QUESTIONS AND ANSWERS

1. What is a proxy?

A proxy is a procedure which enables you, as a shareholder, to authorize someone else to cast your vote for you. The Board of Directors of the Company is soliciting your proxy, and asking you to authorize Robert S. Cubbin, President and Chief Executive Officer, Karen M. Spaun, Senior Vice President and Chief Financial Officer, or Michael G. Costello, Senior Vice President, General Counsel and Secretary of the Company, to cast your vote at the 2009 Annual Meeting. You may, of course, cast your vote in person or abstain from voting, if you so choose. The term proxy is also used to refer to the person who is authorized by you to vote for you.

2. What is a proxy statement and a proxy card?

A proxy statement is the document the United States Securities and Exchange Commission (the SEC) requires to explain the matters on which you are asked to vote. A proxy card is the form by which you may authorize someone else, and in this case, Mr. Cubbin, Ms. Spaun, or Mr. Costello, to cast your vote for you. This proxy statement and proxy card with respect to the Company's 2009 Annual Meeting were mailed on or about April 10, 2009 to all shareholders entitled to vote at the Annual Meeting.

3. Who is entitled to vote?

Only holders of shares of the Company's common stock at the close of business on March 13, 2009 (the Record Date) are entitled to vote at the Annual Meeting. Each shareholder of record has one vote for each share of common stock for each matter presented for a vote.

4. What will I vote on at the Annual Meeting?

At the Annual Meeting, shareholders will vote upon:

- (i) Election of four directors for a three-year term expiring in 2012, or until the election and qualification of their successors;
- (ii) Ratification of the appointment of Ernst & Young LLP as the Company's independent registered public accounting firm;
- (iii) Approve the Meadowbrook Insurance Group, Inc. 2009 Equity Compensation Plan; and
- (iv) Transact any other business that is properly submitted before the Annual Meeting or any adjournments of the Annual Meeting.

Table of Contents

5. How does the Board of Directors recommend I vote on the proposals?

The Board of Directors recommends a vote FOR each proposal.

6. How can I vote?

You can vote in person or by proxy. To vote by proxy, complete, sign, date and return the enclosed proxy card in the enclosed envelope. If you returned your signed proxy card to the Company before the Annual Meeting, the persons named as proxies on the card will vote your shares as you direct. Shares represented by proxies, which are marked WITHHELD to vote for all four nominees for director, or for any individual nominee(s) for election as director(s) and which are not otherwise marked FOR the other nominees will not be counted in determining whether a plurality vote has been received for the election of directors. Similarly, shares represented by proxies, which are marked ABSTAIN on the proposals to ratify the appointment of Ernst & Young LLP as independent registered public accounting firm for the Company in 2009 and to approve the adoption of the 2009 Equity Compensation Plan will not be counted in determining whether the requisite vote has been received for such proposal. IF YOU WISH TO VOTE IN THE MANNER THE BOARD OF DIRECTORS RECOMMENDS, IT IS NOT NECESSARY TO SPECIFY YOUR CHOICE ON THE PROXY CARD. SIMPLY SIGN, DATE AND RETURN THE PROXY CARD IN THE ENCLOSED ENVELOPE. You may revoke a proxy at any time before the proxy is voted by:

- (i) Providing written notice of revocation to the Secretary of the Company at the address shown on the Notice of Annual Meeting of Shareholders on the first page of this statement;
- (ii) Submitting another proxy that is properly signed and dated later; or
- (iii) Voting in person at the meeting (but only if the shares are registered in the Company's records in your name and not in the name of a broker, dealer, bank or other third party).

7. Is my vote confidential?

Yes, your vote is confidential. Only the inspectors of election and certain employees associated with processing proxy cards and counting the votes have access to your proxy card. All comments received will be forwarded to management on an anonymous basis unless you request that your name be disclosed.

8. What is a quorum?

There were 57,447,707 shares of the Company's common stock outstanding on the Record Date. A majority of the outstanding shares, or 28,723,855 shares, present or represented by proxy, constitutes a quorum. A quorum must exist to conduct business at the Annual Meeting. Abstentions and broker non-votes are counted as votes present. A broker non-vote is a proxy a broker submits that does not indicate a vote for the proposal, because the broker does not have discretionary voting authority and the broker did not receive instructions as to how to vote on the proposal.

9. How does voting work?

If a quorum exists at the Annual Meeting, a plurality vote, being the greatest number, of the shares voted, although not a majority is required to elect the four nominees for director. The four nominees receiving the highest number of votes will be elected. If a quorum is present, the affirmative vote by the holders of a majority of the shares present, or represented by proxy, is required to ratify the appointment of Ernst & Young LLP as the independent registered public accounting firm of the Company for 2009 and to approve the 2009 Equity Compensation Plan. Broker non-votes are

excluded for each of these purposes. Therefore, a broker non-vote will have no effect on the proposals to elect the four nominees for director and ratify the appointment of Ernst & Young LLP as the independent registered public accounting firm for the Company in 2009, and to approve the 2009 Equity Compensation Plan.

The Company will vote properly executed proxies it receives prior to the Annual Meeting in the way you direct. If you do not specify instructions, the shares represented by proxies will be voted FOR the nominees for director and FOR the ratification of Ernst & Young LLP as the Company's independent registered public

Table of Contents

accounting firm for the Company in 2009 and FOR the approve of the 2009 Equity Compensation Plan. No other proposals are currently scheduled to be presented at the meeting.

10. Who pays for the costs of the Annual Meeting?

The Company pays the cost of preparing and printing the proxy statement, proxy card and soliciting proxies. The Company will solicit proxies primarily by mail, but also may solicit proxies personally and by telephone, facsimile or other means. Officers and regular employees of the Company and its subsidiaries also may solicit proxies, but will receive no additional compensation for doing so, nor will their efforts result in more than a minimal cost to the Company. The Company also will reimburse banks, brokerage houses and other custodians, nominees and fiduciaries for their out-of-pocket expenses for forwarding solicitation material to beneficial owners of the Company's common stock.

11. What other information about Meadowbrook Insurance Group, Inc. is available?

The Company maintains a corporate website, www.meadowbrook.com, where the Company makes available, free of charge, copies of its Annual Report on Form 10-K, Quarterly Reports on Form 10-Q, Current Reports on Form 8-K, and any amendments to those reports, as soon as reasonably practicable after they are filed. In addition, the Company maintains the charters of its Governance and Nominating Committee, the Compensation Committee, the Audit Committee, the Finance Committee, and the Investment Committee of its Board of Directors on its website, as well as the Company's Corporate Governance documents, Code of Conduct, and its Business Conduct Policy. Printed copies of the above are available, free of charge, to any shareholder who requests this information.

12. When are stockholder proposals for the 2009 Annual Meeting due?

All shareholder proposals to be considered for inclusion in next year's proxy statement under Securities and Exchange Commission Rule 14a-8 must be submitted in writing to the Secretary of the Company at the address shown on the Notice of Annual Meeting of Shareholders on the first page of this booklet by December 11, 2009.

For any proposal that is not submitted for inclusion in next year's proxy statement but instead is sought to be presented directly at next year's annual meeting, Securities and Exchange Commission rules permit management to vote proxies in its discretion if (a) the Company receives notice of the proposal before the close of business on February 24, 2010 and advises shareholders in next year's proxy statement about the nature of the matter and how management intends to vote on such matter, or (b) does not receive notice of the proposal prior to the close of business on February 24, 2010.

The Company reserves the right to reject, rule out of order, or take other appropriate action with respect to any proposal that does not comply with these and other applicable requirements.

**THE FIRST PROPOSAL ON WHICH YOU ARE VOTING
THE ELECTION OF FOUR DIRECTORS**

The Company's Board of Directors (the Board) is divided into three classes with each class of directors elected to a three-year term of office. At each annual meeting of shareholders, the shareholders elect one class of directors for a three-year term to succeed the class of directors whose term of office expires at that meeting.

This year you are voting on four candidates for director. The Company's Board, acting upon the recommendation of its Governance and Nominating Committee, has nominated: Robert S. Cubbin, Hugh W. Greenberg, Robert F. Fix, and Florine Mark as directors with terms expiring in 2012. Each nominee currently serves as a director, has consented to their nomination and has agreed to serve as a director, if elected.

If any of the nominees are unable to stand for election, the Company may vote the shares to elect a substitute nominee, who is nominated by the Board, or the number of directors to be elected at the Annual Meeting may be reduced.

The Company's Board recommends a vote FOR each of the nominees.

The following table provides information regarding compensation paid to the individuals who served as non-employee directors of the Company during the year ended December 31, 2008:

(1) The Company paid no compensation to Messrs. Maffett and Fix in 2008, because each received their full annual retainer for 2008 from ProCentury Corporation.

The Committee retained Towers Perrin in 2008 to review the competitiveness of the Company's non-employee director compensation program. Towers Perrin compared the Company's non-employee director compensation program to those among a group of fifteen comparably-sized insurance companies, which was supplemented with general industry data. The median annual revenue of the comparable companies was approximately \$677 million, which approximated the Company's estimated annual revenue following the merger of ProCentury. Non-employee director pay levels were gathered from the most recent proxy statement filings. When conducting its analysis, Towers Perrin noted the Company's cash compensation per non-employee director was within ten percent of the market median of cash compensation for comparable companies. Since the Company does not provide for equity compensation to

non-employee directors, Towers Perrin noted that the Company was well below the market median for equity compensation.

As a result, Towers Perrin recommended the Company provide a competitive non-employee director pay package to heighten its ability to recruit new directors. Towers Perrin recommended a competitive pay range of plus/minus ten percent of the market median to fairly compensate directors for their time commitment to the Company. Based on the analysis performed by Towers Perrin and to bring the Company within the competitive range, Towers Perrin made the following recommendations: (1) increase the annual board retainer to \$40,000 from \$30,000; and (2) increase the chairperson retainer for the finance, audit and compensation committee chairpersons to \$10,000 from \$5,000. Towers Perrin recommended the board and committee meeting fees remain the same at \$1,500. The Committee approved these recommendations of Towers Perrin. On February 13, 2009, the Board voted to approve these recommendations, which became effective January 1, 2009.

COMPENSATION OF EXECUTIVE OFFICERS

Compensation Discussion & Analysis

Overview

The Compensation Committee (the Committee) of the Board, among other things, authorized by its Committee Charter (the Charter) to assure that our management is appropriately compensated in relation to their duties, responsibilities and performance and that executive compensation plans are aligned with long-term shareholder value. The Charter authorizes the Committee to review and approve the goals and objectives for the Chief Executive Officer, evaluate his performance and approve the compensation (base salary, annualized bonus, long term incentive or other equity awards) of the Chief Executive Officer. The Committee is responsible for reviewing recommendations made by the Chief Executive Officer relating to the compensation of our principal executive officers who report to the Chief Executive Officer. In addition, the Committee is responsible for the administration of our annualized bonus plan, as well as, our long term incentive plan or other equity-based compensation. Finally, the Committee is authorized to periodically review our compensation philosophy relating to salaries, bonuses, long term incentives and other equity-based compensation paid to our senior management.

It is our policy to offer a compensation package including a competitive salary, incentive bonus and equity-based compensation, based upon individual and Company performance, as well as, other competitive benefits. Our compensation policy for our named executive officers is similar to that of other employers and is intended to promote, attract and retain a talented pool of management, encourage continued performance and attainment of corporate and personal goals, as well as, further promote our success by aligning the executive officers' financial interests with long term shareholder value. Generally, it is our policy to pay within a competitive range (plus/minus ten percent of the market median) to fairly compensate our executive officers.

The primary elements of our executive compensation consist of: (1) base salary, (2) annual incentive bonus, and (3) long term incentive or equity-based awards. The criteria for determining the Chief Executive Officer's base salary includes level of responsibility, corporate performance, personal contribution to the Company's success, experience, expertise and market data for our competitors in the insurance industry, supplemented by general industry data. Criteria for determining the Chief Executive Officer and other executive officers' annual incentive bonus, includes corporate performance, personal contribution to the Company, achievement of individually established goals, market data for our competitors in the insurance industry and the attainment of other corporate objectives. Criteria for awarding long term incentive awards or equity awards to the Chief Executive Officer and the other executive officers includes level of responsibility, expected future contributions, market data for our competitors in the insurance industry and actual achievement of individually established goals.

Other benefits and perquisites consist of a qualified 401(k) savings plan, a non-qualified deferred compensation plan, automobile allowance, and other miscellaneous perquisites summarized within the Summary Compensation Table.

Compensation Assessment

In 2008, the Committee engaged Towers Perrin to provide it with updated information and recommendations regarding the Company's compensation plans, as well as the compensation for our Chief Executive Officer and other principal executive officers, who report to the Chief Executive Officer. This engagement was prompted by the amount of time that had passed since the last analysis of Towers Perrin, as well as, the recent merger with ProCentury. Towers Perrin met with the Committee and management to discuss the Company's current compensation philosophy and the key objectives for its compensation program. Towers Perrin conducted a market review of our compensation program. The market review considered general industry data of companies similar in size and revenue of the Company, which was supplemented with similar insurance industry information. In addition to the general industry data, Towers Perrin reviewed the 2007 pay levels of fifteen insurance companies, specifically, One Beacon Insurance Group, Ltd., Selective Insurance Group, Inc., Philadelphia Consolidated Holding Corporation, State Auto Financial Corporation, Argo Group International Holdings, Ltd., Harleysville Group, Inc., ProAssurance Corporation, Navigators Group, Inc., RLI Corporation, Inc., AmTrust Financial Services, Inc., Tower Group, Inc., Darwin Professional Underwriters, Inc., First Mercury Financial Corporation, American Physicians Capital, Inc. and Northpointe Holdings Corporation.

Based on its analysis and discussions with the Committee, Towers Perrin recommended that select positions receive market based increases in order to place the executive at plus/minus ten percent of the market median for his or her current position. In terms of annual incentive compensation, Towers Perrin recommended market-based increases for certain executives to align them with the market median for their positions. Towers Perrin noted that the long term incentive opportunities for senior executives were well below the market median. Because increases at or near the market median were unaffordable to the Company given current market competitive conditions, Towers Perrin recommended the use of restricted stock awards to senior executives, in order to bring them near the competitive range. Issuance of restricted stock awards would require achievement by the Company of certain financial targets and would be based upon the individual's performance. The award of restricted stock awards would be within the discretion of the Committee. If granted, the awards would vest over a four year period and would be subject to forfeiture in the event the executive was terminated for cause, as defined within his or her employment agreement, or voluntarily resigned his or her position.

The recommendations of Towers Perrin were approved by the Committee. On February 13, 2009, the Board approved the recommendation.

Base Salary

Base salary is established based on various criteria consisting of level of responsibility, corporate performance, personal contribution to our success, experience, expertise and market data for our competitors in the insurance industry. We provide the opportunity for our executive officers to earn a competitive annual base salary. Generally, we believe executive base salaries should be set within the competitive range of salaries for executives in similar positions at comparable companies. Base salaries are reviewed annually and increases are based on corporate performance and individual performance. For 2008, the average increase in salaries of the named executive officers from 2007 salaries was approximately 5%.

Annual Incentive Bonus

In addition to base salaries, we have established a variable compensation annual bonus plan (the Bonus Plan) as an incentive for performance of our executive officers. We believe performance based cash bonuses are an important factor in providing incentives to executive officers to achieve pre-defined annual objectives. Criteria for determining the named executive officers' annual incentive bonus includes corporate performance, personal contribution to our success, achievement of individually established goals, market data for our competitors in the insurance industry and

the attainment of other corporate objectives.

The Bonus Plan is a discretionary cash bonus plan premised upon a targeted growth in net after-tax earnings on a year over year basis. Each year, the Committee and our Board establish a new target based upon prior year performance and the forecasted performance levels anticipated for the following year. If the minimum threshold is met, the Bonus Plan is funded from 0% up to a maximum of 120% of the targeted bonus pool. The amount of the bonus pool is established by aggregating the individual targets for each participant, which is a percentage of salary.

Table of Contents

At the end of the year, the Committee and the Board review performance in relation to performance targets and then finalize the total bonus pool to be utilized to pay cash bonuses to the management team based upon overall corporate and individual participant goals. At the discretion of the Board, actual bonuses paid may be above or below targeted bonus levels. The Company's external auditors review the formula for compliance prior to any payout being considered by the Board. Ultimately, all awards are reviewed and approved by the Committee and the Board both at inception and distribution.

In February 2008, the Board, upon recommendation of the Committee, established target bonus awards, based on a percentage of salary for each named executive officer. In February 2009, the Committee and the Board determined that actual performance was above the minimum, but below the target applicable performance goals for 2008. On February 13, 2009, the Committee and the Board approved the distribution of the annual bonus awards for 2008 performance.

Long Term Incentive Plan Compensation

We provide the opportunity for our named executive officers and other executives to earn a long-term incentive award under our Long Term Incentive Plan (the "LTIP"). The LTIP is intended to provide an incentive to management to improve performance over a three-year period, thereby increasing shareholder value. The LTIP is not discretionary and is based upon a target for an average three-year return on beginning equity. One-half of any LTIP award is paid in cash and one-half is paid in common stock. The cash portion of the award is paid in three annual installments, with the first payment being paid as of the end of the performance period. The remaining two payments would be paid in the subsequent two years. Any unpaid portion of a cash award is subject to forfeiture if the participant voluntarily leaves, or is discharged for cause. The stock portion of the award is issued as a stock award under the terms and conditions of our 2002 Amended and Restated Stock Option Plan as of the end of the performance period. The number of shares of common stock awarded is based upon the closing stock price at the beginning of the performance period. A participant's percentage is established by the Committee and the Board in advance of any new LTIP award. Ultimately, all awards under the LTIP are reviewed and approved by the Board both at inception and distribution.

The first performance period was for the years 2004-2006 ("2004 LTIP Grant"). On February 9, 2007, the Committee and the Board approved the targets for the 2007-2009 performance period ("2007 LTIP Grant").

With the ProCentury merger, the Committee and Board determined that the Company's opportunity for successfully integrating the ProCentury merger would be heightened and shareholder value increased, if all participants were in the same equity-based plan beginning in 2009. As a result, the Committee approved the termination of Company's current 2007 LTIP Grant effective December 31, 2008 and established a new plan for 2009-2011 based upon new performance targets. Based on this amendment, the current LTIP participants received their award based on a two-year performance period, rather than a three-year period. Therefore, the total award was approximately two-thirds of the original three-year award.

On February 13, 2009, the Committee and the Board approved a 100% distribution of the LTIP award for the 2007-2008 plan years, as described above, based upon our performance over the amended two-year performance period.

Stock Options

In addition to the above variable compensation plans, we also provide for the granting of stock options under our 2002 Amended and Restated Stock Options Plan (the "Plan"). The Plan is intended to further our interests and our shareholders interests by attracting, retaining, and motivating key management. The Plan provides for the grant of stock options (which may be nonqualified options or incentive stock options for tax purposes) and restricted stock

awards.

The Committee is authorized to determine the terms and conditions of all restricted stock awards and option grants, subject to the limitations that the option price per share may not be less than the fair market value of a share of common stock on the date of grant and the term of an option may not be longer than ten years. Payment of the option price may be made in any manner specified by the Committee (which may include payment in cash or common stock or by cashless exercise).

Table of Contents

We did not grant any stock options during 2008 and have not granted any stock options since 2003.

Executive Perquisites

We provide the opportunity for our named executive officers to receive certain perquisites, such as automobile allowances and reimbursement for club membership dues. We also offer participation in our defined contribution 401(k) plan, as well as a non-qualified deferred compensation plan. In addition, our named executive officers occasionally receive tickets to sporting events or entertainment for personal use if the tickets are not needed for business use, for which we do not incur incremental costs. These benefits are provided as an additional incentive for our executives and to remain competitive within the marketplace for such talent. These perquisites are summarized within the *Other Compensation Table* below.

Chief Executive Officer Compensation

For 2008, the Committee established thirteen performance objectives for Mr. Cubbin. The performance goals included financial, operational and entity-wide control objectives. The financial objectives included goals for return on equity, earnings per share, targeted combined ratio, growth of after-tax profit, written premium, and fee and commission revenue. The operational goals included a benchmark for the implementation of new programs, growth of the Company's fee based business, consideration of strategic acquisitions and integration of ProCentury. Further, the entity-wide control objectives included implementation of a risk assessment policy, and maintenance of the internal controls over financial reporting. The Committee determined that Mr. Cubbin achieved substantially all of these performance objectives for 2008. Mr. Cubbin's base salary for the year ended December 31, 2008 was \$620,000. In addition, Mr. Cubbin received an annual bonus of \$144,000 for his performance in 2008, which was paid in February 2009.

and its senior executives. The Committee discussed the employment agreements as they related to other companies both in size and type of industry. The Committee approved employment agreements, the length and amount of severance due the executive in the event his or her employment was terminated without cause or without good reason, or in the event his or her employment was terminated as a result of a change of control as those phrases are defined in the respective employment agreements.

After reviewing the report and discussing it with management, the Committee approved certain revisions to the employment agreements between the Company and Mr. Cubbin and Mr. Costello. In addition, the Committee approved new employment agreements for Ms. Spaun and Messrs. Mahoney, Mattingly, Belden, McIntyre and Spring, which were intended to replace the previously At-Will and Severance Agreements between the Company and the respective executives. These agreements are described in more detail within the *Employment Agreements* section of this proxy statement.

Long Term Incentive Plan Award

As described above within the *Compensation Discussion and Analysis – Long Term Incentive Plan Compensation* of this proxy statement, we grant a long term performance based incentive award to each of our executive officers and other employees pursuant to the LTIP. These incentive awards are based on performance over a three-year period, which is paid one half in cash and one half in common stock.

Table of Contents

As previously indicated, we provide the opportunity for our named executive officers to earn a long-term incentive award under our LTIP. In 2008, we attained 100% of the performance targets under the LTIP and on February 13, 2009, the Committee and the Board approved the distribution of the LTIP award, which includes that 50% of the award be distributed in stock. The number of shares of common stock awarded is paid based upon the closing stock price at the beginning of the performance period. The stock awarded in connection with the LTIP under the 2002 Amended and Restated Stock Option Plan was 100% vested at the time of distribution. The number of shares reported under the stock awards column in the above table, represent those shares distributed to the named executive officers in February 2009, for the 2007-2008 LTIP period, as previously described.

Our Executive Nonqualified Excess Plan (the **Excess Plan**) is intended to be a nonqualified deferred compensation plan. The Excess Plan allows certain employees, including the named executive officers, to defer receipt of current compensation in order to provide retirement and other benefits, as provided for in the Excess Plan. Deferred amounts are credited with earnings or losses based on the rate of return of funds selected by the participants in the plan. The Excess Plan is intended to be an unfunded plan maintained primarily for the purpose of providing deferred compensation benefits for eligible employees. We do not make contributions to participants' accounts under the Excess Plan. Participants may defer up to 100% of salary and bonus payments. Distributions are made in either a lump sum or installments over a period not to exceed five years as chosen by the executive at the time of the deferral.

Pension Benefits

We do not sponsor any qualified or non-qualified defined benefit plans and therefore our named executive officers do not participate in these types of plans.

Potential Payments upon Termination or Changes in Control

We have entered into employment agreements with certain of our named executive officers. The employment agreements provide for payments of certain benefits, as outlined in the table below, upon termination. The named executive officer's rights upon termination are dependent upon certain circumstances. The employment agreements are described in further detail after the table.

Table of Contents

The following table illustrates the potential maximum payouts to each named executive officer under each circumstance. The table assumes the termination occurred as of December 31, 2008.

EMPLOYMENT AGREEMENTS

Robert S. Cubbin and Michael G. Costello Employment Agreements

The Company entered into employment agreements with Mr. Cubbin and Mr. Costello effective January 1, 2004 through December 31, 2006. The employment agreements were amended, effective January 1, 2009. Unless either the Company or they give notice to the other party of an election not to renew their employment agreement on or before December 31, 2004, and annually thereafter, the employment agreement will automatically be extended one additional year.

Mr. Cubbin's and Mr. Costello's employment agreements provide for a base salary, along with customary increases, at the sole discretion of the Company. Upon the attainment of certain growth and profitability goals, profit center goals and personal goals and objectives, each agreement provides for a discretionary bonus. Mr. Cubbin's agreement provides for a discretionary bonus targeted at seventy percent of his base salary. Mr. Costello's agreement provides for a discretionary bonus targeted at fifty percent of his base salary. Furthermore, each agreement provides for; (1) participation in the Company's 2009 Equity Compensation Plan, (2) participation in the Company's Long Term Incentive Plan (LTIP) with target LTIP awards equaling seventy percent of base salary for Mr. Cubbin and fifty percent for Mr. Costello, and (3) severance benefits upon termination of employment under the circumstances described below.

In the event Mr. Cubbin's employment is terminated by the Company and without cause, or by Mr. Cubbin for good reason, the Company shall pay to Mr. Cubbin (a) his base salary for twenty-four months over the Company's regularly

scheduled payroll, (b) a pro rata share of the portion of Mr. Cubbin's discretionary bonus that is based on Company performance criteria, and (c) Mr. Cubbin's COBRA premiums for health care coverage for eighteen months, or, if earlier, the cessation of Mr. Cubbin's and his family members' eligibility for COBRA continuation coverage.

In the event Mr. Cubbin's employment is terminated by the Company following a change in control and without cause, or by Mr. Cubbin for good reason, the Company shall pay to Mr. Cubbin (a) an amount equal to the target LTIP award for the current performance period, plus two times the sum of (i) Mr. Cubbin's annual base salary,

Table of Contents

plus (ii) Mr. Cubbin's target discretionary bonus, to be paid in a lump sum payment within ten days following the date Mr. Cubbin's employment terminates, (b) a pro rata share of the portion of Mr. Cubbin's discretionary bonus that is based on Company performance criteria no later than the February 28th following the year Mr. Cubbin's employment terminates, and (c) Mr. Cubbin's COBRA premiums for health care coverage for eighteen months, or, if earlier, the cessation of Mr. Cubbin's and his family members' eligibility for COBRA continuation coverage. In addition, any outstanding stock options, if any, shall vest and become exercisable by Mr. Cubbin. In the event his employment terminates following a change in control and Mr. Cubbin becomes entitled to the aforementioned payments, Mr. Cubbin has agreed to be subject to restrictive covenants against competing with the Company for a period of two years following such termination of employment. These restrictions are in addition to those already in effect for all Company employees.

In the event Mr. Cubbin's employment is terminated for cause, he is not entitled to any severance payment under the employment agreement, he forfeits all of the shares of Company stock subject to a pledge agreement with the Company, but the Demand Note he has with the Company is cancelled and deemed paid in full. (See **Certain Relationships and Related Party Transactions**). The Demand Note was amended effective June 1, 2001 and deemed a non-recourse loan with the Company's sole remedy in the event of a default being the reclamation of the shares of the Company that were pledged as collateral. The employment agreement also provides that in the event Mr. Cubbin's employment is terminated by the Company without Cause or as a result of any purchaser acquiring fifty percent or more of the outstanding shares of the Company, then (a) the Demand Note shall be cancelled and deemed paid in full, and (b) Mr. Cubbin shall be entitled to retain his shares of Company stock subject to the pledge agreement or, in his discretion, sell the shares back to the Company at the then current market price or book value, whichever is greater. This provision continues in effect the identical provision contained in the amendment to Mr. Cubbin's prior employment agreement with the Company that was adopted on June 15, 2002.

In the event Mr. Costello's employment is terminated by the Company and without cause, or by Mr. Costello for good reason, the Company shall pay to Mr. Costello (a) his base salary for twenty-four months over the Company's regularly scheduled payroll, (b) a pro rata share of the portion of Mr. Costello's discretionary bonus that is based on Company performance criteria, and (c) Mr. Costello's COBRA premiums for health care coverage for eighteen months, or, if earlier, the cessation of Mr. Costello's and his family members' eligibility for COBRA continuation coverage.

In the event Mr. Costello's employment is terminated by the Company following a change in control and without cause, or by Mr. Costello for good reason, the Company shall pay to Mr. Costello (a) an amount equal to the target LTIP award for the current performance period, plus two times the sum of (i) Mr. Costello's annual base salary, plus (ii) Mr. Costello's target discretionary bonus, to be paid in a lump sum payment within ten days following the date Mr. Costello's employment terminates, (b) a pro rata share of the portion of Mr. Costello's discretionary bonus that is based on Company performance criteria no later than the February 28th following the year Mr. Costello's employment terminates, and (c) Mr. Costello's COBRA premiums for health care coverage for eighteen months, or, if earlier, the cessation of Mr. Costello's and his family members' eligibility for COBRA continuation coverage. In addition, any outstanding stock options, if any, shall vest and become exercisable by Mr. Costello. In the event his employment terminates following a change in control and Mr. Costello becomes entitled to the aforementioned payments, Mr. Costello has agreed to be subject to restrictive covenants against competing with the Company for a period of two years following such termination of employment. These restrictions are in addition to those already in effect for all Company employees.

In addition to the aforementioned payments, pursuant to the LTIP, immediately following a termination by the Company and without cause, for good reason, or following a change in control of the Company, Mr. Cubbin and Mr. Costello shall receive payment of any cash award previously approved by the Committee under the LTIP for performance periods that have previously ended, but which have not yet been paid. Mr. Cubbin or Mr. Costello would

also be entitled to any pro rata share of any LTIP award for the current performance period.

In the event Mr. Costello's employment is terminated for cause, he is not entitled to any severance payment under the employment agreement.

OTHER SENIOR EXECUTIVE EMPLOYMENT AGREEMENTS

It is the Company's philosophy to attract and retain high-quality people, which is crucial to the short-term and long-term success of the Company. Previously, the Company had entered into At-Will Employment and Severance Agreements with six of its senior executives, which included Karen M. Spaun, James M. Mahoney and Stephen A. Belden. The Company determined it to be in its best interests to terminate those agreements and replace them with Employment Agreements (the "Agreements"). The new Agreements for Ms. Spaun, Mr. Mahoney and Mr. Belden were effective January 1, 2009. Unless either the Company or they give notice to the other party of an election not to renew their Agreement on or before December 31, 2009, and annually thereafter, the Agreement will automatically be extended one additional year.

These Agreements provide for a base salary with customary increases based upon performance. In addition, at the sole discretion of the Company, upon the attainment of certain growth and profitability goals, profit center goals and personal goals and objectives, each Agreement provides for an annual discretionary bonus. These Agreements provide for a discretionary bonus target of fifty percent of their base salary. Furthermore, each Agreement makes the employee eligible for restricted stock awards and the Company's LTIP, assuming certain performance targets are achieved by the Company. Under the LTIP, the aggregate annual value of the target incentive award for Ms. Spaun is equal to fifty percent of her base salary, thirty-five percent of Mr. Belden's base salary and thirty-five percent of Mr. Mahoney's base salary.

In the event the executive's employment is terminated by the Company and without cause, or by the executive for good reason, the Company shall pay to the executive (a) his or her base salary for twelve months over the Company's regularly scheduled payroll, (b) a pro rata share of the portion of the executive's discretionary bonus that is based on Company performance criteria, and (c) the executive's COBRA premiums for health care coverage for eighteen months, or, if earlier, the cessation of the executive's and his family members' eligibility for COBRA continuation coverage.

In the event the executive's employment is terminated by the Company following a change in control and without cause, or by the executive for good reason, the Company shall pay to the executive (a) an amount equal to one times the sum of (i) the executive's annual base salary, and the executive's target discretionary bonus, plus (ii) the executive's target LTIP award for the current year performance period under the Company's LTIP, to be paid in a lump sum payment within ten days following the date executive's employment terminates, (b) a pro rata share of the portion of executive's discretionary bonus that is based on Company performance criteria no later than the February 28th following the year executive's employment terminates, and (c) executive's COBRA premiums for health care coverage for eighteen months, or, if earlier, the cessation of executive's and executive's family members' eligibility for COBRA continuation coverage. In addition, any outstanding stock options, if any, shall vest and become exercisable by executive. In the event his or her employment terminates following a change in control and the executive becomes entitled to the aforementioned payments, the executive has agreed to be subject to restrictive covenants against competing with the Company for a period of one year following such termination of employment. These restrictions are in addition to those already in effect for all Company employees.

In addition to the aforementioned payments, pursuant to the LTIP, immediately following a termination by the Company and without cause, for good reason, or following a change in control of the Company, executives shall receive payment of any cash award previously approved by the Committee under the LTIP for performance periods that have previously ended but which have not yet been paid. The executive would also be entitled to any pro rata share of any LTIP award for the current performance period.

Under the Agreements, the terms Cause, Change of Control, and Good Reason have substantially the same meanings as those terms described above in section entitled *Terms Applicable to the Employment Agreements*.

THE THIRD PROPOSAL ON WHICH YOU ARE VOTING PROPOSAL TO APPROVE THE MEADOWBROOK INSURANCE GROUP, INC. 2009 EQUITY COMPENSATION PLAN

Background

On February 13, 2009, the Board approved the adoption of the Meadowbrook Insurance Group, Inc. 2009 Equity Compensation Plan (the Plan) contingent upon the approval of the Plan by shareholders at the Annual Meeting. Stock options may be granted and restricted stock awards may be made under the Plan on and after the effective date, provided that the shareholders approve the Plan. Awards of incentive stock options may not be granted after February 13, 2019. The discussion which follows is qualified in its entirety by reference to the Plan, a copy of which is attached to the Proxy Statement as Appendix A.

The Company's Long Term Incentive Plan (the LTIP) generally provides for the award of bonuses based upon three year performance periods, with the current performance period commencing January 1, 2009. At the end of the three year performance period, the Compensation Committee of the Board of Directors shall determine the amount of LTIP awards that are payable to participants in the LTIP. One-half of any LTIP award will be payable in cash and one-half of the award will be payable in the form of a restricted stock award. The shares of Company Common Stock subject to the restricted stock award shall equal the dollar amount of one-half of the LTIP award divided by the fair market value

of Company Common Stock on the first date of the performance period. The closing price of the Company's Common Stock on April 1, 2009 on the New York Stock Exchange was \$6.52. The restricted stock awards shall be made subject to the terms and conditions of the Plan.

The aggregate number of shares of the Company's Common Stock that may be issued and outstanding pursuant to the exercise of options or restricted stock awards under the Plan (the Option and Restricted Stock Pool) will not exceed 2,000,000 shares. Shares of the Company's Common Stock which would have been issued

Table of Contents

pursuant to the exercise of a stock option, but are withheld as payment of the option price may be added back into the Option and Restricted Stock Pool and reissued. In the event of any change in the outstanding common shares of the Company as a result of a merger, reorganization, stock split, reverse stock split, stock dividend, recapitalization, combination or reclassification, appropriate proportionate adjustments will be made to the terms of the Plan and any awards granted under the Plan which are determined on a per share basis, including, but not limited to, the amount of common shares in the Option and Restricted Stock Pool, the exercise price, and number of common shares associated with an outstanding option. No such adjustments will be required by reason of the issuance or sale by the Company for cash or other consideration of additional shares of the Company's Common Stock or securities convertible into or exchangeable for shares of the Company's Common Stock.

The Company's shareholders previously approved at the 1995 Annual Meeting the reservation of 2,000,000 shares of Company Common Stock for the 1995 Option and Restricted Stock Pool. To date, 573,429 shares have been issued pursuant to the terms of the 1995 Option Plan, 1,500 shares are subject to outstanding stock options that have not yet been exercised, and no shares are currently available in the 1995 Option and Restricted Stock Pool for awards under the terms of the 1995 Option Plan.

The Company's shareholders previously approved at the 2002 Annual Meeting the reservation of 2,000,000 shares of Company Common Stock for the 2002 Option and Restricted Stock Pool. It is a ten year plan, which will expire in 2012. To date, 931,632 shares have been issued pursuant to the terms of the 2002 Option Plan, there are no shares that are subject to outstanding stock options that have not yet been exercised, and 617,915 shares are currently available in the 2002 Option and Restricted Stock Pool for awards under the terms of the 2002 Option Plan.

The following table summarizes the shares of Company common stock that are subject to the Equity Compensation and Option Plans.

Equity Compensation Plan Information

Equity compensation plans not approved by security holders			
Total	1,500	\$ 6.48	617,915

Purpose and Eligibility

The purpose of the Plan is to advance the interests of the Company and its shareholders by helping the Company and its subsidiaries attract and retain the services of highly qualified directors, employees and officers, upon whose judgment, initiative and efforts the Company is substantially dependent, and to provide those persons with further incentives to advance the interests of the Company. The Plan is also established with the objective of encouraging stock ownership by such directors, employees and officers and aligning their interests with those of shareholders.

The objectives of the Plan will be accomplished by the granting of stock option awards and restricted stock awards to selected directors, key employees and officers. Key employees and officers selected to participate in the Plan may be eligible for the grant of incentive stock options (ISOs), non-qualified stock options (NSOs) and restricted stock awards. Directors selected to participate in the Plan may be eligible for the grant of NSOs, but not

Table of Contents

ISOs, unless the director is an employee of the Company. Directors will not be eligible for the issuance of restricted stock awards.

Eligible Persons are defined in the Plan to mean employees, officers or directors of the Company or its subsidiaries. Eligible Persons may be granted ISOs, NSOs or restricted stock under the Plan if so selected by the Company's Board of Directors (the Committee). Approximately thirty-nine individuals qualify as participants or eligible individuals at this time. The Committee currently anticipates that up to approximately fifty employees may be awarded stock option grants or restricted stock under the Plan in 2009. With respect to ISOs only, the definitions of participants and eligible persons does not include directors who are not also employees of the Company or persons who have been on leave of absence for greater than 90 days, unless re-employment is guaranteed by law or contract.

Administration

With respect to persons subject to the short-swing profit liability provisions of Section 16 of the Securities Exchange Act of 1934 (the Exchange Act), the Board will generally administer the Plan. In all other cases, the Plan shall be administered by the Committee, although the Committee may delegate its powers or duties to employees of the Company or any of its subsidiaries, as it deems appropriate. In addition, the Board is authorized to act in all cases in the place of the Committee. Under the terms of the Plan, the Committee has full and final authority in its discretion: (i) to select and approve the persons to whom options will be granted under the Plan from among the participants and eligible persons, including the number of options and the amount of the Company's Common Stock available for purchase under such option so granted to each person; (ii) to determine the period or periods of time during which options may be exercised or become exercisable, the exercise price and the duration of such options, the date on which options are granted, and any other matters to be determined by the Committee in connection with specific option grants and option agreements as specified under the Plan; (iii) to determine the period or periods of time during which restricted stock may vest, the date on which restricted stock is awarded, and other matters to be determined by the Committee in connection with specific grants of restricted stock and restricted stock agreements as provided in the Plan; and (iv) to interpret the Plan, to prescribe, amend and rescind rules and regulations relating to the Plan, and to make all other determinations necessary or advisable for the operation and administration of the Plan. Operation of the Plan is intended to avoid giving rise to any potential short-swing profit liability under Section 16 of the Exchange Act.

Amendment and Termination

The Committee may amend the Plan and the Board may suspend or discontinue the Plan at any time, provided that: (i) no such action may, without the approval of the shareholders of the Company, materially increase (other than by reason of an adjustment as discussed above) the maximum aggregate number of common shares issuable under the Plan, or increase the maximum total number of common shares issuable to a participant or eligible person under the Plan; (ii) no action of the Committee will cause ISOs granted under the Plan not to comply with Section 422 of the Internal Revenue Code of 1986 (the Code) unless the Committee specifically declares such action to be made for that purpose; and, (iii) no action of the Committee shall alter or impair any option or restricted stock award previously granted or awarded under the Plan without the consent of such affected option holder.

Each option terminates upon the expiration of the option period specified in the option agreement pursuant to which it is issued. Each option could terminate earlier, however, in the event of the participant's or eligible person's termination of employment, death, or permanent disability. The shares of Company Common Stock subject to each restricted stock award vest in accordance with the terms of the restricted stock agreement pursuant to which it is issued. A restricted stock agreement may provide that a participant or eligible person may forfeit such shares of Common Stock upon termination of employment, death, or permanent disability.

Incentive Stock Options and Non-Qualified Stock Options

The Plan authorizes the grant of both ISOs and NSOs, both of which are exercisable for shares of the Company's Common Stock. The price that an option holder must pay in order to exercise an option may be stated in terms of a fixed dollar amount, a percentage of fair market value at the time of the grant, or such other method as

Table of Contents

determined by the Committee in its discretion. In no event shall the option price for an ISO or an NSO be less than the fair market value per share of the Company's Common Stock on the date of the option grant. In the case of ISOs granted to persons possessing more than 10 percent of the total combined voting power or value of all classes of stock of the Company and/or its subsidiaries, the option price will be no less than 110 percent of the fair market value per share of the Company's Common Stock on the date of the grant. Provided that the Company's Common Stock is traded on a national securities exchange, the fair market value shall mean the closing price reported for the Common Stock on the date in question. An option holder may pay all or a portion of the option price, and/or the tax withholding liability, if applicable, by payments in cash, by surrendering common shares already owned, by withholding common shares to be issued under the option being exercised or by obtaining a loan from a broker-dealer to be repaid with the proceeds of the broker-dealer's sale of shares of Common Stock necessary to repay the loan. To the extent that common shares are withheld as payment for all or a portion of the option price of an ISO or shares of Common Stock are sold in connection with a broker-dealer loan, the withholding or sale of such common shares will be treated as a Disqualifying Disposition, thus subjecting the exercise to immediate tax consequences. See Certain Federal Income Tax Consequences below.

The period during which an option may be exercised shall be determined by the Committee at the time of the option grant and, for ISOs, may not extend more than ten years from the date of the grant, except in the case of ISOs granted to persons possessing more than 10 percent of the total combined voting power or value of all classes of stock of the Company and/or its subsidiaries in which case the option period will not exceed five years from the date of grant.

To the extent not previously exercised, each ISO and NSO grant will terminate upon the expiration of the option period specified in the option agreement provided, however that, subject to the discretion of the Committee, each ISO and NSO will terminate, if earlier: (i) 30 days after the date that the option holder ceases to be an eligible person for any reason other than death, disability, or retirement; (ii) 6 months after the date that the option holder ceases to be an eligible person by reason of such person's death or disability; or (iii) immediately upon the option holder's termination of employment or service as a director for cause.

Restricted Stock Awards

The Plan authorizes the grant of restricted stock awards which award shares of Company Common Stock to the recipient. The recipient becomes vested and the shares of restricted stock become nonforfeitable pursuant to the terms and conditions of the restricted stock agreement. The Committee has the authority to establish the terms and conditions of restricted stock awards, including the period over which such awards will vest and become nonforfeitable. To the extent that a participant or eligible person has not become vested in shares of Company Common Stock subject to a restricted stock award prior to termination of employment, death or disability, the participant or eligible person, subject to the Committee's discretion, shall forfeit such shares.

Transferability; Dividend and Voting Rights; Withholding

The terms of the Plan provide that ISOs and shares of restricted stock are not transferable other than by will or the laws of descent and distribution. NSOs may not be transferred other than by will, the laws of descent and distribution, or, in the case of NSOs under the Plan, at the discretion of the Committee, by direct gift to a family member or gift to a family trust or family partnership. Holders of ISOs or NSOs shall have no dividend rights or voting rights until the options have been exercised. Holders of restricted stock awards generally have dividend rights and voting rights, unless the Committee provides otherwise in the restricted stock agreements.

The Plan provides that recipients of options pay all required local, state and federal withholding taxes associated with the exercise of such options in cash unless the Committee, in its discretion, permits the option holder to pay such withholding liability by surrendering common shares already owned, or by withholding common shares issued

pursuant to the option being exercised.

Change in Control

In the event of a hostile change in control of the Company or a liquidation or dissolution of the Company, on the effective date of such change in control, all options shall become fully exercisable and all restricted stock awards shall become vested and nonforfeitable.

For purposes of the Plan, a change of control of the Company means the occurrence of the following events:

- (i) The acquisition by any individual, entity or group of 35% or more of the then outstanding shares of common stock of the Company or the combined voting power of the then outstanding voting securities of the Company entitled to vote generally in the election of directors; provided, however, that the following acquisitions shall not constitute a Change in control: (1) any acquisition directly from the Company, (2) any acquisition by the Company, (3) any acquisition by any employee benefit plan (or related trust) sponsored or maintained by the Company or any corporation controlled by the Company, or (3) any acquisition by any corporation pursuant to a transaction which complies with clauses (a), (b) and (c) of subparagraph (iii) below; or
- (ii) Within any 12 month period, individuals who constitute the Board of Directors of the Company cease for any reason to constitute at least a majority of the Board of Directors (the Incumbent Board); provided, however, that any individual who becomes a director subsequent to the date hereof and whose election, or nomination for election by the Company s shareholders, was approved by a vote of at least a majority of the directors then comprising the Board (either by a specific vote or by approval of the proxy statement of the Company in which such person is named as a nominee for director, without written objection to such nomination) shall be deemed to be a member of the Incumbent Board; provided, further, that notwithstanding the immediately preceding proviso, any individual whose initial assumption of office occurs as a result of an actual or threatened election contest with respect to the election or removal of directors or other actual or threatened solicitation of proxies or contests by or on behalf of a person, other than the Board of Directors of the Company, shall not be deemed to be a member of the Incumbent Board; or
- (iii) Consummation of a reorganization, merger, share exchange or consolidation or sale or other disposition of all or substantially all of the assets of the Company (a Business Combination), in each case, unless, following such Business Combination: (a) all or substantially all of the individuals and entities who were the beneficial owners, respectively, of the Company common stock and outstanding Company voting securities immediately prior to such Business Combination beneficially own, directly or indirectly, more than 65% of, respectively, the then outstanding shares of common stock and the combined voting power of the then outstanding voting securities entitled to vote generally in the election of directors, as the case may be, of the corporation resulting from such Business Combination in substantially the same proportions as their ownership, immediately prior to such Business Combination, of the outstanding Company common stock and outstanding Company voting securities, as the case may be; (b) no person (excluding any corporation resulting from such Business Combination or any employee benefit plan (or related trust) of the Company or such corporation resulting from the Business Combination) beneficially owns, directly or indirectly, 35% or more of, respectively, the then outstanding shares of common stock of the corporation resulting from such Business Combination or the combined voting power of the then outstanding voting securities of such corporation except to the extent that such ownership existed prior to the Business Combination; and (c) at least a majority of the members of the Board of Directors of the corporation resulting from such Business Combination were members of the Incumbent Board immediately prior to the time of the execution of the initial agreement, or of the action of the Board of Directors of the Company,

providing for such Business Combination; or

- (iv) Approval by the shareholders of the Company of a complete liquidation or dissolution of the Company.

Table of Contents

Non-Compete

The Company, in its discretion, may as a condition to the grant of an option or a restricted stock award, require that the participant or eligible person enter in a covenant not to compete, a non-disclosure agreement or a confidential information agreement with the Company and its subsidiaries, upon terms and conditions specified by the Company.

Certain Federal Income Tax Consequences

The following summary generally describes the principal federal (and not state and local) income tax consequences of awards granted under the Plan. The summary is general in nature and is not intended to cover all tax consequences that may apply to a particular employee or to the Company. The provisions of the Internal Revenue Code of 1986, as amended (the Code) and regulations thereunder relating to these matters are complicated and their impact in any one case may depend upon the particular circumstances.

The discussion of federal income tax consequences set forth below is included for informational purposes only. The discussion is based on currently existing provisions of the code, existing or proposed treasury regulations thereunder and current administrative rulings and court decisions. All of the foregoing are subject to change, and any such change could affect the continuing validity of this discussion. Each participant in the Plan should consult his or her tax advisor regarding specific tax consequences including the application and effect of state and local tax laws.

Incentive Stock Options. ISOs granted under the Plan are intended to qualify as incentive stock options under Section 422 of the Code. Pursuant to Section 422, the grant and exercise of an ISO generally will not result in taxable income to the option holder (with the possible exception of alternative minimum tax liability and with the exception that the option holder will be subject to FICA upon exercise of an ISO) if the option holder does not dispose of common shares received upon exercise of such option within one year after the date of exercise and two years after the date of grant (either type of disposition hereinafter referred to as a Disqualifying Disposition), and if the option holder has continuously been an eligible person from the date of grant to three months before the date of exercise (or 6 months in the event of death or disability) (hereinafter referred to as the Employment Requirement). The Company will not be entitled to a deduction for income tax purposes in connection with the grant or exercise of an ISO. Additionally, the Company will not be entitled to a deduction at the time common shares acquired pursuant to an ISO are disposed of, provided that the option holder has satisfied the Employment Requirement and the disposition is not a Disqualifying Disposition.

Disposition of common shares acquired pursuant to an ISO, except in the case of a Disqualifying Disposition, will result in long-term capital gain or loss taxation of the option holder on the difference between the amount realized upon disposition and the option price. An option holder who, in a Disqualifying Disposition, disposes of common shares acquired pursuant to an ISO, will be required to notify the Company and will immediately recognize the gain on the disposition as ordinary income. In the event of a Disqualifying Disposition, the Company will be entitled to a deduction in the amount of income recognized by the option holder.

Pursuant to the Code and the terms of the Plan, the Committee will designate all options granted under the Plan as either ISOs or NSOs. To the extent that the fair market value of the Company's Common Stock (determined at the time an option is granted) with respect to which all ISOs are exercisable for the first time by any individual during any calendar year exceeds \$100,000, such option shall be treated for all purposes under the Plan as an NSO.

Non-Qualified Stock Options. For NSOs, or ISOs which have converted to NSOs for any reason, the difference between the market value of the Company's Common Stock on the date of exercise and the option price will constitute

taxable ordinary income to the option holder on the date of exercise. The Company will be entitled to a deduction in the same year in an amount equal to the income taxable to the option holder. The option holder's basis in shares of the Company's Common Stock acquired upon exercise of an option will equal the option price plus the amount of income taxable at the time of exercise. Any subsequent disposition of such the Company's Common Stock by the option holder will be taxed as a capital gain or loss to the option holder, and will be long-term capital gain or loss if the option holder has held such Company Common Stock for more than one year at the time of sale.

Table of Contents

Pursuant to the terms of the Plan, the Committee will require any recipient of common shares upon the exercise of an NSO to pay the Company, in cash, by surrendering common shares already owned, by withholding common shares issued pursuant to the option being exercised, by obtaining a broker-dealer loan or in such other form as the Committee may determine in its discretion, the amount of any tax or other amount required by any governmental authority to be withheld and paid by the Company to such authority for the account of such recipient.

Restricted Stock. Restricted stock will generally cause the participant or eligible person to recognize taxable ordinary income pursuant to the rules of Section 83 of the Code. Accordingly, unless otherwise elected by the participant or eligible person, shares of restricted stock granted under the Plan will generally cause the participant or eligible person to recognize taxable ordinary income in the amount equal to the fair market value Company Common Stock when such stock vests and is no longer subject to a substantial risk of forfeiture. The participant or eligible person may elect to recognize taxable ordinary income within 30 days following the restricted stock award. In the case of such an election (an 83(b) Election) the participant or eligible person recognizes taxable ordinary income equal to the fair market value of Company Common Stock subject to the restricted stock award. Following an 83(b) election, if the participant or eligible person sells the restricted stock after the stock is no longer subject to a substantial risk of forfeiture, the participant or eligible person generally recognizes income taxable at capital gains rates. The amount of such income is generally the amount received by the participant or eligible person upon the disposition of restricted stock less the amount of income realized by the participant or eligible person upon making the 83(b) Election. In the event that (i) the value of restricted stock decreases from the time of an 83(b) election to the date of disposition of the restricted stock; or (ii) the participant or eligible person forfeits the shares of restricted stock following an 83(b) Election, then the participant or eligible person may generally offset other capital gains by the amount of loss realized on such disposition or forfeiture.

Performance-Based Compensation Section 162(m) Requirement

The Plan is intended to preserve the Company's tax deduction for certain awards made under the Plan by complying with the terms of Section 162(m) of the Code and regulations relating thereto.

The Company's Board recommends you vote FOR approval of the Meadowbrook Insurance Group, Inc. 2009 Equity Compensation Plan.

Demand Note

At December 31, 2008, the Company held an \$852,000 Demand Note receivable, including \$191,000 of accrued interest, from Robert S. Cubbin and Kathleen D. Cubbin. In 2008, Mr. Cubbin paid \$43,800 to the Company in interest relating to the Demand Note. This Demand Note arose from a transaction in late 1998 whereby the Company loaned Robert S. Cubbin and Kathleen D. Cubbin funds to exercise 64,718 common stock options to cover the exercise price and associated tax withholdings. The Demand Note bears a rate of interest equal to the rate charged the Company pursuant to its current revolving credit agreement. On December 31, 2008, the rate was 3.42%. The Demand Note is due on demand. The loan is partially collateralized by 64,718 shares of the Company s

The Demand Note between the Company and Mr. and Mrs. Cubbin is a non-recourse loan with the Company's sole remedy in the event of a default being the reclamation of the shares of the Company that were pledged as collateral. Refer to the *EMPLOYMENT AGREEMENTS* section above.

expiration. Without limiting the foregoing, the following terms and conditions will be considered a part of each Option Agreement (unless otherwise stated therein):

- (a) *Covenants of Participant.* Nothing contained in this Plan, any Option Agreement or in any other agreement executed in connection with the granting of an Option under this Plan will confer upon any Participant any right with respect to the continuation of his or her status as an employee, officer or director of the Company or its Subsidiaries.
- (b) *Option Vesting Periods.* Each Option Agreement will specify the period or periods of time within which each Option or portion thereof will first become exercisable (the Option Vesting Period). Unless otherwise indicated in an Option Agreement, all Options shall become vested and exercisable upon the effective date of a Hostile Change in Control of the Company.
- (c) *Exercise of the Option.*
 - (i) *Mechanics and Notice.* Options may be exercised to the extent exercisable by giving written notice to the Company specifying the number of Options to be exercised, the date of the grant of the Option or Options to be exercised, the Option Price, the desired effective date of the exercise, the number of full shares of Option Stock to be retained by the Participant after exercise, and the method of payment. Once written notice complying with the requirements of this subsection is received, the Committee or its designee shall promptly notify the Participant of the amount of the Option Price and withholding taxes due, if either or both is applicable. Payment of any amounts owing shall be due immediately upon receipt of such notice.
 - (ii) *Withholding Taxes.* As a condition to the issuance of shares of Option Stock upon exercise of an Option granted under this Plan, the Participant will pay to the Company in cash, through cashless exercise as described in subsection (d), or in such other form as the Committee may determine in its discretion, the amount of the Company's Tax Withholding Liability, if any, associated with such exercise. The Committee may prescribe a specific method of payment of such withholding, in its discretion and may disallow such withholding through cashless exercise if it determines that the amount of shares being withheld pursuant to the cashless exercise exceeds the minimum amount of Tax Withholding Liability.
- (d) *Payment of Option Price.* Each Option Agreement will specify the Option Price, with respect to the exercise of Option Stock granted thereunder, which may be stated in terms of a fixed dollar amount, a percentage of Fair Market Value at the time of the grant, or such other method as determined by the Committee in its discretion. In no event will the Option Price for an ISO or NSO granted hereunder be less than the Fair Market Value (or, where an ISO Participant is a 10% Shareholder, one hundred ten percent (110%) of such Fair Market Value) of the Option Stock at the time such ISO or NSO is granted.
 - (i) The Option Price will be payable to the Company in United States dollars in cash or by certified check or, such other legal consideration as may be approved by the Committee, in its discretion.
 - (ii) The Committee, in its discretion, may permit a Participant to pay all or a portion of the Option Price and/or Tax Withholding Liability, if applicable, with respect to the exercise of an Option either by surrendering shares of Stock already owned by such Participant or by withholding shares of Option Stock, provided that the Committee determines that the Fair Market Value of such surrendered Stock or withheld Option Stock is equal to the corresponding portion of such Option Price and/or Tax Withholding Liability, as the case may be, to be paid for therewith. The Committee may require the

Participant's attestation of ownership of Stock for at least 6 months in order to permit exercise or payment of Tax Withholding Liability by withholding of Option Stock.

- (iii) The Committee, in its discretion may permit a Participant to pay all or a portion of the Option Price and/or Tax Withholding Liability by a broker-dealer to whom the Participant has submitted an exercise notice consisting of a fully endorsed Option.

- (e) *Notice of Disqualifying Disposition.* In the event of a Disqualifying Disposition, the Participant will promptly give written notice to the Company of such disposition including information regarding the number of shares involved, the exercise price of the underlying Option through which the shares were acquired and the date of the Disqualifying Disposition.
- (f) *Termination of the Option.* Except as otherwise provided herein, each Option Agreement will specify the period of time, to be determined by the Committee in its discretion, during which the Option granted therein will be exercisable, not to exceed ten years from the date of grant (the Option Period); provided that the Option Period will not exceed five years from the date of grant in the case of an ISO granted to a 10% Shareholder.
 - (i) *Timing of Termination.* To the extent not previously exercised, each Option will terminate upon the expiration of the Option Period specified in the Option Agreement; provided, however, that, subject to the discretion of the Committee, each Option will terminate, if earlier: (a) thirty days after the date that the Participant ceases to be an Eligible Person for any reason other than Cause, death or Disability; (b) immediately upon the Participant's termination of employment for Cause; (c) 6 months after the date that the Participant ceases to be an Eligible Person by reason of such person's death or Disability.
 - (ii) *Effect of Hostile Change in Control.* Notwithstanding any other provision of this Plan, each Option will become fully exercisable upon the effective date of a Hostile Change in Control of the Company or a liquidation or dissolution of the Company.
- (g) *Transferability of Options.* ISOs will be subject to Transfer by the Participant only by will or the laws of descent and distribution. NSOs will be subject to Transfer by the Participant only by will or the laws of descent and distribution or, at the discretion of the Committee, by direct gift to a family member, or gift to a family trust or family partnership. The terms family member, family trust and family partnership shall have meanings consistent with Section 704 of the Code. Options will be exercisable only by the Participant during his or her lifetime, or, with respect to an NSO, by any of the recipients of the Transfers specifically permitted by this subsection (g).
- (h) *Compliance with Law.* Notwithstanding any other provision of this Plan, Options may be granted pursuant to this Plan, and Option Stock may be issued pursuant to the exercise thereof by a Participant, only after there has been compliance with all applicable federal and state tax and securities laws. The right to exercise an Option will be further subject to the requirement that if at any time the Committee determines, in its discretion, that the listing, registration or qualification of the shares of Option Stock called for by any securities exchange or under any state or federal law, or the consent or approval of any governmental regulatory authority, is necessary or desirable as a condition of or in connection with the granting of such Option or the purchase of shares of Option Stock, the Option may not be exercised, in whole or in part, unless and until such listing, registration, qualification, consent or approval is effected or obtained free of any conditions not acceptable to the Committee, in its discretion.
- (i) *Stock Certificates.* Certificates representing the Option Stock issued pursuant to the exercise of Options will bear all legends required by law and necessary to effectuate this Plan's provisions. The Company may place a stop transfer order against shares of the Option Stock until all restrictions and conditions set forth in this Plan

and in the legends referred to in this subsection (i) have been complied with.

- (j) *Non-Compete.* The Committee, in its discretion, may, as a condition to the grant of an Option, require that the Participant enter into a covenant not to compete, a non-disclosure agreement or a Confidential Information Agreement with the Company and its Subsidiaries, which shall become effective on the date of termination of employment of the Participant with the Company, or any other date the Committee designates, and which shall contain such terms and conditions as the Committee specifies.

- (k) *Other Provisions.* The Option Agreement may contain such other terms, provisions and conditions, including such special forfeiture conditions, rights of repurchase, rights of first refusal and other restrictions on Transfer of Option Stock issued upon exercise of any Options granted hereunder, not inconsistent with this Plan, as may be determined by the Committee in its sole discretion.
 - (l) *Compliance with Code Section 409A.* If any Option would be considered deferred compensation as defined under Code Section 409A (Deferred Compensation), the Committee reserves the right to unilaterally amend the Plan or the Award Agreement, without the consent of the Participant, to avoid the application of, or to maintain compliance with, Code Section 409A. Any amendment by the Committee to the Plan or an Award Agreement pursuant to this Section 6(l) shall maintain, to the extent practicable, the original intent of the applicable provision without subjecting the Option to, or without violating the requirements of, Code Section 409A.
7. *Terms of Restricted Stock Agreements.* Each issuance of Restricted Stock pursuant to this Plan will be evidenced by a Restricted Stock Agreement between the Company and the Eligible Person to whom such Restricted Stock is to be issued, in form and substance satisfactory to the Committee in its sole discretion, consistent with this Plan. Each Restricted Stock Agreement (unless otherwise stated therein) will be deemed to include the following terms and conditions:
- (a) *Covenants of Restricted Stockholder.* Nothing contained in this Plan, any Restricted Stock Agreement or in any other agreement executed in connection with the issuance of Restricted Stock under this Plan will confer upon any Restricted Stockholder any right with respect to the continuation of his or her status as an employee or officer of the Company or its Subsidiaries.
 - (b) *Restricted Stock Vesting Periods.* Except as otherwise provided herein, each Restricted Stock Agreement may specify the period or periods of time within which shares of Restricted Stock will no longer be subject to the restrictions imposed under this Plan or any Restricted Stock Agreement (the Restricted Stock Vesting Period), as set forth in this subsection 7(b). A Restricted Stock Agreement may also specify Designated Performance Criteria which must be satisfied within the Restricted Stock Vesting Period. Restricted Stock Vesting Periods shall be determined by the Committee in its discretion and may be accelerated or shortened by the Committee in its discretion, but shall not exceed ten years for full vesting. All shares of Restricted Stock shall become immediately and fully vested upon a Hostile Change in Control of the Company.
 - (c) *Forfeiture of Restricted Stock.* To the extent that the applicable Restricted Stock Vesting Period has not elapsed, each share of Restricted Stock, subject to the discretion of the Committee, shall be forfeited immediately as of the date the Restricted Stockholder ceases to be an Eligible Person for any reason.
 - (d) *Restrictions on Transfer of Restricted Stock.*
 - (i) *General Rule on Transfers of Restricted Stock.* Restricted Stock may be transferred only if required by law. All Transfers of Restricted Stock not meeting the conditions set forth in this subsection 7(d) are expressly prohibited.
 - (ii) *Effect of Prohibited Transfer.* Any prohibited Transfer of Restricted Stock is void and of no effect. Should such a Transfer purport to occur, the Company may refuse to carry out the Transfer on its books, attempt to set aside the Transfer, enforce any undertaking or right under this subsection 7(d), or exercise any other legal or equitable remedy.

- (iii) Escrow. The Committee may, in its discretion, require that the Restricted Stockholder deliver the certificate(s) for the Restricted Stock with a stock power executed in blank to the Secretary of the Company or his or her designee to hold said certificate(s) and stock power(s) in escrow and to take all such actions and to effectuate all such Transfers and/or releases as are in accordance with the terms of this Plan. The certificate(s) may be held in escrow so long as the shares of Restricted Stock are subject to any restrictions under this Plan or under a Restricted Stock Agreement. Each Restricted Stockholder acknowledges that the Secretary of the Company (or his or her designee) is so appointed as the escrow holder with the foregoing authorities as a material inducement to the

issuance of shares of Restricted Stock under this Plan, that the appointment is coupled with an interest, and that it accordingly will be irrevocable. The escrow holder will not be liable to any party to a Restricted Stock Agreement (or to any other party) for any actions or omissions unless the escrow holder is grossly negligent relative thereto. The escrow holder may rely upon any letter, notice or other document executed by any signature purported to be genuine.

- (e) *Compliance with Law.* Notwithstanding any other provision of this Plan, Restricted Stock may be issued pursuant to this Plan only after there has been compliance with all applicable federal and state tax and securities laws.
 - (f) *Stock Certificates.* Certificates representing the Restricted Stock issued pursuant to this Plan will bear all legends required by law and necessary to effectuate this Plan's provisions. The Company may place a stop transfer order against shares of the Restricted Stock until all restrictions and conditions set forth in this Plan and in the legends referred to in this subsection 8(f) have been complied with.
 - (g) *Non-Compete.* The Committee, in its discretion, may, as a condition to the grant of a Restricted Stock, require that the Participant enter into a covenant not to compete, a non-disclosure agreement or a Confidential Information Agreement with the Company and its Subsidiaries, which shall become effective on the date of termination of employment of the Participant with the Company, or any other date the Committee designates, and which shall contain such terms and conditions as the Committee specifies.
 - (h) *Other Provisions.* The Restricted Stock Agreement may contain such other terms, provisions and conditions, including such special forfeiture conditions, rights of repurchase, covenants not to compete, rights of first refusal and other restrictions on Transfer of Restricted Stock issued hereunder, not inconsistent with this Plan, as may be determined by the Committee in its sole discretion.
8. *Adjustments Upon Changes in Stock.* In the event of any change in the outstanding Stock of the Company as a result of a merger, reorganization, stock split, reverse stock split, stock dividend, recapitalization, combination or reclassification, appropriate proportionate adjustments will be made:
- (a) in the aggregate number of shares of Option Stock and Restricted Stock in the Option and Restricted Stock Pool;
 - (b) in the Option Price and the number of shares of Option Stock that may be purchased pursuant to an outstanding Option granted hereunder;
 - (c) in the number of shares of Restricted Stock subject to a Restricted Stock Agreement;
 - (d) in the exercise price of any rights of repurchase or of first refusal under this Plan; and
 - (e) with respect to other rights and matters determined on a per share basis under this Plan or any associated Option Agreement or Restricted Stock Agreement.

Any such adjustments will be made only by the Committee, and when so made will be effective, conclusive and binding for all purposes with respect to this Plan and all Options and Restricted Stock then outstanding. No such adjustments will be required by reason of the issuance or sale by the Company for cash or other consideration of additional shares of its Stock or securities convertible into or exchangeable for shares of its Stock.

9.

Proceeds from Sale of Option Stock. Cash proceeds from the sale of shares of Option Stock issued from time to time upon the exercise of Options granted pursuant to this Plan will be added to the general funds of the Company and as such will be used from time to time for general corporate purposes.
