## **Section 8 Other Events**

### **Item 8.01 Other Events.**

On December 20, 2006, the Illinois Commerce Commission (ICC) approved a rate stabilization program for Commonwealth Edison Company (ComEd) that allows residential customers to phase in over a number of years rate increases initially scheduled to take effect on January 2, 2007, as well as a real-time pricing program for ComEd that allows residential customers access to hourly electricity pricing.

Additionally, on December 20, 2006, the ICC issued its written Order in the rehearing of ComEd's delivery service rate case. On July 26, 2006, the ICC approved a rate increase of \$8.3 million. In its rehearing order the ICC approved an additional increase of \$74.3 million for a total increase of \$82.6 million. As previously disclosed, ComEd believed the intent of the July 26, 2006 Rate Order was to allow ComEd recovery of its previously incurred severance costs of \$158 million through its administrative and general (A&G) expenses; however, ComEd requested clarification from the ICC during the rehearing related to the amount of A&G expenses. The December 20, 2006 Order clarified the recovery of these previously incurred severance costs; as such, ComEd anticipates recording a regulatory asset of \$158 million in the fourth quarter of 2006 to reflect this clarification. The impact of recording this asset will not be included in Exelon Corporation's (Exelon) adjusted (non-GAAP) operating earnings for 2006.

ComEd issued a press release on December 20, 2006 concerning the above actions taken by the ICC. A copy of ComEd's press release is attached as Exhibit 99.1. The ICC Order regarding ComEd's delivery service rate case is available on the ICC's website, <http://www.icc.illinois.gov/e-Docket>. The Docket Number is 05-0597.

On December 21, 2006, the Illinois Attorney General filed a motion in the Illinois Appellate Court to stay scheduled increases in rates related to energy procurement during the pendency of her appeal. ComEd will object to this motion.
