The Audit Committee met five times during fiscal 2002. The responsibilities of the Audit Committee are set forth in the Audit Committee Charter, a copy of which is included as Exhibit A to this Proxy Statement and which was amended by the Company's Board of Directors in November 2002 to comply with certain requirements of the Sarbanes-Oxley Act of 2002. The Compensation Committee met six times during fiscal 2002.

Corporate Governance and Nominating Committee

The Company has a Corporate Governance and Nominating Committee, which advises and makes recommendations to the Board on all matters concerning directorship and corporate governance practices and the selection of candidates as nominees for election as directors. The Committee, presently consisting of Messrs. Millard (Chairman) and Seedman, met twice in fiscal 2002.

This Committee will consider persons recommended by stockholders in selecting nominees for election to the Board of Directors. Stockholders who wish to suggest qualified candidates should write to: Digi International Inc., 11001 Bren Road East, Minnetonka, MN 55343, Attention: Chairman, Corporate Governance and Nominating Committee. Director Compensation

Currently, each non-employee director of the Company who beneficially owns not more than 5% of the Company's outstanding Common Stock, who is newly elected to the Board, whether elected at an annual meeting or during the year, and who has not previously been a director of the Company, receives a one-time, non-elective grant of an option to purchase 5,000 shares of Common Stock of the Company at the then-current market price. Furthermore, each non-employee director of the Company who beneficially owns not more than 5% of the Company's outstanding Common Stock, whether incumbent or newly elected, and who is a director at the conclusion of an annual meeting receives a non-elective grant of an option to purchase 1,500 shares of Common Stock of the Company at the then-current market price. If a newly elected non-employee director is first elected during the year, then such non-elective option grant is prorated. In addition, each non-employee director of the Company who beneficially owns not more than 5% of the Company's outstanding Common Stock, whether incumbent or newly elected, and who is a director at the conclusion of an annual meeting has an election to receive one of the following: (i) an option to purchase 6,000 shares of Common Stock of the Company at the then-current market price or (ii) cash payments consisting of an annual retainer of \$8,000, payable quarterly in arrears, plus per-meeting fees of \$750 for each meeting of the Board of Directors attended and \$350 for each committee meeting attended that is not held on the same day as a meeting of the Board of Directors. If a newly elected non-employee director of the Company who beneficially owns not more than 5% of the Company's outstanding Common Stock is first elected during the year, the option grant to purchase 6,000 shares of Common Stock or the \$8,000 annual retainer is prorated. As additional compensation, each committee Chairman who is also a non-employee director who beneficially owns not more than 5% of the Company's outstanding Common Stock has an annual election to receive one of the following in addition to the compensation described above: (i) an option to purchase 1,000 shares of the Common Stock of the Company at the then-current market price or (ii) a cash payment of \$2,500. Directors who beneficially own more than 5% of the Company's outstanding Common Stock serve without receiving the compensation described above.

Report of the Audit Committee

The role of the Company's Audit Committee, which is composed of three independent non-employee directors, is one of oversight of the Company's management and the Company's outside auditors in regard to the Company's financial reporting and the Company's controls respecting accounting and financial reporting. The Audit Committee also considers and pre-approves any non-audit services provided by the Company's outside auditors to ensure that no prohibited non-audit services are provided by the outside auditors and that the auditors' independence is not compromised. In performing its oversight function, the Audit Committee relied upon advice and information received in its discussions with the Company's management and independent auditors.

The Audit Committee has (i) reviewed and discussed the Company's audited financial statements for the fiscal year ended September 30, 2002, with the Company's management; (ii) discussed with PricewaterhouseCoopers LLP, the Company's independent auditors, the matters required to be discussed by Statement on Auditing Standards No. 61 regarding communication with audit committees (Codification of Statements on Auditing Standards, AU § 380); and (iii) received the written disclosures and the letter from the Company's independent accountants required by Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committees), and has discussed with PricewaterhouseCoopers their independence.

Based on the review and discussions with management and the Company's independent auditors referred to above, the Audit Committee recommended to the Board of Directors that the audited financial statements be included in the Company's Annual Report on Form 10-K for the fiscal year ended September 30, 2002, for filing with the Securities and Exchange Commission.

Audit Fees

The aggregate fees billed for the audit of the Company's annual consolidated financial statements for fiscal 2002 and for the review of the Company's interim consolidated financial statements for each quarter in fiscal 2002 were approximately \$335,566.

All Other Fees

The Company also paid its principal accountant approximately \$367,838 for all other services in fiscal 2002. These fees related primarily to review of the Company's registration statements, particularly the Form S-4 filed in connection with the NetSilicon acquisition, consultation on accounting matters, assistance with tax planning, review of the Company's tax returns and audits of employee benefit plans. The Audit Committee has determined that the provision of these non-audit services was compatible with maintaining the independence of the Company's principal accountant.

EXECUTIVE COMPENSATION

Report of the Compensation Committee

The Compensation Committee (the Committee) of the Board of Directors establishes the general compensation policies of the Company and specific compensation for each of the Company's executive officers. The purpose of this report is to inform stockholders of the Company's compensation policies for executive officers.

Compensation Philosophy

The Company has historically implemented a pay for performance compensation program for its executive officers. The compensation program is designed to motivate and reward executives responsible for attaining the financial and strategic objectives essential to the Company's success and continued growth, while at the same time allowing the Company to attract and retain high-caliber executives. The Committee believes that the Company's compensation practices reward executives commensurately with their ability (i) to meet the Company's established financial targets and other goals, through cash bonuses, and (ii) to drive increases in stockholder value, through stock options.

A central feature of the Company's compensation program is its emphasis on objective performance incentives that put a substantial portion of executives' total cash compensation at risk by tying it to the achievement of objective financial results and other goals. An additional important aspect of the Company's compensation program is its use of stock options. The Committee believes that the use of stock-based incentives ensures that the executive's interests are aligned with the long-term interests of the Company's stockholders. Executives are thereby given the incentive not only to meet their annual performance objectives, but also to achieve longer-term strategic goals.

Executive Officer Compensation Program

The key components of the Company's compensation program are base salary, cash bonuses and stock options.

Base Salary. The Committee annually reviews the base salary of each executive officer. For fiscal 2003, the Committee determined that the base salaries of all executive officers will continue to be frozen for the third consecutive year.

The Company entered into employment agreements with certain executive officers that establish certain minimum base salaries and bonus targets. The Committee has reviewed these salaries and targets and believes that they are consistent with the Company's compensation philosophy described above.

Cash Bonuses. Each executive of the Company is given a specified bonus target which he or she will receive if the applicable objectives set by the Committee are met. These bonus targets have typically been 100% of base salary. At the outset of the 2002 fiscal year, the Committee established Company-wide financial objectives. In April 2002, the Committee approved revised financial objectives for the third and fourth quarters of fiscal 2002 and the annual 2002 objectives. For fiscal 2002, the Committee set bonus targets for Messrs. Dunsmore, Glader and Krishnan at 100% of base salary and at 90% of base salary for Mr. Berger. These executive officers received cash bonuses equal to approximately 47% of base salary based on partial achievement of the fiscal 2002 objectives. In addition, Messrs. Dunsmore, Glader, Krishnan and Berger received discretionary bonuses consisting of a \$5,000 bonus award plus reimbursement of the related tax liability in December 2001 in recognition of efforts and accomplishments in a difficult industry environment. Pursuant to his employment agreement, Mr. Peterson is entitled to receive an annual cash bonus of \$125,000 if the Company determines that certain goals set by the Committee are achieved. Mr. Peterson received a cash bonus based on partial achievement of fiscal 2002 objectives.

The Committee has set criteria for achievement of cash bonuses in fiscal 2003 by the executive officers based upon the achievement of Company-wide financial goals. For fiscal 2003, the Committee set various bonus targets for Messrs. Dunsmore, Krishnan and Berger corresponding to levels of achievement of the

financial objectives. For fiscal 2003, the bonus targets will remain at 100% of base salary for Messrs. Dunsmore and Krishnan and 90% of base salary for Mr. Berger. Mr. Peterson's cash bonus target is fixed by contract at \$125,000 annually. The cash bonus plan for fiscal 2003 sets quarterly and annual financial objectives for annual payments, with 50% of the bonus target payable upon achievement of the approved financial objectives and 50% of the bonus target payable upon exceeding certain financial objectives. Up to an additional 20% of the bonus target is payable upon exceeding certain financial objectives at a specified level, which results in a maximum bonus of 120% of the individual's bonus target. If the revenue component of the financial objectives is partially achieved, a partial bonus will be paid related to that component of the financial objectives. In addition, the Compensation Committee has authority to award bonuses in its discretion.

Stock Options. Long-term incentives are provided through the Company's Stock Option Plan. The Plan is administered by the Committee, which is authorized to award stock options to employees of the Company and its subsidiaries, non-employee directors of the Company and certain advisors and consultants to the Company. The Committee has broad discretion to select the optionees and to establish the terms and conditions for the grant, vesting and exercise of each option. The Committee also administers the grant of stock-based incentive awards under the Company's 2000 Omnibus Stock Plan according to the same philosophy, although no such awards have been made yet.

No stock options were granted to executive officers of the Company in fiscal 2002.

401-K Savings and Profit Sharing Plan. Company officers may participate in the Company's 401-K Savings and Profit Sharing Plan (the "401-K Plan") which allows any Company employee (other than interns, temporary employees, certain part-time employees and certain other excluded categories of employees) who is at least 18 years of age to contribute up to 20 percent of his or her earnings to the 401-K Plan. Eligible employees who are regularly scheduled to work more than 24 hours per week can begin contributing on the first day of the month following their date of hire.

Under the 401-K Plan, the Company provides a matching contribution and has the discretion to make a profit sharing contribution. Profit sharing contributions are allocated in proportion to the earnings of eligible participants. To be eligible to receive profit sharing contributions for a year, the participant must be employed by the Company on December 31 of that year and must have completed at least 1,000 hours of service during the year. No profit sharing contributions were made in fiscal 2002.

Matching contributions are allocated in proportion to the contributions each participant makes from his or her salary. Matching contributions are made each pay period for those employees who are active participants during the pay period, based on the contributions made by the employee during that pay period. For the 2002 calendar year, the Company provided a 100% match on the first 3% of each employee's bi-weekly contribution and a 50% match on the next 2% of each employee's bi-weekly contribution. The Company match will be the same for calendar year 2003.

**EMPLOYMENT CONTRACTS; SEVERANCE, TERMINATION OF
EMPLOYMENT AND CHANGE-IN-CONTROL ARRANGEMENTS**

Joseph T. Dunsmore. The Company and Mr. Dunsmore are parties to an employment agreement entered into on October 24, 1999, relating to Mr. Dunsmore's election as President and Chief Executive Officer of the Company. The agreement provides that Mr. Dunsmore would be paid an annual base salary of \$260,000. The Committee will continue to review Mr. Dunsmore's base salary annually and may, in its sole discretion, increase it to reflect performance and other factors. Mr. Dunsmore's annual base salary will remain \$260,000 in fiscal 2003. The agreement also provided that during fiscal 2000 Mr. Dunsmore was entitled to a guaranteed cash bonus of \$260,000. Beginning with fiscal 2001, Mr. Dunsmore is entitled to a cash bonus equal to 100% of his base salary, provided that the objectives set by the Committee are met. If some or all of the objectives are not met for a fiscal year, then the Committee shall determine in its discretion what portion of the target bonus amount, if any, will be paid to Mr. Dunsmore. If the objectives set by the Committee for a cash performance bonus are exceeded for a fiscal year, the Committee may, in its discretion, award Mr. Dunsmore a bonus that is larger than the target bonus.

In November 2002, Mr. Dunsmore was granted an option to purchase 35,000 shares of Common Stock of the Company at the fair market value on the date of grant, vesting in full on November 5, 2003. All of Mr. Dunsmore's options grants will also vest in full in the event of his termination without cause or a change in control of the Company which is deemed to occur if any person or group acquires more than 25% of the voting power of the Company, if there is a change in the membership of the Board of Directors, not approved by the continuing directors, such that the persons who were directors at the beginning of any three-year period no longer constitute a majority of the Board or in the event of a merger or consolidation of the Company in which less than 60% of the common stock of the surviving corporation is owned by the Company's stockholders.

Under the terms of Mr. Dunsmore's employment agreement, if the Company terminates his employment without cause, Mr. Dunsmore is entitled to receive his then-current base salary for a period of twelve months. The agreement also provides that Mr. Dunsmore is entitled to the benefits and perquisites which the Company generally provides to its other employees under applicable Company plans and policies.

Douglas J. Glader. The Company and Mr. Glader were originally parties to an agreement dated February 6, 1995, as amended. As a result of the sale of the MiLAN business in March 2002, Mr. Glader ceased to be an executive officer of the Company. In connection with the sale of the MiLAN business, the Company and Mr. Glader entered into a Management Agreement dated March 25, 2002, as amended, which provided that Mr. Glader would remain available to provide services to the Company and any buyer of the MiLAN business for a transition period not to exceed 60 days after the sale. In addition, the agreement provided that Mr. Glader will be entitled to receive incentive compensation equal to a percentage of the purchase price ranging from 2% to 4.5% depending on the purchase price received by the Company for the sale of the MiLAN business, which could occur in a series of transactions. In addition, the agreement provided that the housing allowance payments described above would cease on May 31, 2002.

The management agreement also provided that if Mr. Glader remained employed during the transition period, the Company terminated his employment other than for cause after the sale of the MiLAN business and Mr. Glader did not accept in his sole discretion employment with the buyer of the MiLAN business, Mr. Glader would continue to be employed by the Company and receive his base salary of \$225,000 for a period of one year from the end of the transition period. In addition, the Company will pay Mr. Glader an annual cash bonus based on average achievement of the Company's financial objectives by other senior members for the year in which the MiLAN business was sold and which shall be prorated for the period of Mr. Glader's active employment during that year. After fiscal 2002, Mr. Glader will not be entitled to receive a cash bonus. During the one-year severance period, Mr. Glader will also continue to participate in the Company's benefit plans and stock option plan. The agreement gave the Company the

right to offset any balance on the loan previously extended to Mr. Glader against the payments Mr. Glader was entitled to receive upon the sale of the MiLAN business, and the Company chose to reduce the amounts payable to Mr. Glader by \$243,056 as repayment for the outstanding balance of such loan. The MiLAN business, other

than the portion referred to as the Procera business, was sold on March 25, 2002, at which time Mr. Glader ceased to be an executive officer of the Company. The transition period ended May 31, 2002, and Mr. Glader's severance period will terminate on May 31, 2003. Mr. Glader will receive an additional commission payment in the event of a sale of the remaining Procera business.

The management agreement was amended on August 14, 2002, to provide that the Company's obligations to make the severance payments to Mr. Glader described above would terminate if the Procera business received equity financing but that Mr. Glader would not be required to repay any amounts already paid to him.

Subramanian Krishnan. The Company and Mr. Krishnan are parties to a letter agreement dated March 26, 1999, as amended, which provides that if Mr. Krishnan's employment is terminated by the Company without cause at any time, he will be entitled to receive severance equal to one year's base salary and a bonus (if earned) that will be pro-rated for the portion of the fiscal year through the termination date. Mr. Krishnan's annual base salary for fiscal 1999 was \$180,000 and was increased to \$200,000 for fiscal 2000, 2001, 2002 and will remain \$200,000 for fiscal 2003. In November 2002, Mr. Krishnan was granted an option to purchase 20,000 shares of Common Stock of the Company at the fair market value on the date of grant, vesting in full on November 5, 2003. Certain of the options granted to Mr. Krishnan, including those granted in November 2002, will also vest in full in the event of his termination without cause or a change in control of the Company which is deemed to occur under the same conditions as for purposes of Mr. Dunsmore's option vesting. Mr. Krishnan also is entitled to the benefits and perquisites which the Company generally provides to its other employees under applicable Company plans and policies.

Bruce A. Berger. The Company is a party to a letter agreement with Mr. Berger dated March 29, 2000, which provides that Mr. Berger will be paid an annual base salary of \$200,000. The letter agreement also provides that Mr. Berger is entitled to a cash bonus equal to 90% of his base salary, provided that the objectives set by the Committee are met.

In November 2002, Mr. Berger was granted an option to purchase 15,000 shares of Common Stock of the Company and an option to purchase 3,250 shares of Common Stock of the Company, each at the fair market value on the date of grant, vesting in full on November 5, 2003, and November 11, 2003, respectively. The options will also vest in full in the event of his termination without cause or upon a change in control of the Company which is deemed to occur under the same conditions as for purposes of the other executive officers.

Pursuant to the letter agreement, the Company also paid Mr. Berger's relocation expenses. The letter agreement also provides that Mr. Berger is entitled to the benefits and perquisites which the Company generally provides to its other employees under applicable Company plans and policies.

Under the terms of Mr. Berger's employment agreement, if the Company terminates his employment without cause after his repatriation to a United States assignment, Mr. Berger is entitled to receive his then-current base salary for a period of six months and a pro-rated bonus payment based upon the period he worked in the year and actual fiscal year performance of the target objectives.

The Company also entered into a letter agreement with Mr. Berger dated December 14, 2001, which provides that Mr. Berger will hold the position of Senior Vice President of the Company and General Manager of NetSilicon, Inc. (NetSilicon). The letter provides that Mr. Berger will be paid an annual base salary of \$200,000 and is entitled to a cash bonus equal to \$180,000, provided that the objectives set by the Committee are met.

Pursuant to the terms of the letter agreement, the Company will provide Mr. Berger with a cost-of-living adjustment payment in the amount of 12.5% of his base salary during the time he is employed in the Boston, Massachusetts, area. The letter agreement also provides for reimbursement of Mr. Berger's relocation expenses and

closing costs on the purchase of a new home, including reimbursement of up to \$12,000 in mortgage loan origination fees. The agreement also provides that the Company will reimburse Mr. Berger for any federal and state income taxes imposed on the relocation and closing cost reimbursement payments and the first \$6,000 of taxes imposed on the mortgage loan origination fee reimbursement. The letter agreement

provides that, for purposes of calculating any severance due to Mr. Berger as described above, his base salary would include his base salary and cost-of-living adjustment payment.

Cornelius Pete Peterson, VIII. The Company and Mr. Peterson are parties to an employment agreement that was entered into on October 30, 2001, in contemplation of the Company's acquisition of NetSilicon, Inc. and that became effective on February 13, 2002, upon the closing of the NetSilicon merger. The agreement provides that Mr. Peterson will be employed by the Company as Senior Vice President of Business Development for a period of eighteen months following the effective time of the merger. The agreement provides that Mr. Peterson will be paid a monthly base salary of \$20,833.33. The Committee will continue to review Mr. Peterson's base salary annual and may, in its sole discretion, increase it to reflect performance or other factors. In addition, Mr. Peterson will be entitled to receive an annual cash bonus equal to \$125,000, provided that certain goals set by the Committee are attained.

All of Mr. Peterson's options to purchase shares of common stock of NetSilicon were assumed by the Company in the merger and were vested immediately upon the consummation of the merger. Under the terms of his employment agreement, any other option grants to Mr. Peterson will also vest in full in the event of a change in control of the Company which is deemed to occur upon the merger or consolidation of the Company in which less than 50% of the voting power of the surviving corporation is owned by the Company's stockholders, the sale of all or substantially all of the Company assets, if any person or group acquires more than 50% of the voting power of the Company or if there is a change in the membership of the Board of Directors in which a third person appoints or elects a majority of the directors. Mr. Peterson is also entitled to receive a gross-up payment to make Mr. Peterson whole for any excise tax liability he incurs as a result of payments to him in a change of control.

Under the terms of Mr. Peterson's agreement, if the Company terminates his employment without cause, or if Mr. Peterson terminates his employment for good reason, Mr. Peterson is entitled to receive his then-current base salary multiplied by the number of months remaining in the initial eighteen month term, if any, the annual cash bonus prorated through the date of termination and reimbursement to Mr. Peterson for the cost of obtaining certain medical and dental insurance until Mr. Peterson and his spouse attain the age of 80. In addition, all of his unvested stock options shall vest immediately and all stock options shall remain in effect until the latest possible date of expiration.

Mr. Peterson is also entitled to the benefits and perquisites which the Company generally provides to its other employees under applicable Company plans and policies.
