### ITEM 5. OTHER EVENTS.

On November 19, 2002, Texas Capital Bancshares, Inc. (the "Company") completed the private placement of \$10,000,000 aggregate liquidation amount of floating rate capital securities (the "Capital Securities") issued by its Connecticut statutory trust, Texas Capital Bancshares Statutory Trust I (the "Trust"). The Company received \$9,750,000 after a deduction of \$250,000 in commissions to SunTrust Capital Markets, Inc., the Placement Agent. The Capital Securities were subsequently transferred to a pooled investment vehicle sponsored by STI Investment Management, Inc. The proceeds from the sale of the Capital Securities, together with the proceeds from the sale by the Trust of its Common Securities to the Company, were invested in Floating Rate Junior Subordinated Deferrable Interest Debentures of the Company due 2032 (the "Debentures"), which were issued pursuant to an Indenture dated November 19, 2002, between the Company and State Street Bank and Trust Company of Connecticut, National Association ("State Street"), as Trustee. Both the Capital Securities and the Debentures have a floating rate, which resets quarterly, equal to 3-month LIBOR plus 3.35%. Currently, the interest rate on these securities is 4.77%. Payments of distributions and other amounts due on the Capital Securities are guaranteed by the Company, to the extent that the Trust has funds available for the payments of such distributions but fails to make such payments, pursuant to a Guarantee Agreement, dated November 19, 2002, between the Company and State Street, as Guarantee Trustee. The Debentures and Capital Securities may be redeemed at the option of the Company on fixed quarterly dates beginning on November 19, 2007.

The Company sold the Capital Securities in a non-public offering pursuant to Section 4(2) of the Securities Act of 1933, as amended. The Company believed this exemption was available because the Capital Securities were sold in a private transaction to a single professional management entity that is highly sophisticated and experienced with investments similar to the Capital Securities and meets the definition of an "institutional investor" under Rule 144A of the Securities Act. The Capital Securities were subsequently transferred to a securitized pool in a private transaction exempt from the Securities Act pursuant to Rule 144A.
