% of the options vest after one year and the remaining 80% vest in equal monthly installments over the next four years.
- o Options typically have a term of 10 years.
- o Unless otherwise stated in the grant thereof, options will vest upon a change in control as that term is defined in the 1997 Plan. Options granted to non-executive employees typically do not vest upon a change in control.
- o All options granted under the plan are granted with an exercise price equal to or greater than the fair market value of Patterson-UTI's common stock at the time the option is granted.
- o The Board of Directors, at any time, may amend the terms of the 1997 Plan, subject to the stockholder approval requirements of the National Association of Securities Dealers listing requirements.

FEDERAL INCOME TAX CONSEQUENCES UPON ISSUANCE AND EXERCISE OF OPTIONS

Neither Patterson-UTI nor the optionee will recognize taxable income or

Edgar Filing: PATTERSON UTI ENERGY INC - Form DEF 14A

deduction for federal income tax purposes upon the award of a stock option.

The exercise of a non-ISO results in immediately taxable income to the optionee under the Internal Revenue Code in an amount equal to the difference between the option price and the market price on the date of exercise. For employee optionees, this same amount is deductible by Patterson-UTI as compensation.

The exercise of an ISO results in no tax consequences to Patterson-UTI. Although the difference between the option price and the market price on the date of exercise is not taxable to the optionee upon exercise, it is a "tax preference item," which, under certain circumstances, may give rise to an alternative minimum tax liability on the part of the optionee.

The sale by an employee, within one year, of stock acquired by the exercise of an ISO will be deductible by Patterson-UTI as compensation in an amount equal to the difference between the option price and the lesser of the market price on the date of exercise or the net proceeds of the sale. The sale of stock acquired through the exercise of an ISO held for more than one year after exercise does not result in a deduction for Patterson-UTI.

ADDITIONAL INFORMATION REGARDING THE 1997 PLAN

As of April 17, 2002, the closing price of Patterson-UTI's common stock on the NASDAQ National Market was \$31.55 per share. Patterson-UTI receives no additional consideration for granting the options under the 1997 Plan. Patterson-UTI has not determined the number of options under the 1997 Plan that will be granted in the future to eligible directors and nominees, executive officers, officers as a group, or non-officer employees as a group as that determination is subject to the discretion of the compensation committee of the Board of Directors.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE "FOR" THE APPROVAL OF THE AMENDMENT TO THE 1997 PLAN. Approval of the amendment requires the affirmative vote of the holders of a majority of the shares of common stock present in person or by proxy and entitled to vote at the Meeting. If you do not vote against or abstain from voting on the amendment to the 1997 Plan, your proxy will be voted "FOR" approval of the amendment to the 1997 Plan. Abstentions will be counted as shares entitled to vote on the proposal and will have the same effect as a vote "AGAINST" the proposal. A broker non-vote will be counted for purposes of establishing a quorum, but will not be treated as a share entitled to vote on the proposal. This will have the effect of reducing the absolute number of shares necessary to approve the proposal.

COMPENSATION COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION

Curtis W. Huff, Stephen J. DeGroat and Nadine C. Smith serve as the members of the compensation committee. Messrs. Huff and DeGroat, and Ms. Smith

Edgar Filing: PATTERSON UTI ENERGY INC - Form DEF 14A

have not served as officers or employees of Patterson-UTI or any of its subsidiaries.

Prior to May 8, 2001, Robert C. Gist, Stephen J. DeGroat, Kenneth R. Peak and Vincent A. Rossi, Jr. served as members of the compensation committee. Except in his capacity as a manager of a subsidiary limited liability company of Patterson-UTI for which he receives no compensation, Mr. Gist has not served as an officer of Patterson-UTI or any of its subsidiaries, but was paid a monthly retainer for legal and consulting services of \$1,000 from 1993 until May 8, 2001. Patterson-UTI also paid premiums for Mr. Gist's family health insurance coverage during the same period. Messrs. DeGroat, Peak and Rossi have not served as officers or employees of Patterson-UTI or any of its subsidiaries. Mr. Rossi ceased being a director of Patterson-UTI upon its merger with UTI.

CERTAIN TRANSACTIONS

In connection with the acquisition by REMY Capital Partners III, L.P. ("REMY Capital") of an ownership interest in UTI in March 1995, REMY Capital succeeded to a registration rights agreement with UTI. As the successor in interest to UTI, Patterson-UTI assumed this registration rights agreement

11

pursuant to which REMY Capital has the right to require Patterson-UTI to use its best efforts to register shares held by REMY Capital under the Securities Act. In the event that such rights are exercised in connection with a primary offering proposed by Patterson-UTI (or a secondary offering with which Patterson-UTI agrees to participate), REMY Capital would bear its pro rata share of the costs of the offering, other than legal, accounting and printing costs, all of which Patterson-UTI shall bear. In the event that REMY Capital elected to exercise such rights other than in connection with an offering in which Patterson-UTI participates, REMY Capital would bear all costs of the offering. These rights continue so long as REMY Capital continues to own the common stock that it acquired.

Mr. Siegel, Chairman of the Board of Patterson-UTI, is President and sole stockholder of REMY Investors, which is the general partner of REMY Capital. Mr. Berns, a director and employee of Patterson-UTI, is an employee of REMY Investors.

As a part of the merger of Patterson-UTI and UTI, UTI's Board of Directors agreed to reimburse REMY Capital for all filing fees and related charges incurred by it in conjunction with its Hart Scott Rodino filing with the Federal Trade Commission and the United States Justice Department which was required by law and without which the merger could not be completed. As successor in interest to UTI, Patterson-UTI reimbursed REMY Capital for \$125,000 in Hart Scott Rodino filing fees and related charges.

During 2001, Patterson-UTI paid approximately \$387,000 to an entity owned by Thomas M. Patterson, a son of A. Glenn Patterson, the President and Chief Operating Officer of Patterson-UTI for certain equipment and metal fabrication services. He continues to be a vendor to Patterson-UTI in 2002.

Through October of 2001, Patterson-UTI leased a 1981 Beech King-Air 90 airplane owned by a company affiliated with Patterson-UTI's Chief Executive Officer and President/Chief Operating Officer. Under the terms of the lease, Patterson-UTI paid a monthly rental of \$9,200 and its proportionate share of the costs of fuel, insurance, taxes and maintenance of the aircraft. Patterson-UTI paid approximately \$212,583, \$193,769 and \$222,583 for the lease of the airplane

Edgar Filing: PATTERSON UTI ENERGY INC - Form DEF 14A

during 2001, 2000 and 1999, respectively. The airplane lease was terminated in October 2001 when Patterson-UTI purchased its own airplane. Patterson-UTI maintains a policy whereby Patterson-UTI is reimbursed for any personal use of the airplane.

Certain of Patterson-UTI's affiliated persons have participated, either individually or through entities they control, in oil and gas prospects or properties in which Patterson-UTI has an interest. Affiliated persons are directors, executive officers and key employees of Patterson-UTI and their family members. These participations, which have been on a working interest basis, have been in prospects or properties originated or acquired by Patterson-UTI. At December 31, 2001, affiliated persons were working interest owners in 132 of the 167 wells then being operated by Patterson-UTI. Sales of working interests are made to reduce Patterson-UTI's economic risk in the properties.

The following table sets forth production revenues received and joint production costs paid by each of the affiliated persons during 2001 for all wells operated by Patterson-UTI in which they have working interests. These numbers do not necessarily represent their profits or losses from these interests because the joint production costs do not include the parties' related drilling and leasehold acquisition costs incurred prior to January 1, 2001.

COMPENSATION COMMITTEE REPORT

The compensation committee sets and administers the policies that govern the annual compensation and long-term compensation of executive officers and directors of Patterson-UTI. The compensation committee consists of Messrs. Huff and DeGroat, and Ms. Smith, none of whom are employees of Patterson-UTI. The compensation committee makes all decisions concerning compensation of executive officers, determines the total amount of bonuses to be paid annually and grants all awards of stock options under Patterson-UTI's incentive stock option plans.

The compensation committee's policy is to offer executive officers competitive compensation packages that will permit Patterson-UTI to attract and retain highly qualified individuals and to motivate and reward such individuals on the basis of Patterson-UTI's performance. At present, Patterson-UTI's executive compensation package consists of base salary, cash bonus awards and long-term incentive opportunities in the form of stock options and a 401(k) plan. Executive salaries are reviewed by the compensation committee on an annual basis and are set for individual executive officers based on subjective evaluations of each individual's performance, Patterson-UTI's performance and a comparison to salary ranges for executives of other companies in the oil and natural gas industry with characteristics similar to those of Patterson-UTI. This allows the compensation committee to set salaries in a manner that is both competitive and reasonable within Patterson-UTI's industry.

Cash performance bonuses may be awarded on an annual basis by the compensation committee. The use of a specific formula to evaluate management performance is not employed because it is difficult

to define an appropriate formula and it restricts the flexibility of the compensation committee. The compensation committee considers the achievements of Patterson-UTI, specifically including earnings for the year and return on stockholders' equity in determining appropriate levels for bonus awards.

The compensation of the Chief Executive Officer of Patterson-UTI is determined in the same manner as the compensation for other executive officers as described above. As a result, the compensation of the Chief Executive Officer is largely dependent upon the overall performance of Patterson-UTI as well as a comparison to compensation being paid by other comparable peer companies to their chief executive officers. Mr. Talbott's base annual salary was increased to \$350,000 in July 2001. The salary increase is responsive to the greater responsibilities of Mr. Talbott resulting from the doubling in size of Patterson-UTI through its merger with UTI in May 2001. Mr. Talbott was also paid a \$375,000 bonus for 2001 in recognition of his efforts in connection with the merger and as compensation for Patterson-UTI's outstanding performance in 2001.

In January 2002, along with other management and operational employees, Mr. Talbott's salary was reduced 10% to \$315,000 as a part of Patterson-UTI's efforts to reduce its overall costs in response to the weakened industry conditions.

It is the general policy of Patterson-UTI to review stock-based compensation on an annual basis. Awards of stock-based compensation reflect the Board's and compensation committee's desire to provide Patterson-UTI's employees who have substantial responsibility for Patterson-UTI's management and growth with additional incentives by increasing their proprietary interest in the success of Patterson-UTI. The decision whether to grant stock options to any particular employee is based upon a variety of factors, including position, performance, current share and stock option ownership and the need to insure the continued employment of the employee with Patterson-UTI. Grants of options to purchase 2,103,500 shares of common stock were made to Patterson-UTI's employees during 2001.

Section 162(m) of the Code imposes a limitation on deductions that can be taken by a publicly held corporation for compensation paid to certain of its executive officers. Under Section 162(m), a deduction is denied for compensation paid in a tax year beginning on or after January 1, 1994, to the executive officers listed in the Summary Compensation Table to the extent that such compensation exceeds \$1 million per individual. Stock option grants pursuant to Patterson-UTI's employee benefit plans may be exempt from the deduction limit if certain requirements are met. The Board of Directors and the compensation committee has considered the effect of Section 162(m) on Patterson-UTI's existing compensation program.

AUDIT COMMITTEE REPORT AND FEES PAID TO INDEPENDENT ACCOUNTANTS

AUDIT COMMITTEE REPORT

Patterson-UTI's audit committee has reviewed and discussed with management Patterson-UTI's audited financial statements as of and for the year ended December 31, 2001.

The audit committee has discussed with the independent auditors the matters required to be discussed by Statement on Auditing Standards No. 61, Communication with Audit Committees, as amended, by the Auditing Standards Board of the American Institute of Certified Public Accountants.

The audit committee has received and reviewed the written disclosures and the letter from the independent auditors required by Independence Standard No. 1, Independence Discussions with Audit Committees, as amended, by the Independence Standards Board, and has discussed with the auditors the auditors' independence.

Based on the reviews and discussions referred to above, the audit committee recommended to the Board of Directors that the financial statements referred to above be included in Patterson-UTI's Annual Report on Form 10-K for the year ended December 31, 2001.

Edgar Filing: PATTERSON UTI ENERGY INC - Form DEF 14A

AUDIT FEES; FINANCIAL INFORMATION SYSTEMS DESIGN AND IMPLEMENTATION FEES; AND ALL OTHER FEES

During 2001, Patterson-UTI paid to PricewaterhouseCoopers LLP \$194,046 in fees relating to the audit of its 2001 financial statements and reviews of its Form 10-Qs for fiscal year 2001, no fees for financial information systems design and implementation, and \$529,282 in non-audit related fees.

17

Fees paid during the year for non-audit related services included the following:

- o \$228,000 for Federal and state income tax filings compliance and related matters,
- o \$124,000 related to the merger with UTI,
- o \$115,000 associated with the restructuring of Patterson-UTI's corporate structure, and
- o \$62,000 for other services.

The audit committee considered whether the provision of non-audit services is compatible with maintaining the independence of Patterson-UTI's outside auditors PricewaterhouseCoopers LLP.

PROPOSAL NO. 3

RATIFICATION OF INDEPENDENT ACCOUNTANTS

The Board of Directors voted to engage PricewaterhouseCoopers LLP as independent accountants to audit the financial statements of Patterson-UTI for the fiscal year ending December 31, 2002, and directed that such engagement be submitted to the stockholders of Patterson-UTI for ratification. In recommending ratification by the stockholders of such engagement, the Board of Directors is acting upon the recommendation of the audit committee, which has satisfied itself as to the firm's professional competence and standing. Although ratification by stockholders of the engagement of PricewaterhouseCoopers LLP is not required by Delaware corporate law or Patterson-UTI's Restated Certificate of Incorporation or bylaws, management feels a decision of this nature should be made with the consideration of Patterson-UTI's stockholders. If stockholder ratification is not received, management will reconsider the engagement.

It is expected that one or more representatives of PricewaterhouseCoopers LLP will be present at the Meeting and will be given the opportunity to make a statement if they so desire. It also is expected that the representatives will be available to respond to appropriate questions from the stockholders.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE "FOR" THE RATIFICATION OF PRICEWATERHOUSECOOPERS LLP AS INDEPENDENT ACCOUNTANTS. Ratification of the selection of PricewaterhouseCoopers LLP requires the affirmative vote of the holders of a majority of the shares of common stock present in person or by proxy, and entitled to vote at the Meeting. If you do not vote against or abstain from voting on the ratification of the selection of PricewaterhouseCoopers LLP, your proxy will be voted "FOR" such ratification.

Edgar Filing: PATTERSON UTI ENERGY INC - Form DEF 14A

Abstentions will be counted as shares entitled to vote on the proposal and will have the same effect as a vote "AGAINST" the proposal. A broker non-vote will be counted for purposes of establishing a quorum, but will not be treated as a share entitled to vote on the proposal. This will have the effect of reducing the absolute number of shares necessary to approve the proposal.

18

OTHER MATTERS

SECTION 16(a) BENEFICIAL OWNERSHIP OF REPORTING COMPLIANCE

Section 16(a) of the Securities Exchange Act of 1934, as amended, requires Patterson-UTI's officers and directors, and persons who own more than 10% of a registered class of Patterson-UTI's equity securities, to file reports of ownership and changes in ownership with the SEC. Each of these persons is required by SEC regulation to furnish Patterson-UTI with copies of Section 16(a) filings.

Based solely on its review of copies of such forms received by it, Patterson-UTI believes that, during the year ended December 31, 2001, its officers, directors, and greater than 10% beneficial owners other than Messrs. Talbott, Patterson, Drum, Nelson, Peak and DeGroat complied with all applicable filing requirements. Messrs. Peak and DeGroat failed to file initial statements of ownership of Patterson-UTI on a timely basis. Messrs. Nelson and Talbott each failed to report on a timely basis one transaction both of which were exempt from liability under Section 16; and Messrs. Patterson and Drum each failed to report on a timely basis two transactions all of which were exempt from liability under Section 16.

OTHER BUSINESS

As of the date of this Proxy Statement, management of Patterson-UTI was not aware of any matter to be presented at the Meeting other than as set forth herein. ANNEX A

Edgar Filing: PATTERSON UTI ENERGY INC - Form DEF 14A

PATTERSON-UTI ENERGY, INC.

AUDIT COMMITTEE OF THE BOARD OF DIRECTORS

CHARTER*

PURPOSE

The Audit Committee shall provide assistance to the corporate directors in fulfilling their responsibility to oversee management's conduct of the Corporation's financial reporting progress including review of the financial reports and other financial information provided by the Corporation to the public and governmental and regulatory bodies, the Corporation's system of internal accounting, the Corporation's financial controls, and the annual independent audit of the Corporation's financial statements.

In discharging its role, the Audit Committee is empowered to investigate any matter brought to its attention, with full access to all books, records, facilities and personnel to the Corporation and the power to retain outside counsel, auditors or other experts for this purpose. The Board and the Audit Committee are in place to represent the Corporation's stockholders; and, accordingly, the independent accountants are ultimately accountable to the Board through the Audit Committee.

COMPOSITION

The Audit Committee shall be comprised of three or more directors as determined by the Board, each of whom shall be independent directors, and free from any relationship that, in the opinion of the Board, would interfere with the exercise of his or her independent judgment as a member of the Audit Committee. All members of the Audit Committee shall have a working familiarity with basic finance and accounting practices, and at least one member of the Audit Committee shall have accounting or related financial management expertise. Audit Committee members may enhance their familiarity with finance and accounting by participating in educational programs conducted by the Corporation or an outside consultant.

The members of the Audit Committee shall be elected by the Board at the annual organizational meeting of the Board or until their successors shall be duly elected and qualified. Unless a Chairperson is elected by the full Board, the members of the Audit Committee may designate a Chairperson by majority vote of the full Audit Committee membership.

* As amended and restated effective February 8, 2002

A-1

MEETINGS

The Audit Committee shall meet at least four times annually, or more

Edgar Filing: PATTERSON UTI ENERGY INC - Form DEF 14A

frequently as circumstances dictate. As part of its job to foster open communication, the Audit Committee should meet at least annually with management, including the Chief Financial Officer, and the independent accountants separately to discuss any matters that the Audit Committee or each of these groups believes should be discussed privately. In addition, the Audit Committee or at least its Chairperson should meet with the independent accountants and management quarterly to review the Corporation's financials consistent with Paragraph number 4 below.

RESPONSIBILITIES AND DUTIES

The Audit Committee's job is one of review and it recognizes that the Corporation's management is responsible for preparing the Corporation's financial statements and that the independent accountants are responsible for auditing those financial statements. Additionally, the Audit Committee recognizes that financial management and the independent auditors have more time, knowledge, and detailed information concerning the Corporation than do Audit Committee members. Consequently, in performing its functions, the Audit Committee is not providing any expert or special assurance as to the Corporation's financial statements or any professional certification as to the independent accountants' work.

The following functions will be the common recurring activities of the Audit Committee. These functions are set forth as a guide with the understanding that the Audit Committee may diverge from this guide as appropriate given the circumstances.

DOCUMENTS/REPORTS REVIEW

1. Review and reassess, at least annually, the adequacy of this Charter. Make recommendations to the Board, as conditions dictate, to update this Charter.
2. Review with management and the independent accountants the Corporation's audited financial statements, including a discussion with the independent accountants of the matters required to be discussed by Statement of Auditing Standards No. 61 ("SAS No. 61").
3. Review with management and the independent accountants the interim financial results prior to the release of earnings and filing of the Quarterly Report on Form 10-Q, and including a discussion with the independent accountants of the matters to be discussed by SAS No. 61. The Chairperson of the Audit Committee may represent the entire Audit Committee for purposes of this review.
4. Review with management and independent accountants, the quality and adequacy of the Corporation's internal controls.

A-2

INDEPENDENT ACCOUNTANTS

5. Review the performance of the independent accountants and make recommendations to the Board regarding the appointment or termination of the independent accountants. The Audit Committee and the Board have the ultimate authority and responsibility to

Edgar Filing: PATTERSON UTI ENERGY INC - Form DEF 14A

select, evaluate and, where appropriate, replace the outside auditor.

6. Oversee independence of the accountants by:
 - o receiving from the independent accountants, on an annual basis, a formal written statement delineating all relationships between the accountants and the Corporation consistent with Independence Standards Board Standard 1 ("ISB No. 1");
 - o reviewing, and actively discussing with the Board, if necessary, and the independent accountants, on a periodic basis, any disclosed relationships or services between the independent accountants and the Corporation or any other disclosed relationships or services that may impact the objectivity and independence of the independent accountants; and
 - o recommending, if necessary, that the Board take appropriate action in response to the independent accountant's report to satisfy itself of the accountant's independence.
7. Based on the review and discussions referred to in Paragraphs numbered 2 and 6 above, the Audit Committee shall determine whether to recommend to the Board that the Corporation's audited financial statements be included in the Corporation's Annual Report on Form 10-K for the last fiscal year for filing with the Securities and Exchange Commission.

FINANCIAL REPORTING PROCESS

8. In conjunction with the independent accountants and the Chief Financial Officer, review the integrity of the Corporation's financial reporting processes, both internal and external.
9. Consider and approve, if appropriate, major changes to the Corporation's auditing and accounting principles and practices as suggested by the independent accountants, management, or the internal auditing department.
10. Establish regular systems of reporting to the Audit Committee by each of management, the independent accountants and the internal auditors regarding any significant judgments made in management's preparation of the financial statements and any significant difficulties encountered during the course of the review or audit, including any restrictions on the scope of the work or access to required information.
11. Review any significant disagreement among management and the independent accountants or the internal auditing department in connection with the preparation of the financial statements.

A-3

12. Review with the Corporation's counsel, any legal matter than could have a significant impact on the Corporation's financial

Edgar Filing: PATTERSON UTI ENERGY INC - Form DEF 14A

statements.

13. Report through its Chairperson to the Board following meetings of the Audit Committee.
14. Maintain minutes or other records of meetings and activities of the Audit Committee.

While the Audit Committee has the responsibilities and powers set forth in this Charter, it is not the duty of the Audit Committee to plan or conduct audits or to determine that the Company's financial statements are complete and accurate and are in accordance with generally accepted accounting principles. This is the responsibility of management and the independent accountants. Nor is it the duty of the Audit Committee to conduct investigations, to resolve disagreements, if any, between management and the independent accountants.

PATTERSON-UTI ENERGY, INC.

AMENDED AND RESTATED

1997 LONG-TERM INCENTIVE PLAN

ARTICLE I: GENERAL

SECTION 1.1 Purpose of the Plan. This Amended and Restated Long-Term Incentive Plan (the "Plan") of Patterson-UTI Energy, Inc. (the "Company") amends and restates in its entirety the Company's 1997 Long-Term Incentive Plan to reflect the three-for-one stock dividend paid to stockholders of UTI Energy Corp., a predecessor of the Company, on September 5, 1997. The Plan is intended to advance the best interests of the Company, its subsidiaries and its stockholders in order to attract, retain and motivate key employees by providing them with additional incentives through (i) the grant of options ("Options") to purchase shares of Common Stock, par value \$.01 per share, of the Company ("Common Stock"), (ii) the grant of stock appreciation rights ("Stock Appreciation Rights"), (iii) the award of shares of restricted Common Stock ("Restricted Stock") and (iv) the award of units payable in cash or shares of Common Stock based on performance ("Performance Awards"), thereby increasing the personal stake of such key employees in the continued success and growth of the Company.

SECTION 1.2 Administration of the Plan. (a) The Plan shall be administered either by the full Board of Directors of the Company (the "Board of Directors") or by the Compensation Committee or other designated committee of the Board of Directors. The Board of Directors or such committee is referred to herein as the "Committee". The Committee shall have authority to interpret conclusively the provisions of the Plan, to adopt such rules and regulations for carrying out the Plan as it may deem advisable, to decide conclusively all questions of fact arising in the application of the Plan, to establish performance criteria in respect of Awards (as defined herein) under the Plan, to certify that Plan requirements have been met for any participant in the Plan, to submit such matters as it may deem advisable to the Company's stockholders for

Edgar Filing: PATTERSON UTI ENERGY INC - Form DEF 14A

their approval, and to make all other determinations and take all other actions necessary or desirable for the administration of the Plan. The Committee is expressly authorized to adopt rules and regulations limiting or eliminating its discretion in respect of certain matters as it may deem advisable to comply with or obtain preferential treatment under any applicable tax or other law rule, or regulation. All decisions and acts of the Committee shall be final and binding upon all affected Plan participants.

(b) The Committee shall designate the eligible employees, if any, to be granted Awards and the type and amount of such Awards and the time when Awards will be granted. All Awards granted under the Plan shall be on the terms and subject to the conditions determined by the Committee consistent with the Plan.

1

SECTION 1.3 Eligible Participants. Key employees, including officers and directors, of the Company and its subsidiaries (all such subsidiaries being referred to as "Subsidiaries") shall be eligible for Awards under the Plan.

SECTION 1.4 Awards Under the Plan. Awards to key employees may be in the form of (i) Options, (ii) Stock Appreciation Rights, which may be issued independent of or in tandem with Options, (iii) shares of Restricted Stock, (iv) Performance Awards, or (v) any combination of the foregoing (collectively, "Awards").

SECTION 1.5 Shares Subject to the Plan. Initially, the aggregate number of shares of Common Stock that may be issued under the Plan shall be 600,000, subject to adjustment as provided in Section 5.2 of the Plan. Shares distributed pursuant to the Plan may consist of authorized but unissued shares or treasury shares of the Company, as shall be determined from time to time by the Board of Directors.

If any Award under the Plan shall expire, terminate or be canceled (including cancellation upon an Option holder's exercise of a related Stock Appreciation Right) for any reason without having been exercised in full, or if any Award shall be forfeited to the Company, the unexercised or forfeited Award shall not count against the above limits and shall again become available for Awards under the Plan (unless the holder of such Award received dividends or other economic benefits with respect to such Award, which dividends or other economic benefits are not forfeited, in which case the Award shall count against the above limits). Shares of Common Stock equal in number to the shares surrendered in payment of the option price, and shares of Common Stock which are withheld in order to satisfy Federal, state or local tax liability, shall count against the above limits. Only the number of shares of Common Stock actually issued upon exercise of a Stock Appreciation Right shall count against the above limits, and any shares which were estimated to be used for such purposes and were not in fact so used shall again become available for Awards under the Plan. Cash exercises of Stock Appreciation Rights and cash settlement of other Awards will not count against the above limits.

The aggregate number of shares of Common Stock subject to Options or Stock Appreciation Rights that may be granted to any one participant in any one year under the Plan shall be 300,000, subject to adjustment as provided in Section 5.2 of the Plan. The aggregate number of shares of Common Stock that may be granted to any one participant in any one year in respect of Restricted Stock shall be 300,000, subject to adjustment as provided in Section 5.2 of the Plan. The aggregate number of shares of Common Stock that may be received by any one participant in any one year in respect of a Performance Award shall be 300,000, subject to adjustment as provided in Section 5.2 of the Plan, and the aggregate

Edgar Filing: PATTERSON UTI ENERGY INC - Form DEF 14A

amount of cash that may be received by any one participant in any one year in respect to a Performance Award shall be \$500,000.

The total number of Awards (or portions thereof) settled in cash under the Plan, based on the number of shares covered by such Awards (e.g., 100 shares for a Stock Appreciation Right with respect to 100 shares), shall not exceed a number equal to (i) the number of shares initially available for issuance under the Plan plus (ii) the number of shares that have become available for issuance under the Plan pursuant to the first paragraph of this Section 1.5.

2

The aggregate number of shares of Common Stock that are available under the Plan for Options granted in accordance with Section 2.4(i) ("ISOs") is 600,000, subject to adjustment as provided in Section 5.2 of the Plan.

SECTION 1.6 Other Compensation Programs. Nothing contained in the Plan shall be construed to preempt or limit the authority of the Board of Directors to exercise its corporate rights and powers, including, but not by way of limitation, the right of the Board of Directors (i) to grant incentive awards for proper corporate purposes otherwise than under the Plan to any employee, officer, director or other person or entity or (ii) to grant incentive awards to, or assume incentive awards of, any person or entity in connection with the acquisition (whether by purchase, lease, merger, consolidation or otherwise) of the business or assets (in whole or in part) of any person or entity.

ARTICLE II: STOCK OPTIONS AND STOCK APPRECIATION RIGHTS

SECTION 2.1 Terms and Conditions of Options. Subject to the following provisions, all Options granted under the Plan to employees of the Company and its Subsidiaries shall be in such form and shall have such terms and conditions as the Committee, in its discretion, may from time to time determine consistent with the Plan.

(a) Option Price. The option price per share shall be determined by the Committee, except that in the case of an Option granted in accordance with Section 2.4(i) the option price per share shall not be less than the fair market value of a share of Common Stock (as determined by the Committee) on the date the Option is granted (other than in the case of substitute or assumed Options to the extent required to qualify such Options for preferential tax treatment under the Code as in effect at the time of such grant).

(b) Term of Option. The term of an Option shall be determined by the Committee, except that in the case of an ISO the term of the Option shall not exceed ten years from the date of grant, and, notwithstanding any other provision of this Plan, no Option shall be exercised after the expiration of its term.

(c) Exercise of Options. Options shall be exercisable at such time or times and subject to such terms and conditions as the Committee shall specify in the Option grant. Unless the Option grant specifies otherwise, the Committee shall have discretion at any time to accelerate such time or times and otherwise waive or amend any conditions in respect of all or any portion of the Options held by any optionee. An Option may be exercised in accordance with its terms as to any or all shares purchasable thereunder.

(d) Payment for Shares. The Committee may authorize payment for shares as to which an Option is exercised to be made in cash, shares of Common Stock, a combination thereof, by "cashless exercise" or in such other manner as the

Edgar Filing: PATTERSON UTI ENERGY INC - Form DEF 14A

Committee in its discretion may provide.

(e) Stockholder Rights. The holder of an Option shall, as such, have none of the rights of a stockholder.

3

(f) Termination of Employment. The Committee shall have discretion to specify in the Option grant, or, with the consent of the optionee, an amendment thereof, provisions with respect to the period, not extending beyond the term of the Option, during which the Option may be exercised following the optionee's termination of employment.

SECTION 2.2 Stock Appreciation Rights in Tandem with Options. (a) The Committee may, either at the time of grant of an Option or at any time during the term of the Option, grant Stock Appreciation Rights ("Tandem SARs") with respect to all or any portion of the shares of Common Stock covered by such Option. A Tandem SAR may be exercised at any time the Option to which it relates is then exercisable, but only to the extent the Option to which it relates is exercisable, and shall be subject to the conditions applicable to such Option. When a Tandem SAR is exercised, the Option to which it relates shall cease to be exercisable to the extent of the number of shares with respect to which the Tandem SAR is exercised. Similarly, when an Option is exercised, the Tandem SARs relating to the shares covered by such Option exercise shall terminate. Any Tandem SAR which is outstanding on the last day of the term of the related Option (as determined pursuant to Section 2.1(b)) shall be automatically exercised on such date for cash without any action by the optionee.

(b) Upon exercise of a Tandem SAR, the holder shall receive, for each share with respect to which the Tandem SAR is exercised, an amount (the "Appreciation") equal to the difference between the option price per share of the Option to which the Tandem SAR relates and the fair market value (as determined by the Committee) of a share of Common Stock on the date of exercise of the Tandem SAR. The Appreciation shall be payable in cash, Common Stock, or a combination of both, at the option of the Committee, and shall be paid within 30 days of the exercise of the Tandem SAR.

SECTION 2.3 Stock Appreciation Rights Independent of Options. Subject to the following provisions, all Stock Appreciation Rights granted independent of Options ("Independent SARs") under the Plan to employees of the Company and its Subsidiaries shall be in such form and shall have such terms and conditions as the Committee, in its discretion, may from time to time determine consistent with the Plan.

(a) Exercise Price. The exercise price per share shall be determined by the Committee on the date the Independent SAR is granted.

(b) Term of Independent SAR. The term of an Independent SAR shall be determined by the Committee, and, notwithstanding any other provision of this Plan, no Independent SAR shall be exercised after the expiration of its term.

(c) Exercise of Independent SARs. Independent SARs shall be exercisable at such time or times and subject to such terms and conditions as the Committee shall specify in the Independent SAR grant. Unless the Independent SAR grant specifies otherwise, the Committee shall have discretion at any time to accelerate such time or times and otherwise waive or amend any conditions in respect of all or any portion of the Independent SARs held by any participant. Upon exercise of an Independent SAR, the holder shall receive, for each share specified in the Independent SAR grant, an amount (the "Appreciation") equal to

the difference between the

4

exercise price per share specified in the Independent SAR grant and the fair market value (as determined by the Committee) of a share of Common Stock on the date of exercise of the Independent SAR. The Appreciation shall be payable in cash, Common Stock, or a combination of both, at the option of the Committee, and shall be paid within 30 days of the exercise of the Independent SAR.

(d) Stockholder Rights. The holder of an Independent SAR shall, as such, have none of the rights of a stockholder.

(e) Termination of Employment. The Committee shall have discretion to specify in the Independent SAR grant, or, with the consent of the holder, an amendment thereof, provisions with respect to the period, not extending beyond the term of the Independent SAR, during which the Independent SAR may be exercised following the holder's termination of employment.

SECTION 2.4 Statutory Options. Subject to the limitations on Option terms set forth in Section 2.1, the Committee shall have the authority to grant (i) ISOs within the meaning of Section 422 of the Internal Revenue Code of 1986, as amended (the "Code"), and (ii) Options containing such terms and conditions as shall be required to qualify such Options for preferential tax treatment under the Code as in effect at the time of such grant, including, if then applicable, limits with respect to minimum exercise price, duration and amounts and special limitations applicable to any individual who, at the time the Option is granted, owns stock possessing more than 10% of the total combined voting power of all classes of stock of the Company or any affiliate. Options granted pursuant to this Section 2.4 may contain such other terms and conditions permitted by Article II of this Plan as the Committee, in its discretion, may from time to time determine (including, without limitation, provision for Stock Appreciation Rights), to the extent that such terms and conditions do not cause the Options to lose their preferential tax treatment. If an Option intended to be an ISO ceases or is otherwise not eligible to be an ISO, such Option (or portion thereof necessary to maintain the status of the remaining portion of the Option as an ISO) shall remain valid but be treated as an Option other than an ISO.

SECTION 2.5 Change of Control. Notwithstanding the exercisability schedule governing any Option or Stock Appreciation Right, upon the occurrence of a Change of Control (as defined in Section 5.9) all Options and Stock Appreciation Rights outstanding at the time of such Change of Control and held by participants who are employees of the Company or its subsidiaries at the time of such Change of Control shall (unless specifically provided otherwise in the grant thereof) become immediately exercisable and, unless the participant agrees otherwise in writing, remain exercisable for three years (but not beyond the term of the Option or Stock Appreciation Right) after the employee's termination of employment for any reason other than termination by the Company or a subsidiary of the Company for dishonesty, conviction of a felony, willful unauthorized disclosure of confidential information or willful refusal to perform the duties of such employee's position or positions with the Company or such subsidiary (termination for "cause"); provided that this Section 2.5 shall not apply to Awards granted to a participant if, in connection with a Change of Control pursuant to clause (1) of Section 5.9, such participant is the Person or forms part of the Person specified in such clause (1).

ARTICLE III: RESTRICTED STOCK

SECTION 3.1 Terms and Conditions of Restricted Stock Awards. Subject to the following provisions, all Awards of Restricted Stock under the Plan to employees of the Company and its Subsidiaries shall be in such form and shall have such terms and conditions as the Committee, in its discretion, may from time to time determine consistent with the Plan.

(a) Restricted Stock Award. The Restricted Stock Award shall specify the number of shares of Restricted Stock to be awarded, the price, if any, to be paid by the recipient of the Restricted Stock, and the date or dates on which the Restricted Stock will vest. The vesting and number of shares of Restricted Stock may be conditioned upon the completion of a specified period of service with the Company or its Subsidiaries, upon the attainment of specified performance objectives, or upon such other criteria as the Committee may determine in accordance with the provisions hereof. Performance objectives will be based on increases in share prices, operating income, net income or cash flow thresholds on a company wide, subsidiary or division or group basis, rig utilization, safety records, return on common equity or any combination of the foregoing.

(b) Restrictions on Transfer. Stock certificates representing the Restricted Stock granted to an employee shall be registered in the employee's name. Such certificates shall either be held by the Company on behalf of the employee, or delivered to the employee bearing a legend to restrict transfer of the certificate until the Restricted Stock has vested, as determined by the Committee. The Committee shall determine whether the employee shall have the right to vote and/or receive dividends on the Restricted Stock before it has vested. No share of Restricted Stock may be sold, transferred, assigned, or pledged by the employee until such share has vested in accordance with the terms of the Restricted Stock Award. Unless the grant of a Restricted Stock Award specifies otherwise, in the event of an employee's termination of employment before all the employee's Restricted Stock has vested, or in the event other conditions to the vesting of Restricted Stock have not been satisfied prior to any deadline for the satisfaction of such conditions set forth in the Award, the shares of Restricted Stock that have not vested shall be forfeited and any purchase price paid by the employee shall be returned to the employee. At the time Restricted Stock vests (and, if the employee has been issued legended certificates of Restricted Stock, upon the return of such certificates to the Company), a certificate for such vested shares shall be delivered to the employee or the employee's estate, free of all restrictions.

(c) Accelerated Vesting. Notwithstanding the vesting conditions set forth in the Restricted Stock Award, (i) unless the Restricted Stock grant specifies otherwise, the Committee may in its discretion at any time accelerate the vesting of Restricted Stock or otherwise waive or amend any conditions of a grant of Restricted Stock, and (ii) all shares of Restricted Stock shall vest upon a Change of Control of the Company; provided that clause (ii) above shall not apply to Awards granted to a participant if, in connection with a Change of Control pursuant to clause (1) of Section 5.9, such participant is the Person or forms part of the Person specified in such clause (1).

ARTICLE IV: PERFORMANCE AWARDS

SECTION 4.1 Terms and Conditions of Performance Awards. The Committee shall be authorized to grant Performance Awards, which are payable in stock, cash or a combination thereof, at the discretion of the Committee.

(a) Performance Period. The Committee shall establish with respect to each Performance Award a performance period over which the performance goal of such Performance Award shall be measured. The performance period for a Performance Award shall be established prior to the time such Performance Award is granted and may overlap with performance periods relating to other Performance Awards granted hereunder to the same employee.

(b) Performance Objectives. The Committee shall establish a minimum level of acceptable achievement for the holder at the time of each Award. Each Performance Award shall be contingent upon future performances and achievement of objectives described either in terms of Company-wide performance or in terms that are related to performance of the employee or of the division, subsidiary, department or function within the Company in which the employee is employed. The Committee shall have the authority to establish the specific performance objectives and measures applicable to such objectives. Such objectives, however, shall be based on increases in share prices, operating income, net income or cash flow thresholds on a company wide, subsidiary or division or group, rig utilization, safety records, return on common equity or any combination of the foregoing.

(c) Size, Frequency and Vesting. The Committee shall have the authority to determine at the time of the Award the maximum value of a Performance Award, the frequency of Awards and the date or dates when Awards vest.

(d) Payment. Following the end of each performance period, the holder of each Performance Award will be entitled to receive payment of an amount, not exceeding the maximum value of the Performance Award, based on the achievement of the performance measures for such performance period, as determined by the Committee. If at the end of the performance period the specified objectives have been attained, the employee shall be deemed to have fully earned the Performance Award. If the employee exceeds the specified minimum level of acceptable achievement but does not fully attain such objectives, the employee shall be deemed to have partly earned the Performance Award, and shall become entitled to receive a portion of the total Award, as determined by the Committee. If a Performance Award is granted after the start of a performance period, the Award shall be reduced to reflect the portion of the performance period during which the Award was in effect. Unless the Award specifies otherwise, including restrictions in order to satisfy the conditions under Section 162(m) of the Code, the Committee may adjust the payment of Awards or the performance objectives if events occur or circumstances arise which would cause a particular payment or set of performance objectives to be inappropriate, as determined by the Committee.

(e) Termination of Employment. A recipient of a Performance Award who, by reason of death, disability or retirement, terminates employment before the end of the applicable performance period shall be entitled to receive, to the extent earned, a portion of the Award which is proportional to the portion of the performance period during which the employee was employed. A recipient of a Performance Award who terminates employment for any other reason shall not be entitled to any part of the Award unless the Committee determines otherwise;

however, the Committee may in no event pay the employee more than that portion of the Award which is proportional to his or her period of actual service.

Edgar Filing: PATTERSON UTI ENERGY INC - Form DEF 14A

(f) Accelerated Vesting. Notwithstanding the vesting conditions set forth in a Performance Award, (i) unless the Award specifies otherwise, the Committee may in its discretion at any time accelerate vesting of the Award or otherwise waive or amend any conditions (including but not limited to performance objectives) in respect of a Performance Award, and (ii) all Performance Awards shall vest upon a Change of Control of the Company. In addition, each participant in the Plan shall receive the maximum Performance Award he or she could have earned for the proportionate part of the performance period prior to the Change of Control, and shall retain the right to earn any additional portion of his or her Award if he or she remains in the Company's employ. However, clause (ii) above shall not apply to Awards granted to a participant if, in connection with a Change of Control pursuant to clause (1) of Section 5.9, such participant is the Person or forms part of the Person specified in such clause (1).

(g) Stockholder Rights. The holder of a Performance Award shall, as such, have none of the rights of a stockholder.

ARTICLE V: ADDITIONAL PROVISIONS

SECTION 5.1 General Restrictions. Each Award under the Plan shall be subject to the requirement that, if at any time the Committee shall determine that (i) the listing, registration or qualification of the shares of Common Stock subject or related thereto upon any securities exchange or under any state or Federal law, or (ii) the consent or approval of any government regulatory body, or (iii) an agreement by the recipient of an Award with respect to the disposition of shares of Common Stock, is necessary or desirable (in connection with any requirement or interpretation of any Federal or state securities law, rule or regulation) as a condition of, or in connection with, the granting of such Award or the issuance, purchase or delivery of shares of Common Stock thereunder, such Award may not be consummated in whole or in part unless such listing, registration, qualification, consent, approval or agreement shall have been effected or obtained free of any conditions not acceptable to the Committee.

SECTION 5.2 Adjustments for Changes in Capitalization. In the event of any stock dividends, stock splits, recapitalizations, combinations, exchanges of shares, mergers, consolidation, liquidations, split-ups, split-offs, spin-offs, or other similar changes in capitalization, or any distribution to stockholders, including a rights offering, other than regular cash dividends, changes in the outstanding stock of the Company by reason of any increase or decrease in the number of issued shares of Common Stock resulting from a split-up or consolidation of shares or any similar capital adjustment or the payment of any stock dividend, any share repurchase at a price in excess of the market price of the Common Stock at the time such repurchase is announced or other increase or decrease in the number of such shares, the Committee shall make appropriate adjustment in the number and kind of shares authorized by the Plan (including shares available for ISOs), in the number, price or kind of shares covered by the Awards and in any outstanding Awards under the Plan; provided, however, that no such adjustment shall increase the aggregate value of any outstanding Award.

In the event of any adjustment in the number of shares covered by any Award, any fractional shares resulting from such adjustment shall be disregarded and each such Award shall cover only the number of full shares resulting from such adjustment.

Edgar Filing: PATTERSON UTI ENERGY INC - Form DEF 14A

SECTION 5.3 Amendments. (a) The Board of Directors may at any time and from time to time and in any respect amend or modify the Plan.

(b) The Committee shall have the authority to amend any Award to include any provision which, at the time of such amendment, is authorized under the terms of the Plan; however, no outstanding Award may be revoked or altered in a manner unfavorable to the holder without the written consent of the holder.

SECTION 5.4 Cancellation of Awards. Any Award granted under the Plan may be cancelled at any time with the consent of the holder and a new Award may be granted to such holder in lieu thereof, which Award may, in the discretion of the Committee, be on more favorable terms and conditions than the canceled Award.

SECTION 5.5 Withholding. Whenever the Company proposes or is required to issue or transfer shares of Common Stock under the Plan, the Company shall have the right to require the holder to pay an amount in cash or to retain or sell without notice, or demand surrender of, shares of Common Stock in value sufficient to satisfy any Federal, state or local withholding tax liability ("Withholding Tax") prior to the delivery of any certificate for such shares (or remainder of shares if Common Stock is retained to satisfy such tax liability). Whenever under the Plan payments are to be made in cash, such payments shall be net of an amount sufficient to satisfy any Federal, state or local withholding tax liability. An Award may also provide the holder with the right to satisfy the Withholding Tax with previously owned shares of Common Stock or shares of Common Stock otherwise issuable to the holder.

Whenever Common Stock is so retained or surrendered to satisfy Withholding Tax, the value of shares of Common Stock so retained or surrendered shall be determined by the Committee, and the value of shares of Common Stock so sold shall be the net proceeds (after deduction of commissions) received by the Company from such sale, as determined by the Committee.

SECTION 5.6 Non-assignability. Except as expressly provided in the Plan or in any agreements, no Award under the Plan shall be assignable or transferable by the holder thereof except by will or by the laws of descent and distribution. During the life of the holder, Awards under the Plan shall be exercisable only by such holder or by the guardian or legal representative of such holder.

SECTION 5.7 Non-uniform Determinations. Determinations by the Committee under the Plan (including, without limitation, determinations of the persons to receive Awards; the form, amount and timing of such Awards; the terms and provisions of such Awards and the agreements evidencing same; and provisions with respect to termination of employment) need not be uniform and may be made by it selectively among persons who receive, or are eligible to receive, Awards under the Plan, whether or not such persons are similarly situated.

SECTION 5.8 No Guarantee of Employment. The grant of an Award under the Plan shall not constitute an assurance of continued employment for any period or any obligation of the Board of Directors to nominate any director for reelection by the Company's stockholders.

SECTION 5.9 Change of Control. A "Change of Control" shall be deemed to have occurred if:

(1) any Person (as defined below), other than a Designated Person, is

or becomes the Beneficial Owner (as defined below) of securities of the Company representing 35% or more of the Voting Power (as defined below);

(2) there shall occur a change in the composition of a majority of the Board of Directors within any period of four consecutive years which change shall not have been approved by a majority of the Board of Directors as constituted immediately prior to the commencement of such period;

(3) at any meeting of the stockholders of the Company called for the purpose of electing directors, more than one of the persons nominated by the Board of Directors for election as directors shall fail to be elected; or

(4) the stockholders of the Company approve a merger, consolidation, sale of substantially all assets or other reorganization of the Company, other than a reincorporation, in which the Company does not survive.

For purposes of this Section 5.9, (i) "Person" shall have the meaning set forth in Sections 3(a)(9) and 13(d)(3) of the Securities Exchange Act of 1934 (the "Exchange Act"), as in effect on May 1, 1997, (ii) "Beneficial Owner" shall have the meaning set forth in Rules 13d-3 and 13d-5 promulgated under the Exchange Act on May 1, 1997; (iii) "Voting Power" shall mean the voting power of the outstanding securities of the Company having the right under ordinary circumstances to vote at an election of the Board of Directors; and (iv) "Designated Person" shall mean any Person whose Beneficial Ownership of securities is solely the result of such Person acquiring securities as an underwriter in an underwritten public offering of such securities. Notwithstanding anything contained herein to the contrary, a Change in Control shall not be deemed to have occurred due to the Voting Power of Remy Capital Partners III, L.P. or any of its affiliates (collectively "Remy") falling below 35% or subsequently increasing over 35%.

SECTION 5.10 Duration and Termination. (a) The Plan shall be of unlimited duration. Notwithstanding the foregoing, no ISO (within the meaning of Section 422 of the Code) shall be granted under the Plan ten (10) years after the effective date of the Plan, but Awards granted prior to such date may extend beyond such date, and the terms of this Plan shall continue to apply to all Awards granted hereunder.

(b) The Board of Directors may suspend, discontinue or terminate the Plan at any time. Such action shall not impair any of the rights of any holder of any Award outstanding on the date of the Plan's suspension, discontinuance or termination without the holder's written consent.

SECTION 5.11 Deferred Compensation and Trust Agreements. The Committee may authorize and establish deferred compensation agreements and arrangements in connection with Awards under the Plan and may establish trusts and other arrangements including "rabbi trusts", with respect to such agreements and appoint one or more trustees for such trusts. Shares of Common Stock under the Plan may also be acquired by one or more trustees from the Company, in the open market or otherwise.

SECTION 5.12 Effective Date. The Plan is effective as of July 23, 1997, the effective date of the Long-Term Incentive Plan prior to amendment.
