ITEM 2.01. ACQUISITION OR DISPOSITION OF ASSETS

On April 11, 2007, Ashford Hospitality Trust, Inc. (the Company) acquired a 51-property, 13,524 room (net after joint venture adjustment) hotel portfolio for approximately \$2.4 billion from CNL Hotels and Resorts, Inc. Pursuant to this agreement, the Company acquired 100% of 33 properties and 70%-89% of 18 properties through existing joint ventures.

The 51-property hotel portfolio consists of 24 full-service, upper-upscale hotels and 27 premium select-service hotels. The 24 full-service, upper-upscale hotels, which comprise 7,953 rooms, feature such brand names as Hilton, Embassy Suites, JW Marriott, Marriott, Doubletree, Renaissance, and Hyatt. The 27 premium select-service hotels, which comprise 5,571 rooms, feature brands such as Courtyard by Marriott, Residence Inn by Marriott, SpringHill Suites by Marriott, Fairfield Inn by Marriott, TownePlace Suites by Marriott, and Hampton Inn. (The foregoing room numbers are net of the interests of the joint venture partners.)

The Company will operate the hotels under existing long-term management agreements with Marriott, Hilton, Hyatt, and Interstate Hotels and Resorts.

To fund this acquisition, the Company utilized several sources as follows: borrowings of approximately \$928.5 million of ten-year, fixed-rate debt at an average blended interest rate of 5.95%, approximately \$555.1 million of three-year, variable-rate debt with two one-year extension options at an interest rate of LIBOR plus 1.65%, and approximately \$325.0 million of one-year, variable-rate debt with two one-year extension options at an interest rate of LIBOR plus 1.5%, the sale of 8.0 million shares of Series C Cumulative Redeemable Preferred Stock for approximately \$200.0 million (less a commitment fee) at a dividend rate of LIBOR plus 2.5%, and assumed fixed-rate debt of approximately \$432.3 million (net of debt attributable to joint venture partners), representing ten fixed-rate loans with an average blended interest rate of 6.09% and expiration dates ranging from 2008 to 2025. In addition, the Company executed a \$200.0 million credit facility, of which \$50.0 million was drawn to fund this acquisition, with interest rates ranging from LIBOR plus 1.55% to LIBOR plus 1.95% depending on the loan-to-value ratio, which matures April 9, 2010 with two one-year extension options, requires interest-only payments through maturity, and requires quarterly commitment fees ranging from 0.125% to 0.20% of the average undrawn balance during the quarter.

ITEM 9.01. PRO FORMA FINANCIAL INFORMATION

ASHFORD HOSPITALITY TRUST, INC.
CONSOLIDATED PRO FORMA FINANCIAL STATEMENTS

Management prepared the following pro forma financial statements, which are based on the historical consolidated financial statements of Ashford Hospitality Trust, Inc. (the Company) and adjusted to give effect to several acquisitions completed after December 31, 2005 and the related debt and equity offerings to fund those acquisitions, as discussed below, as if such transactions occurred at the beginning of the period presented.

On January 25, 2006, in a follow-on public offering, the Company issued 12,107,623 shares of its common stock at \$11.15 per share, which generated gross proceeds of approximately \$135.0 million. However, the aggregate proceeds to the Company, net of underwriters' discount and offering costs, was approximately \$128.1 million. The 12,107,623 shares issued include 1,507,623 shares sold pursuant to an over-allotment option granted to the underwriters. The net proceeds were used for a \$60.0 million pay-down on the Company's \$100.0 million credit facility, due August 17, 2008, on January 31, 2006, a \$45.0 million pay-down on the Company's \$45.0 million mortgage loan, due October 10, 2007, on February 9, 2006, and the acquisition of the Marriott at Research Triangle Park hotel property on February 24, 2006 for \$28.0 million, as discussed below.

On February 24, 2006, the Company acquired the Marriott at Research Triangle Park hotel property in Durham, North Carolina, from Host Marriott Corporation for approximately \$28.0 million in cash. The Company used proceeds from its sale of two hotels on January 17, 2006 and its follow-on public offering on January 25, 2006 to fund this acquisition.

On April 19, 2006, the Company acquired the Pan Pacific San Francisco Hotel in San Francisco, California, for approximately \$95.0 million in cash. The Company used proceeds from two credit facility draws of approximately \$88.9 million and \$15.0 million to fund this acquisition.

On July 13, 2006, the Company acquired the Marriott Crystal Gateway hotel in Arlington, Virginia, from EADS Associates limited Partnership for approximately \$107.2 million. The purchase price consisted of the assumption of approximately \$53.3 million of mortgage debt, the issuance of approximately \$42.7 million worth of limited partnership units, which equates to 3,814,842 units valued at \$11.20 per unit, approximately \$2.5 million in cash paid in lieu of units, the reimbursement of capital expenditures costs of approximately \$7.2 million, and other net closing costs and adjustments of approximately \$1.5 million. The limited partnership units issued represent Class B common units, with a fixed dividend rate of 6.82% in years 1-3 and 7.2% thereafter based on the \$11.20 per unit price, and have priority in payment of cash dividends over holders of common units. After ten years, either party may convert these units to common units. For accounting purposes, these units were valued at approximately \$40.6 million or \$10.64 per unit, which represents the average market price of the Company's common stock from five business days before the definitive agreement was finalized on May 18, 2006 to five business days after such date. In addition, the Company assumed the existing management agreement which expires in 2017 with three ten-year renewal options. The management agreement provides for a base management fee of 3% of the hotel's gross revenues plus certain incentive management fees. Based on the Company's review of this management agreement, the Company concluded that the terms are more favorable to the manager than a typical current market management agreement. Hence, the Company recorded an unfavorable contract liability of approximately \$15.8 million related to this management agreement as of the acquisition date.

On July 25, 2006, in a follow-on public offering, the Company issued 14,950,000 shares of its common stock at \$11.40 per share, which generated gross proceeds of approximately \$170.4 million. However, the aggregate proceeds to the Company, net of underwriters' discount and offering costs, was approximately \$162.0 million. The 14,950,000 shares issued include 1,950,000 shares sold pursuant to an over-allotment option granted to the underwriters. On July 25, 2006, the net proceeds were used to pay down the Company's \$30.0 million balance on its \$47.5 million credit facility, due October 10, 2007, and pay down its \$98.9 million balance on its \$100.0 million credit facility, due August 17, 2008.

On November 9, 2006, the Company acquired the Westin O'Hare hotel property in Rosemont, Illinois, for approximately \$125.0 million in cash. To fund this acquisition, the Company used cash available on its balance sheet and proceeds from a \$101.0 million mortgage loan executed on November 16, 2006.

On December 7, 2006, the Company acquired a seven-property hotel portfolio (MIP Portfolio) from a partnership of affiliates of Oak Hill Capital Partners, The Blackstone Group, and Interstate Hotels and Resorts for approximately \$267.2 million in cash. Of the seven acquired hotels, five are considered core hotels while two are considered non-core hotels, which the Company intends to sell. To fund this acquisition, the Company used cash available on its balance sheet, proceeds from a \$25.0 million draw on a credit facility, and proceeds from a \$212.0 million mortgage loan executed on December 7, 2006.

On April 11, 2007, the Company acquired a 51-property hotel portfolio (CNL Portfolio) from CNL Hotels and Resorts, Inc. (CNL) for approximately \$2.4 billion plus closing costs of approximately \$80.0 million. Pursuant to this agreement, the Company acquired 100% of 33 properties and 70%-89% of 18 properties through existing joint ventures. To fund this acquisition, the Company utilized several sources as follows: borrowings of approximately \$928.5 million of ten-year, fixed-rate debt at an average blended interest rate of 5.95%, approximately \$555.1 million of three-year, variable-rate debt with two one-year extension options at an interest rate of LIBOR plus 1.65%, and approximately \$325.0 million of one-year, variable-rate debt with two one-year extension options at an interest rate of LIBOR plus 1.5%, the sale of 8.0 million shares of Series C Cumulative Redeemable Preferred Stock for approximately \$200.0 million at a dividend rate of LIBOR plus 2.5%, and assumed fixed-rate debt of approximately \$432.3 million, which is net of approximately \$129.8 million of debt related to minority interest holders, representing ten fixed-rate loans with an average blended interest rate of 6.09% and expiration dates ranging from 2008 to 2025. In addition, the Company executed a \$200.0

million credit facility, of which \$50.0 million was drawn to fund this acquisition, with interest rates ranging from LIBOR plus 1.55% to LIBOR plus 1.95% depending on the loan-to-value ratio, which matures April 9, 2010 with two one-year extension options, requires interest-only payments through maturity, and requires quarterly commitment fees ranging from 0.125% to 0.20% of the average undrawn balance during the quarter. With respect to this acquisition, the Company assumed certain existing management agreements. Based on the Company's review of these management agreements, the Company concluded that the terms of certain management agreements are more favorable to the manager than a typical current-market management agreement. As a result, the Company recorded an unfavorable contract liability of approximately \$10.3 million related to these management agreements, which will be amortized as a reduction to incentive management fees on a straight-line basis over the initial terms of the related management agreements. The purchase price allocation related to CNL Portfolio is preliminary subject to further internal review and third-party appraisals.

The following consolidated pro forma financial statements should be read in conjunction with the Company's Form 8-K filed with the Securities and Exchange Commission on January 18, 2007, which announced the impending acquisition of CNL, the Company's consolidated financial statements and notes thereto for the year ended December 31, 2006, which are incorporated by reference in the Company's Form 10-K, filed March 9, 2007, and the consolidated financial statements and notes thereto related to CNL included in the Form 8-K amended by this Form 8-K/A. In the Company's opinion, all significant adjustments necessary to reflect these acquisitions and related equity offerings have been made.
