PROXY STATEMENT

QUESTIONS AND ANSWERS ABOUT THE ANNUAL MEETING AND VOTING

Q: Who can vote?

A: You can vote if you were a shareholder at the close of business on the record date of February 22, 2005. There were a total of 43,020,045 shares of the Company's common stock outstanding on February 22, 2005. This Proxy Statement and proxy card, along with the Annual Report for 2004, are first being mailed to shareholders beginning March 4, 2005. The Proxy Statement summarizes the information you need to vote at the Annual Meeting.

Q: What am I voting on?

A: You are voting on:

Election of one nominee as a Class I director for a two year term ending in 2007. The Board of Directors nominee is Robert L. Caulk.

Election of three nominees as Class II directors for three year terms ending in 2008. The Board of Directors nominees are William E. Fruhan, R.M. (Mark) Schreck and John R. Menard, Jr.

Approval of amendments to the Deferred Compensation Plan for Directors to (i) increase the reserve by 50,000 shares, (ii) extend the term of the plan, which currently expires on May 10, 2005, to May 31, 2010 and (iii) shift the administrative responsibilities under the plan from the Company's Chief Financial Officer to the Compensation Committee.

Approval of amendments to the 1996 Restricted Stock Plan to (i) increase the reserve by 250,000 shares, (ii) extend the term of the plan, which currently expires on January 25, 2006, to May 31, 2011, (iii) incorporate into the plan performance goals to be used in the case of awards intended to qualify as performance-based for purposes of Section 162(m) of the Internal Revenue Code and (iv) rename the plan as the Polaris Industries Inc. Restricted Stock Plan.

Q: How does the Board recommend I vote on the proposals?

A: The Board recommends you vote *FOR* the director nominees named in the accompanying Proxy Statement. The Board recommends you vote *FOR* the approval of the amendments to the Company's Deferred Compensation Plan and *FOR* the approval of the amendments to the 1996 Restricted Stock Plan.

Q: How many shares must be voted to approve each proposal?

A: *Quorum.* A majority of the outstanding shares of the Company's common stock represented in person or by proxy is necessary to constitute a quorum for the transaction of business at the Annual Meeting. As of the record date, 43,020,045 shares of Polaris common stock were issued and outstanding. A majority of those shares, or 21,510,023 shares of our common stock, will constitute a quorum for the purpose of electing directors or

adopting proposals at the Annual Meeting. If you submit a valid proxy card or attend the Annual Meeting, your shares will be counted to determine whether there is a quorum. Abstentions and broker non-votes are counted for purposes of determining a quorum to transact business at the Annual Meeting.

Vote Required. Directors are elected by a plurality of the votes cast. A plurality means that the nominees with the greatest number of votes are elected as directors up to the maximum number of

Table of Contents

directors to be chosen at the meeting. Abstentions and broker non-votes will have no effect on the voting for the election of directors.

Each of the other matters that may be acted upon at the meeting, including the proposals to amend the Company's Deferred Compensation Plan for Directors and the 1996 Restricted Stock Plan, will be determined by the affirmative vote of the holders of a majority of the shares of Polaris common stock present in person or by proxy at the Annual Meeting and entitled to vote, assuming the presence of a quorum (provided that the number of shares voted in favor of each such proposal constitutes more than 25% of the outstanding shares of our common stock). Abstentions and broker non-votes will have the effects on these proposals noted below.

Q: What is the effect of broker non-votes and abstentions?

A: A broker non-vote occurs when a nominee holding shares for a beneficial owner does not vote on a particular proposal because the nominee does not have discretionary voting power with respect to that item and has not received voting instructions from the beneficial owner. If a broker returns a non-vote proxy indicating a lack of authority to vote on a proposal, then the shares covered by such a non-vote proxy will be deemed present at the meeting for purposes of determining a quorum, but not present for purposes of calculating the vote with respect to that proposal.

A properly executed proxy marked ABSTAIN with respect to a proposal will be counted for purposes of determining whether there is a quorum and will be considered present in person or by proxy and entitled to vote, but will not be deemed to have been voted in favor of such proposal. Accordingly, abstentions will have the same effect as votes against a proposal.

Q: How will the proxies vote on any other business brought up at the meeting?

A: By submitting your proxy card, you authorize the proxies to use their judgment to determine how to vote on any other matter brought before the Annual Meeting. The Company does not know of any other business to be considered at the Annual Meeting.

The proxies' authority to vote according to their judgment applies only to shares you own as the shareholder of record.

Q: How do I cast my vote?

A: If you are a shareholder whose shares are registered in your name, you may vote your shares in person at the Annual Meeting or by using one of the three following methods:

Vote by phone, by dialing 1-800-560-1965 and following the instructions for telephone voting shown on the enclosed proxy card.

Vote by Internet, by going to the web address <http://www.eproxy.com/pii/> and following the instructions for Internet voting shown on the enclosed proxy card.

Vote by proxy card, by completing, signing, dating and mailing the enclosed proxy card in the envelope provided. If you vote by phone or Internet, please do not mail your proxy card.

If you are a street-name shareholder (meaning that your shares are registered in the name of your bank or broker), you will receive instructions from your bank, broker or other nominee describing how to vote your

shares.

Whichever method you use, the proxies identified on the back of the proxy card will vote the shares of which you are the shareholder of record in accordance with your instructions. If you submit a proxy card without giving specific voting instructions, the proxies will vote those shares as recommended by the Board of Directors.

Table of Contents

Q: Can I revoke or change my vote?

A: You can revoke your proxy at any time before it is voted by:

Submitting a new proxy with a more recent date than that of the first proxy given by (1) following the telephone voting instructions or (2) following the Internet voting instructions or (3) completing, signing, dating and returning a new proxy card to the Company;

Giving written notice before the meeting to the Secretary of the Company, stating that you are revoking your proxy; or

Attending the meeting and voting your shares in person.

Unless you decide to vote your shares in person, you should revoke your prior proxy in the same way you initially submitted it that is, by telephone, Internet or mail.

Q: Who will count the votes?

A: Wells Fargo Bank, N.A., the independent proxy tabulator used by the Company, will count the votes. A representative of Wells Fargo Bank, N.A. and Mark McCormick, the corporate controller of the Company, will act as inspectors of election for the meeting.

Q: Is my vote confidential?

A: All proxy cards and all vote tabulations that identify an individual shareholder are confidential. Your vote will not be disclosed except:

To allow Wells Fargo Bank, N.A. to tabulate the vote;

To allow Mark McCormick, the corporate controller of the Company, and a representative of Wells Fargo Bank, N.A. to certify the results of the vote; and

To meet applicable legal requirements.

Q: What shares are included on my proxy card?

A: Your proxy card represents all shares registered to your account in the same social security number and address, including any full and fractional shares you own under the Polaris 1996 Restricted Stock Plan, the Polaris Employee Stock Ownership Plan, the Polaris Employee Stock Purchase Plan and the Polaris 401(k) Retirement Savings Plan.

Q: What happens if I don't vote shares that I own?

A: *For shares registered in your name.* If you do not vote shares that are registered in your name by proxy through the mail, telephone or internet as described on the proxy card, or by voting in person at the Annual Meeting, your shares will *not* be counted in determining the presence of a quorum or in determining the outcome of the vote on the proposals presented at the Annual Meeting.

For shares held in street name. If you hold shares through a broker, you will receive voting instructions from your broker. If you do not submit voting instructions to your broker and your broker does not have discretion to vote your shares on a particular matter, then your shares will not be counted in determining the outcome of the vote on that matter at the Annual Meeting. See effect of broker non-votes as described above. The proposals to amend the Deferred Compensation Plan for Directors and the 1996 Restricted Stock Plan are non-discretionary items and may *not* be voted on by a broker absent specific voting instructions from the beneficial owner.

For shares held in certain employee plans. If you hold shares in the Employee Stock Ownership Plan or the 401(k) Retirement Savings Plan and you do not submit your voting instructions by proxy through the mail, telephone or internet as described on the proxy card, those shares will be voted in the manner described in the following two questions.

Table of Contents

Q: How are Polaris common shares in the Polaris Employee Stock Ownership Plan voted?

A: If you hold shares of Polaris common stock through the Polaris Employee Stock Ownership Plan, your proxy card will instruct the trustee of the plan how to vote the shares allocated to your plan account. If you do not return your proxy card (or you submit it with an unclear voting designation or with no voting designation at all), then the plan trustee will vote the shares in your account as directed by the committee that administers the plan. Votes under the Polaris Employee Stock Ownership Plan receive the same confidentiality as all other votes.

Q: How are Polaris common shares in the Polaris 401(k) Retirement Savings Plan voted?

A: If you hold shares of Polaris common stock through the Polaris 401(k) Retirement Savings Plan, your proxy card will instruct the trustee of the plan how to vote the shares allocated to your plan account. If you do not return your proxy card (or you submit it with an unclear voting designation or with no voting designation at all), then the plan trustee will vote the shares in your account in proportion to the way the other 401(k) Retirement Savings Plan participants vote their shares. Votes under the Polaris 401(k) Retirement Savings Plan receive the same confidentiality as all other votes.

Q: What does it mean if I get more than one proxy card?

A: Your shares are probably registered in more than one account. You should vote each proxy card you receive.

Q: How many votes can I cast?

A: You are entitled to one vote per share on all matters presented at the meeting.

Q: When are shareholder proposals due for the 2006 Annual Meeting of the Shareholders?

A: If you want to present a proposal from the floor at the 2006 annual meeting, you must give the Company written notice of your proposal no later than January 18, 2006. Your notice should be sent to the Secretary, Polaris Industries Inc., 2100 Highway 55, Medina, Minnesota 55340.

If instead of presenting your proposal at the meeting you want your proposal to be considered for inclusion in next year's proxy statement, you must submit the proposal in writing to the Secretary so it is received at the above address by November 4, 2005.

Q: How is this proxy solicitation being conducted?

A: Polaris hired D.F. King & Co., Inc. to assist in the distribution of proxy materials and the solicitation of votes for a fee of \$9,000, plus out-of-pocket expenses. Polaris will reimburse brokerage houses and other custodians, nominees and fiduciaries for their reasonable out-of-pocket expenses for forwarding proxy and solicitation materials to shareholders. In addition, some employees of the Company and its subsidiaries may solicit proxies. D.F. King & Co., Inc. and employees of the Company may solicit proxies in person, by telephone and by mail. No employee of the Company will receive special compensation for these services, which the employees will perform as part of their regular duties.

Stock Ownership Guidelines

Our Board of Directors has adopted stock ownership guidelines, which provide that each non-employee director is expected to own, directly or indirectly, on January 22, 2007, shares of Polaris common stock or common stock equivalents having a value of at least three times the amount of the annual retainer fee paid to such director. Each non-employee director who is elected for the first time after January 23, 2003 will be expected to satisfy such guidelines at the end of a period of four years commencing on the date such director is elected. The stock ownership guidelines also provide that the Chief Executive Officer and other executive officers of the Company are expected to own, directly or indirectly, shares of common stock or restricted share awards having a value of at least five and three times, respectively, their annual base salaries. The Chief Executive Officer and other executive officers of the Company that held office as of January 23, 2003 currently satisfy these guidelines and any person becoming an executive officer of the Company after January 23, 2003 will be expected to satisfy the guidelines at the end of a period of four years commencing on the date of becoming an executive officer of the Company.

CORPORATE GOVERNANCE

Corporate Governance Guidelines and Independence

Our Board of Directors has adopted Corporate Governance Guidelines, which may be viewed online on our website at www.polarisindustries.com or may be obtained in print by any shareholder who requests it. Under our Corporate Governance Guidelines, which adopt the current standards for "independence" established by the New York Stock Exchange ("NYSE"), a majority of the members of the Board of Directors must be independent as determined by the Board of Directors. In making its determination of independence, among other things, the Board of Directors must have determined that the director has no material relationship with Polaris either directly or indirectly as a partner, shareholder or officer of an organization that has a relationship with Polaris. The Board of Directors has determined that Ms. Clayton and Messrs. Caulk, Fruhan, Menard, Schreck and Zona are independent. The Board of Directors has also determined that Mr. Baltins is independent for all purposes other than service on the Company's Audit Committee because he is a member of one of the law firms that provides legal services to the Company. Mr. Palen, our

non-Executive Chairman of the Board, is the Chairman and Chief Executive Officer of Spectro

Table of Contents

Alloys, an aluminum manufacturing company that served as a supplier to the Company until June 2003. Under our Corporate Governance Guidelines, Mr. Palen will be regarded as non-independent until June 2006, three years following the termination of the Spectro Alloys relationship with Polaris. Mr. Tiller, our President and Chief Executive Officer is not considered to be independent by the Board of Directors. Accordingly, a substantial majority of our Board of Directors is considered to be independent. Additionally, all current members of our Audit, Compensation and Corporate Governance and Nominating Committees are considered to be independent.

We have also adopted a Code of Business Conduct and Ethics applicable to all employees, including our Chief Executive Officer, our Chief Financial Officer and all other senior executives, and the directors. A copy of the Polaris Code of Business Conduct and Ethics is available on our website at www.polarisindustries.com and in print to any shareholder who requests it.

Communications with the Board

Under our Corporate Governance Guidelines, a process has been established by which shareholders may communicate with members of the Board of Directors. Any shareholder who desires to communicate with the Board of Directors, individually or as a group, may do so by writing to the intended member or members of the Board of Directors, c/o Corporate Secretary, Polaris Industries Inc., 2100 Highway 55, Medina, Minnesota 55340.

All communications received in accordance with these procedures will be reviewed initially by the office of our Corporate Secretary to determine that the communication is a message to our directors and will be relayed to the appropriate director or directors unless the Corporate Secretary determines that the communication is an advertisement or other promotional material. The director or directors who receive any such communication will have discretion to determine whether the subject matter of the communication should be brought to the attention of the full Board of Directors or one or more of its committees and whether any response to the person sending the communication is appropriate.

Director Compensation

Directors who are employees of the Company receive no compensation for their services as directors or as members of committees. Compensation for non-employee directors is divided into cash and stock components. The Company presently pays each non-employee director other than our Chairman, Mr. Palen, an annual director's fee of \$40,000, at least \$5,000 of which will be payable in common stock equivalents (as described below). Mr. Palen, our non-executive Chairman of the Board of Directors, currently receives an annual fee of \$100,000 in lieu of the annual director's fee received by other non-employee directors. The Chairs of the Audit Committee, Compensation Committee, Corporate Governance and Nominating Committee and Technology Committee currently receive an annual committee chairman's fee of \$10,000. Effective as of April 23, 2004, non-employee directors also receive \$1,000 for each committee meeting attended, which fees they may choose to defer under the Deferred Compensation Plan (as described below).

The Company maintains a deferred compensation plan for directors, the Polaris Industries Inc. Deferred Compensation Plan for Directors (the "Deferred Compensation Plan") for directors who are not officers or employees of the Company ("Outside Directors"). As of each quarterly date on which retainer fees are payable to Outside Directors, each Outside Director automatically receives an award of common stock equivalents having a fair market value of \$1,250. An Outside Director can also defer all or a portion of the director and/or chair fees that would otherwise be paid to him or her in cash. Such deferred amounts are converted into additional common stock equivalents based on the then fair market value of the common stock. These common stock equivalents are phantom stock units, i.e., each common stock equivalent represents the economic equivalent of one share of common stock. Dividends will be credited to Outside Directors as if the common stock equivalents are outstanding shares of common stock. Such dividends will be converted into additional common stock equivalents.

As soon as practicable after an Outside Director's service on the Board terminates, he or she will receive a distribution of a number of shares of common stock equal to the number of common stock equivalents then

Table of Contents

credited to him or her under the Deferred Compensation Plan. Upon the death of an Outside Director, the shares will be issued to his or her beneficiary. Upon a change in control of the Company (as defined in the Deferred Compensation Plan), however, each Outside Director will receive a cash payment equal to the value of his or her accumulated common stock equivalents.

A maximum of 150,000 shares of common stock are reserved for issuance under the Deferred Compensation Plan. Of that total, 31,167 shares of common stock remained available for future grants as of February 14, 2005. The Deferred Compensation Plan will remain effective until May 10, 2005. In the event the amendments submitted under Proposal 2 of this proxy statement are approved by shareholders, the number of shares of common stock reserved for issuance under the Deferred Compensation Plan will be increased by 50,000 and the term will be extended until May 31, 2010. The Deferred Compensation Plan may be terminated or amended at any time by the Board of Directors.

Under the 2003 Non-Employee Director Stock Option Plan, each non-employee director elected at an annual meeting of shareholders or who continues to serve as a director after such annual meeting will receive an automatic annual grant of stock options to purchase 4,000 shares of the Company's common stock at an exercise price equal to fair market value on the date of grant.

Additionally, the Company makes Polaris products available to its Outside Directors at no charge to encourage a first-hand understanding of the riding experience of Polaris customers.

Board Meetings

During 2004, the full Board of Directors met five times. Four of those meetings were preceded and/or followed by an executive session of the Board of Directors without management in attendance, chaired by either Mr. Palen or the chair of the Corporate Governance and Nominating Committee. Each of our directors attended 75% percent or more of the meetings of the Board of Directors and any committee on which they served in 2004. The Board also acted through one written action in 2004. The Company does not maintain a formal policy regarding the Board's attendance at annual shareholder meetings; however, Board members are expected to regularly attend all Board meetings and meetings of the committees on which they serve. All members of the Board of Directors attended our 2004 Annual Meeting, except for Robert L. Caulk, who was elected to the Board effective October 21, 2004.

Committees of the Board and Meetings

The Board of Directors has designated five standing committees. The Audit Committee, the Compensation Committee, the Corporate Governance and Nominating Committee and the Technology Committee each operate under a written charter which is available for review on our website at <http://www.polarisindustries.com> and is also available in print to any shareholder who requests it. The current membership of each committee and its principal functions, as well as the number of times it met during fiscal 2004, are described below.

In addition, the Compensation Committee periodically reviews with the Chief Executive Officer a written procedure for the efficient transfer of his responsibilities in the event of his sudden incapacitation or departure, including recommendations for longer-term succession planning. The committee reviews and evaluates the policies and practices with respect to the size, composition and functioning of the Board, evaluates the qualifications of possible candidates for the Board of Directors and recommends the nominees for directors to the Board of Directors for approval. Certain Relationships and Related Transactions

The law firm of Kaplan, Strangis and Kaplan, P.A. (KSK) provides ongoing legal services to the Company and certain subsidiaries in connection with various matters. Andris A. Baltins, a member of the Board of Directors, is a member of that firm. During 2004, KSK received \$419,979 in legal fees from the Company.

Gregory R. Palen, the non-Executive Chairman of the Board of Directors, is the Chairman and Chief Executive Officer of Spectro Alloys, an aluminum manufacturing company that served as a supplier to the Company until June 2003. Under our Corporate Governance Guidelines, Mr. Palen will be regarded as non-independent until June 2006, three years following the termination of the Spectro Alloys relationship with Polaris. Mr. Palen voluntarily resigned from the Audit Committee and the Corporate Governance and Nominating Committee in January 2004 in order that such committees be comprised of independent directors as required under the current NYSE rules. The Audit Committee is currently comprised of Messrs. Fruhan and Zona and Ms. Clayton, all of whom are independent directors. The Corporate Governance and Nominating Committee is currently comprised of Messrs. Baltins, Fruhan, and Schreck, all of whom are independent directors.

Compensation Committee Interlocks and Insider Participation

All current members of the Compensation Committee are considered independent under our Corporate Governance Guidelines. No interlocking relationships exist between the Board of Directors or the Compensation Committee and the Board of Directors or compensation committee of any other company.

Section 16 Beneficial Ownership Reporting Compliance

Section 16(a) of the Securities Exchange Act of 1934 requires the Company's directors and executive officers to file initial reports of ownership and reports of changes of ownership of the Company's common stock with the SEC. Executive officers and directors are required to furnish the Company with copies of all Section 16(a) reports that they file. To the Company's knowledge, based solely upon a review of the copies of those reports furnished to the Company during 2004 and written representations that no other reports were required, the Company believes that, during the year ended December 31, 2004, all filing requirements applicable to its directors, executive officers and 10% beneficial owners, if any, were complied with, except that the Company inadvertently failed to timely file a Form 4 to report a sale of 3,735 shares by Jeffrey A. Bjorkman on July 28, 2004 and filed an amendment to a Form 4 for Mr. Bjorkman to reflect the exercise of an option to purchase 7,500 shares on February 7, 2002. In addition, due to inadvertent arithmetical errors, the Company filed amendments to Form 4 filings for (i) Mr. Tiller in order to correct the number of securities beneficially owned by him as reported on November 3, 2003 and November 1, 2004, and (ii) Messrs. Baltins, Fruhan and Palen, in order to correct the number of common stock equivalents credited to each director's account under the Deferred Compensation Plan for Directors as reported on January 3, 2005. The Form 3 filed for Mr. Caulk was amended to reflect 200 shares held in brokerage accounts registered in his name as custodian for two minor children, which shares were held at the time he became subject to Section 16 reporting.

AUDIT COMMITTEE REPORT

The Audit Committee reports to and acts on behalf of the Board of Directors by providing oversight of (1) the integrity of the Company's financial statements, (2) the Company's compliance with legal and regulatory requirements, (3) the independent auditor's qualifications and independence, (4) the responsibilities, performance, budget and staffing of the Company's internal audit function, and (5) the performance of the Company's independent auditor, which reports directly to the Audit Committee. The Audit Committee is comprised of three directors, all of whom meet the standards of independence adopted by the SEC and the NYSE.

In performing our oversight responsibilities, we have reviewed and discussed the audited financial statements of the Company for the year ended December 31, 2004 with management and with representatives of Ernst & Young LLP, the Company's independent auditors. We also reviewed, and discussed with management and representatives of Ernst & Young, management's assessment and report and Ernst & Young's report and attestation on the effectiveness of internal control over financial reporting in accordance with Section 404 of the Sarbanes-Oxley Act of 2002.

We also discussed with the independent auditors matters required to be discussed by Statement on Auditing Standards No. 61, *Communications with Audit Committees*, as amended by Statement on Auditing Standards No. 90. We have received from the Company's independent auditors the written disclosures and the letter required by Independence Standards Board No. 1, *Independence Discussions with Audit Committees*, and discussed the independence of Ernst & Young LLP with representatives of such firm. We are satisfied that the non-audit services provided to the Company by the independent auditors are compatible with maintaining their independence.

Management is responsible for Polaris's system of internal controls and the financial reporting process. Ernst & Young LLP is responsible for performing an audit of the consolidated financial statements in accordance with generally accepted auditing standards and issuing a report thereon. Our committee's responsibility is to monitor and oversee these processes.

In reliance on the reviews and discussions referred to in this Report, and subject to the limitations of our role, we recommended to the Board of Directors, and the Board has approved, that the audited financial statements be included in the Company's Annual Report on Form 10-K for the year ended December 31, 2004.

The remaining fees paid in each of those years primarily related to tax planning and compliance services, including assistance related to certain foreign subsidiaries.

All Other Fees. There were no other fees paid to E&Y for the years ended December 31, 2004 and December 31, 2003.

Audit Committee Pre-Approval Requirements. The Audit Committee s charter provides that it has the sole authority to review in advance and grant any pre-approvals of (i) all auditing services to be provided by the independent auditor, (ii) all significant non-audit services to be provided by the independent auditors as permitted by Section 10A of the Securities Exchange Act of 1934, and (iii) all fees and the terms of engagement with respect to such services. All audit and non-audit services performed by Ernst & Young during fiscal 2004 were pre-approved pursuant to the procedures outlined above.

There are no family relationships between or among any executive officers or directors of the Company.

We expect each nominee standing for election as a Class I director and Class II director to be able to serve if elected. If any nominee is not able to serve, proxies will be voted in favor of the remainder of those nominated and may be voted for substitute nominees designated by the Board, unless an instruction to the contrary is indicated on the proxy card.

PROPOSAL 2 APPROVAL OF AMENDMENTS TO THE DEFERRED COMPENSATION PLAN
General Information

Upon the recommendation of the Compensation Committee, the Board of Directors has adopted, subject to shareholder approval, amendments to the Company's Deferred Compensation Plan for Directors (the "Deferred Compensation Plan") which was originally approved by the Company's shareholders on May 10, 1995, to: (i) increase the number of shares of Polaris common stock reserved for issuance pursuant to awards under the Deferred Compensation Plan, (ii) extend the term of the Deferred Compensation Plan, which currently expires on May 10, 2005, to May 31, 2010 and (iii) shift the administrative responsibilities under the Deferred Compensation Plan from the Company's Chief Financial Officer to the Compensation Committee. The Company's Board of Directors has determined that it would be in the best interests of the Company and its shareholders to effect these amendments to the Deferred Compensation Plan. Accordingly, the Board of Directors recommends that the shareholders approve the proposed amendments. If the amendments to the Deferred Compensation Plan are approved by the shareholders, these amendments will take effect as of January 20, 2005. If the amendments are not approved, they will not take effect.

The proposed amendments are not related to the recent changes to the tax laws governing deferred compensation arrangements under Section 409A of the Internal Revenue Code. Section 409A has significantly altered the federal income tax rules governing nonqualified deferred compensation plans, and the Internal Revenue Service ("IRS") is expected to issue additional guidance interpreting this new law during 2005. After additional guidance is released by the IRS, it may be necessary to further amend the Deferred Compensation Plan to ensure that it is in compliance with Section 409A. The Company does not intend to seek shareholder approval of any amendments that the Board of Directors approves solely for the purpose of bringing the plan into compliance with Section 409A.

The reserve of shares of common stock under the Deferred Compensation Plan is subject to appropriate adjustment in the event of certain changes in the common stock, including by reason of a stock split. A maximum of 150,000 shares of common stock were originally reserved for issuance under the Deferred Compensation Plan. Of that total, 31,167 shares of common stock remained available for future grants as of February 14, 2005. If the proposed amendment is approved, there will be an aggregate of 81,167 shares available for future grants. The Board of Directors believes that the grant of common stock equivalents to non-employee directors of the Company is a vital factor in attracting, retaining and providing an incentive to non-employee directors by giving them an opportunity for tax deferral and the ability to acquire an increased proprietary interest in the Company, thereby more closely aligning the interests of directors with those of the shareholders of the Company, to encourage the highest level of director performance by providing directors with a direct interest in the Company's attainment of its financial goals and to provide a financial incentive that will help attract and retain the most qualified directors.

The following summary of the Deferred Compensation Plan is qualified in its entirety by reference to the complete text of the Deferred Compensation Plan, which is attached as Annex A.

General Provisions

Duration of the Deferred Compensation Plan; Shares to be Issued. The Deferred Compensation Plan originally became effective on May 10, 1995. If the proposed amendment is approved, the Deferred Compensation Plan will remain effective until May 31, 2010 unless terminated earlier by the Board of Directors.

The shares of common stock to be issued or delivered under the Deferred Compensation Plan will be authorized and unissued shares or previously issued and outstanding shares of common stock reacquired by the Company.

On February 14, 2005, the closing price of Polaris common stock on the New York Stock Exchange was \$70.31 per share.

Table of Contents

Administration. The Deferred Compensation Plan is currently administered by the Chief Financial Officer of the Company. If the proposed amendment is approved, the Deferred Compensation Plan will be administered by the Compensation Committee of the Board of Directors. The Compensation Committee's authority will be limited to such matters as interpreting the Deferred Compensation Plan and making appropriate changes to awards made under the Deferred Compensation Plan to reflect changes in the capital structure of the Company. However, the Compensation Committee will have no discretion regarding the eligibility or amount and timing of awards. The Compensation Committee may delegate administrative authority for such matters as record keeping to one or more officers or employees of the Company.

Participants. Any non-employee director of the Company or its subsidiaries may be selected by the Compensation Committee to receive an award under the Deferred Compensation Plan. Presently, there are 8 Outside Directors eligible to participate in the Deferred Compensation Plan. Under the Deferred Compensation Plan, Outside Directors will receive annual awards of common stock equivalents and can elect to defer all or a portion of the directors and/or chair and meeting fees that would otherwise be paid to him or her in cash. Such deferred amounts will be converted into additional common stock equivalents based on the then fair market value of the common stock. These common stock equivalents are phantom stock units, i.e., each common stock equivalent represents the economic value of one share of common stock. Dividends will be credited to Outside Directors as if the common stock equivalents were outstanding shares of common stock. Such dividends will be converted into additional common stock equivalents.

Awards Available Under the Deferred Compensation Plan. As of each quarterly date on which retainer fees are payable to Outside Directors, each Outside Director will automatically receive an award of common stock equivalents having a fair market value of \$1,250. For purposes of the Deferred Compensation Plan, fair market value will be based on the closing price of the common stock on the NYSE (or other stock exchange or stock quotation system on which the Common Stock is then listed or quoted) on the applicable date. A new Outside Director whose Board service begins between quarterly fee payment dates will receive a pro rated award for the first quarter.

An Outside Director can also defer all or a portion of the directors and/or chair and meeting fees that would otherwise be paid to him or her in cash. Such deferred amounts will be converted into additional common stock equivalents based on the then fair market value of the common stock.

As soon as practicable after an Outside Director's Board service terminates, he or she will receive a distribution of a number of shares of common stock equal to the number of common stock equivalents then credited to him or her under the Deferred Compensation Plan. Upon the death of an Outside Director, the shares will be issued to his or her beneficiary. Upon a change in control of the Company (as defined in the Deferred Compensation Plan), however, each Outside Director will receive a cash payment equal to the value of his or her accumulated common stock equivalents.

New Plan Benefits Table. The New Plan Benefits Table for the Deferred Compensation Plan has been incorporated into Proposal 3 on page 24 of this proxy statement.

Termination and Amendment. The Board of Directors can amend or terminate the Deferred Compensation Plan at any time. However, amendments must be approved by the Company's shareholders if shareholder approval is required in order for the Deferred Compensation Plan to meet applicable statutory or regulatory requirements.

Antidilution Provisions. The amount of shares authorized to be issued under the Deferred Compensation Plan, and the terms of outstanding Common Stock Equivalents, may be adjusted to prevent dilution or enlargement of rights in the event of any merger, consolidation, reorganization, recapitalization, stock dividend, stock split, spin-off, split up, dividend in kind or other change in the corporate structure or distributions to the shareholders.

Certain Federal Income Tax Consequences. The following is a brief summary of the principal federal income tax consequences of the Deferred Compensation Plan based upon current federal income tax laws. The summary is not intended to be exhaustive and, among other things, does not describe state, local or foreign tax consequences.

Table of Contents

Awards of common stock equivalents, and amounts voluntarily deferred pursuant to the Deferred Compensation Plan and converted into common stock equivalents, will not be taxable to the Outside Director until a distribution is made to the Outside Director or to his or her beneficiary. An Outside Director will recognize ordinary income in an amount equal to the amount of cash received or the fair market value of the shares of common stock distributed. The Company will be entitled to take a corresponding tax deduction for the tax year in which the Outside Director recognizes ordinary income. Any appreciation in value of common stock from the distribution date to the date the Outside Director disposes of such common stock will be taxed as capital gain, short-term or long-term, depending on the length of time the common stock was held.

Vote Required

Approval of the Deferred Compensation Plan will require the affirmative vote of the holders of a majority of the shares of Polaris common stock present in person or by proxy and entitled to vote at the Annual Meeting, assuming the presence of a quorum at the Annual Meeting (provided that the number of shares voted in favor of the proposal constitutes more than 25% of the outstanding shares of the Company's common stock).

Board Recommendation

Except where authority has been withheld by a shareholder, the enclosed proxy will be voted for the approval of the Deferred Compensation Plan, as amended. **The Board of Directors unanimously recommends a vote FOR the proposal to approve the amendments to the Deferred Compensation Plan.**

PROPOSAL 3 APPROVAL OF AMENDMENTS TO 1996 RESTRICTED STOCK PLAN

General Information

Upon the recommendation of the Compensation Committee, the Board of Directors adopted, subject to shareholder approval, amendments to the Company's 1996 Restricted Stock Plan, as amended and restated on January 18, 2001 and approved by the Company's shareholders on May 3, 2001 (the "Restricted Stock Plan"), to: (i) increase the number of shares of Polaris common stock reserved for issuance pursuant to awards under the Restricted Stock Plan by 250,000 shares, (ii) extend the term of the Restricted Stock Plan, which currently expires on January 25, 2006, to May 31, 2011, (iii) incorporate into the Restricted Stock Plan performance goals to be used in the case of awards intended to qualify as "performance-based" for purposes of Section 162(m) of the Internal Revenue Code and (iv) rename the plan as the Polaris Industries Inc. Restricted Stock Plan. The Company's Board of Directors has determined that it would be in the best interests of the Company and its shareholders to effect these amendments to the Restricted Stock Plan. Accordingly, the Board of Directors recommends that the shareholders approve the proposed amendments. If the amendments to the Restricted Stock Plan are approved by the shareholders, these amendments will take effect as of January 20, 2005. If the amendments are not approved, they will not take effect.

The reserve of shares of common stock under the Restricted Stock Plan is subject to appropriate adjustment in the event of certain changes in the common stock, including by reason of a stock split. An aggregate of 2,100,000 shares of common stock were originally reserved for issuance under the Restricted Stock Plan. Of that total, 459,964 shares of common stock remained available under the Restricted Stock Plan for future grants as of February 14, 2005. If the proposed amendment is approved, there will be an aggregate of 709,964 shares available for future grants. The Board of Directors believes that the grant of restricted stock to employees of the Company is a vital factor in attracting and retaining effective and capable personnel who contribute to the growth and success of the Company and in establishing a direct link between the financial interests of such individuals and of the Company's shareholders and that it is prudent to increase the number of shares of common stock available for future grants at this time.

The following summary of the Restricted Stock Plan is qualified in its entirety by reference to the complete text of the Restricted Stock Plan, which is attached as Annex B.

General Provisions

Duration of the Restricted Stock Plan; Shares to be Issued. The Restricted Stock Plan originally became effective on May 9, 1996. If the proposed amendment is approved, the Restricted Stock Plan will remain effective until May 31, 2011 unless terminated earlier by the Board of Directors.

The shares of common stock to be issued or delivered under the Restricted Stock Plan will be authorized and unissued shares or previously issued and outstanding shares of common stock reacquired by the Company. Shares of common stock covered by any unvested portions of restricted stock and shares of common stock subject to any awards which are otherwise surrendered by participants without receiving any payment or other benefit with respect thereto may again be subject to new awards under the Restricted Stock Plan.

On February 14, 2005, the closing price of Polaris common stock on the New York Stock Exchange was \$70.31 per share.

Administration. The Restricted Stock Plan is administered by the Compensation Committee of the Board of Directors. The Compensation Committee is comprised solely of non-employee independent directors of the Company who are not eligible to participate in the Restricted Stock Plan. The Compensation Committee determines the employees who will be eligible for and granted awards, determines the amount and type of awards, establishes rules and guidelines relating to the Restricted Stock Plan, establishes, modifies and determines terms and conditions of awards and takes such other action as may be necessary for the proper administration of the Restricted Stock Plan.

Participants. Any employee of the Company or its subsidiaries may be selected by the Compensation Committee to receive an award under the Restricted Stock Plan, however, it is the intention of the Board of

Table of Contents

Directors to limit awards under this plan to awards made to Mr. Tiller under the terms of his employment agreement and discretionary awards made to new hires or in recognition of significant contributions to the Company. Presently, there are approximately 3,500 persons eligible to participate in the Restricted Stock Plan. It is not possible at this time to determine the amount of restricted stock awards to be allocated to specific persons or groups from the additional number of shares being added to the pool of shares available under the Restricted Stock Plan. No participant may receive restricted stock awards in respect of more than 500,000 shares of common stock in any calendar year.

Awards Available Under Restricted Stock Plan. The Compensation Committee may award to any participant restricted shares that are subject to terms and conditions established by the Compensation Committee. In general, restricted shares will be non-transferable and subject to a risk of forfeiture during a period of time set by the Compensation Committee. The Committee may provide for such transfer and forfeiture restrictions to lapse in installments and/or upon the occurrence of specified events. The restrictions may be based on performance goals, periods of service or other standards established by the Compensation Committee.

The Restricted Stock Plan authorizes awards intended to qualify as performance-based for purposes of Section 162(m) of the Internal Revenue Code. Performance goals may include one or more of the following: share price appreciation, earnings, cash flow, revenues and total shareholder return.

If the participant's employment with the Company terminates during the restriction period, his or her rights with respect to the restricted shares will be forfeited, except that all forfeiture restrictions will lapse if the termination is a discharge without cause (as defined) or is due to the participant's death, disability or retirement. Forfeiture restrictions also lapse upon a change in control of the Company (as defined) or in cases of special circumstances where the Compensation Committee deems a waiver of the restrictions to be appropriate.

As soon as practicable after the date of grant of restricted shares, stock certificates representing such shares will be registered in the name of the participant. Unless the Compensation Committee otherwise determines, during the restriction period, these certificates will be held in custody by the Company or its designee. Despite the restrictions, the participant will be the registered owner of the restricted shares and will have the right to vote and receive dividends, if any, with respect to such shares.

Termination and Amendment. The Company has the right to deduct from a participant's salary, bonus or other compensation any taxes required to be withheld with respect to awards made under the Restricted Stock Plan. In the Compensation Committee's discretion, a participant may be permitted to elect to have withheld from the shares otherwise issuable to the participant, or to tender to the Company, the number of shares of Common Stock whose fair market value equals the amount required to be withheld.

Antidilution Provisions. The amount and kind of shares available for issuance under the Restricted Stock Plan and the limit on the number of shares in respect of which awards may be made to any participant in any calendar year shall be appropriately adjusted to reflect any stock dividend, stock split, combination or exchange of shares, merger, consolidation or other change in capitalization with a similar substantive effect.

Withholding Obligations. The Company shall be entitled to withhold (or secure payment from the participant in lieu of withholding) the amount of any withholding or other tax required by law to be withheld or paid by the Company with respect to any stock issuable under the Restricted Stock Plan, or with respect to any income recognized upon the lapse of restrictions applicable to the restricted shares, and the Company may defer issuance of shares under the Restricted Stock Plan until and unless indemnified to its satisfaction against any liability for any such tax.

Certain Federal Income Tax Consequences. The following is a brief summary of the principal federal income tax consequences of awards under the Restricted Stock Plan based upon current federal income tax laws. The summary is not intended to be exhaustive and, among other things, does not describe state, local or foreign tax consequences.

Table of Contents

Due to the presence of transfer and forfeiture restrictions, a grant of restricted shares has generally no tax consequences to the Company or the participant. Except as discussed below, the full fair market value of common stock issued as restricted shares will be taxed as ordinary income to the participant when the restrictions on the stock expire, with such value being determined at the time of such expiration. The Company will receive a corresponding tax deduction at the same time. Dividends received by the participant during the restriction period are treated as compensation income and therefore are taxed as ordinary income to the participant and are deductible by the Company. Dividends received after the restriction period are treated as dividends to the participant and are not deductible by the Company.

The participant may, under Section 83(b) of the Internal Revenue Code, elect to report the current fair market value of restricted shares as ordinary income in the year of grant of the restricted shares, even though the shares of common stock are subject to forfeiture restrictions. If a participant makes such an election, the Company will receive an immediate tax deduction for such fair market value of the shares in the year of grant, but will receive no deduction for any subsequent appreciation during or after the restriction period. In addition, if a Section 83(b) election is made, dividends paid during or after the restriction period will be treated as dividends to the participant and, therefore, will not be deductible by the Company.

In the case of restricted shares as to which no Section 83(b) election is filed, the participant's tax basis in the shares of common stock received equals the amount of ordinary income recognized by the participant upon the lapse of the restrictions with respect to such shares plus any amount paid by the participant for the shares. Upon a subsequent sale or exchange of the shares, the amount realized by the participant in excess of his or her tax basis will be short-term or long-term capital gain or loss, depending on whether the participant has held the shares for at least one year after the restrictions lapse. The Company will receive no additional deduction at the time of disposition of the common stock by the participant.

In the case of restricted shares as to which a Section 83(b) election is made, any appreciation in the value of the subject shares of common stock after a date of grant will be recognized as capital gain by the participant at such time as the participant disposes of the shares in a taxable transaction. Any capital gain then realized will be long-term or short-term, depending upon whether the participant has held the shares for at least one year from the date of grant.

The deductibility by the Company of amounts recognized as ordinary income by participants with respect to restricted shares may be limited under certain provisions of the Internal Revenue Code, including the \$1 million deduction limit per executive under Section 162(m) and the limit with respect to certain payments in connection with a change in control under Section 280G.

Vote Required

Approval of the Restricted Stock Plan will require the affirmative vote of the holders of a majority of the shares of Polaris common stock present in person or by proxy and entitled to vote at the Annual Meeting, assuming the presence of a quorum at the Annual Meeting (provided that the number of shares voted in favor of the proposal constitutes more than 25% of the outstanding shares of the Company's common stock).

Board Recommendation

Except where authority has been withheld by a shareholder, the enclosed proxy will be voted for the approval of the Restricted Stock Plan, as amended. **The Board of Directors unanimously recommends a vote FOR the proposal to approve the amendments to the Restricted Stock Plan.**

EQUITY COMPENSATION PLANS**Equity Compensation Plans Approved by Shareholders**

Our shareholders have approved the Polaris Industries Inc. 1995 Stock Option Plan, the Polaris Industries Inc. 1996 Restricted Stock Plan, the Polaris Industries Inc. Employee Stock Purchase Plan, the Polaris Industries Inc. Deferred Compensation Plan for Directors and the 2003 Non-Employee Director Stock Option Plan.

Equity Compensation Plans Not Approved by Shareholders

The Polaris Industries Inc. 1999 Broad-Based Stock Option Plan was approved by the Board of Directors, but was not approved by the shareholders. Neither the NYSE rules nor federal law required shareholder approval at the time the 1999 Broad-Based Stock Option Plan was adopted and accordingly it was not submitted for shareholder approval.

Under the Polaris Industries Inc. 1999 Broad-Based Stock Option Plan, each of the Company's full-time employees, and any part-time employee who had performed at least 1,000 hours of service prior to the date of grant, received a one-time award of non-qualified stock options to purchase shares of Polaris common stock. The Company's executive officers and directors are not eligible to participate in this plan. On April 1, 1999, an aggregate of 675,400 options were granted under the plan, consisting of an option to each fulltime employee to purchase 200 shares and an option to each part-time employee to purchase 100 shares of Polaris common stock. These grants were made at the fair market value of Polaris common stock as of the grant date. Of the 675,400 options initially granted under the plan, an aggregate of 518,400 options vested on March 7, 2002 when the closing price of Polaris common stock, as reported on the NYSE, was two times the per share exercise price of such options. The Board of Directors does not intend to grant any future options under this plan.

If such termination occurs before a cash bonus for any preceding fiscal year has been paid, the Company is required to pay to the employee the amount of the employee's cash bonus for such preceding fiscal year as soon as it is determinable and such amount is to be included in the determination of the payment to be made pursuant to the Agreement. No cash bonus shall be paid for any part of the fiscal year in which the termination occurs.

COMPENSATION COMMITTEE REPORT ON EXECUTIVE COMPENSATION

The Compensation Committee operates under a written charter adopted by the Company's Board of Directors. The Compensation Committee assists the Board in, among other things, establishing a philosophy and policies regarding executive compensation, providing oversight to the administration of the Company's executive compensation programs and reviewing the compensation of executive officers and senior management. The Committee is comprised entirely of independent directors and is advised by an independent consultant retained by the Compensation Committee.

Executive Compensation Philosophy

Polaris' executive total compensation program is designed to attract and retain highly qualified executives and to motivate them to maximize shareholder returns by achieving aggressive goals. The program is designed to:

Link executives incentive goals with the interests of Polaris shareholders.

Tie executives compensation directly to the Company's performance. A significant portion of each executive's compensation is dependent upon achieving business and financial goals and upon stock price appreciation.

Support the Company's business plans and long-term goals.

Compensation Components

Polaris utilizes two primary components in designing a compensation system appropriate to the needs of the Company and its shareholders:

1. *Annual Compensation:* This component includes base salary and cash-based incentive awards. Base salaries are addressed within the context of competitive compensation levels supported by analysis by the Committee's independent consultant and the total compensation system. Polaris awards annual incentives based on the achievement of performance criteria established for a specific year by the Compensation Committee either under the Polaris profit sharing plan or, in the case of the Company's senior executives, under the Company's Senior Executive Annual Incentive Compensation Plan, a performance based plan established by the Committee and approved by Polaris shareholders in 2004. Each executive has a bonus target expressed as a percentage of base salary based on the individual's level of responsibility. The Committee also has discretion to provide less than target awards based on individual performance. Payments under this plan for 2004 performance were based upon earnings per share growth. The Compensation Committee has also determined that payments under the plan for 2005 performance will be based upon earnings per share growth.

2. *Long-Term Compensation:* This component includes stock options, restricted stock and longer-term cash-based incentive awards. Options issued by the Company have an exercise price of no less than fair market value on the date of award and generally vest three years from the date of grant. The Committee currently makes restricted share awards in connection with promotions or outstanding performance, hiring new executives and extending existing employment arrangements. Restricted share awards generally vest only upon the attainment of certain financial metrics. Polaris' Chief Financial Officer was granted 10,000 restricted shares in 2004 for his consistent high performance and his competitive position compared to similar positions in the established comparative company group. Polaris executives (other than its Chief Executive Officer) and employees generally are eligible to earn long-term cash-based incentive awards through participation in Polaris' Long Term Incentive Plan, which was established by the Committee and approved by Polaris shareholders in 2004. Awards are determined by financial performance measured against financial benchmarks determined by the Compensation Committee. The Compensation Committee has established earnings per share growth and revenue growth benchmarks that will determine awards earned under the plan for the two three-year cycles ending December 31, 2006 and 2007, respectively. At the beginning of the plan cycle, participants choose how they would like their payout to be calculated: (1) cash value at the time of award; or (2) cash value tied

to Polaris stock price movement over the 3-year plan. The ultimate value of the long-term compensation component depends on Company performance, in most instances as measured against objectives set by the Compensation Committee, and/or future stock price appreciation.

Factors Considered in Determining Compensation

The Compensation Committee intends that, in order to attract and retain talented individuals, the compensation of Polaris executives be competitive with other companies in its comparable market. On an annual basis, the Committee reviews competitive compensation levels based upon a report compiled by the Committee's consultant that includes comparative compensation data from a survey of a group of companies determined by the consultant and the Committee to be relevant for executive compensation comparison purposes. In 2004, the survey group included 63 companies, primarily in the manufacturing industry, with sales ranging from \$1 billion to \$4 billion. The consultant's report addresses all aspects and components of compensation and compares and contrasts Polaris executive compensation with the compensation of similarly situated executives at the companies within the survey group. In its annual review, the Committee and its consultant take into consideration differences in the size and success of the companies surveyed and any material differences in performance, responsibilities and authority between and among Polaris executives and executives at the various companies within the survey group for purposes of determining executive compensation. Utilizing the information provided by its compensation consultant, the Committee conducts its own review of various parts of the compensation program and an assessment of skills, experience and achievements of individual executives to determine the compensation targets of Company officers as a group and individually. The Committee approves any changes to the compensation of Company officers including base salary, annual incentive payments, stock options, restricted stock and long-term cash incentive awards.

An objective of Polaris' executive compensation program is to approximate over time the survey group's median compensation, adjusted for company size and performance and to pay higher than the median compensation if Polaris outperforms comparable companies and an executive contributes meaningfully to that performance. In 2004, Polaris executive salaries, annual incentive and long term incentive awards were consistent with this goal.

The Committee also considers the tax deductibility to Polaris of compensation paid to its executives. Section 162(m) of the Internal Revenue Code generally provides that a publicly held corporation will not be entitled to deduct for federal income tax purposes compensation paid to either its chief executive officer or any of its four other most highly compensated executive officers in excess of \$1 million in any year if that compensation is not performance related. Compensation based upon Company performance is not subject to the deduction limit if certain requirements are met. In 2004, the Company was not entitled to deduct a portion of the compensation resulting from the vesting of certain restricted share awards granted to the Chief Executive Officer in 2000 and 2001 and the annual profit sharing bonuses paid to certain executive officers under Polaris' company-wide profit sharing plan because that plan does not meet Section 162(m)'s requirement that bonuses be payable solely on account of attainment of one or more performance goals. In April 2004, shareholders approved Polaris' Senior Executive Annual Incentive Compensation Plan and its Long Term Incentive Plan. Senior executives of the Company, to whom Section 162(m) is applicable, now participate in the Senior Executive Annual Incentive Compensation Plan in lieu of the company-wide profit sharing plan. Awards under both plans approved by shareholders in 2004 would meet the requirements of Section 162(m) and be tax deductible to the Company. Additionally, future grants under the Company's stock based compensation programs, including stock option and restricted stock programs, are expected to be performance based for purposes of Section 162(m).

Compensation of the Chief Executive Officer

The executive compensation philosophy and factors in determining compensation described above also apply to the compensation of the Chief Executive Officer except that the Chief Executive Officer is not eligible for the long term cash-based incentive plan that was established in 2004.

Pursuant to an employment agreement effective January 1, 2005, Mr. Tiller's base salary is \$750,000 per year. From November 1, 2002 through December 31, 2004 Mr. Tiller's base salary was \$675,000. In addition to this base salary, the benefits and perquisites paid or made available to Mr. Tiller during 2004 and under his new contract include club memberships, club dues, financial planning and tax preparation, Exec-U-Care in addition to standard employee medical and dental benefits, 401(k) Retirement Savings Plan participation augmented by the Supplemental Retirement/Savings Plan, which is designed to mirror the 401(k) Retirement Savings Plan. In addition, Mr. Tiller's compensation is in excess of the limitation in effect under Section 401(a)(17) of the Internal Revenue Code, which limits contributions to 401(k) retirement plans. Therefore, he, and other similarly situated employees of the Company, are eligible to make contributions of deferred income to the Supplemental Retirement/Savings Plan. This plan allows him to make contributions above the IRS annual limits on 401(k) contributions. His contributions are matched by the Company and are limited to the Company match on his 401(k) contributions. In 2004 Mr. Tiller and the Company each contributed \$81,000 to the plan.

In accordance with the established Senior Executive Annual Incentive Compensation Plan, Mr. Tiller was awarded \$1,350,000 in February 2005 for his 2004 performance. The specific amount of Mr. Tiller's award was determined by the achievement of certain pre-established earnings per share benchmarks. The Compensation Committee considered the Company's high quality earnings, the strength of its balance sheet, growth initiatives, high productivity and consistent financial growth and strong leadership in determining to pay the full award available based on the Company's actual performance as measured against the benchmarks contained in the payout matrix established at the beginning of the year. The award is consistent with the executive compensation philosophy to approximate the median compensation of the Chief Executive Officer in the comparative companies, adjusted for comparative company size and performance and to pay above the median when the Company performance warrants it. In 2004, Mr. Tiller led Polaris to 14% sales from continuing operations growth, 14% earnings per share from continuing operations growth and 57% shareholder return as the result of an appreciation in stock price and dividend payments.

Pursuant to his employment agreement, Mr. Tiller was granted 100,000 stock options with an exercise price of \$59.45 and awarded 50,000 restricted shares in November 2004. Both the stock option grant and the restricted share award are considered performance based for purposes of Section 162(m) of the Internal Revenue Code. The stock options were granted in accordance with the Company's 1995 Stock Option Plan and vest on the third anniversary of the date of grant. The restricted share awards were granted in accordance with the Company's 1996 Restricted Stock Plan and the restricted shares of common stock granted thereunder become freely tradeable only upon the Company achieving certain compounded earnings growth targets within a three or four year period.

of the Plan. Notwithstanding the foregoing, the Committee shall have no authority, discretion or power to select the Directors who will receive awards pursuant to the Plan, determine the awards to be granted pursuant to the Plan, the number of shares of Stock to be issued thereunder or the time at which such awards are to be granted, established the duration and nature of awards or alter any other terms or conditions specified in the Plan, except in the sense of administering the Plan subject to the provisions of the Plan. The determinations of the Committee on matters within its authority shall be conclusive and binding upon the Company and other persons. The Committee may delegate such of its powers and authority under the Plan as it deems appropriate to designated officers or employees of the Company. The Plan shall be interpreted and implemented in a manner so that Directors will not fail, by reason of the Plan or its implementation, to be disinterested persons within the meaning of Rule 16b-3 under Section 16 of the Exchange Act, as such rule may be amended.

Section 4. *Stock Subject to the Plan*

4.1 *Number of Shares.* There shall be authorized for issuance under the Plan in accordance with the provisions of the Plan 200,000 shares of Stock. This authorization may be increased from time to time by approval of the Board and by the shareholders of the Company if such shareholder approval is required. The Company shall at all times during the term of the Plan retain as authorized and unissued Stock at least the number of shares from time to time required under the provisions of the Plan, or otherwise assure itself of its ability to perform its obligations hereunder. The shares of Stock issuable hereunder shall be authorized and unissued shares or previously issued and outstanding shares of Common Stock reacquired by the Company.

4.2 *Other Shares of Stock.* Any shares of Stock that are subject to a Common Stock Equivalent and for any reason are not issued to a Director shall automatically become available again for use under the Plan.

4.3 *Adjustments upon Changes in Stock.* If there shall be any change in the Stock of the Company, through merger, consolidation, reorganization, recapitalization, stock dividend, stock split, spinoff, split up, dividend in kind or other change in the corporate structure or distribution to the shareholders, appropriate adjustments shall be made by the Committee (or if the Company is not the surviving corporation in any such transaction, the board of directors of the surviving corporation) in the aggregate number and kind of shares subject to the Plan, and the number and kind of shares which may be issued under the Plan. Appropriate adjustments may also be made by the Committee in the terms of Common Stock Equivalents under the Plan to reflect such changes and to modify any other terms of outstanding awards on an equitable basis as the Committee in its discretion determines.

Section 5. *Common Stock Equivalent Awards*

5.1 *Grants of Common Stock Equivalent Awards.* Common Stock Equivalents having a Fair Market Value on the date of grant equal to \$1,250 shall be granted automatically, as of each Quarterly Payment Date, to each Director who is entitled to receive a retainer fee on such date; provided, however, that in the case of the first Quarterly Payment Date applicable to any person who is a Director on the date the Plan becomes effective, \$3,750 shall be substituted for \$1,250 in the foregoing provision. If a person becomes a member of the Board between Quarterly Payment Dates, whether by action of the shareholders of the Company or the Board, such person shall be granted automatically, as of the date his or her Board service commences, a pro rata Common Stock Equivalent Award equal to a full Award (determined pursuant to the immediately preceding sentence as if the date such Director began serving on the Board was a Quarterly Payment Date) multiplied by a fraction (not in excess of 1.0), the numerator of which is the number of days during the period beginning with the date upon which such Director commences Board service and ending with the next following Quarterly Payment Date, and the denominator of which is the total number of days during the period beginning on the Quarterly Payment Date immediately preceding the commencement of Board service by the Director and ending on the next following Quarterly Payment Date.

5.2 *Deferral Elections.* A Director may elect to defer receipt of all or a specified portion of the annual retainer, chair and/or meeting fees otherwise payable in cash to the Director for serving on the Board or any committee thereof. A Director may make the elections permitted hereunder by giving written notice to the Company in a form approved by the Committee. The notice shall include: (i) the percentage of chair and/or

Table of Contents

meeting fees or annual retainer to be deferred, and (ii) the time as of which deferral is to commence. Amounts deferred by a Director pursuant to this Section 5.2 shall be converted into Common Stock Equivalents in accordance with Section 5.4.

5.3 *Time For Electing Deferral.* Any election to defer annual retainer, chair and/or meeting fees shall be made prior to the date such fees are earned by the Director. Any subsequent election to (i) alter the portion of such amounts deferred or (ii) revoke an election to defer such amounts, must be made no later than six months prior to the time such compensation is earned by the Director and credited to the Director's Deferred Stock Account pursuant to Section 5.4 hereof.

5.4 *Deferred Stock Accounts.* A Deferred Stock Account shall be established for each Director. Fees deferred by a Director shall be credited to such Account as of the date such amounts would have otherwise been paid in cash to the Director, and shall be converted, based on Fair Market Value as of the date such amounts would have otherwise been paid in cash to the Director, into additional Common Stock Equivalents. A Director's Deferred Stock Account shall also be credited with dividends and other distributions pursuant to Section 5.5.

5.5 *Hypothetical Dividends on Common Stock Equivalents.* Dividends and other distributions on Common Stock Equivalents shall be deemed to have been paid as if such Common Stock Equivalents were actual shares of Stock issued and outstanding on the respective record or distribution dates. Common Stock Equivalents shall be credited to the Deferred Stock Account in respect of cash dividends and any other securities or property issued on the Stock in connection with reclassifications, spinoffs and the like on the basis of the value of the dividend or other asset distributed and the Fair Market Value of the Common Stock Equivalents on the date of the announcement of the dividend or asset distribution, all at the same time and in the same amount as dividends or other distributions are paid or issued on the Stock. Fractional shares shall be credited to a Director's Deferred Stock Account cumulatively but the balance of shares of Common Stock Equivalents in a Director's Deferred Stock Account shall be rounded to the next highest whole share for any payment to such Director pursuant to Section 5.7 hereof.

5.6 *Statement of Accounts.* A statement will be sent to each Director as to the balance of his or her Deferred Stock Account at least once each calendar year.

5.7 *Payment of Accounts.* A Director shall receive a distribution of his or her Deferred Stock Account as soon as practicable following his or her termination of services as a Director. Such distribution shall consist of one share of Stock for each Common Stock Equivalent credited to such Director's Deferred Stock Account as of the Quarterly Payment Date immediately preceding the date of distribution.

5.8 *Payments to A Deceased Director's Estate.* In the event of a Director's death before the balance of his or her Deferred Stock Account is fully paid to him, payment of the balance of the Director's Deferred Stock Account shall then be made to his estate in the time and manner selected by the Committee in the absence of a designation of a beneficiary pursuant to Section 5.9 hereof. The Committee may take into account the application of any duly appointed administrator or executor of a Director's estate and direct that the balance of the Director's Deferred Stock Account be paid to his estate in the manner requested by such application.

5.9 *Designation of Beneficiary.* A Director may designate a beneficiary on a form approved by the Committee.

5.10 *Change in Control.* Notwithstanding any provision of this Plan to the contrary, in the event a Change in Control of the Company occurs, within ten (10) days of the date of such Change in Control, each Director shall receive a lump sum distribution in cash equal to the value of all Common Stock Equivalents credited to such Director's Deferred Stock Account as of the Quarterly Payment Date immediately preceding the date of distribution (based upon the highest Fair Market Value during the 30 days immediately preceding the Change in Control).

Section 6. *Assignability*

The right to receive payments or distributions hereunder shall not be transferable or assignable by a Director other than by will or the laws of descent and distribution.

Section 7. *Plan Termination, Amendment and Modification*

The Plan shall automatically terminate at the close of business on May 31, 2010 unless sooner terminated by the Board. The Board may at any time terminate, and from time to time may amend or modify the Plan, provided, however, that no amendment or modification may become effective without approval of the amendment or modification by the shareholders if shareholder approval is required to enable the Plan to satisfy any applicable statutory or regulatory requirements.

behalf of the Participant, evidencing such Restricted Stock, but subject to forfeiture to the Corporation retroactive to the Date of Grant if an Award Agreement delivered to the Participant by the Corporation with respect to the Restricted Stock is not duly executed by the Participant and timely returned to the Corporation. 6.04 *No Right to Award; No Right to Continued Service.* No person shall have any claim of right to be permitted to participate or be granted an award under this Plan. 6.11 *Amendment And Termination.*

(a) *Amendment.* The Board shall have complete power and authority to amend the Plan at any time it is deemed necessary or appropriate. No termination or amendment of the Plan may, without the consent of the Participant to whom any award shall theretofore have been granted under the Plan, adversely affect the right of such individual under such award; provided, however, that the Committee may, in its sole discretion, make such provision in the Award Agreement for amendments which, in its sole discretion, it deems appropriate.

(b) *Termination.* The Board shall have the right and the power to terminate the Plan at any time.
