**THE FOLLOWING LETTER IS TO BE UTILIZED BY HOSPITAL CEOS FOR  
COMMUNICATIONS WITH PHYSICIANS IN CONNECTION WITH THE MERGER.**

**SAMPLE LETTER FOR CEOS TO PHYSICIANS**

Dear Dr. XXXX:

You may have seen media coverage recently of a merger agreement between our hospital's parent company, HCA, and a private equity consortium that includes three respected private equity firms, as well as Dr. Thomas F. Frist, Jr. and certain members of his family. Should the transaction close, it is expected that members of HCA management would also become investors.

This means HCA would once again become a private company, for the third time in the organization's 38-year history. I mention this because it is very reassuring that HCA has maintained, throughout its history, a consistent, reliable, patients-first approach to quality care. I have attached to this letter a press release announcing the agreement.

Let me share with you some thoughts from HCA's chairman and CEO, from an email sent to HCA employees:

*After careful analysis, the special committee and the board have endorsed this transaction as being in the best interests of our shareholders. We are very pleased to have an experienced group of investors who are committed to maintaining our company's culture of a patients-first approach to quality care. They are also committed to the welfare of our colleagues across the company who carry out that mission every day. These are the principles on which HCA was founded.*

Let me reiterate Jack's sentiments, and assure you that for our hospital operations, for our staffs, our patients, and for you, this potential change of ownership should be a seamless transition. We will proceed, as we always have, with our mission of providing compassionate, quality care to the patients who rely on us every day.

Thank you.

Sincerely,

XXCEO
